Jesus Approaches

2019 Best Book Awards, Winner in Religion: Christianity 2018 Catholic Press Association, 3rd Place in Scripture: Popular Studies 2018 Independent Press Award, Distinguished Favorite: Religion Non-Fiction In Jesus Approaches, Elizabeth Kelly shares vivid stories of New Testament women whose encounters with Jesus freed them to flourish in life. The stories are supplemented with moving accounts from her own life, and from the lives of women like you, to demonstrate that sometimes the best way to find healing, strength, and wholeness in Christ is, ironically, to lead with vulnerability and openness. Ultimately, Jesus Approaches teaches that finding the fullness of life for which you were created begins with bringing your brokenness to the Lord.

The Women Who Loved Jesus

An astounding new claim about Jesus was first made in 1955: that he had commissioned twelve female apostles. Its source was *The Urantia Book*. Now, a newer source builds on that revelation, unveiling each one of the inspiring stories of these courageous women apostles. Our world is ready for the untold stories of the twelve female apostles commissioned by Jesus. The Bible mentions only a few of these women, but never refers to them as apostles. Only in 1955 was the role of these female counterparts to the male apostles revealed in *The Urantia Book*, a profound modern text that has gone on to sell over a million copies worldwide. This detailed new account corrects and supplements the New Testament's record for our global era. It stuns readers by explaining how Jesus's attitude toward women was "the most astonishing and the most revolutionary feature of [his] mission on earth," leading him to break with Hebrew tradition by appointing a women corps. Now, many decades later, we've been gifted with an even more expanded account of Jesus's work with his most devoted female followers. *The Women Who Loved Jesus* shares inspiring new details of this long-suppressed story thanks to the eye-witness narrations provided by each of his dozen female apostles. Each woman steps forward to tell her story of how Jesus preached their spiritual equality with men, transformed their personal lives, and ordained them as teachers and ministers of the gospel. For the first time, we see Jesus through the eyes of his most fervent women followers, and we also learn how their ministry—designed to be complementary to that of the male apostles—focused on creating a social network of healing and compassion. The task of the female apostolic corps was to create an environment for teaching and for healing at all levels through a variety of techniques Jesus personally supervised. Read this book to discover how these women laid the spiritual, energetic, and social foundation for the Christian church. Their messages to us are both universal and timely, as women all over the world are finally taking their rightful place as ministers, healers, and religious teachers.

Healing the Soul of a Woman

"*The Women in His Life: What Jesus Saw in Them*" gives the reader a peek into the mind of Jesus through the creative expression of the author as she imagines his relationships with the women of the New Testament. This is a collection of forty-three stories about women in the Gospels of Matthew, Mark, Luke, and John. Each story begins with a verse or verses from the New Testament, followed by the words the author imagines Jesus would have spoken to express his thoughts and feelings about the women he interacted with or heard about during his life. The author has given a name to some of the women who otherwise are nameless in the gospels. She has used modern vernacular to enable the reader to imagine how Jesus might have told these stories today. Against the historical, cultural, and religious backdrop of the restricted public role of women in the first century, Jesus comes through as a man who honored, appreciated, and respected the true value, importance and needs of women. He enjoyed their company and celebrated with them. He was gentle, playful, and challenging. He treated women as equals. He honored their natural gifts and disregarded the societal conventions that forbade him from interacting with them. Speaking and listening to women directly, he looked into the hearts of all he encountered with compassion and love as he ministered to them. He drew from them their opinions and ideas and they responded to him with love, loyalty, and respect. He was a Zealot who also was tender and caring. This unique, thought-provoking book will be of interest to those who already enjoy a spiritual relationship with Jesus as well as those who are simply curious to know more about the historical man whose life has impacted the world for more than 2,000 years. It can be read in a book club or a women's spiritual group. It can be used for personal meditation or as a Bible study aide for those who enjoy women's New Testament studies.

The Women in His Life

These twelve extraordinary first-person narratives are from women who were contemporaries of Jesus Christ. Each experienced him in a unique way and each became a disciple in her own right. Each story is drawn from Scripture and invites a personal response through an "Active Meditation" and a series of pertinent and powerful reflection questions.

The Women Around Jesus

Danielle Strickland contends that women everywhere remain subjugated by cultural norms that tell them to conform, hold back, and turn aside from God's call upon their lives. Consequently many women fail to play a full part in the healing and restoration of society. The church should take the lead. In this prophetic book Danielle observes: -We should be the ones who model an alternative approach to leadership. We are the ones with the Bible and the witness of the Holy Spirit who through Scripture, reason, tradition and experience has shown, over and over again His heart for the release of women to exercise their gifts.-The book covers: The current situation (exploitation or subjugation); the historical situation (feminism and the Christian tradition); key biblical material; justice (the feminization of poverty); what does the future offer, and what should the church do?

Bringing Hope To Hearts That Are Raw And Fragile Are you in an abusive relationship/marriage? Or have you been able to make the break? Are you grappling with guilt and shame? Are you seeking comfort and validation? Are you in need of strength and support? Do you feel stripped of your dignity and worth and your right to be safe? If so, then this book is for you! Over the 20 year period that I was trapped in an abusive marriage, I left and reconciled with my husband many times before I could finally break free once and for all. I wanted to find a book that would soothe my troubled spirit and show me clearly the Scriptures that speak of God's heart for hurting and abused women. I could not find such a book and so, with the guidance of the Holy Spirit, I wrote this 40-day devotional. This devotional aims

to comfort and uplift the hurting heart of any woman who, like me, was overwhelmed by the pain of an abusive marriage and drowning in sorrow and regret, guilt and grief, shame, doubt and fear. This beautiful book is Spirit-filled with bite sized morsels to savour and digest. It is a book which ministers to women who have found the courage to break free of the cycle of abuse and are now desperately needing validation for their decision. It is also a book which can help women still in abuse to know that there is a way forward through the One who invites us to bathe in His true and tender love; and who brings us freedom and joy, overcoming and healing - and the peace that surpasses all understanding.

Heart For Women

Sadly, too many children are sexually and emotionally abused. Most never know freedom from their past and are instead living self-destructive lives, being robbed of the life and the person they were created to be. This book tells of the journey of a woman who was sexually and emotionally abused for a number of years as a child. This painful journey, with the help of her faith in God and counseling, impacted her life in ways she never imagined. Memories of her childhood led to depression and suicidal thoughts and a greater fear of men. Instead of seeing the man who loved her, she saw the man who hated and hurt her. That and wanting to be with women ended her marriage. Left to raise two young children on her own, memories continued to flood her mind, intensifying hatred for self. She struggled with an eating disorder and used alcohol to block out the nightmares. She was self-harming through cutting became a regular occurrence, while suicidal thoughts occupied her mind. Through God's strength and relentless love, she persevered, although many times it felt too hard and wanted to give up, she knew God was bigger than what she was going through. Her faith enabled her to overcome fear, guilt, and shame. The devil sought to destroy her life through the lies spoken over her and seeks to do the same in all of us, and there are many areas in which he tries to rob our joy. But Jesus came to give us life, life that abundantly knows healing and freedom from our past through knowing him. This book is written to help the reader know they too can have victory over abuse through God who loves them.

A Woman Of Joy

This book, *Healing Prayers for Women in Jesus' Name*, was written to let women know how much they are loved by God. After retiring from teaching young children, Gail and her mama, Ms. Jean spent over five years together worshiping God, reading the Bible and singing hymns together. Gail's dear mama became ill, and the doctors were not sure she would make it. She was taken to the hospital by ambulance, and they almost lost her. Four days later, she awoke in her hospital room smiling, and telling Gail that she had been with Jesus. Mrs. Jean was so excited, and Gail truly believed her. Gail's mama told her that she went to Heaven and talked to Jesus. He asked Ms. Jean if she would come back and help encourage her daughter to finish this women's book. She saw her loved ones, held her precious granddaughter she longed to hold, and agreed to come back, so that God's will for them would be done! Even though Jean passed away on August 3, 2016, Gail promised her she would do what Jesus told her to do. Thanks to Faith Christian Publishing Company, mama's heart, this book will be shared with many women. Mrs. Gail is so humbled by this book and prays it will touch women's lives everywhere. It is also Ms. Jean's heart and legacy! May God bless this book for women! Gail adds, "I learned so much during this time with Mama. I learned to be humble, more patient, and to stop complaining. I also learned that God's timing is always the best, and he will never lead you to do something for Jesus, without equipping you to do his will. Many human angels have touched our lives and we pray that they will be blessed. Our prayer for you is that you will receive a special blessing from this book and appreciate God's beautiful nature. We also pray that you will receive his salvation through grace, and worship him each day. He made you and he loves you just the way you are. We also pray that you will receive a special blessing from the Lord, and we pray you will be drawn closer to your Heavenly Father. Be blessed, dear woman. Jesus loves you! Your faith will make you whole!"

This is an authentic piece of work that should garner mainly positive feedback because it is embedded in biblical stories. It is like an anthology of bible stories and human experiences. Liberated Woman

I dedicate this book to dysfunctional families, and to addictions, and to abuse. I wrote this book to be able to help someone to give them courage, in their time of need, that have found there self-walking in despair. And to let you know there is a God, that will never forsake you or leave you. There is a passage in the bible Matthew 11:28-29-30. {"Come to me, all you who are weary and burdened, and I will give you rest." {Take my yoke upon you and learn from me, for I am gentle and humble in heart, and you will find rest for your souls, for my yoke is easy and my burden is light."} Therefore, I dedicate this book to all dysfunction events that has arrived in your life, and you can find help in your time of need. When I look back on my life, I give the glory to God, as I dedicate my life to God, for he has brought me, back from the gates of hell. As you read this book you will see the healing hands of God, that show me his love, and show me how to forgive myself, and to love who I became in Christ Jesus. As you read this book you will see the hurt, the sadness, and the joy, that has arrived from different events in my life. To whom I am today. I am proud, that I am a woman of God. I thank God that he has healed this broking vessel, God give me my life back. May this book bless your life, as we, bring our life to Christ you will find rest, and the blessing that he has for you and me.

All We're Meant to be

Explores how women related to Jesus Christ--and how He related to them--in the Gospel of Luke and gives meaning to the challenges faced by contemporary women. -- Back cover.

Woman to Woman: From My Heart to Yours

How Desperate Are You For A Touch From God? The nameless woman with the issue of blood who was mentioned in the Gospels was so desperate she broke the law and pushed through the crowds just to touch Jesus. All she could grab was the fringe of His robe. But it was that one faithful touch that moved Jesus to adopt, heal, redeem, restore and so much more than she was asking for. This book includes an intense study of this desperate woman as told through Joan McClendon's healing process and the revelation given to her from God. It also includes nearly 40 testimonies of other women and their pursuit of Jesus to overcome addiction, grief/loss, marital problems, physical illness, lack of identity, unforgiveness, brokenness, etc. In your life, what are you desperate to be set free from? This book may help you receive the healing you have been praying for.

Women's Work for Jesus

This book is about the woman who grabbed a hold of the hem of Jesus as he walked through the town. She was so desperate to get to him because she had been ill 12 years with an issue of blood; she pushed through the throng of people that walked with him. She was unclean due to her disease so she was at risk of being stoned to death because of her appearance on the street. Jesus suddenly turned around and said, "Who touched me?" He felt virtue go out of him as this woman of faith received her healing. This brave, courageous woman of Bible times goes unnamed today; although I am sure she was named but unknown to all of us, she has been talked about now famous for her activities of that day. Our book is women's testimonies of today and how they've been healed by the hem of Jesus in some way or another therefore based on the healing of today that Jesus indeed does live as do his miracles continue on in his stead. Glory be unto God!

The Healing Hands Of God

The impetus for this book was the startling realization that within early Christianity, which is characterized by healing, no women are explicitly commissioned to heal. The work begins with a search for the women who were healers in the Graeco-Roman world of the late Hellenistic and early Roman period, finding them honoured in inscriptions, named by medical writers, and stereotyped by playwrights and other literateurs. What emerges by the first century of the Common Era, is a world in which women functioned as healers as well as healed and that healing was a site of contestation in relation to gender. The interpretive lens brought to bear on the wide range of sources used in this study is a multi-dimensional one informed by feminism, post-colonialism and ecological studies. The methodology is socio-rhetorical drawing on tools from medical anthropology. The turning of the multi-dimensional lens and these tools on the gospels, informed by the context constructed in the first part of the study, enables new interpretations of the stories of women healing to emerge. A woman pours out healing ointment; healed women bear on their bodies the language describing Jesus and the stereotyped demon-possessed women of the Lukan gospel may, indeed, be healers.

Woman, You are Free

Many may recall the Biblical story of the Woman at the Well, a woman rejected by society, who had five husbands and a live-in man, who was not her husband. We get intimate details of her present and some of her after story, but nothing about her life before meeting Jesus at Jacob's well. What is herstory? Novalla Coleman's memoir is her personal history inspired by this Woman at the Well. It is an ancient story, but one with as much timeless relevance today as it was when it happened during the days of Christ. Novalla shares her experiences of childhood trauma, abandonment, public ridicule, shame, and broken relationships. Her quest for love led her to find a new love - a love inspired by her meeting at the well. This book is a remarkable testament to God's unconditional love and the power of His redemption when we seek Him first. For those who think their lives will never change, never heal, find true love, and those who are afraid to hope again, this testimony is transformative. This book offers suggestions and help for caregivers, parents, and individuals desiring healing from their past.

Life on the Fringe

Jesus' conversations with women reveal great truths about the Christian faith and about Jesus' special relationship with women and truths about their place in His kingdom work. Author presents Jesus' conversations in dialogue fashion, using fiction techniques to enliven the text while remaining true to the biblical account. The accounts take into account the cultural and political background of the period and places.

WOMAN TOUCHING THE HEM OF HIS

Jesus Loves Women is the memoir of a girl raised in a fundamentalist Christian milieu she casts off at a young age and of her quest to find wholeness and home, spiritually and sexually. Richard Rohr, O.F.M., Center for Action and Contemplation, Albuquerque, New Mexico; and author, Falling Upward, puts it this way: "Finally, the body is getting its due as the normal and gifted vehicle for Spirit! It has taken us a long time to realize the Christian obvious, and Tricia Gates Brown is making it both more obvious and thoroughly Christian." In his foreword, James Loney, Author of Captivity: 118 Days in Iraq and the Struggle for a World Without War, comments that "Jesus Loves Women is a story of grace, of how through the healing beauty of the Pacific coast and the friendship of a Trappist monk, Tricia awakens to a mystical understanding of God's unconditional love. It is the story of how one woman finds freedom from the shame, social conventions, and religious pieties that constrict the lives of all women." Susan Mark Landis, former Minister of Peace and Justice, Mennonite Church USA, says that "Like a late night talk with my best friend, Tricia's book gave me intimate insights into her life, my life, and God's love for us. Her fresh, rich words draw me to examine my life and God's movement through it. By openly sharing the secrets we typically hide, she invites us to give ourselves the grace God does and to journey toward unreserved living and loving." Brian Doyle, Author of the novel Mink River, views

Brown as "An honest, piercing, blunt, lyrical, remarkable writer about the endless chambers of joy and pain in the heart."

WOMAN TOUCHING THE HEM OF HIS

The female disciples were a good number and a mixed lot. We don't know how many—that isn't recorded. Like the male disciples, only few names are documented. These four female disciples have been chosen as representative of the range of their stations in life. It was a custom for women in Jesus's time to support a rabbi in his work. But no rabbi taught women as Jesus taught His female disciples. They were allowed to sit at His feet and travel with Him while He taught and answered their questions. He engaged them in The Work with Him. Their devotion and faithfulness was testimony to His time with them. Why did Jesus have to go through Samaria? Why was Jesus tired and His disciples were not? Since when did it take twelve to buy lunch for thirteen? Jesus had a divine appointment with Photini. After losing five husbands, she had no friends until Jesus. He gave her the love, place, purpose, and security for which she longed. Hollywood gave her name to Herodias's daughter. But Salome was a fisherman's wife, sister to Jesus's mother Mary, mother of James and John, and most importantly, a disciple of The Christ. Ambitious for her sons, she was devoted, standing at the foot of His cross as they crucified Him. Martha from Bethany and her sister, Mary, were known for hospitality and their interest in The Way. Sometimes too busy with serving, she only needed more time with The Master. Martha and Mary learned that each is an image-bearer of The Creator through their God-given personalities, calls, and gifts. Oppressed by seven demons, Jesus delivered Magdalene, giving her joy and freedom. In return, she followed Him faithfully to her death. Jesus made her His choice to be the first to see Him raised from the dead. He sent her to His disciples to tell them the news. She never stopped telling others.

Women Healing/healing Women

Agnes Sanford has long been hailed as the mother of the Inner Healing/Healing of Memories movement. Though her methods are popular in various segments of the Church, they are anything but Christian. Dr. Gumprecht explores the beginnings of this religious arm of the New Age movement, focusing on Agnes Sanford's rebellion against the orthodox church, her understanding of God's will in connection with suffering, her involvement with New Age leader Emmet Fox, and more.

The Woman at the Well

Darlene Marie Wilkinson, author of the New York Times bestseller *The Prayer of Jabez for Women*, explores Jesus' last teachings in John 15 and their special relevance for women. This thought-provoking book is a valuable feminine approach to the message of her husband's national bestseller *Secrets of the Vine*. Each woman who understands these secrets to intimately abiding in Jesus will become stronger, more joyful, and more effective than ever - confident that God is actively intervening in her life for her greatest good and His highest glory

The Women Around Jesus

Influenced by the patriarchy of Roman culture and ancient Greek philosophy, church leaders in the 3rd and 4th centuries began to translate and interpret the Bible with a systematic bias against women. This bias was carried over into the Protestant Reformation, and it continues to influence how the Bible is read and understood today. This workbook was written to help readers identify and remove patriarchal bias from Bible translation and commentary. As this bias is removed, it will become clear that far from being the will of God, patriarchy is a human tradition rooted in prejudice. This workbook also focuses on helping women to recover from the harmful effects of patriarchy. To help with the recovery process, the following topics are explored: * overcoming the lies of shame * suffering * the grief process * patriarchy and domestic abuse * rejecting patriarchal stereotypes * managing triggers * setting boundaries * freedom from codependence * healthy egalitarian relationships * communication and problem-solving * overcoming negative patterns in relationships * living in balance. Women are encouraged to be empowered by God to bring healing and freedom to the world in Jesus' name.

Great Truths from Jesus' Conversations with Women

Healing The Hurt is an inspiring work of healing and restoration that focuses on women's lives and their need to overcome past hurts. The author includes her personal story of abuse and anger, thus showing

she not only can relate to other women's pain, but was able to be healed. "As a woman created free, delicate and beautiful, it was never intended for you to be held captive or imprisoned by the evil intent of abusive acts". Therefore, it is imperative that you discover the source and avenue to your freedom. The author speaks with a calming and reassuring voice that will put readers at ease. Her enthusiasm for God is inspiring and her wisdom penetrating. And though the work is decidedly Christianity-based, women of all faiths will be able to glean hope from Russ's words. This well written work will touch and free women's souls, promote healing, and help them reconnect to God.

Jesus Loves Women

When Christ came, died on the cross, and the veil was opened to the throne of God, did Christ then silence half of His body or empower them to be disciples and take the gospel to the world? Was mutual submission the work of the Cross? This study gives only a few examples from God's Divine Word of His completed work.

Female Disciples

This book was written to help those precious souls who are struggling with their past and present pain to become free and whole again; that they will be able to move forward in life. My prayer is that everyone who reads this book will be liberated from their deepest pain and face the very things in life that are keeping them trapped from experiencing the joy that life has to offer. I, too, was a victim of verbal, sexual, drug, physical and emotional abuse. It's only by the grace of God that I'm who I am today - a survivor! God has made me into a person with a passion to help others win at life. My sincere goal is for each reader to walk in their healing as a result of my transparent and vivid testimony. It is time for you to get your joy back from those who stripped you from it and be healed by the power of Jesus Christ - "by His stripes we were healed."
