Japan: A Guide to Traditions, Customs and Etiquette

"A unique look at a unique culture. If you're trying to figure the Japanese out, this book provides another important piece of the puzzle."--Terrie Lloyd, Founder & Publisher, Jap@n Inc.; CEO LINC Media,
Tokyo In Japan: A Guide to Traditions, Customs and Etiquette veteran Japanologist Boye Lafayette De Mente unlocks the mysteries of "Kata"--the cultural forms that shape and define Japanese etiquette, character, and world view to this day. These forms are responsible for creating the unique traits and talents which distinguish the Japanese people. Kata governs virtually all interactions in Japan and remains the key to understanding Japanese customs, business etiquette, and daily communication. De Mente's 70 essays include: "The Art of Bowing" "The Importance of the Apology" "The Compulsion for Quality" "Exchanging Name Cards" "The Dangers of Speaking English" "The Ritual of Tea" In these short, clear essays, De Mente unravels the complexities of Japanese culture by exploring the origin, nature, use, and influence of Kata in Japanese life. By delving into Japanese history and the collective Japanese psyche, readers will experience the modern expressions of this ancient culture and specific way of thinking.

Culture and Customs of Japan

The book gives students a deeper understanding of Japan beyond popular stereotypes of an Asian economic powerhouse."--BOOK JACKET.

Japan - Culture Smart!

Don't just see the sights—get to know the people. The Japanese people have always seen themselves as a nation uniquely apart. Their exquisite art forms and elegant culture, military prowess and technological precision, have long been the envy of friend and foe alike. Today, even as Japan adapts to a rapidly changing world, its traditional culture and consensus-based philosophy have proved remarkably resilient. Culture Smart! Japan will broaden your perception and understanding of this complex, rich, and dynamic society. It will guide you through modern Japan's shifting social and cultural maze, and equip you with the tools to avoid the pitfalls of cultural misunderstanding. It provides practical tips and invaluable insights into people's attitudes and behavior to help make your visit a more meaningful and successful experience. Have a richer and more meaningful experience abroad through a better understanding of the local culture. Chapters on history, values, attitudes, and traditions will help you to better understand your hosts, while tips on etiquette and communicating will help you to navigate unfamiliar situations and avoid faux pas.

Japanese Etiquette

The Japanese people have an extensive range of customs, rituals, and forms of etiquette for all aspects of their lives. These forms of etiquette are not only interesting for non-Japanese but also open our eyes to the fact that despite the huge strides Japan has made in terms of modern-day advancement in technologies, the age-old customs and traditions are still a deeply-embedded part of their society. They revere and respect their customs, traditions, and other forms of etiquette and expect people visiting from other countries to do so too. Similarly, the Japanese people are equally respectful of other people's traditions, customs, and etiquette and work hard to understand them so that they don't make a mistake when they visit other countries. Taking a page out of their etiquette book, it makes a lot of sense to learn about the Japanese forms of etiquette so that we can be prepared to do the right thing at the right time in the right place when we travel to Japan. Moreover, knowing about the culture of another country is a fabulous way of opening our minds and celebrating world differences. With the etiquette tips in this book, you will be able to handle the expectations of the courteous and polite people of Japan in terms of good behaviour and manners. Most of the people are happy to welcome guests and tourists with open arms and will be even more obliged to do their best to make your stay in their country happy and worthwhile if you show an effort to replicate their etiquette norms and requirements. What are you waiting for? Get this book and start learning today!

China, Japan, Korea

This book takes an unprecedented comparative approach in examining East Asia. Part in-depth reference, part handy guidebook this manual serves both travelers and students of Mainland China, Japan, and South Korea. Blending detailed maps with history and contemporary cultural similarities and differences, this book provides the most up-to-date information on the pulse of East Asia.

Japanese Culture

Why do Japanese people bow? What is Shinto? Why is cherry blossom important in Japan? This beautifully illustrated book gives an introduction into the fascinating and ancient culture of Japan. Discover their approaches to visual arts and performance, and about their important beliefs, traditions, and customs. Find out about the role of family and community in Japanese culture and explore how the culture is changing and developing in the 21st century. Each chapter focuses on a different aspect of culture, with fact boxes providing more detailed information on life for young people and biographies of key figures. A timeline, a cultural map, and suggestions for further research are also included.

Culture Wise Japan

Culture Wise guides help remove the anxiety factor when dealing with a foreign culture and help new arrivals prepare for, and alleviate, culture shock.

Vanishing Japan

This classic text of Japanese culture contains a wealth of information about traditional Japan and Japanese customs. Pawnshops and handmade paper, shoe shiners and Shinto jugglers, money rakes and mosquito netting—all these were once a familiar part of daily life in Japan. Many elements of that daily life, like the Obon dances and oreiboko apprenticeships, have no counterpart in any other culture: they are purely unique to Japan. But with the tremendous changes of the modern age, most traces of

traditional life in Japan are fast disappearing, soon to be gone forever. Still, there are a few holdouts, especially in Japan's shitamachi, or working-class neighborhoods, where many of the survivors of Japanese crafts, art forms, and festivals are making their last stand. Vanishing Japan is a must-read for tourists, historians, architects, or artists who are interested in Japanese culture.

Culture Wise Japan

Featuring full-color photographs and illustrations throughout, this text is a comprehensive guide to Japanese culture. The richness of Japan's history is renowned worldwide. The heritage of culture that its society has produced and passed on to future generations is one of Japan's greatest accomplishments. In *Introduction to Japanese Culture*, you'll read an overview, through sixty-eight original and informative essays, of Japan's most notable cultural achievements, including: Religion, Zen Buddhism, arranged marriages and Bushido Drama and Art—from pottery, painting and calligraphy to haiku, kabuki and karate Cuisine—everything from rice to raw fish Home and Recreation, from board games such as Go to origami, kimonos and Japanese gardens The Japan of today is a fully modern, Westernized society in nearly every regard. Even so, the elements of an earlier age are clearly visible in the country's arts, festivals, and customs. This book focuses on the essential constants that remain in present-day Japan and their counterparts in Western culture. Edited by Daniel Sosnoski, an American writer who has lived in Japan since 1985, these well-researched articles, color photographs, and line illustrations provide a compact guide to aspects of Japan that often puzzle the outside observer. *Introduction to Japanese Culture* is wonderfully informative, a needed primer on the cultural make-up and behaviors of the Japanese. This book is certain to fascinate the student, tourist, or anyone who seeks to know and understand Japanese culture, Japanese etiquette, and the history of Japan.

Introduction to Japanese Culture

In *Japan: A Guide to Traditions, Customs and Etiquette* veteran Japanologist Boye Lafayette De Mente unlocks the mysteries of Kata — the cultural forms that shape and define Japanese attitudes, behavior and character. These forms are responsible for creating the unique traits and talents which distinguishes the Japanese people. Kata governs virtually all interactions in Japan and remains the key to understanding Japanese business etiquette as well as daily communication. In seventy short, clear essays ranging from "The Art of Bowing" and "Importance of the Apology" to "The Compulsion for Quality" and "Exchanging Name Cards\

Japan: A Guide to Traditions, Customs and Etiquette

Essays on the Iwakura Embassy, the realistic painter Takahashi Yuichi, the educational system, and music, show how the Japanese went about borrowing from the West in the first decades after the Restoration: the formulation of strategies for modernizing and the adaptation of Western models to Meiji culture. In the second half of the volume, the darker side, the pathology of modernization, is seen. The adjustment of the individual and the effects of progressive modernization on culture in an increasingly complex, twentieth-century society are recurring themes. They are illustrated with particular intensity in the experience of such writers as Natsume Soseki and Kobayashi Hideo, in the thought of Nishida Kitaro, and in the millenarian aspects of the new religions. Originally published in 1971. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Tradition and Modernization in Japanese Culture

"The essential guide to customs & culture"--Cover.

Culture Smart! Japan

"The essential guide to customs & culture"--Cover.

Tradition and Modernization in Japanese Culture

Describes traditional Japanese customs and festivals.

Japan - Culture Smart!

A handy guide to understanding how people from every corner of Japan think, do business, and act in their daily lives. Organized alphabetically for ease of use, *The Japanese Way* is an indispensable reference to the common as well as the divergent cultural traits of the Japanese. Included are 89 key traits, representing the values of a people who have been described as "enigmatic," "mysterious," "inscrutable," and even "unknowable." *The Japanese Way* provides an explanation of the varied ways in which these people celebrated holidays, interact with one another, resolve daily problems, view and deal with the outside world—as well as illuminating the rich and varied historical traditions that have shaped the modern culture of Asia's most progressive nation. Complete with a bibliography and index, *The Japanese Way* provides keen insights into the rich variety of customs and attitudes found among the Japanese people. Whether you are interested in Japan as a student, tourist or business traveler, this book will help you break the culture barrier—and appreciate the Japanese way.

Japan

This scarce antiquarian book is a facsimile reprint of the original. Due to its age, it may contain imperfections such as marks, notations, marginalia and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high quality, modern editions that are true to the original work.

Japanese Manners & Customs in the Meiji Era

Whether you are traveling in luxury or with just a pack on your back, it's important that you have a safe, fun, and easy-going trip. Bad etiquette and a misunderstanding about customs can put an otherwise very exciting trip on hold faster than a bad case of food poisoning. Use this customs and etiquette book as not only your basic travel guides but be an ambassador making good impressions of the United States wherever you go. This guide will be invaluable for a safe and fun trip abroad.

The Japanese Way

This is a new release of the original 1959 edition.

Meeting with Japan

Its literature, music, art and cuisine embody the richness of Japan's renowned culture. Preserved for centuries in its highly independent and utterly unique rituals, festivals, and ethics, Japanese culture may now seem utterly Westernized—yet much of it will seem mysterious to Westerners. *Introduction to Japanese Culture* presents an overview, through sixty-eight original and informative essays, of some of Japan's most notable cultural achievements. From the anything-but-prosaic box lunch to the inscrutable Noh plays, these cogent essays, complemented with photographs and illustrations, reveal the tenacious cultural past still resonant in Japan's arts, festivals, and customs. They focus on the essential constants that remain in present day Japan and their counterparts in Western culture. -- Publisher description.

Japan

This book presents an authoritative and illuminating insight into the development and most important characteristics of Japanese society and culture. Approaching the subject from a number of different points of view. Originally published in 1963.

Meeting with Japan

A textbook for students in Japanese, communication, or international studies, assuming no previous background in Japanese language or culture. Donahue (Japanese studies, Nagoya Gakuin U., Japan) first surveys the perceptual barriers to communicating between Japan and North America, then

examines the Japanese communication style, differences in discourse, and images of the Japanese in the mass media. Annotation copyrighted by Book News, Inc., Portland, OR

ã,± e€(ñ±)

The Japanese have ambivalent attitudes toward death, deeply rooted in pre-Buddhist traditions. In this scholarly but accessible work, authors Iwasaka and Toelken show that everyday beliefs and customs--particularly death traditions--offer special insight into the living culture of Japan.

Japanese Culture

"Originally published in Japanese, *If There Were No Japan: A Cultural Memoir* was acclaimed for its insights into Japanese life, bringing together aspects of history, culture and everyday life to paint an original and revealing portrait of the Japanese people and the pressing issues facing them today...During his decades of passionate engagement with Japan, Pulvers became close friends with many of the most gifted writers, filmmakers, actors and journalists in the country. Whether delving into ancient traditions or providing vivid accounts of contemporary customs, analyzing characters in Japanese fiction or recounting personal encounters with individuals, the author illuminates those inventive elements that have made Japanese culture and design the envy of the world--and that signal a way forward into the twenty-first century." -- Publisher's description.

Japanese Culture and Communication

Packed with colorful illustrations and fun facts about Japanese culture, celebrations, language and history, this multicultural children's books will delight children and parents alike! A wonderful look at Japanese culture and family life, *Japanese Traditions* is an intricately illustrated romp through the childhood reminiscences of author/illustrator Setsu Broderick. Told via a series of short text blocks and lighthearted illustrations based on cats, *Japanese Traditions* displays seasonal festivals and activities such as O-Bon (Festival of the Souls), O-hanami (cherry blossom viewing) and preparing for the New Year. While enjoying the charming illustrations of a family of Japanese cats, the author shares her warm childhood memories of many Japanese customs, such as gathering around the kotatsu (heated table) to stay warm, throwing soybeans to keep away ogres and hanging handmade teru-teru-bozu (fine-weather) dolls out the window to stop the rain. There are also many traditional Japanese foods, toys, games and celebrations taught through the illustrations. All in all, *Japanese Traditions* provides a magical feast for children of all ages.

Ghosts And The Japanese

With a background of technological and communication innovations, socialization research, particularly as it refers to cultural and academic learning, has become increasingly connected with the business and economic aspects of global societies. Nationalism, Cultural Indoctrination, and Economic Prosperity in the Digital Age examines the doctrines that society is expected not to question, particularly the influence these beliefs have on business and the prosperity of the world as a whole. This book is an essential resource for business executives, scholar-practitioners, and students who need a multidisciplinary approach to the effects of culture on cognitive strategies and professional methodologies.

If There Were No Japan:A Cultural Memoir

As Japan enters the 21st century with a new emperor, this title continues to be an indispensable guide through often enigmatic and historical idiosyncrasies of Japanese culture and politics that are often confusing to the outsider. This title includes information on the latest social developments, customs, rituals, business culture, medicine and arts.

Japanese Traditions

This volume is a multi-faceted study of the development of modernism in Japan, with authors from Japan, the United States, and Australia spanning the fields of art history, social history, and literature.

Nationalism, Cultural Indoctrination, and Economic Prosperity in the Digital Age

"Etiquette Guide to Japan offers an inside look at the social norms of the Japanese-when to bow, how to propose a toast, when to pay the bill, the careful art of gift-giving, how to deal with public

transportation, dating, weddings, funerals, and last, but not least, how to say good-bye at the end of your stay"--Amazon.

Understanding Japanese Society

This wonderful book describes the different traditions and festivals celebrated in Japan today and how they are influenced by a love of art, nature, beauty, and ritual. Young readers will also learn how the Japanese people celebrate family occasions.

Being Modern in Japan

Be More Japan is a celebration of all things Japanese - from the country's fascinating, ancient traditions to its unique and influential modern culture. Blending both travel information and cultural insights into a single book, Be More Japan helps you understand and experience the best of Japan, both at home and abroad. Beginning with an overview of the four seasons - a key theme in Japanese culture - you'll learn about the festivals, food, fashion and flowers that change throughout the year and make this country so full of fun and variety. Then dive into the captivating culture of Japan, with topics such as art, music, food, wellness and spirituality all split into separate sections to help you pinpoint the areas that interest you. Learn about the traditional skills of the tea ceremony and calligraphy, and where you can go to see and practise them yourself. Find out more about the country's most popular sports and where to catch a game of baseball or see a martial arts exposition. For pop culture fans, there are dedicated sections on J-Pop, anime and video games, with plenty of information on the best places to enjoy them in Japan. And if you want to get a feel for modern Japanese lifestyle, you'll find enough details on topics such as transport, karaoke, ikigai, shopping and hot springs to help you make the most of even a short trip to Japan. You can pick and choose what interests you to plan your perfect trip, or explore a bit of everything to get a sense of the essentials of Japanese life and culture. And for those who can't make the trip to Japan, or who want to carry on the experience when they return, there are tips and suggestions for how to bring Japanese culture to you, and places where you can see its influence around the world.

Etiquette Guide to Japan

Assembles Westerners' descriptions of specific, modern and traditional features of contemporary Japanese society and culture

Cultural Traditions in Japan

Whether you are conducting business, traveling for pleasure, or even relocating abroad, one mistake with customs or etiquette can leave a bad taste in everyone's mouth. International travelers, now more than ever, are not just individuals from the United States, but ambassadors and impression makers for the country as a whole. Newly updated, redesigned, and resized for maximum shelf appeal for travelers of all ages, Culture Shock! country and city guides make up the most complete reference series for customs and etiquette you can find. These are not just travel guides; these are guides for a way of life.

Japan - Culture Smart!

Whether your customers are traveling in luxury or with just a pack on their back, it's important that they have a safe, fun, and easy-going trip. Bad etiquette and a misunderstanding about customs can put an otherwise very exciting trip on hold faster than a bad case of food poisoning. Readers are going to want to know about the Culture Smart! customs and etiquette series and will find them as indispensable as their passports. The Culture Smart! titles are not your basic travel guides: they are consistently updated customs and etiquette references for more than twenty-five countries, with six new titles available this fall. Now more than ever, travelers are more than just sightseers and tourists; they're ambassadors making impressions of the United States wherever they go. Readers will find these to be invaluable for pointing them on their way to a safe and fun trip abroad.

Culture and Customs of Mozambique

This solid, thorough overview of Mozambique is crucial for beginning to understand the country's progress in the new Africa.

Culture and Customs of Mozambique

Ideal for high school and undergraduate students, this addition to the Culture and Customs of Africa series examines the contemporary cultures and traditions of modern Gambia, from religious customs to literature to cuisine and much more. This title in the Culture and Customs of Africa series examines the traditions and customs of contemporary Gambia, a geographically tiny nation in the vast landscape of Africa that is home to a large number of various ethnic groups, each with its own distinctive way of life. It is a country that has been largely unknown in Western culture, with the exception of Alex Haley's book *Roots* and subsequent TV series, which highlights Gambia's historic significance in the slave trade. This book illuminates Gambian religion and worldview; literature and media; arts and architecture/housing; gender roles, marriage, and family; social customs, traditional dress, cuisine, and lifestyle; and music and dance. The author has successfully encapsulated both long-ago history and contemporary Gambia to provide students with a complete look at life in Gambia today. Information on past traditions and historic events is discussed in the context of how they pertain to life today and their influence on the constant evolution of Gambian life and culture.

Culture and Customs of Gambia

Zimbabwe, formerly known as Rhodesia, won its independence from Great Britain in 1980 yet continues to feel the impact of Western lifestyles and prejudices. This rich, accessible overview freshly examines Zimbabwe, evoking the contemporary ways of life in a largely homogenous and agricultural country.

Students and general readers will discover an engaging narrative that ranges from an explanation of the beer culture to a powerful discussion of marriage, family, and gender roles from the Zimbabwean perspective. Owomoyela also authoritatively conveys the coexistence of traditional and Western forces today in such areas as religion and music. A chronology and glossary accompany the text.

Culture and Customs of Zimbabwe

Presents the history, religion, culture, social history, people, and arts of Mali.

Culture and Customs of Mali

Cameroon, in Central Africa, has been called "Africa in miniature." This volume is the first to encapsulate Cameroon's rich indigenous and modern customs and traditions in depth.

Culture and Customs of Cameroon

Touching on everything from its rich musical heritage to its varied cultural traditions, this is a thorough and accessible introduction to the contemporary lives of the different peoples who call Mali their home. Rated among the world's ten poorest nations, Mali has a glorious past and a less-certain present. Culture and Customs of Mali touches on the first as background for understanding the second, exploring multiple facets of contemporary social life and cultural practices in this landlocked, West African nation. The book offers an overview of diverse aspects of everyday social, cultural, and religious life in Mali, paying particular attention to regional and ethnic variations. It shows how current social conventions and cultural values are the product of a centuries-long history, while at the same time dispels the common perception that African societies are rooted in unchanging tradition. Readers will come away with a better understanding of the multiple ways in which Malians, starting from their own customs and cultural foundations, integrate themselves into an international economic order and a globalized world of shared media images and cultural practices.

Culture and Customs of Mali

Mozambique Art and Culture. Mozambique book, Mozambique tourism, Mozambique Culture, all about Mozambique, find out all the information on Mozambique. Mozambique exhibits a great range of cultural and linguistic diversity, sharing cultural traditions with its neighbours in Tanzania, Malawi, Zambia, Zimbabwe, and South Africa. Amid the variety of languages, social relationships, artistic traditions, clothing, and ornamentation patterns is a common theme of dynamic and creative cultural expression in song, oral poetry, dance, and performance. The carved wooden sculpture and mapiko initiation masks of the Makonde people of northern Mozambique and Tanzania are among the best-known artistic traditions. This will serve you a great importance for tourism, education, business purposes, holiday and other needs.

Mozambique Art and Culture

Culture and Customs of Gambia

Examines the culture and customs of the people of the Central African Republic.

Culture and Customs of the Central African Republic

Discusses the traditions, culture, religion, media, literature, and arts of Uganda.

Culture and Customs of Uganda

This book provides an overview of the history, culture, and society of Namibia, a country on which little information in English exists. Namibia is a sizeable and significant country in southern Africa that is little known to the outside world. A vast country of startling beauty with a storied history, including one of the world's worst genocides and a war of independence that lasted nearly a quarter century, this "land between two deserts" is a fascinating result of its African, German, and English influences. Culture and Customs of Namibia is one of very few English language works written about Namibia's history, culture, and society. The book reveals details about Namibian daily life, gender relations, modern youth culture, and the influence of traditional cultures that allow readers to appreciate this country's unique character. A section on tourism explains how Namibia--an extremely arid country with an immense number and diversity of wildlife--is on the cutting edge of ecotourism.

Culture and Customs of Namibia

Nicknamed "The Warm Heart of Africa," "Land of the Lake," and "The Land of Smiling Faces," this small, landlocked country in southeast Africa offers travelers a true African experience. Within a single day, visitors can go on safari, enjoy sprawling tea gardens, and watch the sun sets over Lake Malawi, the third-largest lake in Africa and home to many rare species of fish. The country has nine unique national parks and wildlife reserves and has been home to many diverse African cultures, from the indigenous hunter-gathers to the incoming iron-working Bantu settlers. Dress, dance, masks, language, and traditional festivals all reflect waves of migrating tribes—those fleeing Shaka Zulu in the south, Swahili Arab slave traders in the east, and Bantu from Central Africa. Other cultural influences came through the slave trade routes, contact with Portuguese and Indian traders, and English missionaries who introduced Victorian-era buildings. This historic blend has produced a people who are strong, good-humored, conservative, traditional, yet adaptable, creative, loyal, and hard-working.

Malawi - Culture Smart!

"This innovative anthology presents an interdisciplinary approach to Yorùbá culture and customs. Written by Yorùbá experts on all continents, the seventy-five chapters in the volume employ a variety of multi-faceted perspectives to provide a detailed study of the Yorùbá people with insights from anthropology, arts, language and linguistics, literature, history, religion, sociology, philosophy, psychology, criminology, law, technology, medicine, pharmacy, engineering, economics, education, political science, music, theater, popular culture, cultural studies, migration and diaspora studies, gender, etc. Each chapter addresses the changes that have taken place in traditional culture. This blend between traditional culture and modifications to such culture gives a balanced and authentic picture of what can be regarded as culture and customs in present-day Yorùbá society."--Back cover.

Culture and Customs of the Yorùbá

Discusses the traditions, culture, religion, media, literature, and arts of Liberia.

Culture and Customs of Liberia

Presents a comprehensive survey of the culture and customs of Rwanda describing its volcanoes, mountains, and natural resources as well as its diverse religious and ethnic societies.

Culture and Customs of Rwanda

Touching on everything from its rich musical heritage to its varied cultural traditions, this is a thorough and accessible introduction to the contemporary lives of the different peoples who call Mali their home. Rated among the world's ten poorest nations, Mali has a glorious past and a less-certain present. Culture and Customs of Mali touches on the first as background for understanding the second, exploring multiple facets of contemporary social life and cultural practices in this landlocked, West African nation. The book offers an overview of diverse aspects of everyday social, cultural, and religious life in Mali, paying particular attention to regional and ethnic variations. It shows how current social conventions and cultural values are the product of a centuries-long history, while at the same time dispels the common perception that African societies are rooted in unchanging tradition. Readers will come away

with a better understanding of the multiple ways in which Malians, starting from their own customs and cultural foundations, integrate themselves into an international economic order and a globalized world of shared media images and cultural practices.

Culture and Customs of Mali

This book provides a fascinating, up-to-date overview of the social, cultural, economic, and political landscapes of Tanzania. In *Culture and Customs of Tanzania*, author Kefa M. Otiso presents an approachable basic overview of the country's key characteristics, covering topics such as Tanzania's land, peoples, languages, education system, resources, occupations, economy, government, and history. This recent addition to Greenwood's *Culture and Customs of Africa* series also contains chapters that portray the culture and social customs of Tanzania, such as the country's religion and worldview; literature, film, and media; art, architecture, and housing; cuisine and traditional dress; gender roles, marriage, family structures, and lifestyle; and music, dance, and drama.

Culture and Customs of Tanzania

Ten major ethnic groups are featured - including the San, Zulu, Ndebele, Basotho, and Venda - as well as several smaller sub-groups. This book describes the individual personality and history of each, their education, laws, languages, medicine and magic, and their religion. Over 200 photographs capture the vibrant color of ceremonial and everyday dress and ornamentation, musical instruments, dances and rites of passage, art, homes, and work. The remarkable metal neck rings and the geometrically beaded wire hoops worn by Ndebele and Ntwana women, the sacrificial ceremonies of the Zulu, the long pipes smoked by the Xhosa, and the traditional hunter-gatherer weapons of the San, deep in the Kalahari Desert - the details of today's way of life are recorded here in evocative pictures, while former traditions, now lost, fill the text with the intriguing, vital history of each group.

African Culture Traditions & Customs

In a single decade, between 1818 and 1828, Shaka transformed a modest chieftaincy into one of the most powerful kingdoms in southern Africa. His empire, whose heartland lay to the north of the Thukela River in present-day KwaZulu-Natal, was renowned for its military might and expansionist drive. But the sovereignty of the Zulu was short-lived, their realm crushed in the Anglo-Zulu War of 1879, at the battles of Rorke's Drift and Ulundi, despite trouncing the British at Isandlwana. Although the mighty empire is long gone, many of the traditions and customs have survived. *The Zulu – An A–Z of Culture and Traditions* is packed with information about this heritage, covering more than 50 topics that include beadwork, pottery, carvings and basket weaving; ceremonial dances and stick fighting; rituals of courtship and marriage; Zulu dress; traditional homesteads and cattle kraals; ancestor worship; the role of sangomas and inyangas; and a variety of celebrations and ceremonial practices. This book is the perfect memento for anyone fascinated by the history and culture of South Africa's largest ethnic society. Uli von Kapff moved to South Africa in 1989, initially settling in KwaZulu-Natal. His knowledge of the Zulu shines through in this book, giving the reader a rich insight into the culture and traditions of the country's largest indigenous group. He lives in Cape Town, where he works in the IT support industry and undertakes expeditions in southern Africa.

Vanishing Cultures of South Africa

"These volumes offer a one-stop resource for researching the lives, customs, and cultures of Africa's nations and peoples. Unparalleled in its coverage of contemporary customs in all of Africa, this multi-volume set is perfect for both high school and public library shelves. The three-volume encyclopedia will provide readers with an overview of contemporary customs and life in North Africa and sub-Saharan Africa through discussions of key concepts and topics that touch everyday life among the nations' peoples. While this encyclopedia places emphasis on the customs and cultural practices of each state, history, politics, and economics are also addressed. Because entries average 14,000 to 15,000 words each, contributors are able to expound more extensively on each country than in similar encyclopedic works with shorter entries. As a result, readers will gain a more complete understanding of what life is like in Africa's 54 nations and territories, and will be better able to draw cross-cultural comparisons based on their reading." -- Publisher's description

The Zulu

Zambia stands out in Africa as one of the continent's most peaceful countries. In its early years as an independent state, Zambia became a regional bulwark against colonial domination and South African apartheid. This book explores Zambia's culture, through various topics, focusing on how "traditional" and "modern" interact, and sometimes collide.

Egypt-Mozambique

View the mix of people and cultures that make up South Africa today, including a special section on traditional beliefs and customs.

Culture and Customs of Zambia

This beautifully illustrated series gives an introduction to some of the world's most fascinating and ancient cultures.

South Africa

An in-depth survey of the history, culture, and customs of Kenya.

African Culture

The book presents the history, tradition and culture of a small tribe known as the Pimbwe in Tanzania. It describes the life of the Pimbwe from the pre-colonial era, through the arrival of missionaries, colonisation and post independence, right up to the present day. By reading this book, you will discover the origins of the Pimbwe, their traditions and their culture, which although not differing greatly from those of other African tribes, constitute an intriguing and unique story. In 2008 a group of researchers held a workshop in Mpanda to compile a collection of information and various narratives from Pimbwe elders who maintain and highly honour the Pimbwe communities culture and norms. The researchers subsequently used archival and other published historical materials to integrate Pimbwe narrative into known historical events. It should be remembered that this book was written with the aim of preserving in written form a history which has been passed down through generations and held in the memories of the elders. It is also hoped that this book will help new generations, particularly of the Pimbwe community, to understand and honour their culture and traditions in a world in which globalisation continuously erodes cultural diversity.

Culture and Customs of Kenya

The Democratic Republic of Congo, formerly Zaire, continues to struggle with socioeconomic and political development. Culture and Customs of the Congo provides the full context of traditional culture and modern practices against a backdrop of a turbulent history. The volume opens up a land and peoples little known in the United States. Written expressly to meet the needs of students and the general audience, the work will inform about the geography, economy, political history, and history from the slave trade to dictatorship; ancestral religions and incursions of western faiths; ancestral literary heritage and communication; art, architecture, and housing; diet and dress; marriage, family, and women; lifestyles and life events, and traditional and modern music and dance. Congolese society comprises hundreds of ethnic groups, such as the Luba, the Kongo, and the Kuba. The countryside is largely based on the hunting and gathering, herding, and farming lifestyles. The city is marked by lifestyles reflecting the prevalence of small business activities and increasing cultural syncretism of customs from different parts of the Congo and Western imports. Mukenge's narrative gives the diverse perspectives of their cultures with their fascinating juxtapositions to our familiar western ways. Examples of this are found in the Religion and Worldview chapter, which discusses ancestral religions, the spirits of the land, and supernatural power practitioners. The Literature chapter covers verbal competition and game songs. Congolese cuisine is based on starches such as the cassava root, the corn, and the plantain; green vegetables, insects, fish and, to a lesser extent, meat. Other chapters cover topics from the distinct Congolese dress and symbolic adornments, all-important family lines, to ceremonial music and dance. A chronology and glossary are added value.

The History and Traditions of the Pimbwe

A guide to South Africa in the CULTURE SHOCK series aimed at the tourist, business traveller and the long-term visitor, dealing with first impressions, social and religious customs and taboos, etiquette, business environment and practice, entertaining, setting up a home and adapting to daily life.

Culture, Tradition and Society in the West African Novel

With a primary focus on Zimbabwe, the essays in this book examine art, literature, politics, and religion in settler colonies to document the struggles taking place.

Culture and Customs of the Congo

A reconstruction of the history and customs of the Gogo people of Africa, based in part on oral histories, tribal legends and myths. This work was first published in Swahili in 1954 and was sponsored by the British Colonial government in an attempt to promote "tribal" cohesion.

Culture Shock! South Africa

The objective of this book is to display the unique norms, culture, traditions, and customs of the Moru people of South Sudan. Thus, this book serves as the first documented reference for the lifestyle of the Moru community, their early beliefs, traditional rituals, informal education, communal activities, and the postwar contemporary Moru culture and traditions. It is a unique approach to enlighten and alert the Moru people that their rich culture, traditions, and norms, handed down by their ancestors, stand to disappear. It is a call for action to preserve this unique lifestyle of one of the indigenous South Sudanese African tribes.

Cultural Struggle & Development in Southern Africa

A travelogue and exploration of Eastern Africa, providing detailed descriptions of the geography, culture, and people of the region, as well as insights into the customs and daily life of the inhabitants of Mozambique. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Work, Culture, and Identity

The cultures and customs of Uganda is one of the main subjects covered in the book. The work also focuses on the creation of a common national identity which binds the people of Uganda together as a single entity. Their common identity is unity in diversity reflected in the rich cultural complexity of one of the most fascinating countries on the African continent. The country has had its share of tragedies including civil wars at different times during its turbulent history. But it has remained largely intact. The book provides a comprehensive picture of Uganda as a nation with a cultural landscape that is unique in some fundamental respects in the region of East Africa where the people have so much in common in terms of culture and history. There are some scholarly insights here and there throughout the book. But the main purpose is to provide general information that can be used by members of the general public to learn many different things in terms of culture and customs, history and geography, and evolution of Uganda as a country and as a nation. The work was originally published under a different title, "Ethnicity and National Identity in Uganda." But its central thesis remains the same. Although it was not written for members of the academic community, some students may find this work to be useful. Tourists and others will be able to get a better picture of some cultural aspects of Uganda they may not have known before if they want to interact with the indigenous people when they visit this East African country.

The Gogo

Africa - with its stunning diversity of peoples, landscapes and potential - is a challenging subject for a book. Any understanding of Africa must be based on an understanding of its geography. Completely

new maps have been compiled throughout for this atlas. In clear and brilliant colour they present, simply and memorably, the realities of Africa today.

The Norms, Culture & Traditions of the Moru People

A lively and innovative collection of new and recent writings on the cultural contexts of textiles The study of textile culture is a dynamic field of scholarship which spans disciplines and crosses traditional academic boundaries. A Companion to Textile Culture is an expertly curated compendium of new scholarship on both the historical and contemporary cultural dimensions of textiles, bringing together the work of an interdisciplinary team of recognized experts in the field. The Companion provides an expansive examination of textiles within the broader area of visual and material culture, and addresses key issues central to the contemporary study of the subject. A wide range of methodological and theoretical approaches to the subject are explored—technological, anthropological, philosophical, and psychoanalytical, amongst others—and developments that have influenced academic writing about textiles over the past decade are discussed in detail. Uniquely, the text embraces archaeological textiles from the first millennium AD as well as contemporary art and performance work that is still ongoing. This authoritative volume: Offers a balanced presentation of writings from academics, artists, and curators Presents writings from disciplines including histories of art and design, world history, anthropology, archaeology, and literary studies Covers an exceptionally broad chronological and geographical range Provides diverse global, transnational, and narrative perspectives Included numerous images throughout the text to illustrate key concepts A Companion to Textile Culture is an essential resource for undergraduate and postgraduate students, instructors, and researchers of textile history, contemporary textiles, art and design, visual and material culture, textile crafts, and museology.

Travels in Eastern Africa

The fact that the Convention on the Rights of The Child is the most widely ratified international treaty on human rights suggests not only a large degree of international normative consensus on the content of children's rights, but also a high level of resolve and commitment among states to ensure that each child receives appropriate nurturing and protection within the framework of the minimum standards set by the Convention.

Uganda

Professor Mazrui, Reith Lecturer and presenter of BBC1's series The Africans, makes us reconsider the realities of power in world politics. Ali Mazrui argues that the emphasis in world politics continues to be on arms, on resources and on strategic calculations and that the importance of culture has been grossly underestimated. Professor Mazrui's own mind is a cultural cross-roads; he can give Islamic insights to Western audiences about The Satanic Verses; he relates the Beijing Spring to the Palestinian Intifada; he compares the effects of Zionism and Apartheid; he puts together Muhammad, Marx and market forces; and he tells the Americans that their attitude to the Third World is a dialogue of the deaf. ALI A. MAZRUI was Director of the Institute of Global Cultural Studies at the State University of New York at Binghamton and Senior Scholar in African Studies at Cornell University Kenya: EAEP
