Tattoo

Pepe Carvalho, ex-cop, ex-marxist and constant gourmet, is hired to investigate the identity of a man pulled out of the sea with a tattoo that reads, "born to raise hell in hell."

Venom

After turning over a new leaf and vowing to protect the innocent, Eddie Brock and his alien symbiote stalk the streets of San Francisco looking for trouble as Venom - and boy, do they find it in these action-packed tales! It's a veritable who's-who of Spider-Man's deadliest foes as Venom goes toe-to-toe with the Punisher, Juggernaut, Demogoblin, and Morbius the Living Vampire! But when Eddie Brock bonds with yet another parasitic life-form, will he succumb to madness - or can he conquer the enemy within? Plus: Venom takes on the ever-incredible Hulk, in a rare and never-before-reprinted tale written by legendary Hulk scribe Peter David! COLLECTING: Venom : Funeral Pyre 1-3, Venom: The Madness 1-3, Venom: The Enemy Within 1-3, Incredible Hulk & Venom 1

The Commitments

Barrytown, Dublin, has something to sing about. The Commitments are spreading the gospel of the soul. Ably managed by Jimmy Rabbitte, brilliantly coached by Joey 'The Lips' Fagan, their twin assault on Motown and Barrytown takes them by leaps and bounds from the parish hall to the steps of the studio door. But can The Commitments live up to their name? The bestselling book behind the long-running West End stage show. 'Unstoppable fun. A big-hearted, big-night out' The Times

Earthlight

This "marvelous lunar espionage thriller" by the science fiction grandmaster and author of 2001: A Space Odyssey "packs plenty of punch" (SFReviews.net). Two hundred years after landing on the Moon, mankind has moved further out into the solar system. With permanent settlements now established on the Moon, Venus, and Mars, the inhabitants of these colonies have formed a political alliance called the Federation. On the Moon, a government agent from Earth is tracking a suspected spy at a prominent observatory. His mission is complicated by the rise in tensions between Earth's government and the

Federation over access to rare heavy metals. As the agent finds himself locked in a battle for life and death on the eerie, lunar landscape, the larger conflict explodes across space, leaving mankind's future in doubt. First published in 1955, this suspense-filled space opera by the Science Fiction and Fantasy Hall of Fame inductee was a significant forerunner of television hits like Star Trek and The Expanse.

Blue Beetle (2006-) #26

A special extra-sized Spanish-language issue, with the English script as bonus material! Blue Beetle takes Traci 13 to his family reunion, and having your girlfriend meet your family can be tough, especially when she's the only guest who doesn't speak Spanish!

Magic Kingdom For Sale/Sold

50 MILLION TERRY BROOKS COPIES SOLD AROUND THE WORLD 'Terry's place is at the head of the fantasy world' Philip Pullman Landover was a genuine magic kingdom, complete with fairy folk and wizardry, just as the advertisement had promised. But after he purchased it for a million dollars, Ben Holiday discovered that there were a few details the ad had failed to mention... Such as the fact that the kingdom is falling into ruin. The barons refuse to recognize a king and taxes haven't been collected for years. The dragon, Strabo, is laying waste to the countryside, while the evil witch, Nightshade, is plotting to destroy no less than everything. And if that weren't enough for a prospective king to deal with, Ben soon learns that the Iron Mark, terrible lord of the demons, has challenged all pretenders to the throne of Landover to a duel to the death - a duel no mere mortal can hope to win. But Ben Holiday has one human trait that even magic can't overcome. Ben Holiday is stubborn. Praise for Terry Brooks: 'A master of the craft . . . required reading' Brent Weeks 'I can't even begin to count how many of Terry Brooks's books I've read (and re-read) over the years' Patrick Rothfuss, author of The Name of the Wind 'I would not be writing epic fantasy today if not for Shannara' Peter V. Brett, author of The Painted Man 'If you haven't read Terry Brooks, you haven't read fantasy' Christopher Paolini, author of Eragon

Sign of the Labrys

Earth was a weird and dire place after the plagues. The few humans who survived could not bear the touch of each other; they lived in the enormous, endless caverns hacked out of the bowels of the earth for the bombs that never came. And on one man rested the hopes of the world, though he did not know it. Sam Sewell only knew he had to journey, despite forbidding perils from the darkness of the past, into the ultimate fastnesses of the unknown to rescue the timeless wisdom of the witch Desponia . . .

The Ancestor's Tale

A renowned biologist provides a sweeping chronicle of more than four billion years of life on Earth, shedding new light on evolutionary theory and history, sexual selection, speciation, extinction, and genetics.

The Druid Of Shannara

50 MILLION TERRY BROOKS COPIES SOLD AROUND THE WORLD THE SHANNARA CHRONICLES IS NOW A MAJOR TV SERIES 'Terry's place is at the head of the fantasy world' Philip Pullman To the scions of Shannara have fallen three tasks: Par Ohmsford has recovered the fabled Sword of Shannara. This he has accomplished, but the Federation's Chief Seeker has planted an awful thought in Par's mind - that he himself is Shadowen, the very evil he seeks to destroy. Wren is in the Westland, seeking out the elves. And in the Northland. . . Walker Boh has been commanded by the shade of Allanor to find the lost city of Paranor and recreate the Order of Druids, disbanded for three hundred years. To achieve this he must find the Black Elfstone, but the gem is in the hands of an ancient being of timeless evil - the Stone King. Beset on all sides by enemies, and from within by his own self-doubt, Walker Boh sets out on his part of the perilous quest. A quest that will end in success - or the complete destruction of all he holds dear. Praise for Terry Brooks: 'A master of the craft . . . required reading' Brent Weeks 'I can't even begin to count how many of Terry Brooks's books I've read (and re-read) over the years' Patrick Rothfuss, author of The Name of the Wind 'I would not be writing epic fantasy today if not for Shannara' Peter V. Brett, author of The Painted Man 'If you haven't read Terry Brooks, you haven't read fantasy' Christopher Paolini, author of Eragon The Heritage of Shannara series: THE SCIONS OF SHANNARA THE DRUID OF SHANNARA THE ELF QUEEN OF SHANNARA THE TALISMANS OF SHANNARA

So Long, and Thanks for All the Fish

So Long, and Thanks for All the Fish is the fourth installment in Douglas Adams' bestselling cult classic, the Hitchhiker's Guide to the Galaxy 'trilogy'. This edition includes exclusive bonus material from the Douglas Adams archives, and an introduction by Neil Gaiman. There is a knack to flying. The knack lies in learning how to throw yourself at the ground and miss. It's not an easy thing to do, and Arthur Dent thinks he's the only human who's been able to master this nifty little trick – until he meets Fenchurch, the woman of his dreams. Fenchurch once realized how the world could be made a good and happy place. Unfortunately, she's forgotten. Convinced that the secret lies within God's Final Message to His Creation, they go in search of it. And, in a dramatic break with tradition, actually find it . . . Follow Arthur Dent's galactic (mis)adventures in the last of the 'trilogy of five', Mostly Harmless.

Transmission of Power

During the six months prior to the World Trade Center attack, the United States walked away from a treaty to control the world traffic in small arms, the Kyoto accords, a treaty to combat bioterrorism, and many other international agreements. After 9/11 there was a flurry of coalition building, but Europe and Asia quickly came to see the conflict in Afghanistan as an American war with Tony Blair leading cheers from the sidelines. Recent American calls to action in Iraq have only reinforced international perception that the U.S. plans to remain a solitary actor on the world stage. Despite our stated good intentions -- the causes of justice and democracy -- we have become the world's largest rogue nation. The Bush administration did not invent the American tradition of unilateralism, but, Clyde Prestowitz argues, they have taken it to unprecedented heights. Rogue Nation explores the historical roots of the unilateral impulse and shows how it helps shape American foreign policy in every important area: trade and economic policy, arms control, energy, environment, drug trafficking, agriculture. Even now, when the need for multilateral action -- and the danger of going it alone -- has never been greater, we continue to act contrary to international law, custom, and our own best interests.

Rogue Nation

Venice, 1604. When rumours of a rare and priceless diamond begin to circulate amongst the gamblers and courtesans of the Venetian demi-monde, the Levant Company merchant Paul Pindar becomes convinced that the jewel is linked to the fate of his former love, Celia Lamprey. As his obsession with the mysterious stone grows it becomes clear that there are other, more sinister forces at play. Is the diamond real, or is it just a trick to lure him to his ruin?

The Pindar Diamond

Una Donna by Sibilla Aleramo Pubblicato per la prima volta nel 1906 e ripubblicato nel corso degli anni in molteplici edizioni, questo romanzo nasce dall'esperienza autobiografica dell'autrice ed è frutto di quei fermenti sociali che portarono alla nascita del femminismo, di cui la Aleramo stessa si sentì parte attiva. Nell'intento di rivelare, per la prima volta, "l'anima femminile moderna," con grande spirito realistico la Aleramo compone pagine di aperta denuncia e di critica sociale, affrontando argomenti come la povertà e l'ignoranza, le differenze regionali, il socialismo e naturalmente la condizione svantaggiosa da cui la donna avrebbe dovuto riscattarsi. La sua immediata fortuna in Italia e nei paesi in cui fu tradotto segnalò una nuova scrittrice, che in seguito avrebbe fornito altre prove di valore, segnatamente nella poesia We are delighted to publish this classic book as part of our extensive Classic Library collection. Many of the books in our collection have been out of print for decades, and therefore have not been accessible to the general public. The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature, and our view is that this is a significant literary work, which deserves to be brought back into print after many decades. The contents of the vast majority of titles in the Classic Library have been scanned from the original works. To ensure a high quality product, each title has been meticulously hand curated by our staff. Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work. We hope that you will enjoy this wonderful classic work, and that for you it becomes an enriching experience.

Una Donna

In Life, the Universe and Everything, the third title in Douglas Adams' blockbusting sci-fi comedy series, The Hitchhiker's Guide to the Galaxy, Arthur Dent finds himself enlisted to prevent a galactic war. This edition includes exclusive bonus material from the Douglas Adams archives, and an introduction by Simon Brett, producer of the original radio broadcast. Following a number of stunning catastrophes, which have involved him being alternately blown up and insulted in ever stranger regions of the Galaxy,

Arthur Dent is surprised to find himself living in a cave on prehistoric Earth. However, just as he thinks that things cannot get possibly worse, they suddenly do. An eddy in the space-time continuum lands him, Ford Prefect, and their flying sofa in the middle of the cricket ground at Lord's, just two days before the world is due to be destroyed by the Vogons. Escaping the end of the world for a second time, Arthur, Ford, and their old friend Slartibartfast embark (reluctantly) on a mission to save the whole galaxy from fanatical robots. Not bad for a man in his dressing gown . . . Follow Arthur Dent's galactic (mis)adventures in the rest of the trilogy with five parts: So Long, and Thanks for All the Fish, and Mostly Harmless.

Life, the Universe and Everything

In this eclectic and entertaining study of the interrelationship between the arts and the sciences, Barrow explains how the landscape of the Universe has influenced the development of philosophy and mythology, and how millions of years of evolutionary history have fashioned our attraction to certain patterns of sound and color.

The Artful Universe

Join circus stuntman Oscar Diggs as he goes up in his balloon and is blown all the way to Oz at the time when both wicked witches are still alive and kicking! The people of Oz mistake Oscar for a might wizard and, ever the showman, Oscar plays along. In one sidesplitting, suspenseful scene after another Oscar becomes the ruler of Oz, builds the Yellow Brick Road and fights off the wicked witches. Staying on top ahead of two wicked witches is no easy feat but Oscar's wit and bag of tricks help him carry the day. Filled with suspense, How the Wizard Came to Oz is sure to keep readers turning pages right to the end. With over 30 black-and-white pictures.

How the Wizard Came to Oz

_____ 'A hugely enjoyable novel ... fast moving, complex and deeply satisfying' - Joanne Harris 'Lie back on your ottoman and relax. Katie Hickman will take you to a magical land ... this is a box of Turkish delight' - Independent 'Forbidden love, sailors and secrets - fasten your seat belts for Hickman's period tome ... Think Jane Austen meets Pirates of the Caribbean' - In Style

_____ A stunning tale of intrigue in the Sultan's harem from the bestselling author of Daughters of Britannia Elizabeth Staveley sits in the Bodleian Library, her hands trembling as she holds a fragment of parchment, the key to a story untold for four hundred years ... Constantinople 1599: the English merchant Paul Pindar must deliver an extraordinary gift to the Sultan. Grieving for his lost love, drowned in a shipwreck, he hears rumours of a new golden-haired slave in the Sultan's harem. Could this be his Celia?

The Aviary Gate

Predicated on the notion that mathematics has been a growing source of aesthetic inspiration in culture, this volume celebrates where the two intermesh. It is a meditation on the performances and cultural events, all mathematics-related, performed in Bologna in 2004, is dedicated to all those who are curious about mathematics, but also more generally about theatre, cinema, literature, arts and science. Thanks to the DVD, one can relive various events through the voices and the images of the participants.

Mathematics and Culture in Europe

Space. Reality. Soul. A deadly threat emerged from the cosmos-and it was fulfilled. In the wake of Thanos's horrifying success, the people of Earth are left reeling in despair and confusion. Without any logical explanation for the blip-out event, those remaining must pick up the pieces. Doctor Erik Selvig and his associate Darcy Lewis are determined to find and understand the cause of the devastation. With a team of friends both old and new, they embark on a pursuit of knowledge, eager to discover the links between their own pasts and the stones that decimated half of humanity--the Infinity Stones. Little do they know that a new foe who threatens to destroy them all is looming... © 2018 MARVEL

The dawn of the living dead

A New York Times–bestselling historical novel about the Japanese invasion of Nanking from the author of The Good Earth. Farmer Liang Tan knows only a quiet, traditional life in his remote Chinese farming

community. When news filters in that Japanese forces are invading the country, he and his fellow villagers believe that if they behave decently to the Japanese soldiers, the civilians might remain undisturbed. They're in for a shock, as the attackers lay waste to the country and install a puppet government designed to systematically carry out Japanese interests. In response, the Chinese farmers and their families form a resistance—which not only carries grave risk, but also breaks their vow of nonviolence, leading them to wonder if they're any different than their enemy. Later adapted into a film featuring Katharine Hepburn, *Dragon Seed* is a brilliant and unflinching look at the horrors of war. This ebook features an illustrated biography of Pearl S. Buck including rare images from the author's estate.

MARVEL's Avengers: Infinity War: The Cosmic Quest Volume Two

Deadwood meets *The Walking Dead* in this wild and profane Western romp featuring zombies, werewolves, killer bees, and one pissed-off gun-slinging preacher. The Wild West has never seen the likes of Reverend Jebidiah Mercer, a hard man wielding a burning Bible and a bottle of whiskey in the battle between God and the Devil. Frankly, he's not sure he gives a damn who wins. As the not-so-good Reverend tangles with a Lofecraftian horror and joins a renegade named Flower to battle a horde of cannibalistic fiends, only this is certain: Mercer's blasphemous journey is laced with relentless action, terrifying evil, and nonstop humor. This supernatural epic of the Old West that never was will leave you heartily cheering for the good guys—if you can just figure out who the good guys are.

Dragon Seed

The “shocking” and “suspense-packed” bestseller about one teacher's stand against student violence, and the basis for the Academy Award–nominated film (*The New York Times Book Review*). After serving his country in World War II, Richard Dadier decides to become an English teacher—and for the sin of wanting to make a difference, he's hired at North Manual Trades High School. A tough vocational school in the East Bronx, Manual Trades is home to angry, unruly teenagers exiled from New York City's regular public schools. On his first day, Dadier endures relentless mockery and ridicule and makes an enemy of the student body by rescuing a female colleague from a vicious attack. His fellow educators are bitter, disillusioned, and too afraid of their pupils to risk turning their backs on them in the classroom. But Dadier refuses to give up without a fight. Over the course of the semester, he tries again and again to break through the wall of hatred and scorn and win his students' respect. The more he learns about their difficult circumstances, the more convinced he becomes that a good teacher can make a difference in their lives. His idealism will be put to the ultimate test, however, when a long-simmering power struggle with his most intimidating student explodes into a violent schoolroom showdown. The basis for the blockbuster film starring Glenn Ford and Sidney Poitier, Evan Hunter's *The Blackboard Jungle* is a brutal, unflinching look at the dark side of American education and an early masterpiece from the author who went on to write the gritty 87th Precinct series as Ed McBain. Drawn from Hunter's own experiences as a New York City schoolteacher, it is a “nightmarish but authentic” drama that packs a knockout punch (*Time*).

Deadman's Crossing

This eBook has been formatted to the highest digital standards and adjusted for readability on all devices. "The Black Flame" starts several hundred years after most of mankind is wiped out by a plague and tells the story of a family of immortals who seek to conquer the world with advanced science. Its story concerns a brother and sister who have become immortal.

The Blackboard Jungle

Dealing with cosmology, this book reveals astronomical observations that indicate the presence of a previously unknown force in the universe. It explains, in accessible terms, Einstein's theories and his development of the cosmological constant.

The Black Flame (Dystopian Novel)

'Happiness - was it right to name it without knowing it? It sounded shameless in my mouth, like when someone shows off about knowing a celebrity and just uses their first name, saying Marcello when they really mean Mastroianni ...' A young orphan boy grows up in Naples, playing football, roaming the city's streets and hidden places. The older boys call him 'monkey' because he can climb anywhere. He is alone, apart from Don Gaetano, the apartment caretaker, who feeds him, teaches him to play

scopa, and tells him stories about women, history and the dark secrets of Naples' past. Then one day the boy sees a young girl standing at a window. It is an encounter that will haunt his life for years and, eventually, shape his destiny. Lyrical and exuberant, told with the simplicity of a fairy tale and the intensity of a memory, *The Day Before Happiness* is the story of friendship, a city and what makes us who we are.

God's Equation

A complete practitioner's guide to the provisions and practical implications of the new Markets in Financial Instruments Directive, MiFID II. The book will cover both the original Directive and all the changes and extensions brought about by MiFID II, how the directive will impact firms and how they need to prepare for its implementation and also how the directive interacts with other European and UK level legislation.

The Day Before Happiness

First published in 1967, *Stop-Time* was immediately recognized as a masterpiece of modern American autobiography, a brilliant portrayal of one boy's passage from childhood to adolescence and beyond. Here is Frank Conroy's wry, sad, beautiful tale of life on the road; of odd jobs and lost friendships, brutal schools and first loves; of a father's early death and a son's exhilarating escape into manhood.

Warday and the Journey Onward

Short stories labeled "Mirroshade," "Neuromanatic," "Cyberpunk," etc. by such authors as Greg Bear, Pat Cadigan, William Gibson, Rudy Rucker, Lewis Shiner, John Shirley and others.

Public Law

A treasure-trove of illuminating and entertaining quotations from beloved physicist Richard P. Feynman "Some people say, 'How can you live without knowing?' I do not know what they mean. I always live without knowing. That is easy. How you get to know is what I want to know."—Richard P. Feynman Nobel Prize-winning physicist Richard P. Feynman (1918–88) was that rarest of creatures—a towering scientific genius who could make himself understood by anyone and who became as famous for the wit and wisdom of his popular lectures and writings as for his fundamental contributions to science. *The Quotable Feynman* is a treasure-trove of this revered and beloved scientist's most profound, provocative, humorous, and memorable quotations on a wide range of subjects. Carefully selected by Richard Feynman's daughter, Michelle Feynman, from his spoken and written legacy, including interviews, lectures, letters, articles, and books, the quotations are arranged under two dozen topics—from art, childhood, discovery, family, imagination, and humor to mathematics, politics, science, religion, and uncertainty. These brief passages—about 500 in all—vividly demonstrate Feynman's astonishing yet playful intelligence, and his almost constitutional inability to be anything other than unconventional, engaging, and inspiring. The result is a unique, illuminating, and enjoyable portrait of Feynman's life and thought that will be cherished by his fans at the same time that it provides an ideal introduction to Feynman for readers new to this intriguing and important thinker. The book features a foreword in which physicist Brian Cox pays tribute to Feynman and describes how his words reveal his particular genius, a piece in which cellist Yo-Yo Ma shares his memories of Feynman and reflects on his enduring appeal, and a personal preface by Michelle Feynman. It also includes some previously unpublished quotations, a chronology of Richard Feynman's life, some twenty photos of Feynman, and a section of memorable quotations about Feynman from other notable figures. Features: Approximately 500 quotations, some of them previously unpublished, arranged by topic A foreword by Brian Cox, reflections by Yo-Yo Ma, and a preface by Michelle Feynman A chronology of Feynman's life Some twenty photos of Feynman A section of quotations about Feynman from other notable figures Some notable quotations of Richard P. Feynman: "The thing that doesn't fit is the most interesting." "Thinking is nothing but talking to yourself inside." "It is wonderful if you can find something you love to do in your youth which is big enough to sustain your interest through all your adult life. Because, whatever it is, if you do it well enough (and you will, if you truly love it), people will pay you to do what you want to do anyway." "I'd hate to die twice. It's so boring."

Stop-Time

"Threatened by plundering cyborg bandits, an innocent village defies its inhuman enemies with the help of mortal men born to do battle and bound to die for honor: humanity's champions, the seven samurai"--P. [4] of cover.

Mirrorshades

Meet the Rabbitte family, motley bunch of loveable ne'er-do-wells whose everyday purgatory is rich with hangovers, dogshit and dirty dishes. When the older sister announces her pregnancy, the family are forced to rally together and discover the strangeness of intimacy. But the question remains: which friend of the family is the father of Sharon's child? By the bestselling author of *The Commitments*, now a long-running West End stage show. 'Unstoppable fun. A big-hearted, big-night out' *The Times*

The Quotable Feynman

In a world destroyed by environmental damage, a people trek north in search of the remnants of civilization. They include two children and it is through their eyes that the novel analyzes the real meaning of civilization.

Samurai 7

It was a mistake for Ben to tell the Hunter that there were still wolves in Surrey. For the Hunter was a fanatic, always on the lookout for unusual prey. Driven by an ambition to wipe out the last English wolves, the Hunter set out on a savage quest. But what happens when the Hunter becomes the hunted?

The Snapper

In *Elseworlds*, heroes are taken from their usual settings and put into strange times and places—some that have existed, or might have existed, and others that can't, couldn't or shouldn't exist. The result: stories that make characters who are as familiar as yesterday seem as fresh as tomorrow. Now, for the first time, Superman's *Elseworlds* tales are featured in a new graphic novel collection, *ELSEWORLDS: SUPERMAN VOL. 1*. This volume includes *SUPERMAN: SPEEDING BULLETS*, *SUPERMAN: KAL*, *SUPERMAN: DISTANT FIRES*, *SUPERMAN: A NATION DIVIDED*, *SUPERMAN, INC.* and *SUPERMAN: WAR OF THE WORLDS!* Featuring Superman as the Dark Knight, Kal-El raised in medieval times, Superman as the sole survivor of a nuclear Armageddon, Private Atticus Kent as an abolitionist superhero in the American Civil War, Superman the greatest athlete on Earth and Golden Age Superman at war with Mars!

Mara and Dann

If I'd known right then that this was the kid who would grow up to break my heart beyond repair, maybe I would've stayed upstairs on the phone with Tess. Maybe I would've gone to bed early. Maybe I would've begged my parents to take me with them - even though those doctor dinners are pretty much the boringest things ever. But I didn't know. Couldn't know. So instead I shrugged and said something really genius like "Um, whatever." And proceeded to fall totally, madly, crazy in love.

The Cry of the Wolf

At the beginning of Nobel Prize winner Peter Handke's novel *A Moment of True Feeling*, Gregor Keuschnig awakens from a nightmare in which he has committed murder, and announces, "From today on, I shall be leading a double life." The duplicity, however, lies only in Keuschnig's mind; his everyday life as the press attache for the Austrian Embassy in Paris continues much as before: routine paperwork, walks in the city, futile intimacies with his family and his mistress. But Keuschnig is oblivious to it all, merely simulating his previous identity while he searches for a higher significance, a mystical moment of true sensation which can free him from what the novel calls life's "dreadful normalcy." Convinced that, if he fails, life's meaning will be revealed to him only when it is too late, he looks for portents everywhere. Keuschnig's search takes him through all of Paris. At every step, his feelings are interwoven with acute observation of its streets, buildings, cafes, parks, sky. It is an intimate and evocative journey, in a city that is at once supportive and familiar, strange and provocative.

Elseworlds: Superman Vol. 1

Texas Night Riders
