For the pastor or serious layperson, the realm of biblical interpretation can be a confusing maze of personalities, communities, methods, and theories. The Dictionary for Theological Interpretation of the Bible is a groundbreaking reference tool that introduces readers to key names, theories, and concepts in the field of biblical interpretation. It discusses these approaches and evaluates their helpfulness in enabling Christians to hear what God is saying to the church through Scripture. The Writer

How to Read a Poem is an introduction to creative reading, the art of coming up with something to say about a text. It presents a new method for learning and teaching the skills of poetic interpretation, providing its readers with practical steps they can use to construct perceptive, inventive readings of any poem they might read. The Introduction sets out the aims of the book and provides some basic operating principles for applying the seven steps. In each subsequent chapter, the step is introduced and explained, relevant points of interpretative theory and methodology are discussed and illustrated with multiple examples, and the step is put into practice in a final section. Through these final sections, step by step, the book develops an extended reading of a single poem, Letitia Landon's "Lines Written under a Picture of a Girl Burning a Love-Letter" from 1822. That reading is sustained across the whole arc of the book, providing a detailed worked example of how to read a poem. This accessible and enjoyable guide is the ideal introduction to anyone approaching the detailed study of poetry for the first time and offers valuable theoretical insights for those more experienced in the area.

Elizabeth

Octavio Paz has long been known for his brilliant essays as well as for his poetry. Through the essays, he has sought to confront the tensions inherent in the conflict between art and society and to achieve a unity of their polarities. The Siren and the Seashell is a collection of Paz's essays, focusing on individual poets and on poetry in general. The first five poets he treats are Latin American: Sor Juana Inés de la Cruz, Rubén Darío, José Juan Tablada, Ramón López Velarde, and Alfonso Reyes. Then there are essays on Robert Frost, e. e. cummings, Saint-John Perse, Antonio Machado, and Jorge Guillén. Finally, there are Paz's reflections on the poetry of solitude and communion and the literature of Latin America. Each essay is more than Paz's impressions of one person or issue; each is the occasion for a wider discussion of cultural, historical, psychological, and philosophical themes. The essays were selected

from Paz's writing between 1942 and 1965 and provide an overview of the development of his thinking and an exploration of the ideas central in his works.

How to Read a Poem

"This book was intended [. . .] as an introduction to the works of certain contemporary poets, for those readers who do not know them, while not being, it is hoped, entirely without interest for those who do. At times, when the mind of the instructor is jaded, a remark with which he disagrees may prove exciting, and one with which he agrees is sufficiently reminiscent to be helpful. Criticism as an art which attempts, therefore, in another medium, to create experiences as full and satisfying as those of the work it is discussing, has not been attempted here, and will certainly not be found. The essays are utilitarian, whereas real criticism aims always at its own absolute being." -- From the preface

For more than sixty years, Sterling A. Brown -- poet, folklorist, cultural critic, literary historian, teacher, and raconteur -- profoundly shaped the development of African American literary and cultural studies. A collection of new and exemplary writings, this volume represents an unprecedented effort to recover, reassess, and reassert Brown's enduring significance for contemporary scholars, students, and nonacademic readers. This engaging recuperative project is structured around four distinctive features: new and previously published essays that sum up contemporary approaches to the various genres of Brown's works; interviews with Brown and with his acquaintances and contemporaries; two discographies of source material that innovatively extend the study of Brown's acclaimed poetry; and an updated version of the most comprehensive bibliography of Brown's published writings. "After Winter" aptly demonstrates how Brown, in words from one of his familiar poems, continues to "just get hold of us dataway." -- From publisher's description.

Life's changes. They happen every day. Some large, some small. A few are very personal. Others impact the world. Dedicated to the People of Darfur: Writings on Fear, Risk, and Hope includes original and inspiring essays that celebrate the glories gained from taking risks, breaking down barriers, and overcoming any obstacles. Nobel and Pulitzer Prize winners, a gallery of O. Henry award recipients, and many best-selling authors come together to share personal and compelling challenges and experiences. From contemplations on past drug use to reflections on gun control, social justice, passion and its sacrifices, and adventures such as skydiving, mountain climbing, and golfing, the topics vary greatly. This kaleidoscopic anthology is a commentary on the lives of prominent literary artists and ordinary citizens who have made simple, yet powerful choices that provoked change in one's self and for humanity—much the same way that Luke and Jennifer Reynolds do by building this invaluable collection for readers and the world of human rights. Not too long ago, as struggling graduate students, Luke and Jennifer Reynolds conceived this uniquely themed volume as a way to raise funds to support ending the genocide in Darfur. Some people carry signs, others make speeches, many take action. What is most special about this book is that it extends beyond words and ideas, into a tangible effort to effect change. To this end, all royalties from the sales of Dedicated to the People of Darfur: Writings on Fear, Risk, and Hope will benefit The Save Darfur Coalition, an organization that seeks to end the genocide in Darfur, Sudan.

Poet Phyllis Webb initiated new ways of seeing into the cultural “dark” of Western thought. By blurring the axis between “light” and “dark,” she redefined in positive terms women’s subjectivity and sexuality, which are traditionally assigned “dark” negative values. *Seeing in the Dark* includes perceptive discussions on a number of Webb’s collections, specifically *Naked Poems*, *Wilson’s Bowl*, *Water and Light* and *Hanging Fire*. Butling shows how Webb uses strategies of subversion, reversal and re-vision of prevailing traditions and tropes to facilitate “seeing in the dark.” She also provides a fascinating analysis of Webb criticism — tracing it over the past thirty years and revealing a shift in critical paradigms. A chapter on biography includes intriguing archival material. Pauline Butling offers important new ways of reading one of Canada’s finest poets. *Seeing in the Dark* is essential introductory material for the general reader and provides provocative penetrating analysis for literary scholars.

After Winter

"Elliott Carter was born four months after Orville Wright demonstrated the Wright Brothers' Flyer to the U.S. Army, and he died two months after the Voyager 1 spacecraft left the heliosphere at the threshold of interstellar space. Carter's remarkable longevity, and the unusual trajectory of his life and work through more than a century of disruptive change, has affected the reception history of his music in ways that we are only beginning to acknowledge. Over the course of a nearly eighty-year-long career, Carter leveraged his advantages and turned obstacles into opportunities with admirable persistence. He chose projects that not only interested him but also fit into the plans for artistic and professional development that he cultivated assiduously over decades. And he paid close attention to how his artistic objectives could be presented most effectively to the performers, listeners, and patrons on whom his career depended. Together with his wife Helen Frost-Jones Carter, he skillfully steered a course through the turbulent waters of the twentieth and early twenty-first centuries with steadily increasing success. The story of Carter's artistic life, as he told it and as it was promoted by several generations of advocates, is one of independence, uncompromising vision, and technical progress. It was astutely tailored to the beliefs and values of its intended audience and, as autobiography, it reports selectively and glosses over or omits events and attitudes deemed unhelpful in building Carter's reputation and authority, and promoting his music"--
