The Ladies of the Pen Collection

Enjoy the complete Ladies of the Pen series in one fun bundle! Words of Seduction Housewife-turned-superstar-novelist, Suzanne Rand, hardly resembles the frumpy, brokenhearted woman she used to be when she returns to North Carolina to sell her family home. Now wiser and independent, she arrives with no plans to stay. Rick Gordon hopes to change her mind. The former bad-boy-turned-successful-businessman knows they have an unfinished chapter and he plots to use seduction to lead her right into his arms. But although Suzanne can't resist the passion that ignites between them will their rekindled romance survive the secrets of the past or will leaving be the best for both of them? Pages of Passion Divorced romance novelist, Noreen Webster, has given up on love and thinks heroes can only be found in books. But when she takes her sister's place to deliver a package to a Caribbean island, the North Carolina native begins to change her mind once she meets the handsome and dashing Michael Vaughn on the cruise there. Michael knows getting too close to the sexy writer could blow his cover and put her life in danger. However, one sensual night together makes it worth the risk. But will he lose her once his deception is revealed? Or will Noreen learn to believe in "ever after" once again? Beneath the Covers Claudia Madison loves the single life. The bestselling author looks forward to hosting a new TV show featuring romantic destinations for singles like her. The only problem? Her cohost, Peter Warren, the gorgeous bachelor she almost married. Peter takes pride in being a leading authority on staying single. But Claudia remains a temptation he can't resist. So the bachelor makes a vow to seduce the savvy author and not let her get away from him again.

This exciting collection of original essays on early modern women's writing offers a range of approaches to a growing field. As a whole, the volume introduces readers to a number of writers, such as Mirabai and Liu Rushi, who are virtually invisible in Anglophone scholarship, and to writers who remain little known, such as Elizabeth Melville, Elizabeth Hatton, and Jane Sharpe. The volume also represents critical strategies designed to open up the emergent canon of early modern women's writing to new approaches, especially those that have consolidated the integration of literary and intellectual history, with an emphasis on religion, legal issues, and questions of genre. The authors expand the methodological possibilities available to approach early modern women who wrote in a diverse number of genres, from letters to poetry, autobiography and prose fiction. The sixteen essays are a major contribution to an area that has attracted the interest of a number of fields, including literary studies, history, cultural studies, and women's studies.

This book provides empirical evidence from Kenya, Tanzania and Mozambique and from different production systems of the importance of livestock as an asset to women and their participation in livestock and livestock product markets. It explores the issues of intra-household income management and economic benefits of livestock markets to women, focusing on how types of markets, the types of products and women's participation in markets influence their access to livestock income. The book further analyses the role of livestock ownership, especially women's ownership of livestock, in influencing household food security through increasing household dietary diversity and food adequacy. Additional issues addressed include access to resources, information and financial services to enable women more effectively to participate in livestock production and marketing, and some of the factors that influence this access. Practical strategies for increasing women's market participation and access to information and services are discussed. The book ends with recommendations on how to mainstream gender in livestock research and development if livestock are to serve as a pathway out of poverty for the poor and especially for women.

LOUISA MAY ALCOTT Ultimate Collection: 16 Novels & 150+ Short Stories, Plays and Poems (Illustrated)

Had B.G. MacCarthy's criticism been available, Showalter's *A Literature of Their Own* would have been a very different kind of book...In some ways, contemporary could be ten years ahead if we had started the climb from MacCarthy's groundwork." —Maggie Humm, University of East London Back in print for the first time since the 1940's, this classic work of pre-feminist literary criticism is a challenging and authoritative assessment of women's contributions to English literature. B. G. MacCarthy, widely praised for the originality of her scholarship, challenges the dominant picture of masculine literary history created by T. S. Eliot and F. R. Leavis. Written with crisp humor and irony, her exploration of women's writing. Focusing on a wide range of authors including Lady Mary Wroath, Eliza Haywood, Aphra Behn, Maria Edgeworth, Mary Wollstonecraft, Elizabeth Inchbald, Margaret Cavendish and Jane Austen- illustrates that these women attempted almost every genre of fiction, enriched many, and initiated some of the most important. Often savagely witty, *The Female Pen* discusses a vast array of fictional forms, including picturesque, moralistic, oriental, domestic, and gothic novels.

THE GREATEST BRITISH DETECTIVES - Ultimate Collection

This book of poems tells the story of the many women in the Bible who served God, his people, and their families in ways we often overlook in our male-focused approach to the Scriptures. They were wives and warriors; they led armies into war and into peace; they brought prosperity to their homes and deliverance to their nations; they prayed against all odds and prevailed; and those who knew Jesus reached out to him in culture-defying ways. They were specially chosen by God to fulfill his redemptive plan for humankind.

Valentina Polukhina is professor emeritus at Keele University. She specializes in modern Russian poetry and is the author of several major studies of Joseph Brodsky and editor of bilingual collections of the poetry of Olga Sedakova, Dmitry Prigov, and Evgeny Rein. Daniel Weissbort is cofounder, along with Ted Hughes, and former editor of *Modern Poetry in Translation*, professor emeritus at the University of Iowa, and honorary professor at the Centre for Translation and Comparative Cultural Studies at the University of Warwick. Co-editor of *Twentieth-Century Russian Poetry* (Iowa 1992), he is also the translator of more than a dozen books, editor of numerous anthologies, and author of many collections of his own poetry. His forthcoming books include a historical reader on translation theory, a book on Ted Hughes and translation, and an edited collection of selected translations of Hughes.

Women in Islamic Biographical Collections

The book of Proverbs is a large collection made up of diverse wisdom sayings emanating from different wisdom circles in different times. The author investigates the vocabulary of the book in order to interpret the distinctive wisdom characteristics of the seven collections of Proverbs. He argues that exclusive words of a collection will best reveal the peculiar nature of the collection, and that the collections which exclusively share common wisdom words are inevitably coherent in terms of wisdom traditions. This book provides a new understanding of Proverbs, especially with regard to the relationship between collections I (chs. 1-9) and VII (ch. 31), collections II (10:1-22:16) and V (chs. 25-29), and collections VI (ch. 30) and VII (ch. 31). In addition to the investigation of more than three hundred words, this volume contains the lists of exclusive words of the seven collections and thirty-four tables of words related to wisdom. Kim's work will prove a useful resource to those who want to study Proverbs.

American Heritage Society's Americana

The Internet has had a profound effect on collecting—because of the Web, collectibles are now more readily available, collections more easily displayed for a wider audience, and collectors' online communities are larger and often quite intimate. In addition, the Web has added new items to the pantheon of collectibles, including digital bits that, whether considered virtual or material, are nevertheless collectible. In this work, essays discuss the age-old habit of collecting and its modern relationship with the Internet. Topics include individually authored websites, online auctions, watches, eyewear, Kelly dolls, the gambler's rush of online acquisition, mp3s, collecting friends via online social networking sites, and online museums, among others.

His historical romances of frontier and Indian life in the early American days created a unique form of American literature. Before embarking on his career as a writer, Cooper served in the U.S. Navy as a Midshipman, which greatly influenced many of his novels and other writings. The novel that launched his career was The Spy, a tale about counterespionage set during the Revolutionary War. He also wrote numerous sea stories, and his best-known works are five historical novels of the frontier period known as the Leatherstocking Tales. Among his most famous works is the Romantic novel The Last of the Mohicans, often regarded as his masterpiece.
