## Serial Killers

The Terrifying Story of the Most Monstrous Serial Killers through History. Serial Killers are the most notorious and disturbing of all criminals, representing the very darkest side of humanity. Yet they endlessly fascinate and continue to capture the public's attention with their strange charisma and deadly deeds. From Jack the Ripper to Ted Bundy and the Moors Murderers Ian Brady and Myra Hindley, these killers transfix us with their ability to commit utterly savage acts of cruelty and depravity. Only with modern police detection methods and psychological profiling, have these figures that have existed throughout human history finally been identified in the deadliest category: serial killers. These methods, the killers' characters and their crimes are described here in fascinating and terrifyingly gripping detail.

The whole history of serial killers is brought to life in 50 chapters, including: Herman Webster Mudgett, Devil in the White City John Christie, 10 Rillington Place murders Zodiac Killer Ian Brady and Myra Hindley, The Moors Murderers Ted Bundy Fred and Rosemary West Jeffrey Dahmer Aileen Wuornos Harold Shipman, Dr Death

### Serial Killers

erial Killer Collection Deal for ONLY \$17.99. Instead of \$39.96 for all Four books individually. Petrifying. Bone-chilling. Depraved. Their acts made headlines. Their names live in infamy in the darkest recesses of the internet, but for those who are left behind, these heartless monsters are always there, looming over their every move. This true crime four-book set exposes their inner secrets, details their heinous crimes, and pulls the curtain on the long, hard-fought investigations. This set includes the stories of: Paul Bernardo and Karla Homolka, dubbed the Ken and Barbie Killers, a couple who turned their storybook house into a living nightmare. Coldhearted murderer Mary Flora Bell, an eleven-year-old girl, who brutally murdered two young boys. Doug Clark and Carol Bundy, the Sunset Strip Slayers--one a sadomasochist; the other, a deviant nurse Prophet, madman, evil incarnate, Marcus Wesson, a monster you'll not soon forget Peek behind their sadistic masks and read about their vicious and sadistic crimes. Meet the monsters. What Amazon readers are saying: "Grisly but fascinating to read" "Very good box set of killers who you hope never live next door." "I know that when I read one of Ryan's books, I'm going to learn a lot about what makes people "tick". As humans we are always shocked normal seeming people can be so evil." "It's amazing how many serial killers are out there that no one knows anything about, these books will help to fill in those blanks." Scroll up, click "Add to Cart"

### Shocking True Crime Stories

The entertainment industry is obsessed with true crime stories. From Ted Bundy to the Zodiac Killer and the Night Stalker, Netflix and other streaming platforms have capitalized on these chilling true tales. But what about the other stories of heinous killings? These ten lesser-known true crime stories would make for fascinating docuseries. The cases presented in this book are extreme cases and display to what extent a serial killer can go... Read the stories of little-known serial killers that went beyond the limit of our imagination to perpetrate vile unremorseful murders in the blink of an eye. The book details ten cases more horrifying one from the other: -The isolated loner who butchered women and scattered their remains across Alaska -The killer who hurled huge stones through his victim's heads -Colombia's most violent serial killer -The police investigator who was secretly a serial killer -The woman who murdered hundreds of adopted babies -A month-long killing spree from the former mental health patient -The letter-writing cannibal of old New York -The killer tried inside an iron cage for the court's protection -A man who earned the trust of tourists and killed them for their money -The man whose hammer and knife created a campaign of terror

### Killer Book of Serial Killers

Filled with stories, trivia, quizzes, quotes, photos, and odd facts about the world's most notorious murderers, this is the perfect bathroom reader for anyone fascinated with serial killers. The stories and trivia cover such killers as: John Wayne Gacy Ted Bundy The BTK Killer Jack the Ripper The Green River Killer Serial killers around the world And many more Bathroom readers have enjoyed considerable success as a format, selling millions of copies. The Killer Book series brings this format to the rabid true crime audience. Including more than 40 black & white photos, this is a must for true crime fans.

### The Best New True Crime Stories: Serial Killers

Travel around the world and inside the minds of monsters in this true crime anthology featuring sixteen astonishing serial killer exposés. Serial killers: Ted Bundy, John Wayne Gacy, and Jeffrey Dahmer are often the first names that spring to mind. Many people assume serial killers are primarily an American phenomenon that came about in the latter part of the twentieth century—but such assumptions are far from the truth. Serial killers have been around for a long time and can be found in every corner of the globe and they're not just limited to the male gender, either. Some of these predators have been caught and brought to justice whereas others have never been found, let alone identified. Serial killers can be anywhere. And scarier still, they can be anyone. Edited by acclaimed author and anthologist Mitzi Szereto, The Best New True Crime Stories: Serial Killers reveals all-new accounts of true-crime

serial killers from the contemporary to the historic. The international list of contributors includes award-winning crime writers, true-crime podcasters, journalists, and experts in the dark crimes field such as Martin Edwards, Lee Mellor, Danuta Kot, Craig Pittman, Richard O. Jones, Marcie Rendon, Mike Browne, and Vicki Hendricks. This book will leave you wondering if it's ever really possible to know who's behind the mask you're allowed to see. Perfect for readers of true crime books such as *I'll Be Gone in the Dark*, *Mindhunter*, *The Devil in the White City*, or *Sons of Cain*. "An engrossing and multi-faceted anthology for a new era of true crime writing." Piper Weiss, author of *You All Grow Up and Leave Me*

### Serial Killers

Serial Killer Book That You Have Never Seen Before! Analysis Of Criminal Minds, Patterns, Thinking, Reasons Why They Did What They Did! It is not in the natural wiring of a man (or woman) to take another man's life. It is even more unnatural when the person has a compulsion to keep taking lives, so that he satisfies some twisted craving. The psychology of serial killers is a bit difficult to explore. The reason is that it is not something that is set in rigid boundaries. It appears that after every murder, an extra layer is added to it. It also appears that the humane side of a serial killer dies a little more with every killing. Do you want to learn more about serial killers? Are you interested in knowing what led them down that path? If you do, this book does a great job of looking at what drove the different people to serial killers. It is important to note that nothing justifies taking life but rather we try to look at what made sense in the eyes of the serial killer to do what they did and with no remorse for their actions. Here Is A Sneak Peek Of What You Will Learn Wayne Gacy, The Molester And Killer Of Boys Edward Theodore Gein Dr. Harold Shipman, The Killer Doctor Compilation And Linking Of The Mental States And Tics Of These Serial Killers And Much Much More Interesting Facts... Do Not Wait Any Longer And Get This Book For Only \$7.99!

### The Serial Killer Books

True crime anthology that takes a closer look at some of the worst of the worst serial killers.

### Evil Serial Killers

The FBI estimate that there are between 25 and 50 serial killers at large in the USA at any given time. But the truth is few people kill. We occasionally say we could kill someone, but that is usually hyperbole. Most of us can imagine what it might be like to be driven to a senseless act of violence in an unendurable situation. To kill once is one thing; to kill over and over again is quite another. What drives these people who kill and kill again? Are they evil or are they mad? Serial killing is a worldwide phenomenon and no two killers are alike. Each one comes with a grisly though compelling tale that takes the reader to the darkest reaches of the human psyche.

### Serial Killers - Philosophy for Everyone

Serial Killers - Philosophy for Everyone investigates our profound intrigue with mass-murderers. Exploring existential, ethical and political questions through an examination of real and fictional serial killers, philosophy comes alive via an exploration of grisly death. Presents new philosophical theories about serial killing, and relates new research in cognitive science to the minds of serial killers Includes a philosophical look at real serial killers such as Ian Brady, Ted Bundy, John Wayne Gacy, Jeffrey Dahmer and the Zodiac killer, as well as fictional serial killers such as Dexter and Hannibal Lecter Offers a new phenomenological examination of the writings of the Zodiac Killer Contains an account of the disappearance of one of Ted Bundy's victims submitted by the organization Families and Friends of Missing Persons and Violent Crime Victims Integrates the insights of philosophers, academics, crime writers and police officers

### Born Killers

It's an age-old question: is it nature or nurture? Can there really be a 'demon seed' that causes serial killers to act the way they do? Or is it an unfortunate combination of influences and events during their formative years that has turned them into such monsters? But no matter how many people they have killed, no matter how many lives they have ruined and whatever the nature of their sickening crimes, serial killers are still human. Analysing the early years of the lives of men like Jeffrey Dahmer, who abused and killed 17 young men, offers a fascinating insight into the effects of a dysfunctional or abusive

childhood. Criminologists Christopher Berry-Dee and Steven Morris have spoken and corresponded with killers all over the world in a quest to discover what made them the way they are. For the first time, the inner workings of the minds of the most destructive individuals on the planet are revealed in shocking detail. *Born Killers* shows, through a sophisticated system of psychological profiling, how the potential serial killer develops. Read it and you too may be able to spot the signs...

### Serial Killers True Crime Collection: 6 Notorious True Crime Murder Stories

In the very depths of the human soul there is a darkness. It is an entity which most of us may never get to know; for others, however, this darkness grows for years until it takes hold of them and permeates every inch of their body. This darkness is evil incarnate, and it is in the hearts and minds of some of the most dangerous and despicable human beings to have walked this same earth we live in today. Sometimes it can manifest as the desire to dominate the weak and the less fortunate; in others, it becomes an uncontrollable need for violence and death; another group turns this evil into pure hatred for those that they do not agree with, transforming dislike into the desire to spill blood. Regardless of which group we are talking about, there are many of these individuals who soon evolve into the most deadly kind of monster: the serial killer. In the following volumes, you shall discover the stories of six murderers so tainted by darkness that their horrific accounts still bring fear to men and women of our present day: Edmund Kemper, the Co-Ed Killer, whose victims were mostly young, defenseless students. The Briley Brothers, three siblings who were as mentally unstable as they were bloodthirsty. Christopher Wilder, serial killer who mercilessly killed in two different continents. John Christie, who lived a double life while killing cruelly and indiscriminately. John Haigh or The Acid Bath Murderer, whose methods of disposing of victims made him infamous. Joseph Paul Franklin, whose racist hatred fueled him into a deadly "cleansing of the world," according to his own claims. So open the pages of the volumes in this Serial Killers True Crime Box Set now, and begin exploring these tales that have been forged with the essence of hell itself - you may soon realize just how deep evil can plant its seeds within a human being...

### Serial Killer Groupies

This book delves into the twisted psychology of women attracted to some of the most notorious monsters on the planet, giving true crime readers real insight into this phenomena. One of the most common reasons given by women who date serial killers is the fact that they 'see' the little boy that the horrible man once used to be, and they believe that they can nurture that kid, hence removing the cruel and harmful nature of the killers and making them amicable again. Known as 'serial killer groupies' or even 'prison groupies' by some, a great number of these women have shown a surprising desire to get connected to the serial killer of their choice. A large number of these women have become directly aligned with these killers, and some have even married these hardened criminals. Groupies will do almost anything to get close to the prisoner that they are attracted to. They give up jobs, family, spend money on him, and even move across country to be in the same town as him. Some SKG's are attracted to the celebrity status they acquire. They go on talk shows to announce their undying love for the serial killer and proclaim that he was not capable of these killings. This book depicts several such cases and you'll meet some of these SKG's. "If you seek to understand or study the unexplainable, this book may be your key to some grasp of what is beyond imagining....why some women love serial killers!" -- (Bernard Lee DeLeo), bestselling author of over twenty-five novels "The obsessed groupies of predators such as Richard Ramirez (The Night Stalker) are just as fascinating as the serial killers they love. Best-selling author RJ Parker offers powerful insights into the needs, motivations and dark desires of women who pursue and sometimes marry the most infamous killers in history. This powerful psychological examination of these women is not to be missed. Well researched, Parker sheds new light on the curious sub-culture of groupies in his new true crime book, SERIAL KILLER GROUPIES" -- (Scott Bonn, PhD) Professor, criminologist and author of *Why We Love Serial Killers: The Curious Appeal of the World's Most Savage Murderers*

### Serial Killers

Witness how seemingly innocent, neighbor loved men turned into devilish creatures, feared till this day. Famous actors, musicians, political leaders and the greats of science. There are stories told. Movies filmed. And books written about the impact they've made on the world. But... This is a collection of different kind of people. People who are known not for their selfless, positive and genuine contributions, but the opposite... In this set of four true crime books, you will learn about men who performed acts so

cruel, so inhumanely heartless, so unfathomable that their names will never be forgotten. This collection includes four of the world's most known serial killers: Edmund Kemper. A rejected child whose traumatic childhood scared him for a lifetime. The only way he could deal with his pain was by inflicting pain on others. Jeffrey Dahmer. Cannibalistic rapist and necrophiliac serial killer who felt no remorse and absolutely zero empathy. Robert Berdella. An ordinary man, appreciated by neighbors and a great lover of cooking, art, and culture, who turned into one of the most sadistic torturers to ever live. Ted Bundy. After taking dozens of innocent lives across 7 states and escaping the prison twice, he earned the title of America's most wicked serial killer. What Amazon readers are saying: "This is a well-researched collection of the darkness mankind is capable of. A definite page-turner for those who want to glimpse the darkness that resides amongst some of us." "Awesome collection of four of the most prolific and horrific serial killers of all time." "So well written!!! I couldn't put it down, Ryan Becker is an awesome writer." Look into the dark, hidden side of the impactful - their names are never said out loud yet will never be forgotten...

### Serial Killers: The World's Most Evil

One hundred years of the most depraved criminal minds—from H. H. Holmes and Ted Bundy to John Wayne Gacy, Ian Brady, and Myra Hindley. Their monikers have become part of the true crime lexicon: among them, the Moors Murders; the Hillside Strangler; Killer Clown; Son of Sam; the Love Slave Killers; the Scorecard Killer; and the BTK Strangler. On a scale of evil, they are the world's worst serial murderers with a propensity for sadism and torture that is beyond the pale. What turned seemingly ordinary members of society into sick slayers? How did they justify their heinous deeds? And how did they get away with murder? For answers, true crime journalist Nigel Blundell looks behind the headlines to delve into the minds of monsters: David Parker Ray an "average working guy" with a torture chamber in his backyard; Fred and Rose West, married serial killers who counted their own children among their victims; Ivan Milat, a ritual killer who hunted backpackers in Australia; Gerald and Charlene Gallego, a sadistic couple who cruised Sacramento with kidnapping and murder in mind; and former Marines Leonard Lake and Charles Ng, who videotaped the darkest depths of their depravity in their secluded cabin in the Sierra Nevada foothills. Discover the truth behind the unspeakable crimes in this "anthology of evil . . . you can't put down" (Dr. Michael Stone, forensic psychiatrist).

### Serial Killers of Russia

For fans of Christopher Berry-Dee's Talking with Serial Killers series, this chilling new book explores the dark heart of Russia. For decades, it has been assumed that the United States of America was the serial killer capital of the world. Now, criminologists believe that Russia (and previously the Soviet Union) has been, secretly, the biggest home of serial killers for almost a century. In Serial Killers of Russia, bestselling true crime author Wensley Clarkson reveals the inside stories and gruesome details behind the country's most notorious and previously unknown murderers. Using information from a vast range of new and archive sources, Clarkson tells stories of the dangerous, the devious and the truly shocking, and tackles why the nation has become a breeding ground for humanity's most evil. These are the most horrifying cases from the darkest corners of Russia.

### Serial Killers

Serial Killers: The 10 Most Notorious Serial Killers In Texas And Their Horrible True Crime Cases Find out these Chilling Texas Serial Killers Stories Texas, the Lone Star State. Second largest and second most populous of the United States, and a land with a rich history and personalities. Many big names have come from Texas, men and women of successful legacies; political leaders; millionaires; and national heroes. But among the good and honorable, there are always bad apples... In the following book, we shall learn the stories of ten different men and women who terrorized the state of Texas with their sick and twisted crimes, and who were brave or insane enough to commit their atrocities in a state where they could easily have been executed--the death penalty has existed there since 1819. ### Serial Killers

Delves into the minds and crimes of the most dangerous and disturbed people who ever lived.

### Serial Killers at the Movies

The depraved crimes of both real and imagined serial killers and mass murderers have long transfixed us in newspapers and books, but perhaps nowhere more so than on the big screen. Films such as Silence of the Lambs, Psycho and Henry: Portrait of a Serial Killer have not only reached huge audiences but also allowed us into the minds of society's most disturbed individuals. Bestselling author, Christopher Berry-Dee, talks to the serial killers whose wicked stories have most thrilled and fascinated us at the movies and, through far-ranging and disturbing interviews, he tells the stories of the mass murderers who provided the inspiration for some of cinema's most shocking films. Serial Killers at the Movies takes the reader on an uncomfortable and truly dark journey into a lurid world of murder and deviancy.

### The Serial Killer Files

THE DEFINITIVE DOSSIER ON HISTORY'S MOST HEINOUS! Hollywood's make-believe maniacs like Jason, Freddy, and Hannibal Lecter can't hold a candle to real life monsters like John Wayne Gacy, Ted Bundy, Jeffrey Dahmer, and scores of others who have terrorized, tortured, and terminated their way across civilization throughout the ages. Now, from the much-acclaimed author of Deviant, Deranged, and Depraved, comes the ultimate resource on the serial killer phenomenon. Rigorously researched and packed with the most terrifying, up-to-date information, this innovative and highly compelling compendium covers every aspect of multiple murderers—from psychology to cinema, fetishism to fan clubs, "trophies" to trading cards. Discover: WHO THEY ARE: Those featured include Ed Gein, the homicidal mama's boy who inspired fiction's most famous Psycho, Norman Bates; Angelo Buono and Kenneth Bianchi, sex-crazed killer cousins better known as the Hillside Stranglers; and the Beanes, a fifteenth-century cave-dwelling clan with an insatiable appetite for human flesh HOW THEY KILL: They shoot, stab, and strangle. Butcher, bludgeon, and burn. Drown, dismember, and devour . . . and other methods of massacre too many and monstrous to mention here. WHY THEY DO IT: For pleasure and for profit. For celebrity and for "companionship." For the devil and for dinner. For the thrill of it, for the hell of it, and because "such men are monsters, who live . . . beyond the frontiers of madness." PLUS: in-depth case studies, classic killers' nicknames, definitions of every kind of deviance and derangement, and much, much more. For more than one hundred profiles of lethal loners and killer couples, Bluebeards and black widows, cannibals and copycats— this is an indispensable, spine-tingling, eye-popping investigation into the dark hearts and mad minds of that twisted breed of human whose crimes are the most frightening . . . and fascinating.

### Talking with Serial Killers

An investigative criminologist, Christopher Berry-Dee is a man who talks to serial killers. Their pursuit of horror and violence is described in their own words, transcribed from audio and videotape inter-

views conducted deep inside some of the toughest prisons in the world. Berry-Dee describes the circumstances of his meetings with some of the world's most evil men and reproduces, verbatim, their very words as they describe their crimes and discuss their remorse -- or lack of it. This work offers a penetrating insight into the workings of the criminal mind.

### Love in the Time of Serial Killers

'Unique, sexy, hilarious, charming... The true crime is NOT reading this novel!' Ali Hazelwood, author of *The Love Hypothesis* 'A criminally addictive romance... this book is sheer perfection from beginning to end' Rachel Lynn Solomon, author of *The Ex Talk* -- Turns out that reading nothing but true crime isn't exactly conducive to modern dating - and one woman is going to have to learn how to give love a chance when she's used to suspecting the worst. PhD candidate Phoebe Walsh has always been obsessed with true crime. She's even analysing the genre in her dissertation - if she can manage to finish writing it. It's hard to find the time while she spends the summer in Florida, cleaning out her childhood home, dealing with her obnoxiously good-natured younger brother, and grappling with the complicated feelings of mourning a father she hadn't had a relationship with for years. It doesn't help that she's low-key convinced that her new neighbour, Sam Dennings, is a serial killer (he may dress business casual by day, but at night he's clearly up to something). But it's not long before Phoebe realises that Sam might be something much scarier - a genuinely nice guy who can pierce her armour to reach her vulnerable heart. What readers are saying about *Love in the Time of Serial Killers*: 'Do you know when you disappear into a book? You, your surroundings, everything, ceases to exist? This book was that for me' **★★★★** 'The cover is gorgeous, and the inside is fun, witty, relatable and so entirely sweet' **★★★★** 'This was such an enjoyable read. I really loved the depths given to Phoebe, the way she created walls around herself, the themes were developed organically and believably' **★★★★** 'Phoebe is one of the best female protagonists I've read in a long time' **★★★★** 'The whole thing made me laugh out loud and smile like an idiot sooo often' **★★★★** 'The book was witty and fun, but also thought out and honest' **★★★★**

### Serial Killers True Crime

This gripping book gives you an inside look into 13 of the most frightening serial killer stories of the 1980s. Learning about the lives of these 13 serial killers - along with the lives they took - is a rollercoaster of emotions. It's scary, shocking, heartbreaking and enraging all at the same time. This book will leave you feeling almost too scared to leave your house and stunned at how one human could do these things to another. You'll feel sorrow for the lives lost - for their families and all those affected, yet angry at the same time. Angry at this world we live in, angry that anyone could get away with the murder of one and then go on to kill more. Many of these tales you almost see coming - the killer had a poor childhood and was simply dealt a rough hand in life, which leads to the question - what could have been done? Is there something that could have saved these people from becoming serial killers? Or is it ever possible to save someone from themselves?

### Serial Killers

Charles Manson was the illegitimate child of a teenage prostitute; in 1969, on his orders, eight people were hacked to death in an orgy of violence. Ted Bundy had the power to charm women. With his arm in a fake sling, he used to ask them to help him get his sailboat down off his car, but first they had to go to his house... Joanna Dennehy stabbed her lover Kevin Lee in the heart, dressed him in a black sequin dress, and dumped him in a ditch. To celebrate, she played Britney Spears' 'Oops!... I Did It Again' down her phone and then helped torch Lee's Ford Mondeo. Serial killers are the ultimate outlaws. They step outside not just the law but all human norms. They are fascinating because they are almost impossible to understand. It's comforting to know that all the serial killers featured here are now either dead or behind bars. Nevertheless, this book is not for people of a nervous disposition.

### 1960s - A Decade of Serial Killers

Discover the most wicked serial killers of the 1960s, one of the worst decades of true crime and heinous serial murderers America has ever known. The 1960s was a time of cultural revolution. The music was as intense as the politics and everyone was looking forward to a summer of love. But some troubled souls took a wrong turn on the way to Woodstock and walked down the dark road of the serial killer. This decade was the first in which the term "serial killer" was used-and the first in which the general public became aware that such homicidal wolves were indeed roving about in their midst. This book follows some of the most notorious serial murder cases of the era. From the Zodiac Killer to the Moor

Murders, we take a look at some of the worst serial killers of the 1960s. Inside you will discover 12 true crime case files of the most vile serial killers of the 1960s including: The Case of the Walking Corpse The Measuring Man The Serial Killer with a Foot Fetish The Moors Murders Poland's Maniac The Pied Piper of Tucson And more! If You've Always Wondered about What Makes Serial Killers Kill, and What Makes Them Kill in the Way They Do, This Book Is for You. Serial Killers are not always the first thing you think of them- as discussed in the book, they have common characteristics, but each presents a unique pattern, type of victims, and motives The brilliant introduction of the book gives you a general but clear idea about their psychological types, common childhood traumas, murder weapons, and the crime scenes they choose. It's a wonderful insight into the realistic psychology of serial killers- some murder for pleasure, some do so for gain. Not all of them leave clues, and they plan their crimes to be unidentifiable even years later. Some kill for fame, and some kill for easing their childhood traumas. They never, however, kill for money. In this book, you will learn about the most famous serial killers and mysterious cases that have been masterfully concealed or intentionally revealed by the killers. You will learn about how they get started, and how they end up, what their childhoods were like, and what they fear the most. You will find out how to spot serial killers, and what to expect from them as criminals. Famous murderers from Jack the Ripper to Amelia Dyer will be exposing themselves before you, while going through their target prey, patterns, and mindsets. If you're ready to tune in with the most mind-bending stories about scandalous murders of all times... Scroll up, click on "Buy Now with 1-Click," and Get Your Copy Now

### The Lost British Serial Killer

The definitive and explosive account of a harrowing murder case that has shocked Britain Peter Tobin was already serving a life sentence for murder when he was charged with the murder of two young women - Vicky Hamilton and Dina McNichol, in November 2007. Both girls went missing in 1991. Their bodies were discovered by police in 50 Irvine Drive, Margate - where Tobin once lived. In their new true crime investigation, Paul Harrison and Professor David Wilson examine this shocking case, including full details of Tobin's trial. But perhaps even more importantly, they look into other similar cases around the country. With developments in DNA testing, the police are coming closer and closer to solving a range of terrible and high profile murders. There have been at least five major arrests in recent months, with further arrests sure to follow. Harrison and Wilson investigate these cases, and ask how new DNA tests will change police investigations. But they also ask whether this will be enough to stop murderers in the future, and whether there are larger forces at work in society that need to be addressed before we can stop people from killing again and again.

### Serial Killer Couples

**SERIAL KILLER COUPLES: Bonded by Sexual Depravity, Abduction, and Murder** chronicles the true crimes of sexually motivated serial killers who are intimates. In this latest true crime book from award winning, bestselling criminologist R. Barri Flowers, nine gripping tales examine killer couples from America, England, and Canada whose murderous reign of terror knows no end till they are brought to justice. Chapter 1: Raymond Fernandez and Martha Beck, Chapter 2: Ian Brady and Myra Hindley, Chapter 3: Fred West and Rosemary West, Chapter 4: Gerald Gallego and Charlene Gallego, Chapter 5: Douglas Clark and Carol Mary Bundy, Chapter 6: Alvin Neelley and Judith Ann Neelley, Chapter 7: Alton Coleman and Debra Denise Brown, Chapter 8: James Gregory Marlow and Cynthia Coffman, Chapter 9: Paul Bernardo and Karla Homolka. Bonus material includes excerpts from the author's international bestselling true crime book, **THE SEX SLAVE MURDERS**; historical true crime short, **MASS MURDER IN THE SKY: The Bombing of Flight 629**, Jack the Ripper thriller novel, **DARK STREETS OF WHITECHAPEL**, and medical mystery and police procedural, **MURDER IN MAUI**.

### Unsolved Serial Killers

If you're a true crime junkie you may think you know the world of serial killers inside and out -- but prepare to be surprised by what you find within these pages. Many of these criminals' stories have been nearly lost to time, discarded amongst the drama and pace of the modern news cycle. Others have been eclipsed by even more horrific crimes that took place after their reign of terror. Yet their impact on the families and friends of the victims will never fade. These accounts are both thorough and compelling and will have you on the edge of your seat. If you're ready for the best true crime stories you've never heard before, then scroll up and click the "Add to Cart" button right now.

### The Big Book of Serial Killers

There is little more terrifying than those who hunt, stalk and snatch their prey under the cloak of darkness. These hunters search not for animals, but for the touch, taste, and empowerment of human flesh. They are cannibals, vampires and monsters, and they walk among us. These serial killers are not mythical beasts with horns and shaggy hair. They are people living among society, going about their day to day activities until nightfall. They are the Dennis Rader's, the fathers, husbands, church going members of the community. This A-Z encyclopedia of 150 serial killers is the ideal reference book. Included are the most famous true crime serial killers, like Jeffrey Dahmer, John Wayne Gacy, and Richard Ramirez, and not to mention the women who kill, such as Aileen Wuornos and Martha Rendell. There are also lesser known serial killers, covering many countries around the world, so the range is broad. Each of the serial killer files includes information on when and how they killed the victims, the background of each killer, or the suspects in some cases such as the Zodiac killer, their trials and punishments. For some there are chilling quotes by the killers themselves. The Big Book of Serial Killers is an easy to follow collection of information on the world's most heinous murderers.

### The Basement

This is a shocking story of kidnapping, rape, torture, mutilation, dismemberment, decapitation, and murder. The subject matter in this book is graphic. On March 24, 1987, the Philadelphia Police Department received a phone call from a woman who stated that she had been held captive for the last four months. When police officers arrived at the pay phone from which the call was made, Josefina Rivera told them that she and three other women had been held captive in a basement by a man named Gary Heidnik. He imprisoned women in chains, in the filth and stench of a hole dug under his home.

### Serial Killers True Crime

The 1990s was a time of great technological and social change in America, but it was also a time when monsters stalked the highways and byways of the country as well as, for the first time, the information super highway. If you love true tales of horror more chilling than anything the imagination can conceive then **Serial Killers True Crime: 13 Serial Killer Murder Stories of the 90s** is the book you have been waiting for. Inside you will find a full graphic account of the exploits of monstrous individuals such as: Harvey Miguel Robinson has the dubious honor of being one of the youngest serial killers in American history, being just 18 when he was arrested for the crimes he had committed. Robinson killed two women and a teenager, in addition to trying to kill a child and the woman that would ultimately lead to his capture. Robinson's murder spree was the inspiration for the movie **No One Could Protect Her** starring Joanna Kerns as intended victim Denise Sam-Cali. Charles Edmund Cullen is a former nurse and the most prolific serial killer in the history of the East Coast, if not in all of American. He has confessed

to killing more than 40 people during his time as a nurse, and subsequent interviews have indicated that the actual number could be far, far, greater as he cannot remember names but can remember specifics of the events. All told, experts believe he may have killed as many as 400 people. Keith Hunter Jespersen killed at least 8 women during the early 90s and earned the moniker the Happy Face Killer from the smiley faces that he always included on his letters to the authorities as well as to the media. He typically targeted prostitutes as well as transients with no apparent rhyme or reason for the killings. He primarily killed his victims via strangulation, in much the same way he killed animals as a child. There was a movie made about his killing spree Happy Face Killer which premiered in 2014. David Parker Ray, more commonly known as the Toy-Box Killer, is believed to have kidnapped, tortured and murdered more than 60 people near the New Mexico, Arizona border over several decades. Ray would keep his victims in a trailer known as his toy-box which was exceedingly well equipped for all manner of sexual torture and murder. He was convicted of torture and kidnapping in 2001 and died incarcerated the very next year before he had a chance to confess to the full nature of his crimes. Inside you will learn all about the horrible life and times of Jeffery Lionel Dahmer Scott William Cox Keith Hunter Jespersen Orville Lynn Majors Cleophus Price Jur. David Parker Ray John Edward Robinson Michael Swango And more...

### Talking with Serial Killers: Sleeping with Psychopaths

Bestselling true crime writer and criminologist Christopher Berry-Dee turns his attention to a new kind of victim: the wives and partners of serial murderers who remained unaware of exactly who they had fallen for until after their other half's arrest or, in some cases, conviction. Only upon Peter's arrest did Sonia Sutcliffe first discover that her husband was leading a secret existence as the Yorkshire Ripper. The wife of the Hillside Strangler only learned of her husband's crimes when state police smashed down her door in search of him. When finding out the truth, these innocents have to face the grim reality of betrayal and deceit and often experience guilt for not having recognized the killer in their home. Christopher Berry-Dee speaks directly with killers and their oblivious loved ones to get inside the minds of the men and women who fall for murderers.

### True Crime

This volume is a spinoff of the highly successful True Crime Trading Cards. The book contains all the art and the complete text of Series Two of the best-selling and controversial trading cards. Each biography of a killer includes a full-color photo or drawing. Includes: Mary Flora Bell; David Berkowitz; Jerome Brudos; Theodore Bundy; Lt. William Calley; John Reginald Christie; Juan Corona; Robert Hansen; James Warren Jones; Henry Lee Lucas; Charles Manson; William Palmer; Richard Franklin Speck; Charles Whitman; Christopher Wilder and many more. Includes a brief essay on the psychology of the sociopath.

### Serial Killers

Themes: Hi-Lo, nonfiction, contemporary themes. Bursting with facts, these books will truly enthrall struggling readers. Nonfiction titles cover high-interest topics both creepy and utterly terrifying. Each title is thoroughly researched and includes an introduction, five chapters, an epilogue, glossary, and index. On-the-scene photography captures students' imagination and spurs further reading. These are books that struggling readers will not put down! Explore the world of the most notorious serial killers in this terrifying title. Heinous crimes are committed and severe punishment is dealt to Jeffrey Dahmer, Dr. Harold Shipman, Ted Bundy, Aileen Wuornos, and the Green River Killer.

### Murder and Menace: Riveting True Crime Tales (Vol. 3)

R. Barri Flowers, award-winning criminologist and bestselling author of *Serial Killers & Prostitutes* and *The Sex Slave Murders*, brings together six of his best previously published true crime stories in this captivating third volume of *Murder and Menace: Riveting True Crime Tales*. *Murder of the Banker's Daughter: The Killing of Marion Parker* tells the tragic story of a child's abduction in Los Angeles in 1927, her brutal murder, and the intense manhunt for and capture of a young and elusive killer. *Murder in Calaveras County: The Horrific Tale of Serial Killers Leonard Lake and Charles Ng* recounts the vicious crimes of the deadly pair in Calaveras County, California, during the mid-1980s, including kidnapping, rape, torture, and videotaping their murdered victims. *The Xerox Repairman Mass Killer: The Story of Byran Koji Uyesugi* is the disturbing tale of Honolulu, Hawaii's worst mass murder as a disgruntled employee opened fire on coworkers in a tragic case of workplace violence that reverberated around

the country. The "Sinful" and "Folsom Wolf" Killers: The Tale of James Marlow and Cynthia Coffman relives the cross-country rape, robbery, and killing spree of a career criminal and white supremacist and a troubled woman before their terror came to an end. Murder in Mission Hill: The Tale of Carol Stuart and Charles Stuart is the heartbreaking story of a pregnant Boston lawyer's untimely death, uxoricide, use of the race card to mislead authorities, and the unraveling of the murder mystery to a shocking conclusion. The Boney and Claude Murders: The Serial Crimes of Alvin Neelley and Judith Ann Neelley tells the twisted story of a serial killer couple who likened themselves to Bonnie and Clyde in the modern era as they tortured and murdered their victims till justice was served. Included is a bonus excerpt from the historical true crime reference book, Murders in the United States: Crimes, Killers and Victims of the Twentieth Century, by R. Barri and H. Loraine Flowers. Other bonus excerpts include the bestselling crime thriller novel, Before He Kills Again, and the psychological thriller novel, Killer in The Woods, by R. Barri Flowers. A bonus short story mystery thriller, Kill and Say Goodbye, is also included with the collection. Be sure to read as well the first two gripping volumes of Murder and Menace: Riveting True Crime Tales, available in eBook, print, and audio.

## 2015 Serial Killers True Crime Anthology, Volume II

This is the second volume of the bestselling annual, Serial Killers True Crime Anthology, a collection of some of the best true crime writing on serial killers over the year. Several of these authors who appeared in Volume 1 of the Anthology, return this year to Volume 2 with new stories. 2015 Serial Killers True Crime Anthology Volume 2: Peter Vronsky in the chilling story "Zebra! The Hunting Humans 'Ninja' Truck Driver Serial Killer" describes the carnage perpetrated in 2007 by Adam Leroy Lane, a long haul truck driving serial killer who after repeatedly watching in his truck cab a serial killer DVD movie he was obsessed with, forayed out in the night from Interstate highway truck-stops dressed in Ninja black to re-enact the movie scenes by killing and mutilating unsuspecting women in their homes until he was captured by a fifteen-year old girl and her parents when he attempted to kill her as she slept in her bedroom. RJ Parker in "Demons" introduces us to the little known story of Canada's serial killer Michael Wayne McGray who murdered men, women and children indiscriminately and whom even prison could not stop from continuing his killing. In the "Grim Sleeper" Parker describes the brutal crimes of Lonnie Franklin, Jr. who over a 23-year killing career, took a fourteen-year hiatus (thus his nickname) before resuming his murders of women in Los Angeles. Katherine Ramsland in "The Babysitter" brings us up to date on the still unsolved horrific 1976 mutilation child murders in Detroit that inspired Bill Connington's one-man Broadway play and Joyce Carol Oates 1995 novella Zombie. In "Really! The Other Guy Did It." Ramsland explores the bizarre case of serial killer Douglas Perry who after killing several women underwent a transsexual change into a woman, Donna Perry, who when apprehended, claimed the murders were perpetrated by his former male self who no longer existed. Ramsland asks, "Is guilt in the body or the soul?" Michael Newton in "Bad Medicine" and "Angel of Death" describes two serial killers where we least expect them: health care workers. Physician Dr. Harold Shipman who murdered 250 victims in Britain and might be history's most prolific serial killer, and the smiling mild mannered Ohio medical orderly 'Angel of Death' Donald Harvey, who confessed to murdering 87 helpless patients, stating, "So I played God." Sylvia Perrini, Britain's true crime chronicler of female serial killers in "The House of Horrors" revisits the notorious case of Rosemary West who teamed up with her husband Fred in the rape, torture and murder of ten young women in their rooming house, including her own daughter. In "The Mum Who Killed for Kicks" Perrini looks at the recent case of Joanne Dennehy, a mother of a thirteen-year old who inexplicably went on a thrill kill serial killing spree in which she tortured and murdered three men with a knife and attempted to kill two others. Kelly Banaski, a newcomer to true crime writing, brings us "Stripped of his medals and female panties"

## John Christie

John Christie was a man with many secrets, and his flat at 10 Rillington Place in London would become known as one of the original houses of horror. Former soldier, Special Constable, and husband, John was to become regarded as one of the worst British Serial killers to date, and one that left a lot more questions than answers following his execution. Nobody ever suspected that this quiet man would have a dark double life, with a penchant for prostitutes and sexual perversion. He took advantage of the post-war times, the desperate women without husbands and their need to be rid of unwanted pregnancies as a result of prostitution and lack of contraception. Christie claimed he could perform abortions, and this led some women right to his lair, where they would be gassed and raped while they died. The official number of deaths associated with this London serial killer was eight, but it is believed there were most likely many more. This true crime story is filled with unanswered questions

and controversy, as Christie's actions led an innocent man to his death at the gallows. This would later bring about changes to the British legal system surrounding capital punishment, but for Timothy Evans it was far too late. This serial killer biography will intrigue you, disgust you and make you question how the police and legal system could get things so wrong. The fact that unlike many other historical serial killers Christie hid the bodies of his victims in his house and his backyard makes him one of the most disturbing perpetrators of true crime murder in history.

### True Crime Chronicles, Volume One

Original newspaper reports of Wyatt Earp, Belle Gunness, Billy the Kid, Dr. H.H. Holmes, and others compiled by the New York Times—bestselling author. Former detective and bestselling author Mike Rothmiller has brought together classic works of journalism that will take the reader back to when these horrific tales mesmerized a nation. Some may find these articles and their descriptions of people and crimes shocking by today's standards, but they are representative of the most colorful true crime stories of the day. True Crime Chronicles, Volume One includes stories about Belle Gunness, who had a penchant for killing men and feeding them to her hogs, Dr. Holmes and his "murder castle," The Bloody Benders, and Amelia Dyer, the "baby farmer," the darker side of Wyatt Earp, and the forerunners of the American Mafia, "The Black Hand." Imagine yourself accompanying these reporters visiting the crime scenes, interviewing witnesses, and penning the stories of murder, lynchings, evil, and swift frontier justice.
