Comparative Law for Spanish–English Speaking Lawyers

Comparative Law for Spanish–English Speaking Lawyers provides practitioners and students of law, in a variety of English- and Spanish- speaking countries, with the information and skills needed to successfully undertake competent comparative legal research and communicate with local counsel and clients in a second language. Written with the purpose of helping lawyers develop the practical skills essential for success in today's increasingly international legal market, this book aims to arm its readers with the tools needed to translate unfamiliar legal terms and contextualize the legal concepts and practices used in foreign legal systems. Comparative Law for Spanish–English Speaking Lawyers / Derecho comparado para abogados anglo- e hispanoparlantes, escrita en inglés y español, persigue potenciar las habilidades lingüísticas y los conocimientos de derecho comparado de sus lectores. Con este propósito, términos y conceptos jurídicos esenciales son explicados al hilo del análisis riguroso y transversal de selectas jurisdicciones hispano- y angloparlantes. El libro pretende con ello que abogados, estudiantes de derecho y traductores puedan trabajar en una segunda lengua con solvencia y consciencia de las diferencias jurídicas y culturales que afectan a las relaciones con abogados y clientes extranjeros. La obra se complementa con ejercicios individuales y en grupo que permiten a los lectores reflexionar sobre estas divergencias.

Translation Issues in Language and Law

With contributions from world-class specialists this first book-length work looks at translation issues in forensic linguistics, where accuracy and cultural understandings play a prominent part in the legal process.

Transforming Religious Liberties

Proposes a new theoretical approach to religious liberty that both transcends and transforms current approaches to law and religion.

The Spanish Legal Tradition

The legal processes are also explored, along with a consideration of Spain's relationship with the ECU and how EC law has affected the Spanish national laws.

Aspen's English-Spanish, Spanish-English Legal Dictionary

Expanded by fifty percent from the first edition, this new second edition includes comprehensive, bilingual coverage of more than 60,000 essential words and phrases, spanning all legal disciplines and subdisciplines, including construction law, real estate law, insurance law, business law, trial law, environmental law, international law, tax law, intellectual property law, family law and more. Special features of English-Spanish Legal Dictionary, Second Edition include: 20,000 new entries covering every aspect of the legal profession: a unique user-friendly format that directs you to the precise term you need without rerouting you through irrelevant words or phrases - sturdy hardbound construction that will stand the test of time - up-to-date, comprehensive and authoritative coverage.

With our guidance, you'll be ready to take the legal world by storm – one Spanish phrase at a time. Are you ready to embark on this exhilarating adventure? Of course, you are! Order your copy now, and let the bilingual legal journey begin!

From Legalese to Español

Generally speaking, the losing party is more interested than the winning party in understanding the reasons for the outcome of the proceeding. And yet, the requirement that, unless otherwise agreed by the parties, the award "shall state the reasons upon which it is based" is a widely recognized principle in international arbitration. The rules of most arbitral institutions also require that an award include reasons. This Institute Dossier addresses reasoning in International Commercial and Investment Arbitration Awards: Should an arbitrator state his reasons? Why? How extensive and/or complete must the reasoning be for the process to be fully comprehensible and thus legitimate to the parties? What may be the consequences of an unsatisfactory reasoning? Readers will get useful insights into the legal reasoning process by accessing data from a recent large-scale empirical study of legal reasoning in commercial disputes. They will also be treated to some creative writing tips in the hope that reading an award becomes a more interesting part of the job. The ICC Institute of World Business Law brings together the finest legal minds to strengthen links between international business practitioners and the legal profession. The Institute 'Dossiers' is a series that has gained international prestige. These Dossiers are the outcome of the Institute's annual meetings, where experts from around the globe come together to discuss salient issues of international commercial law and arbitration. An ICC Services publication, distributed by Kluwer Law International.

Spanish Legal Traditions

There is no one definition of case law, but rather a plurality of meanings. In this respect, after an analysis of Roman *iurisprudentia* and Anglo-Saxon case law, this work considers the Spanish legal system, as an example of a Continental jurisdiction.

Explaining Why You Lost

"This casebook...compares the law of Latin America to that of Europe, as well as the United States while introducing students to the richness and diversity of the Latin American legal tradition through cases, legal documents, and commentaries. This...book allows students to see the law in action and guides them through entire judicial decisions, demonstrating how litigation unfolds and how a different legal culture operates. It is currently the only cases and materials publication devoted to Latin American law and the issues that arise in concrete litigation south of the border."--

Case Law in Roman, Anglosaxon and Continental Law

In today's "global village\

The Spanish legal tradition

As a core component of legal language used to draft, enforce and practice law, legal terms have fascinated lawyers, linguists, terminologists and other scholars for centuries. Third in the series, this Handbook offers a comprehensive compendium of the current state of knowledge on legal terminology. It is the first attempt to bring together perspectives from the domains of Terminology, Translation Studies, Linguistics, Law and Information Technology in a single place. This interdisciplinary endeavour comprises systematic reviews, case studies and research papers which overview key properties of legal terms and concepts, terminological tools and resources, training aspects, as well as translation in national contexts and multilingual organizations. The Handbook attests to the complex multifaceted nature of legal terminology and showcases its cultural, communicative, cognitive and social contexts in diverse legal systems. It is a rich resource for scholars, practitioners, trainers and students, presenting vibrant research and practice in this area.

Latin American Law

Being bilingual is an asset; and mastering different fields of speciality will make a difference in your bilingual skills. This book can be a helpful resource to learn the essential English-Spanish LEGAL terms. Learn 4 to 5 terms each day and at the end of the year you will master the essential LEGAL terminology in this language combination. This book contains only the most frequently used LEGAL terminology in English and Spanish.

Diccionario Jurídico Inglés-español Y Español-inglés Wiley

The language of law reflects the overlapping, competing and co-existing nature of legal discourse: its form both the product of its linguistic history and a response to the fluidity of legal culture. This book examines legal language as a language for special purposes, evaluating the functions and characteristics of legal language and the terminology of law. Using examples drawn from major and lesser legal languages, it examines the major legal languages themselves, beginning with Latin through German, French and English. Each chapter includes a historical overview of the growth of the language, its international use, its coherence in the various countries using it and its relationship to cognate legal languages. Where relevant, the characteristics of legal cultures are described to explain the features of the legal language. The work will be a valuable resource for students, researchers and practitioners in the areas of comparative law, legal theory, semiotics, and linguistics.

Handbook of Terminology

The purpose of this book is not only to serve as an English-Spanish reference work to look up a term when needed, but also as a guide to learn the most frequently used legal terms. Learn just a few terms every day, and soon you will be acquainted with the most common legal terminology in English and Spanish.

Important Vocabulary for Lawyers

Superior education can only be obtained by acquiring information. Laws are fundamental parts of our lives. Knowing them should be a requisite of basic knowledge and indispensable for each individual who lives in the United States. The primary objective of this book is to make a bilingual legal book available to all who enjoy learning and need information about the legal world: judges, lawyers, legal secretaries, law students, paralegals, students in the political sciences, employees of the court, and any individual who is interested in understanding the rights and laws of a citizen of the United States. As you know, the vocabulary used in law books, whether it is written in Spanish or English, is very technical and therefore difficult to understand. Learning law terminology can be compared to learning a foreign language. As a knowledgeable professional, I encountered these problems when I was reading various law books, and it is one of the reasons that I was motivated to write this book. When I worked at the Norwalk Superior Court in Norwalk, California, under the supervision of Mr. Edward Hinz, I was privileged to become acquainted with the various judges, district attorneys, paralegals, clerks, legal secretaries, and officers. Although I realized that most were well acquainted with English legal terminology, I also observed that many people who came to court to represent themselves in *propria persona* didn't know or understand the correct legal terminology to be able to present their simple cases nor could they understand how to fill out the technical forms required. I am confident that this book will be a useful resource and that it can be easily used by all who want to become familiar with legal terms in English and Spanish. This book covers nine areas of law: alternative dispute resolutions, bankruptcy, business law, criminal law, family law, juvenile procedures, probate, real estate law/landlord and tenant, and wills and trusts. The terms are presented in English and Spanish. It is organized in such a manner that every term can be easily translated and understood. Each division contains the terms that are necessary for each area of law. Obviously, individuals who are already bilingual will have an advantage. Nevertheless, those who are not bilingual but who are interested in learning legal terms in Spanish or English, for one reason or another, will benefit from this book as well.

Comparative Legal Linguistics

"This book provides ready access to the law applied to cases involving cross border issues in Spain. Beginning with a general introduction, the monograph goes on to discuss the choice of law technique, sources of private international law, and the relevant connection with other laws. Then follows clear description and analysis of the rules of choice of law on natural and legal persons, contractual and non-contractual obligations, movable and immovable property, intangible property rights, company law, family law and succession law (including testamentary dispositions). The presentation concludes with an overview of relevant civil procedure, examining *lex fori* and issues of national and international jurisdiction, acceptability and enforcement of foreign judgements, and international arbitration. Its succinct yet scholarly nature, as well as the practical quality of the information it provides, make this book a valuable resource for lawyers handling cases in Spain."--Résumé de l'éditeur.

Words and Phrases for Lawyers

Derived from the renowned multi-volume International Encyclopaedia of Laws, this convenient volume provides comprehensive analysis of the legislation and rules that determine civil procedure and practice in Spain. Lawyers who handle transnational matters will appreciate the book's clear explanation of distinct terminology and application of rules. The structure follows the classical chapters of a handbook on civil procedure: beginning with the judicial organization of the courts, jurisdiction issues, a discussion of the various actions and claims, and then moving to a review of the proceedings as such. These general chapters are followed by a discussion of the incidents during proceedings, the legal aid and legal costs, and the regulation of evidence. There are chapters on seizure for security and enforcement of judgments, and a final section on alternative dispute resolution. Facts are presented in such a way that readers who are unfamiliar with specific terms and concepts in varying contexts will fully grasp their meaning and significance. Succinct, scholarly, and practical, this book will prove a valuable time-saving tool for business and legal professionals alike. Lawyers representing parties with interests in Spain will welcome this very useful guide, and academics and researchers will appreciate its comparative value as a contribution to the study of civil procedure in the international context.

Guia Bilingue Legal Para Todos/ Bilingual Legal Guide for All

The topics addressed in this book have traditionally been covered in separate publications on civil and commercial law. This dualism of regimes has made it difficult for students and professionals alike to comprehend Spanish private law as a whole. In the past this has led to inefficient duplication of

explanations, gaps in key areas and an altogether fragmented picture. Introduction to Spanish Private Law presents a consolidated, modern, and realistic image of today's Spanish private legal system. It combines both civil and commercial law and integrates them in the same book, making the overall subject far more accessible to readers. This united approach results in a more logical and efficient process of learning. Finally the issues that are addressed reflect the reality of today's economic and legal scene. This book attempts to provide the readers with the necessary legal instruments to tackle the real problems arising from a globalized modern society. The general principles in this book are presented from a practical point of view that emanates from the authors' conception of a legal system as an instrument to solve social problems in accordance with a set of principles, values and aims.

Spanish Legal Traditions

This volume investigates advances in the field of legal translation both from a theoretical and practical perspective, with professional and academic insights from leading experts in the field. Part I of the collection focuses on the exploration of legal translatability from a theoretical angle. Covering fundamental issues such as equivalence in legal translation, approaches to legal translation and the interaction between judicial interpretation and legal translation, the authors offer contributions from philosophical, rhetorical, terminological and lexicographical perspectives. Part II focuses on the analysis of legal translation from a practical perspective among different jurisdictions such as China, the EU and Japan, offering multiple and pluralistic viewpoints. This book presents a collection of studies in legal translation which not only provide the latest international research findings among academics and practitioners, but also furnish us with a new approach to, and new insights into, the phenomena and nature of legal translation and legal transfer. The collection provides an invaluable reference for researchers, practitioners, academics and students specialising in law and legal translation, philosophy, sociology, linguistics and semiotics.

Private International Law in Spain

This pocket-sized guide identifies common American legal phrases and concepts and provides accurate Spanish translations. The book is divided into sections based on substantive areas of law including criminal law, family law, labor and employment law, personal injury and medical malpractice, immigration, bankruptcy, and business law. In addition, a handy pronunciation guide makes communication a breeze.

The Ashgate Handbook of Legal Translation

Private law touches every aspect of people's daily lives—landholding, inheritance, private property, marriage and family relations, contracts, employment, and business dealings—and the court records and legal documents produced under private law are a rich source of information for anyone researching social, political, economic, or environmental history. But to utilize these records fully, researchers need a fundamental understanding of how private law and legal institutions functioned in the place and time period under study. This book offers the first comprehensive introduction in either English or Spanish to private law in Spanish Latin America from the colonial period to the present. M. C. Mirow organizes the book into three substantial sections that describe private law and legal institutions in the colonial period, the independence era and nineteenth century, and the twentieth century. Each section begins with an introduction to the nature and function of private law during the period and discusses such topics as legal education and lawyers, legal sources, courts, land, inheritance, commercial law,

family law, and personal status. Each section also presents themes of special interest during its respective time period, including slavery, Indian status, codification, land reform, and development and globalization.

Latin American Law

This book explores convergences of legal doctrine despite jurisdictional, cultural and political barriers, as well as divergences due to such barriers, examining topics that are of vital importance to contemporary legal scholars. Written by leading experts from all continents, its 26 chapters present a comparative analysis of cutting-edge legal issues of the 21st century. While each of the countries covered stands alone as a sovereign state, in a technologically advanced world their disparate systems nonetheless show comparable strategies in dealing with complex legal issues. Several of the chapters show how, in addition to state normative production and state adjudication, a growing panoply of non-state instruments and non-state adjudication are becoming more and more central to the legal field. This book is a key addition to the library of any scholar wanting to keep abreast of the major trends in contemporary law. Representing the current state of law in a vast range of areas, it covers each topic from a comparative perspective. Cet ouvrage, en examinant des sujets d'une importance vitale pour les juristes contemporains, traite des convergences de la doctrine juridique malgré les barrières juridictionnelles, culturelles et politiques ainsi que des divergences dues à ces barrières. Écrits par d'éminents universitaires de tous les continents, ses 26 chapitres présentent une analyse comparative de sujets juridiques majeurs du 21^e siècle. Dans un monde technologiquement avancé, bien que chaque pays analysé dans cet ouvrage demeure autonome en tant qu'État souverain, l'ensemble des systèmes disparates présente néanmoins des stratégies comparables pour traiter des questions juridiques complexes. En outre, plusieurs chapitres montrent comment, en plus de la production normative et de la résolution des différends étatiques, la panoplie croissante de différents types d'instruments non étatiques et de résolution non étatique des différends devient de plus en plus centrale dans la sphère juridique. Cet ouvrage est un ajout essentiel à la bibliothèque de tout universitaire souhaitant se tenir au courant des principales tendances du droit contemporain. Il couvre un vaste domaine de sujets traités d'un point de vue comparatif et représente l'état actuel du droit dans chaque domaine.
