How much can we lose and still remain whole? In the course of her life, Ginny Jordan has lost both breasts and her ovaries to cancer, undergone chemotherapy, experienced debilitating vertigo, and other conditions--at the same time as she has been a daughter, wife, mother of three, and member of a large, active family. In prose that is startling and evocative, witty and generous, *Clear Cut* explores biographically, symbolically, and culturally the meanings of nine different parts of the body, of how much we can lose and still remain whole and know who we are. "In the course of her life, Ginny Jordan has been diagnosed with breast cancer, undergone surgeries and chemotherapy, experienced debilitating vertigo, and other conditions; at the same time as she has been a daughter, wife, mother of three, and member of a large, active family. In prose that is startling and evocative, witty and generous, *Clear Cut* explores biographically, symbolically, and culturally the meanings of nine different parts of the body, of how much we can lose and still remain whole and know who we are. Jordan mourns for and celebrates the wisdom and beauty of body and soul as they struggle to find endurance in the face of multiple setbacks, and the courage to confront loss and separation and celebrate life and community instead." -- Publisher's description.

New Books on Women, Gender and Feminism

This unique book breaks original ground in management and organization studies by drawing on over 21D2 years of ethnographic study in a major UK international airport group. Much has been written about the 'McDonaldisation' or 'Disneyization' of society, but few have been attentive to what the author terms 'Loungification of society'. A minor mode of organization, but one whose effects are likely to become ever more profound, this study shows how management and organization is itself being reconstructed and reshaped by way of loungification. Drawing on critical management studies, actor-network theory, and debates in contemporary anthropology around the so-called ontological turn, *Reconstructing Organization* enacts a veritable experiment in business and management studies. Who are these coming loungers? What do they want? Can we manage them? Or will they soon capture us with their talking chairs and 'crinicultural' politics?

Reconstructing Organization

In August of 2012, amidst the magnificent mountains of Whistler British Columbia Canada, Stephanie Banks, misjudged her surroundings and narrowly avoided death as her body and bike collided with a rock wall before falling into the rocky crevasse below. As her body lay in the gully, her spirit united with her guardian Ruby where she experienced her life and the universe from another perspective. After her encounter with Ruby she decided to return to her life and found herself back in her injured body with no immediate memory of her journey. The extraordinary events that transpired during her recovery will restore your need to feel and experience all that this vast universe has to offer. You will feel a renewed sense of self as you are led down a path of self-discovery, re-aligning with who you really are as opposed to who society expects you to be. As she was forced to sit and be still she began to put the words she was hearing to the pages of her journal. These profound words of wisdom originating from ancient knowledge will encourage you to re-examine your approach to life and all that is. Stephanie's compelling true stories combined with messages from the non-physical realm will bring depth, insight and clarity into your life. Times are changing, we are all one and fostering faith in yourself as the artist of your own creation are the underlying themes that will ignite the passion within while paving the way to your own true path. *A Soulful Awakening* is the gateway to transforming a life of mediocrity to that of an empowered awakened soul.

New Books on Women and Feminism

Have you ever wondered what a professional cheerleader, a Waldorf mom or a computer geek could teach maturing women? Or perhaps you have longed to know how to perform a self-loving ritual? Search no more! Donna Malchuk gives you all the answers and much more in her luscious and

thoughtful book, *A Path to Perfect Love*. Drawing from her own experience, Donna Malchuk shares in a clear, no-nonsense, intimate and often humorous way, the lessons she learned from significant events in her life. The result is a kaleidoscope of feel-good advice that, if applied, can easily change and improve every woman's life. With such diverse chapter headings as, "WE Are Living in Magnificent Times" and "Thoughts - Controlling 'Stinking Thinking' \

A Soulful Awakening

My Body, My Soul is Vandee Crane's riveting memoir. A survivor of child sex trafficking, Vandee was betrayed by her own mother and left vulnerable to the dark, insidious world of child sex trafficking, where she fell prey to a sadistic law enforcement officer who not only trafficked her, but also tortured her. Her memoir shares how she was able to create a life of happiness, peace, and forgiveness-despite her trauma. Today, Vandee has her own practice as a Wellness Coach in New Mexico, after having worked in the behavioral health field for over ten years. She combines her professional and personal insight in this deeply introspective account of her triumph over unimaginable obstacles, how she transformed self-hatred and self-abuse into universal love and compassion, and how this experience has led her to helping others find the same satisfaction in life. Join her as she shines light in the darkest of places and uses her own pain and suffering to break her own hardened heart wide open, allowing her to fall in love with herself, with the Creator, and with every single aspect of life.

A Path to Perfect Love

The book is the story of the author. She has traveled all over the world before a mysterious illness thrust her to the precipice of death. It is a rich and complicated story, told on each page with clear dialogue and memorable anecdotes. This book is an unforgettable memoir that captures the horrors and triumphs of one woman's harrowing quest to find life-saving answers. In the end, she finds much more than a diagnosis.

My Body My Soul...

For ten years, my life has been a fog. It has been filled with dreams of having a baby to finding out we can't to journeying through many years of IVF to the loss of a baby at nineteen weeks, and to finally creating two beautiful baby boys who completed our lives. In those ten years, I have lost touch with who I am, what I enjoy, and how I want to live my life. After twenty years of teaching, I was ready for an educational sabbatical. It was time to develop myself more professionally, take time to slow down, and determine what was next in my career. However, when my two boys got on the bus the first day of school of my sabbatical, I sat in silence. A surge of emotions overcame my body and mind, and at that moment, I realized I had completely lost touch with who I am. My children overtook my life, and it left no time for me. Thus, I began my blog that included a plethora of life experiences that were dormant in my subconscious but waiting to resurface. I dug deep. Memory after memory, I experienced a conglomeration of emotions that needed a medium to communicate themselves. Just one entry into "Mom of Goats," I received so much feedback that I continued to write. These iterations connected me with so many people, and the mutual respect we had for each other resonated so loudly. My blog has transformed into this book. It is replete with raw emotion, personal experiences, and life lessons that I have adopted since recognizing the need to reinvent myself. Please enjoy my journey, and I hope to connect with you as well.

Healing's Story

There's Nothing Wrong With You! There's Nothing Wrong With You! is the true story of one woman's journey through peri menopause, a transition of life experienced by all women. Many women sail through this milestone in life comfortably, while many other women struggle with considerable life-altering symptoms. This book offers a glimpse of what it looks like when one woman's change-of-life becomes overwhelming, severe and all consuming. What made this experience significant, and desperate, was the insistence by multiple doctors that there was nothing wrong with her. *There's Nothing Wrong With You!* does not offer medical or lifestyle advice. Rather, it is intended to let women, who are suffering through their change-of-life, know that they're not alone. The author wants women to realize that they have someone in their corner who knows, first hand, what they're experiencing. If you're one of those women, or knows someone who is, this book is for you.

Connect Four

Sue spent a lifetime being invisible. *Metamorphosis* is a deeply vulnerable account of Sue's journey as she attempts to find love and success. She shares how she became accustomed to paying a high price for acceptance. Sue intertwines her pursuit of professional success and her quest for love from a Native American man who could not openly acknowledge his love for her to his closest friends and family. When she and Michael were alone their relationship was magical, spiritual and deeply fulfilling, but ultimately it represented her invisibility and her willingness to pay for love. In the same way at the height of her career Sue was considered a national expert on law enforcement policy, but she never completely fit in, spending most of her career hiding behind a façade she created for her own protection. When Sue got sick in 2009, all of her worlds collided and she could no longer live life in the same way. It was time to decide if she wanted to wither inside her cocoon or choose to begin to live and thrive.

There's Nothing Wrong with You!

Awakening To Me is the Category Winner in 2014 The Indie Spiritual Book Awards, and 2015 Pinnacle Book Achievement Awards. It is a story of personal metamorphosis, written over the course of several years in real time as life unfolded and lessons were learned. It is a work of naked truth about Kerri Hummingbird's struggles with borderline personality disorder, recovering from divorce after a 20 year marriage, and seeking love from outside herself. The story documents how alternative healing methods (shamanic energy medicine and reiki) and mindfulness practices (Yoga and Toltec wisdom) led to an amazing transformation that arguably negates the former psychological diagnosis. Kerri shares her story so that others may witness that with dedication, faith, and a willingness to shine a light into the shadows, challenges can be overcome and lasting inner peace and self-love can be cultivated. Let Kerri's story and her heartfelt recommendations for self-help inspire you to begin your own journey of healing. "Kerri's raw courage and vulnerable transparency blaze a trail for any woman on a healing journey. *Awakening to Me* is a magnificent book that takes us behind the scenes of transformation, and shows how even the most difficult situations can be the fodder for finding oneself. Let Kerri's book guide you to find your independence and self-love." — HeatherAsh Amara, author of *The Toltec Path of Transformation and Warrior Goddess Training* "In *Awakening To Me*, Kerri shares her intimate and difficult personal and spiritual journey to identify and express her authentic being into the world. Her story is engaging, sometimes disturbing, yet with a clear underlying thread of compassion for herself and others also engaged in their own struggle with borderline personality disorder. In her words, she seeks to give voice to those who have no voice. Her life voyage takes her through light and darkness, to amazing heights and agonizing lows. In her world travels she meets with some of the teachers who have helped shape the views of spiritual development for a generation. Each has something to share with her that may shed light upon your own path, as well. It has been my pleasure and honor to walk with Kerri through some of her journey. I heartily recommend this book to you as a tool for your own amazing self-exploration. Among these pages you will find a courageous and dedicated explorer of life and spirit." — Gerry Starnes, M.Ed, author of *Spirit Paths: The Quest for Authenticity* "This powerful book intensely and beautifully expresses the internal world of someone with Borderline Personality Disorder. The author takes us on a tour of her internal emotional world: the depths of despair, the emptiness, and frantic efforts to find love. Ms. Hummingbird takes us with her on the journey toward internal independence and core stability – what works and what doesn't. From her personal work she provides suggestions, exercises and quotes. This book will be of profound use to anyone with this diagnosis, their family members, therapists and allies. In fact, I'd also recommend it for those diagnosed with Post Traumatic Stress Disorder or who have symptoms of Bipolar Disorder. But, in truth, we can all benefit from reading this book. *Awakening to Me* is an invitation to self-honesty, persistence in seeking meaningful help, and the long work of sustained effort. This book is well written and well organized but it is the author's honesty and insight that makes it powerful. Her emotions and thoughts, the related beliefs are clearly described. These are in turn related to events in Ms. Hummingbird's history, into present relationships and dynamics in a manner that doesn't lose the reader in her internal world. Instead, we understand ourselves better, our friends and family members. We understand better what it means to be human." — Category Judge, Indie Spiritual Book Awards 2014

Metamorphosis

Cherish the Light: One Woman's Journey from Darkness to Light is the intimate story of Donna's life after she faced the worst nightmare a daughter can face; having to stop daddy from molesting her four-year-old niece. In the wake of that legal battle, Donna became a crusader for women and children. These pages reflect the soul deep thoughts and attitudes which have allowed her to emerge from her

own devastating childhood. Today she is a strong, happy and positive woman. Perfect for book clubs, these pages offer valuable information and inspiration for anyone who wants assistance living the most fulfilling life possible. Included are discussion questions. *Cherish the Light* is part heart warmer, part self-help book, and part chronicle. Donna challenges each of us to understand that our lives are so precious we do not have a minute to waste. It is indeed our time now! This book is the sequel to *Cry the Darkness*, the heart wrenching account of a 15 month long trial which Donna and her sisters endured to stop their father. *Cherish the Light* answers the question: "Given your childhood betrayal by your father, how is it you are so positive? How can this be?"

Awakening To Me

How to heal yourself of illness, find your true self, and make life work! Angela Passidomo Trafford had two separate bouts with breast cancer. Facing her own mortality, she embraced principles of love, hope and healing and felt a white light moving through her body, healing her. Angela healed her body and her life, and this book is a guide to the self-healing process. Through her own journey of healing, Angela has developed the gift of helping people transform their health and way of living. She founded her own practice, Self-Healing, where she has been helping people for the past 12 years. The documentary film, *Angela Passidomo Trafford: Living A Miraculous Life* was released on the Wisdom Channel in July. Angela hosts her own call in radio shows in New York City, New England, & Phoenix, Arizona.

Cherish the Light

Thirty years ago I was struck with a mystery disease that is now known as Chronic Fatigue Syndrome. Because it was such a new phenomena most doctors did not know how to treat it and I was left to my own devices to try to piece my healing together. In this book I talk about some of the therapies that worked and didn't work and how ultimately I took my health into my own hands and found completely healing. Whether you have CFS or some other autoimmune issue, you will find this book helpful with its down to earth description of the basic principles of health and how to practically care for your body so that it can take care of the healing. I will take you on my little journey and show you how I never gave up hope, that I didn't give away my power, that research in the end saved the day and that every step was guided by listening to my inner wisdom. Finally, I took action to support my body and saw amazing results. If I can do it so can you. This book is a quick read packed full of practical wisdom from a lifetime of learning. It is meant to give the reader a sense of hope and a road map to sources that may lead you to healing. We rise from victim to victory. We don't let the illness take us out but fight for the life that we desire to have, one of health and wholeness. It's as much a pep talk and self-help guide and a testimony of one woman's journey to wholeness.

The Heroic Path

Men, Women, and God(s) is a pioneering study of the Arab world's leading feminist and most controversial woman writer, Nawal El Saadawi. Author of plays, memoirs, and such novels as *Woman at Point Zero* and *The Innocence of the Devil*, El Saadawi has become well known in the West as well as in the Arab community for her unforgettable female heroes and explosive narratives, which boldly address sexual violence, female circumcision, theology, and other politically charged themes. Her outspoken feminism and critique of patriarchy have also earned her the wrath of repressive forces in the Middle East. Imprisoned in her native Egypt under Sadat, El Saadawi is now among those on the death lists of Islamic religious conservatives. In *Men, Women, and God(s)* Fedwa Malti-Douglas makes the work of this important but little-understood writer truly accessible. Contending that El Saadawi's texts cannot be read in isolation from their Islamic and Arabic heritage, Malti-Douglas draws upon a deep knowledge of classical and modern Arabic textual traditions—and on extensive conversations with Nawal El Saadawi—to place the writer within her cultural and historical context. With this impassioned and radical exegesis of El Saadawi's prolific output, Malti-Douglas has written a crucial study of one of the most controversial and influential writers of our time. This title is part of UC Press's *Voices Revived* program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, *Voices Revived* makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1995.

The essays in this collection discuss how comics and graphic narratives can be useful primary texts and learning tools in college and university classes across different disciplines. There are six sections: American Studies, Ethnic Studies, Women's and Gender Studies, Cultural Studies, Genre Studies, and Composition, Rhetoric and Communication. With a combination of practical and theoretical investigations, the book brings together discussions among teacher-scholars to advance the scholarship on teaching comics and graphic narratives—and provides scholars with useful references, critical approaches, and particular case studies.

Men, Women, and Gods

The rough and violent areas of K Street were no place a kid should be left alone, but for fifteen-year-old Micah Tate, it was home. It was never a fit for him, but he fought to survive in it as long as he could. He maneuvered through its courtyards and learned to live in it. When Micah's only options in life became to go to prison for a long time, or become the property of the state, he willingly submitted to a new life and direction. Still reeling from the sudden passing of his wife, Mr. Rudolph Pfeiffer, a seventy-seven-year-old fearless, no-nonsense leader hesitantly took in the teen. Micah was tough, but Mr. Pfeiffer was tougher. Micah was not afraid to stand up for himself nor speak his mind, but neither was Mr. Pfeiffer. When their toughness clashed, Mr. Pfeiffer never backed down, and his hardness prevailed over Micah every time. But when their roughness matched, it was the perfect element to build a solid bond between the two of them. Although Mr. Pfeiffer greatly missed and longed to be with his late wife of five decades, he focused on Micah. Despite the infuriating meddling from Micah's past, Mr. Pfeiffer never gave up on him. Despite threats to Micah's future, Mr. Pfeiffer was a shield for him. Micah moved away from K street, but it was Mr. Pfeiffer's guidance, patience, and lessons on unfairness, economic disadvantages, and broken relationships that taught Micah how to live beyond K Street. *Beyond K Street: Journey to Redemption* reveals the journey of Micah and the young man he became as a result of Mr. Pfeiffer.

Teaching Comics and Graphic Narratives

A MESSAGE TO THE AUTHOR Hello! My name is Cancer. Though I came to you disguised in ugly clothes, I knocked on your door as a friend to awaken you to the fact that your life was in dire need of change. I didnt have to stay but I would have if that is what you had wanted most. Instead, once you saw that I truly was your friend who simply came to teach, -you chose to listenreally listen, until there no longer was a reason for me to stay.

Beyond K Street

Imagine for a moment that you are 6-years-old and you are woken in the early hours, bathed and then dressed in rags before being led down to an ominous looking tent at the end of your garden. And there, you are subjected to the cruellest cut, ordered by your own mother. Forced down on a bed, her legs held apart, Hibo Warderewas made to undergo female genital cutting, a process so brutal, she nearly died. As a teenager she moved to London in the shadow of the Somalian Civil War where she quickly learnt the procedure she had undergone in her home country was not 'normal' in the west. She embarked on a journey to understand FGM and its roots, whilst raising her own family and dealing with the devastating consequences of the cutting in her own life. Today Hibo finds herself working in London as an FGM campaigner, helping young girls whose families plan to take them abroad for the procedure. She has vowed to devote herself to the campaign against FGM. Eloquent and searingly honest, this is Hibo's memoir which promises not only to tell her remarkable story but also to shed light on a medieval practice that's being carried out in the 21stcentury, right on our doorstep. FGM in the UK has gone undocumented for too long and now that's going to change. Devastating, empowering and informative, this book brings to life a clash of cultures at the heart of contemporary society and shows how female genital mutilation is a very British problem.

William Holman Hunt and His Works

This series rises out of my personal journey with the Runes that began during a Mask Dance workshop in Northern Germany, the birthplace of the runes. During the week I spent in a lovely seminar house

secluded in among the trees bordering the heather of the Lunebergerheide, I found myself tasked with telling the story of the Runes as one of creation, not destruction. We used shamanic drumming and rattling to drive the visionary state and a specific body posture to guide our experience. My time was spent deep in a philosophical discussion with the energetic field of the Runes. It was impressed on me that the two fundamental distortions in the historical practice of Runes were the suppression of sexual energy in Christianity and the Germanic tribe's practice of ritual killing to gain personal power. I was shown how this combination inherently leads to atrocities. My first step was to seek out any creation stories I could find that were related to the runes. Somewhat to my surprise, I did not find any direct or obvious correlations between the runes names and the stories. In fact, the use of the runes as an alphabet turned out to be driven by the Christian Church. Then I looked into the current practice of Rune Stances and found their origins were both recent and suspect. Along the way, I had to admit that if the creation story of the runes was readily accessible, they would not have had to grab hold of an ignorant mixed-blood New Mexican to tell their tale. What I had to offer was my own idiosyncratic view of the situation. Since I had experience with ecstatic trance postures, I wondered if rune shapes corresponded with ancient ecstatic body postures. Once I turned towards the much older and more mysterious visionary roots of the Runes, my path to a runic story of creation began to open. I ended up with a mosaic of a sacred World Tree made of ancient bits and pieces. I hope they can open creative experiential doors for those drawn to work in the runic realms. Keywords: Ancestry, Creation Myths, Ecstatic Trance Postures, Epigenetics, Rune Stances, Runes, Sacred Speech, World Tree, Shamanism, Sustainable

Cut: One Woman's Fight Against FGM in Britain Today

A riveting story of how one brave and adventurous woman turned her life upside down for God. Firestone teaches us, through the joys and sorrows of her life, how our ancient traditions are calling out to us for renewal, and how, through faith, honesty, and struggle, we are learning to respond. At age seventeen, Tirzah Firestone left the oppressive home of her Orthodox Jewish parents and set off on a spiritual odyssey. *With Roots in Heaven* is the story of that journey, a fascinating and moving account of her evolution from rebellious young seeker to renegade rabbi. This is an inspiring, true account of a courageous woman with strong convictions and a passion to know and feel God. It is also a book that goes beyond one person's story of wandering and redemption to explore the dangers of modern religion and the joys and conflicts of intermarriage and raising interfaith children. An unforgettable story of love, sacrifice, and transformation—of grace sought and found—*With Roots in Heaven* offers hope, wisdom, and encouragement to anyone seeking deeper spiritual meaning in today's world.

Normal0falsefalsefalseEN-USX-NONE Written exclusively for this collection by today's leading Peckinpah critics, the nine essays in *Peckinpah Today* explore the body of work of one of America's most important filmmakers, revealing new insights into his artistic process and the development of his lasting themes. Edited by Michael Bliss, this book provides groundbreaking criticism of Peckinpah's work by illuminating new sources, from modified screenplay documents to interviews with screenplay writers and editors. Included is a rare interview with A. S. Fleischman, author of the screenplay for *The Deadly Companions*, the film that launched Peckinpah's career in feature films. The collection also contains essays by scholar Stephen Prince and Paul Seydor, editor of the controversial special edition of *Pat Garrett and Billy the Kid*. In his essay on *Straw Dogs*, film critic Michael Sragow reveals how Peckinpah and co-scriptwriter David Zelag Goodman transformed a pulp novel into a powerful film. The final essay of the collection surveys Peckinpah's career, showing the dark turn that the filmmaker's artistic path took between his first and last films. This comprehensive approach reinforces the book's dawn-to-dusk approach, resulting in a fascinating picture of a great filmmaker's work.

The Rosary: A rope that connects those who are in anguish with Heaven. A rope that strangles the head of the snake. Every Hail Mary is consolation for the distressed; terror for Satan and joy for Mary. Every Hail Mary hastens the glorious coming of the King." Father Daniel-Ange This book takes us on a journey through the mysteries of the rosary where we contemplate the lives of Jesus and Mary.

Everything becomes real. We take Our Lady's hand and enter the stable of Bethlehem and the Temple of Jerusalem. We walk with her on the roads of Galilee, we suffer with her in the howling crowd before Pilate, we rejoice with Mary of Magdala adoring Jesus, who is victorious over death. As we travel with her, we soak up the graces within each mystery, like children fascinated by what they are watching, and we are transformed by these rays of light that flow from the Gospel. Not only does this book delve deeper than ever into the Joyful, Luminous, Sorrowful and Glorious mysteries, but there are meditations on 10 never seen before mysteries of Compassion and Mercy! These mysteries expound and bring to life God's infinite love and mercy for each one of us. Don't just read this book; live it!

Polycystic Ovarian Syndrome (PCOS) is the number one cause of irregular periods and infertility in women - yet most gynecologists fail to diagnose it. The disorder causes irregular cycles, infertility, weight gain, acne, and unsightly hair growth -- symptoms that can ultimately prove life-threatening as well as uncomfortable, humiliating, and emotionally disruptive. Only recently have women realized the danger lurking in what they thought were stress-induced problems. While researchers haven't determined the cause of PCOS, they know it is linked to insulin resistance, which can be controlled fairly easily with a low-carb diet. Most PCOS cases are diagnosed by reproductive endocrinologists when a woman's infertility has led her to seek a specialist. WHAT TO DO WHEN THE DOCTOR SAYS IT'S PCOS gives sufferers a diet and nutritional treatment program that goes beyond the usual regimen of birth control pills and fertility drugs. The millions of women victimized by this debilitating and demoralizing disorder will undoubtedly welcome this new program as an alternative or as a supplement to their current treatment plan.

This book provides an up-to-date, in-depth survey of 21st-century Spanish horror film and media, exploring both aesthetics and industrial dynamics. It offers detailed analysis of contemporary films and TV series as well as novel approaches to key works within the history of Spanish cinema. While addressing the specificities of the Spanish landscape, this volume also situates the national cinematic output within the international arena, understanding film production and reception as continuously changing processes in which a variety of economic, social and cultural factors intervene. The book first analyzes the main horror trends emerging in the early 2000s, then approaches genre hybridization and the rise of new filmmakers since the 2010s with a special focus on gender issues and the reconfiguration of the past, before addressing the impact of streaming services within the Spanish film panorama, from a production and distribution standpoint. This book will be of keen interest to scholars and students in the areas of film studies, media studies, TV studies, horror, Spanish cultural studies and production studies.

With Roots in Heaven

The Oxford Handbook of Animals in Classical Thought and Life is the first comprehensive guide to animals in the ancient world, encompassing all aspects of the topic by featuring authoritative chapters on 33 topics by leading scholars in their fields. As well as an introduction to, and a survey of, each topic, it provides guidance on further reading for those who wish to study a particular area in greater depth. Both the realities and the more theoretical aspects of the treatment of animals in ancient times are covered in chapters which explore the domestication of animals, animal husbandry, animals as pets, Aesop's Fables, and animals in classical art and comedy, all of which closely examine the nature of human-animal interaction. More abstract and philosophical topics are also addressed, including animal communication, early ideas on the origin of species, and philosophical vegetarianism and the notion of animal rights.

Peckinpah Today

From Black to Schwarz explores the long and varied history of the exchanges between African America and Germany with a particular focus on cultural interplay. Covering a wide range of media of expression - music, performance, film, scholarship, literature, visual arts, reviews - the essays collected in this volume trace and analyze a cultural interaction, collaboration and mutual transformation that began in the eighteenth century, literally boomed during the Harlem Renaissance/Weimar Republic, could not even be liquidated by the Third Reich's 'Degenerate Art' campaigns, and, with new media available

to further exchanges, is still increasingly empowering and inspiring participants on both sides of the Atlantic.

Ronda Rousey — Olympic bronze medalist, UFC champion, and world's largest female pay-per-view draw... But it wasn't always that way. Once a shy, frustrated child, an outcast in school, & an unwelcome competitor in a male-dominated sport, walk along with Rousey as she pulls herself up from an unthinkable tragedy to become the UFC's first female fighter & one of the greatest female athletes of our time. "I've been through so much that there isn't much left that can scare me. I've felt the most pain that I could ever feel, and I've felt the most pressure that I could feel and there's nothing else left. And I believe that I'm capable of doing anything." -Ronda Rousey Review by thriller novelist Kerry J Donovan: Mr Demers is Ms Rousey's unofficial biographer and he does a fantastic job of bringing us close to a charismatic woman fighter at the peak of her physical powers. Mr Demers' relaxed and informative style is joy to read. He clearly respects and admires his subject and has spent a great deal of time researching this enigmatic superstar. From its opening pages where Mr Demers places Ronda's fighting life in an historical perspective, through to the end where he speculates about Ronda's future career, and the dark places in between, this is a great, informative piece of work. Matt Demers shows a deft touch in this excellent book and, like Ronda, pulls no punches. Whether you love women's extreme fighting or not, Mr Rousey's place as a sporting superstar cannot and should not be disregarded. This is an excellent read.

Introduction

Common features of self-abandonment

Facing the fear of our authentic self being seen

Facing shame and self-criticism

Object relations, and creating a strong self

When safety feels more important than authenticity

Joining with the defense, and opening out

Relationships, openness to change, and bringing parts into awareness

Cognitive restructuring, and redefining our self-abandoning beliefs
