Timeless Voices, Timeless Themes

The life of Theodore Francis Powys, the man and the writer (1875–1953), is a story of determined withdrawal from the contemporary world. While his two literary brothers John Cowper and Llewellyn travelled a great deal abroad, Theodore, after early unsuccessful attempts to join the active world, settled into a sedentary life in a remote rural part of Dorset. In his retreat, protected from the outside world by his omnipresent hills, Powys constructed a world, half-real and half-imaginary, in which the man and the writer, reality and fancy and past and present coexisted and sometimes merged. For Powys, fear in its various manifestations, as fear of God, of evil, of death and of self, was a powerful incentive to write and a source of inspiration for almost everything remarkable in his writings. It did not take Powys long to realize that allegory was a literary genre better suited to his literary leanings and peculiar turn of mind than the realism of his early novel-writing ventures. Under the combined influence of the Bible, Bunyan and Hawthorne, he adapted allegory to his specific literary purpose. In that regard, two distinctive aspects of his allegorical stories, namely supernatural visitors and animal symbolism, generally overlooked by his critics, deserve close attention, and are the special focus of this book. Few writers have been so strongly and avowedly marked by so many literary and philosophical influences as Powys. These range from the Bible, Bunyan and Hawthorne to Darwin, Hardy, Lawrence and Freud. However, Powys's short stories, fables and novels also stand as a unique and original achievement. Indeed, the influence he himself exerted on some novelists of the younger generation, such as William Golding, testifies to the power and originality of his writings.

Joining Hands

This is a concise yet comprehensive treatment of the American short story that includes an historical overview of the topic as well as discussion of notable American authors and individual stories, from Benjamin Franklin's "The Speech of Miss Polly Baker" in 1747 to "The Joy Luck Club". Includes a selection of writers chosen not only for their contributions of individual stories but for bodies of work that advanced the boundaries of short fiction, including Washington Irving, Sarah Orne Jewett, Stephen Crane, Jamaica Kincaid, and Tim O'Brien. Addresses the ways in which American oral storytelling and other narrative traditions were integral to the formation and flourishing of the short story genre. Written in accessible and engaging prose for students at all levels by a renowned literary scholar to illuminate an important genre that has received short shrift in scholarly literature of the last century. Includes a glossary defining the most common terms used in literary history and in critical discussions of fiction, and a bibliography of works for further study.

Two Friends, One Summer

In *Reading Contingency: The Accident in Contemporary Fiction*, David Wylot constructs an innovative study of the relationship between plotted accidents in twenty-first century British and American fiction, the phenomenology of reading, and a contemporary experience of time that is increasingly understood to be contingent and accidental. A synthesis of literary and cultural analysis, narratology, critical theories of time and the philosophy of contingency, the book explores the accident's imagination of contemporary time and the relationship between reading and living in novels by writers including A.M. Homes, Nicola Barker, Noah Hawley, J.M. Coetzee, J.G. Ballard, Jesmyn Ward, Jennifer Egan, and Tom McCarthy.

The Athenaeum

All About My Mother: A Beloved Daughter's Memoir is the intriguing story of J.S. Quinn, who died in 1997, 25 days before her 19th birthday. This memoir was written by her mother to show that a child's love can survive death, and it also shows the promise of a life barely begun. Since she passed, J.S. has been witnessing her mother's grieving, right up to the present day. She tells the strategies her mother uses to help cope, including reading, writing, and listening to music. J.S.'s mother was abandoned as a baby in 1946 at a Catholic orphanage in England. J.S. relates the childhood she spent with her three brothers and her single mother, who is of mixed heritage. In the early years, her mother worked three jobs, but still had time to keep her four children busy with activities while pursuing her education to become a teacher.

THE STORY OF LONDON: Charles Dickens' Perspective in 11 Novels & 80+ Short Stories (Illustrated Edition)

Complementing Science-Fiction: The Early Years, which surveys science-fiction published in book form from its beginnings through 1930, the present volume covers all the science-fiction printed in the genre magazines--Amazing, Astounding, and Wonder, along with offshoots and minor magazines--from 1926 through 1936. This is the first time this historically important literary phenomenon, which stands behind the enormous modern development of science-fiction, has been studied thoroughly and accurately. The heart of the book is a series of descriptions of all 1,835 stories published during this period, plus bibliographic information. Supplementing this are many useful features: detailed histories of each of the magazines, an issue by issue roster of contents, a technical analysis of the art work, brief authors' biographies, poetry and letter indexes, a theme and motif index of approximately 30,000 entries, and general indexes. Science-Fiction: The Gernsback Years is not only indispensable for reference librarians, collectors, readers, and scholars interested in science-fiction, it is also of importance to the study of popular culture during the Great Depression in the United States. Most of its data, which are largely based on rare and almost unobtainable sources, are not available elsewhere.
