A History of Ancient Sanskrit Literature

Sanskrit - the only preserved and the most ancient of all languages, generally proclaimed as language of the gods. According to Indian tradition, Sanskrit has neither beginning nor an end. It is eternal. It is everlasting. Historically, the Sanskrit was adopted, developed and refined by the invading Aryans in the Indus Valley, during 1500 BC. Sanskrit survived as the language of religion, literature and Hindu philosophy for over 3,357 years, dating from about 1500 BC to a close AD 1857. The term Aryans, Indo-Europeans and Indo-European Languages ? frequently used by historians is misleading; it is not correct that the Aryans or the Indo-Europeans were part of a great civilized nation. Aryan is a term that refers to migrants who settled in the Indus Valley; they were a mixed people; wanderers, criminals, mercenaries from the areas now known as Afghanistan, Iran, the tribal areas of Pakistan and Central Asia down to the Caspian Sea. In modern terms they can be identified as Pashtun, Tajik, Uzbek, Hazara, Kamboja, Yusufzai, Afridi, Khilji and the other Turkic tribes. The present-day Talibans and most of the people affiliated with Al-Qaeda are also the descendants of the Aryans.

A History of Ancient Sanskrit Literature So Far as it Illustrates the Primitive Religion of the Brahmans

Excerpt from History of Ancient Sanskrit Literature, So Far as It Illustrates the Primitive Religion of the Brahmans A few words of personal explanation are due to those who may have seen, in the Preface to the First Volume of my edition of the Rig-Veda, a note announcing as ready for publication an Introductory Memoir on the Literature of the Veda. Ten sheets of this Memoir were printed when, in the beginning of the year 1851, I was appointed Deputy Professor, and, after the death of my lamented friend, Francis Trithen, in the year 1854, Professor of Modern European Languages and Literature in the University of Oxford. In compliance with the statutes for the Foundation of Sir Robert Taylor, I had to write "Three Courses of Lectures in every year, on the Philology or Literature of some of the principal Languages of Europe." These new and unexpected duties rendered it necessary for me to discontinue for a time my favourite studies. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an

important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. MacDonell, which is now, at last, again available to you. Get the PDF and EPUB NOW as well. Included in your purchase you have A History of Sanskrit Literature in EPUB AND PDF format to read on any tablet, eReader, desktop, laptop or smartphone simultaneous - Get it NOW. Enjoy this classic work today. These selected paragraphs distill the contents and give you a quick look inside A History of Sanskrit Literature: Look inside the book: After Alexander's invasion, the Greeks became to some extent acquainted with the learning of the Indians; the Arabs, in the Middle Ages, introduced the knowledge of Indian science to the West; a few European missionaries, from the sixteenth century onwards, were not only aware of the existence of, but also acquired some familiarity with, the ancient language of India; and Abraham Roger even translated the Sanskrit poet Bhartṛihari into Dutch as early as 1651. ...Considering that the affinity of the oldest form of the Avestan language with the dialect of the Vedas is already so great that, by the mere application of phonetic laws, whole Avestan stanzas may be translated word for word into Vedic, so as to produce verses correct not only in form but in poetic spirit; considering further, that if we knew the Avestan language at as early a stage as we know the Vedic, the former would necessarily be almost identical with the latter, it is impossible to avoid the conclusion that the Indian branch must have separated from the Iranian only a very short time before the beginnings of Vedic literature, and can therefore have hardly entered the North-West of India even as early as 1500 B.C.

History of Ancient Sanskrit Literature, So Far as It Illustrates the Primitive Religion of the Brahmans

Reproduction of the original: A History of Sanskrit Literature by Arthur A. MacDonell

A History of Sanskrit Literature - The Original Classic Edition

The work presents a complete history of Sanskrit literature in a condensed and succinct form. It embodies a general study of the Vedic, Epic, Puranic, classical and philosophical literature. It sheds light on the life and thought of Ancient and Medieval India as reflected in the literary productions of those periods. Through the brief epitome given in the Appendix on Technical Literature including Law, Science and Arts it provides information both interesting and instructive. The bibliographical notes and index appended at the end add to the value and render the work most useful to the reader. Even in this age of advanced historiography when even the outstanding researches of eminent antiquarians have become outdated, the utility of this small work has not diminished by the passing away of the three quarters of a century.

A History of Sanskrit Literature

Taken in conjunction with my Sanskrit Drama, published in 1924, this work covers the field of Classical Sanskrit Literature, as opposed to the Vedic Literature, the epics, and the Puranas. To bring the subject-matter within the limits of a single volume has rendered it necessary to treat the scientific literature briefly, and to avoid discussions of its subject-matter which appertain rather to the historian of grammar, philosophy, law, medicine, astronomy, or mathematics, than to the literary historian. This mode of treatment has rendered it possible, for the first time in any treatise in English on Sanskrit Literature, to pay due attention to the literary qualities of the Kavya. Though it was to Englishmen, such as Sir William Jones and H. T. Colebrooke, that our earliest knowledge of Sanskrit poetry was due, no English poet shared Goethe's marvellous appreciation of the merits of works known to him only through the distorting medium of translations, and attention in England has usually been limited to the Vedic literature, as a source for comparative philology, the history of religion, or Indo-European antiquities; to the mysticism and monism of Sanskrit philosophy; and to the fables and fairy-tales in their relations to western parallels. The neglect of Sanskrit Kavya is doubtless natural. The great poets of India wrote for audiences of experts; they were masters of the learning of their day, long trained in the use of language, and they aim to please by subtlety, not simplicity of effect. They had at their disposal

a singularly beautiful speech, and they commanded elaborate and most effective metres. Under these circumstances it was inevitable that their works should be difficult, but of those who on that score pass them by it may fairly be said ardua dum metuit amittunt vera via. It is in the great writers of Kavya along, headed by Kalidasa, that we find depth of feeling for life and nature matched with perfection of expression and rhythm. The Kavya literature includes some of the great poetry of the world, but it can never expect to attain wide popularity in the West, for it is essentially untranslatable. German poets like Ruckert can, indeed, base excellent work on Sanskrit originals, but the effects produced are achieved by wholly different means, while English efforts at verse translations fall invariably below a tolerable mediocrity, their diffuse tepidity contrasting painfully with the brilliant condensation of style, the elegance of metre, and the close adaptation of sound to sense of the originals. I have, therefore, as in my Sanskrit Drama, illustrated the merits of the poets by Sanskrit extracts, adding merely a literal English version, in which no note is taken of variations of text or renderings. To save space I have in the main dealt only with works earlier than A.D. 1200, though especially in the case of the scientific literature important books of later date are briefly noticed. This book was sent in completed for the press, in January 1926 but pressure of work at the University Press precluded printing until the summer of 1927, when it was deemed best, in order not to delay progress, to assign to this preface the notice of such new discoveries and theories of 1926 and 1927 as might have permanent interest.

A History of Sanskrit Literature

This is a reproduction of the original artefact. Generally these books are created from careful scans of the original. This allows us to preserve the book accurately and present it in the way the author intended. Since the original versions are generally quite old, there may occasionally be certain imperfections within these reproductions. We're happy to make these classics available again for future generations to enjoy!

A History Of Sanskrit Literature

Excerpt from A History of Sanskrit Literature IT is undoubtedly a surprising fact that down to the present time no history of Sanskrit literature as a whole has been written in English. For not only does that literature possess much intrinsic merit, but the light it sheds on the life and thought of the population of our Indian Empire ought to have a peculiar interest for the British nation. Owing chiefly to the lack of an adequate account of the subject, few, even of the young men who leave these shores every year to be its future rulers, possess any connected information about the literature in which the civilisation of Modern India can be traced to its sources, and without which that civilisation cannot be fully understood. It was, therefore, with the greatest pleasure that I accepted Mr. Gosse's invitation to contribute a volume to this series of Literature of the World; for this appeared to me to be a peculiarly good opportunity for diffusing information on a subject in which more than twenty years of continuous study and teaching had instilled into me an ever-deepening interest. Professor Max Muller's valuable History of Ancient Sanskrit Literature is limited in its scope to the Vedic period. It has long been out of print; and Vedic research has necessarily made great strides in the forty years which have elapsed since its publication. A History of Sanskrit Literature

In course of his studies in Sanskrit literature and research relating to various aspects of it, the author of the present work often felt the need of a vade mecum containing brief accounts of authors and works, information about the principal characters of Sanskrit plays, poems and prose works, the meaning of certain technical terms in common use, the common geographical names and the notable myths and legends. A Companion to Sanskrit Literature, the first work of its kind, covers a period of nearly 3500 years from the Vedic age down to the modern times. It seeks to acquaint the reader, within a brief compass, with the contents of outstanding works and authors in Sanskrit literature, followed by up-to-date bibliographies. Brief accounts of the important character in well-known poems, dramas and prose works have also been given. Important geographical names, with their modern identification as far as practicable, have also been laid down. Common technical terms, used in the different branches of Sanskrit literature, have been briefly explained. Prominent figures in myths and legends have been dealt with. In a number of appendices, various kinds of useful information about Sanskrit literature including sciences, sports and pastimes, etc. in ancient and medieval India have been set forth. It is an indispensable vade mecum for the general readers, the specialists and researchers. It is like a capsule taking the reader through the vast firmament of Sanskrit literature up to remote ages. -- Amazon.com.

A History of Ancient Sanskrit Literature

Excerpt from Papers Relating to the Collection and Preservation of the Records of Ancient Sanskrit Literature in India: Edited by Order of the Government of India I know of no Native scholar possessed of the requisite learning, accuracy, and persistent energy. I know of no European scholar in India possessed of the requisite time, or who might not be more usefully employed in making original researches. A History of Indian Literature

The Papers Included In This Book Are An Exhaustive Survey Of The Recent Sanskrit Literature And An Extensive Assessment About Its Relevance To The Contemporary Society. Sanskrit Literature Has Been Made Richer, Both In The Form And Content, By The Authors Of The 20Th Century, Who Are Very Much Open And Alive To The Contemporary Developments And Problems And Who Are Enthusiastic About Introducing Innovative Ideas Into Sanskrit Literature In Order To Enrich It Further. It Was Also Admitted That Still Much Is To Be Done To Widen The Field Of Sanskrit And This Can Be Made Possible By The Participation Of More Number Of Sanskrit Scholars. Having Its Roots Firmly Struck In The Ground The Eternal And Speaking Tree Of Sanskrit Should Blossom New Flavour And Speaking The Fragrance Of Which Will Be Carried To Every Root And Corner Of The Word.

History of Ancient Sanskrit Literature, So Far as It Illustrates the Primitive Religion of the Brahmins

Excerpt from Classical Sanskrit Literature To sketch the history of Classical Sanskrit Literature within the limits of a volume of the Heritage Series would have been impossible but for the decision to allot another volume to the Sanskrit Drama, in which the literature of India attains its highest perfection. It has seemed best also to restrict this review to the period before a.d. 1200, a date conventional indeed, but yet late enough to include all the great masterpieces of Sanskrit literature. Even within the limit chosen attention has been concentrated on the works of chief merit or reputation, and it has been necessary to avoid any detailed discussion of controversial dates, in order to dwell upon the substance and form of the literature itself. Here again it has only been possible to indicate in outline the salient features of the classical literature, and to suggest some of the many problems affecting its origin and development. The aim of this work will be accomplished if it serves to remind readers of the richness and variety of the literature of which it treats, and encourages students to extend the field of their reading in Sanskrit. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. A Companion to Sanskrit Literature

Description: It contains short essays dealing with the different topics connected with our ancient Sanskrit literature and culture. Only such topics have been chosen as may be of interest to the general reader and of benefit to the students who study Sanskrit in Colleges and Universities. These essays have been written as well as compiled from the works of various eminent scholars of Indian literature such as those of Drs. Bhau Daji, Bhandarkar, Ghate, Altekar, Pusalkar, Max Muller, Wilson Keith, Macdonell, Winternitz and several others, both Indian and foreign.

History of Classical Sanskrit Literature

Excerpt from Lays of Ancient India: Selections From Indian Poetry Rendered Into English Verse Indian poetry has been made known to English readers by distinguished English writers. A hundred years ago Sir William Jones translated the beautiful play of Sakuntala into English, and for the first time drew the attention of European readers to the beauty of Indian thought and poetry. H. H. Wilson followed in his footsteps, and rendered into graceful English verse some others of the best dramatic works in the Sanskrit language, and also a beautiful poem called Meghaduta. Wilson's English translation of the Rig Veda has since been completed and published; and Mr. Griffiths has brought out a commendable metrical translation of the great epic Ramayana. Max Muller has translated the ancient Upanishads

and the Buddhist work Dhammapada into English prose; and the genius of Sir Edwin Arnold has made thousands of readers in Europe and in America familiar with the wealth of Indian thought and imagery, and the beauty of Buddhist precepts and doctrines. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work.
