Rough Country

The third Virgil Flowers novel by internationally bestselling author John Sandford While competing in a fishing tournament in a remote area of northern Minnesota, Virgil Flowers gets a call from his old friend Lucas Davenport to investigate a murder at a nearby resort, where a woman has been shot while kayaking. The resort is for women only: a place to relax, get fit, recover from plastic surgery, commune with nature, and sometimes get to know each other a little better. As Flowers begins investigating, he finds a web of connections between the people at the resort, the victim, and some local women: notably a talented country singer. And the more he digs, the more he discovers a multitude of motivations for murder: jealousy, greed, anger, and blackmail. And then Flowers learns that this is not the first death at this particular resort. Someone else died there, a year ago. And that there's about to be a third, definitely related death, any time now. And as for the fourth... well, Virgil better hope he can catch the killer before that happens. Because it could be his own. * * * Praise for John Sandford and the Virgil Flowers novels * * * 'Along the way to the satisfying ending, Virgil displays the rough humor and rough justice that make him such an appealing character' Publishers Weekly on Deep Freeze 'A knowing portrait of small-town life layered into a very well plotted mystery. Bad Blood

The fourth Virgil Flowers novel by internationally bestselling author John Sandford On a cold late Autumn Sunday in Southern Minnesota, a farmer bringing in his harvest is bludgeoned around the head by a young man wielding a bat. Leaving the unconscious farmer to drown in the grain bin, the young man calls the sheriff's office to report the 'accident'. Suspicious about the nature of the incident, Sheriff Lee Coakley quickly breaks the teenager down. But when she finds him hanging in his cell the next morning, she doubts it was remorse or guilt that led him to take his own life. In fact, she's not convinced it was suicide at all. Worried that she is up against a far more complicated case than she first thought, Coakley calls in Virgil Flowers. For an investigator with his expertise, it doesn't take long for Flowers to uncover a conspiracy that has bubbled away under the surface of this sleepy community for generations - and a series of crimes so monstrous that the small town can never be the same again. * * * Praise for John Sandford and the Virgil Flowers novels * * * 'Along the way to the satisfying ending, Virgil displays the rough humor and rough justice that make him such an appealing character' Publishers Weekly on Deep Freeze 'A knowing portrait of small-town life layered into a very well plotted mystery. Dark of the Moon

The very first Virgil Flowers novel by internationally bestselling author John Sandford! In the small town of Bluestem, Minnesota, where everybody knows everybody, a house way up on a ridge explodes into flames. Its owner, a man named Judd, is trapped inside and dies. But Judd's death wasn't a tragic accident... someone set his house on fire. Lots of people hated Judd, Flowers discovers. In fact, you'd probably have to look hard to find a person who had actually liked the man. But the thing is, Judd's death isn't the first in this small town in recent weeks. Three weeks earlier there'd been another murder — two, in fact — a doctor and his wife. The doctor was found propped up in his backyard, both eyes shot out. Before this, there hadn't been a murder in Bluestem in years — and now, suddenly, three? Flowers knows two things: this wasn't a coincidence, and this had to be personal. But just how personal is something even he doesn't realize, and may not find out until too late. Because the next victim... may be himself. * * * Praise for John Sandford and the Virgil Flowers novels * * * 'Along the way to the satisfying ending, Virgil displays the rough humor and rough justice that make him such an appealing character' Publishers Weekly on Deep Freeze 'A knowing portrait of small-town life layered into a very well plotted mystery. The second was a woman during a robbery. Then, hell, why not keep on going? As their crime spree cuts a swath through rural Minnesota, some of it captured on the killers' cell phones and sent to a local television station, Bureau of Criminal Apprehension investigator Virgil Flowers joins the growing army of cops trying to run them down. Bloody Genius

Virgil Flowers will have to watch his back – and his mouth – as he investigates a culture war turned deadly in this tense page-turner from the master of pulse-pounding thrillers. At the local state university, renowned Professor Quill goes to the library one night – and winds up dead. With no suspects, no prints, no murder weapon – not even a time of death – Virgil Flowers is brought in to investigate. Flowers discovers that, prior to his death, Quill had sparked a feud between two departments at the university. Each side carries their views to extremes, and Flowers soon realises he's dealing with people who, on this particular issue, are functionally crazy. Somewhere among this group of diametrically opposed zealots lurks a murderer. But with no leads, little evidence and the media breathing down his neck, can Flowers find him before he kills again? * * * Praise for John Sandford and the Virgil Flowers novels * * * 'John Sandford knows all there is to know about detonating the gut-level shocks of a good thriller' The New York Times Book Review 'Sandford has always been at the top of any list of great mystery writers. His writing and the appeal of his lead character are as fresh as ever' The Huffington Post 'Sandford is consistently brilliant' Cleveland Plain Dealer 'Along the way to the satisfying ending, Virgil displays the rough humor and rough justice that make him such an appealing character' Publishers Weekly on Deep Freeze 'A knowing portrait of small-town life layered into a very well plotted mystery. Holy Ghost

The eleventh Virgil Flowers novel by internationally bestselling author John Sandford Virgil Flowers investigates a miracle... and a murder... in the wickedly entertaining thriller from the master of pulse-pounding thrillers. Discover why Stephen King calls John Sandford 'one of the great novelists of all time!' Pinion, Minnesota: a huge city of all of seven hundred folks who define the phrase 'small town'. Nothing has ever happened in Pinion and nothing ever will... until the mayor of sorts (campaign promise: 'I'll Do What I Can') comes up with a scheme to put Pinion on the map. He's heard of a place where a floating image of the Virgin Mary turned the whole town into a shrine, attracting thousands of curious people and making the townsfolk rich overnight. Why not stage a prank in Pinion and do the same? No one gets hurt and everyone gets rich. What could go wrong? And then a dead body shows up. It turns out that lots can go wrong with a get-rich-quick scheme like this one... and lots will. It'll take everything Virgil Flowers has to put things to right – before someone else dies. * * * Praise for John Sandford and the Virgil Flowers novels * * * 'Along the way to the satisfying ending, Virgil displays the rough humor and rough justice that make him such an appealing character' Publishers Weekly on Deep Freeze 'A knowing portrait of small-town life layered into a very well plotted mystery. Field of Prey

The extraordinary new Lucas Davenport thriller from the number one New York Times-bestselling author and Pulitzer Prize winner John Sandford. 'He knows where the bodies are buried.' A familiar expression, often said with a laugh. But in Lucas Davenport's line of work, it's sometimes all too true.... When a county deputy is called out to an abandoned farmhouse in the cornfields of Minnesota by a couple of terrified teenagers, he finds that a body has been stuffed down a cistern. And then another, and another. By the time Lucas Davenport is called in, the police are up to fifteen bodies, and counting. And when Lucas begins to investigate, he makes some disturbing discoveries of his own. The victims have been killed over a great many years, one every summer, regular as clockwork. How could this

have happened without anybody noticing? Because one thing was for sure: The killer has to live close by. He is probably even someone they see every day...

Storm Front

#1 New York Times Bestseller An ancient relic is unearthed during an archaeological dig. A Minnesota college professor is keeping a secret that could change the world's history as we know it. For Virgil Flowers, the link between the two is inescapable—and his investigation, more dangerous and far-reaching than he can possibly imagine.

Buried Prey

A Lucas Davenport thriller by internationally bestselling novelist John Sandford When a whole block is torn down in central Minneapolis to make way for a new housing development, an unpleasant surprise is unearthed - the bodies of two girls, wrapped in plastic, underneath an old house. It looks like they've been down there a long time. Lucas Davenport knows exactly how long. In 1985, Davenport was a young cop just about to be promoted out of uniform, despite a reputation for playing fast and loose with the rules. A superb undercover guy, he was part of the massive police effort that followed the kidnapping of two girls who were never found again, dead or alive. The searches turned up nothing, so when the suspected kidnapper was killed in a shoot-out, the case was closed. But not for Davenport. He'd gotten deep into the case, and while he was convinced the suspect knew something, he didn't think he was the perpetrator - something just felt off. He argued hard about it to his bosses, but nobody wanted to hear. Until now. With the bodies discovered, the case is dusted off, just to tie a bow around it - but there's something wrong with the evidence. There are indications of tampering. Police tampering. And as Davenport investigates, it becomes clear: it wasn't just the bodies that were buried, but the truth - and there are a lot of people with a very strong stake in that truth never being uncovered. ***READERS LOVE THE PREY SERIES*** 'The best Lucas Davenport story so far. The man has a fine touch for outlaws' Stephen King on *Golden Prey* 'Sandford's trademark blend of rough humor and deadly action keeps the pages turning until the smile-inducing wrap-up, which reveals the fates of a number of his quirky, memorable characters' Publishers Weekly on *Golden Prey* 'It appears there is no limit to John Sandford's ability to keep new breath and blood flowing into his Lucas Davenport series. This is a series you must be reading if you are not already' Bookreporter.com 'Sandford has always been at the top of any list of great mystery writers. His writing and the appeal of his lead character are as fresh as ever' The Huffington Post 'Sandford is consistently brilliant' Cleveland Plain Dealer

Heat Lightning

The second Virgil Flowers novel by internationally bestselling author John Sandford 'When the going gets tough, try to unload it on that f***** Flowers' On a hot, humid summer night in Minnesota, Virgil Flowers gets a call from Lucas Davenport. A body has been found near a veterans' memorial in Stillwater, Minnesota, with two shots to the head and a lemon in his mouth. That's strange. What's stranger still, however, is this: two weeks ago, a body was discovered... with two shots to the head and a lemon in the victim's mouth. Davenport needs a man he can trust on this case, and there's no one he trusts more than Virgil Flowers. Flowers becomes convinced that someone is keeping a list—with many more names on it. And when he discovers what connects them all, he's almost sorry. Because if it's true, then this whole thing leads down a lot more trails than he thought it did—and every one of them is booby-trapped. But even Flowers has no idea how strange things are going to get. * * * Praise for John Sandford and the Virgil Flowers novels * * * 'Along the way to the satisfying ending, Virgil displays the rough humor and rough justice that make him such an appealing character' Publishers Weekly on *Deep Freeze* 'A knowing portrait of small-town life layered into a very well plotted mystery. Ocean Prey

THE #1 NEW YORK TIMES BESTSELLING THRILLER Lucas Davenport and Virgil Flowers join forces on a deadly maritime case like no other... An off-duty Coast Guardsman is fishing with his family

when he calls in some suspicious behaviour from a nearby boat. The slick craft has stopped to pick up a surfaced diver, who was apparently alone, without his own boat, in the middle of the ocean. None of it makes sense, and his hunch is proved right when all three Guardsmen who come out to investigate are shot and killed. They're federal officers killed on the job, which means the case is the FBI's turf. And when the FBI's investigation stalls out, they call in Lucas Davenport. But when the case turns lethal, Davenport will need to bring in every asset he can claim, including a detective with a fundamentally criminal mind: Virgil Flowers. In a case like no other, Flowers and Davenport will need to work together to catch the killers – before they become targets themselves. ***WHAT READERS ARE SAYING ABOUT OCEAN PREY*** 'John Sandford is my benchmark for thriller writers... Ocean Prey is Sandford at the peak of his game... if you have never read Sandford, give yourself a treat, get this book – but when you open it, make sure you have some reading time, because once started you won't want to stop' 5 star review 'Wow, how can you keep getting better. Top 5 all time from JS. Most series get stale. Not this one. Blown away. Really' 5 star review 'So good I have to pace myself because I don't want it to end!' 5 star review 'One of his best books to date. And I love his writing. Read them all' 5 star review 'The latest in the Lucas Davenport series and certainly as good as all the others... I would recommend the whole series to anyone' 5 star review ***READERS LOVE THE PREY SERIES*** 'One of the great novelists of all time' Stephen King 'A series writer who reads like a breath of fresh air' Daily Mirror 'John Sandford knows all there is to know about detonating the gut-level shocks of a good thriller' New York Times Book Review 'John Sandford has the Midas touch' Huffington Post 'Delivers twists to the very last sentence' Daily Mail 'Crime writer John Sandford is one of the best around' Sun

Shadow Prey

Whenever you hear the sky rumble, that usually means a storm. In Virgil Flowers' case, make that two. The first storm comes from, of all places, the Minnesota zoo. Two large, and very rare, Amur tigers have vanished from their cage, and authorities are worried sick that they've been stolen for their body parts. Traditional Chinese medicine prizes those parts for home remedies, and people will do extreme things to get what they need. Some of them are a great deal more extreme than others – as Virgil is about to find out. Then there's the homefront. Virgil's relationship with his girlfriend Frankie has been getting kind of serious, but when Frankie's sister moves in for the summer, the situation gets a lot more complicated. Forget a storm – this one's a tornado.

John Sandford: Virgil Flowers Novels 1-4

The tenth Virgil Flowers novel by internationally bestselling author John Sandford Class reunions: a time for memories. Good, bad and – as Virgil Flowers is about to find out – deadly. Virgil knows the town of Triptton, Minnesota, a little too well. A few years back, he investigated the corrupt – and as it turned out, homicidal – local school board, and now the town's back in view with more alarming news: A woman's been found dead, frozen in a block of ice. There's a possibility that it might be connected to a high school class of twenty years ago that has a mid-winter reunion coming up, and so, wrapping

his coat a little tighter, Virgil begins to dig into twenty years' worth of traumas, feuds, and bad blood. In the process, one thing becomes increasingly clear to him. It's true what they say: High school is murder. * * * Praise for John Sandford and the Virgil Flowers novels * * * 'Along the way to the satisfying ending, Virgil displays the rough humor and rough justice that make him such an appealing character' Publishers Weekly on Deep Freeze 'A knowing portrait of small-town life layered into a very well plotted mystery. Deep Freeze

From the Pulitzer Prize-winning author comes a brand new Virgil Flowers thriller that will keep you gripped until the very last page. "Barns, the chairman, looked around the room and said, 'Okay. We can do this. Let's see a show of hands. It's unanimous, or it's prison. Do we kill Clancy Conley?' "They all looked around at each other, each of them reluctant to go first. Then the fat man raised his hand, and then Kerns, and then the rest of them. "It's unanimous," Barns said." In southeast Minnesota, down on the Mississippi, a school board meeting is coming to an end. The board chairman announces that the rest of the meeting will be closed, due to personnel issues. "Issues" is correct. The proposal up for a vote before them is whether to authorize the killing of a local reporter. There are no votes against. Meanwhile, not far away, Virgil Flowers is helping out a friend by looking into a dognapping, which seems to be turning into something much bigger and uglier -- a team of dognappers supplying medical labs -- when he gets a call from Lucas Davenport. A murdered body has been found -- and the victim is a local reporter...

The fifth Virgil Flowers novel by internationally bestselling author John Sandford The superstore chain PyeMart has its sights set on a Minnesota river town, but two very angry groups want to stop it: local merchants, fearing for their businesses, and environmentalists, predicting ecological disaster. The protests don't seem to be slowing the project, though, until someone decides to take matters into his own hands. The first bomb goes off on the top floor of PyeMart's headquarters. The second one explodes at the construction site itself. The blasts are meant to inflict maximum damage - and they do. Who's behind the bombs, and how far will they go? It's Virgil Flowers's job to find out . . . before more people get killed. * * * Praise for John Sandford and the Virgil Flowers novels * * * 'Along the way to the satisfying ending, Virgil displays the rough humor and rough justice that make him such an appealing character' Publishers Weekly on Deep Freeze 'A knowing portrait of small-town life layered into a very well plotted mystery. Shock Wave

Murder, scandal, political espionage and an extremely dangerous woman. Lucas Davenport's going to be lucky to get out of this one alive. A Minnesota political fixer has hit the jackpot - or so he thinks. Hired to take down the incumbent U.S. senator with a vicious smear, to open the way for an ambitious, take-no-prisoners heiress who sees the Senate as merely a stepping-stone, he decides his payoff should be larger. The blackmail demand should yield some pretty large numbers, he thinks. Instead, he gets only a small one - 9 millimeters, to be exact. In the heart. Davenport is investigating the smear when the trail leads to the man's disappearance, then - very troublingly - to the Minneapolis police department, then - most troublingly of all - to a woman who could give Machiavelli lessons. She has very definite ideas about the way the world should work, and the money, ruthlessness and sheer will to make it happen. No matter who gets in the way.

A LUCAS DAVENPORT THRILLER BY GLOBAL BESTSELLING AUTHOR JOHN SANDFORD He knows how killers think. But what if this killer knows more? It's raining when psychiatrist Andi Manette leaves the parent-teacher meeting with her two daughters. She's tired and distracted, so she doesn't notice the red van parked beside her, or the van door slide open. The last thing she does notice is the hand reaching out for her and her girls . . . Hours later, deputy chief Lucas Davenport stands in the car park holding a blood-stained shoe in his hand. He knows that this case will be difficult, but he's got no idea that he might have met his match in a nemesis more intelligent – and more depraved – than any he has tracked before. A killer who knows more about mind games than even Davenport himself. Time is running out to find Andi and her daughters. Will this be the one case that Davenport can't solve? Easy Prey

Lucas Davenport confronts an old nemesis, now a powerful U.S. senator, in this thrilling #1 New York Times-bestselling new novel in the Prey series. Lucas Davenport had crossed paths with her before. A rich psychopath, Taryn Grant had run successfully for the U.S. Senate, where Lucas had predicted she'd fit right in. He was also convinced that she'd been responsible for three murders, though he'd never been able to prove it. Once a psychopath had gotten that kind of rush, though, he or she often needed another fix, so he figured he might be seeing her again. He was right. A federal marshal now, with a very wide scope of investigation, he's heard rumors that Grant has found her seat on the Senate intelligence committee, and the contacts she's made from it, to be very...useful. Pinning those rumors down was likely to be just as difficult as before, and considerably more dangerous. But they had unfinished business, he and Grant. One way or the other, he was going to see it through to the end.

As a perceptive and generous critic, Saintsbury's love for Victorian novels shines in 'The English Novel' as he lays out his critical essays and discussions on works by the likes of Swift, Scott, Thackeray, Austen, Dickens, and other writers of the late-nineteenth century. His positioning as a writer just after the Victorian era ended and the iconoclasts of the time had passed away makes his insights near-impossible to recreate now. This book offers a fascinating glimpse into the world of literature before the profusion of writers and genres and publishers, and is a must-read for anyone interested in the history of the English novel.

The English Novel

After the events in *Gathering Prey*, Lucas Davenport finds himself in a very unusual situation—no longer employed by the Minnesota BCA. His friend the governor is just cranking up a presidential campaign, though, and he invites Lucas to come along as part of his campaign staff. “Should be fun!” he says, and it kind of is—until they find they have a shadow: an armed man intent on killing the governor . . . and anyone who gets in the way.

Extreme Prey

THE NEW YORK TIMES BESTSELLER Lucas Davenport's first case as a U.S. Marshal sends him into uncharted territory in the thrilling new novel in the #1 New York Times-bestselling series. The man was smart and he didn't mind killing people. Welcome to the big leagues, Davenport. Thanks to some very influential people whose lives he saved, Lucas is no longer working for the Minnesota Bureau of Criminal Apprehension, but for the U.S. Marshals Service, and with unusual scope. He gets to pick his own cases, whatever they are, wherever they lead him. And where they've led him this time is into real trouble. A Biloxi, Mississippi, drug-cartel counting house gets robbed, and suitcases full of cash disappear, leaving behind five bodies, including that of a six-year-old girl. Davenport takes the case, which quickly spirals out of control, as cartel assassins, including a torturer known as the “Queen of home-improvement tools” compete with Davenport to find the Dixie Hicks shooters who knocked over the counting house. Things get ugly real fast, and neither the cartel killers nor the holdup men give a damn about whose lives Davenport might have saved; to them, he's just another large target. Filled with his trademark razor-sharp plotting and some of the best characters in suspense fiction, *Golden Prey* is further reason why “Sandford has always been at the top of any list of great mystery writers” (The Huffington Post).

Golden Prey

When his adopted daughter's friend reports that someone has been killing off a circle of nomadic panhandlers, Lucas travels to North Dakota, where he encounters a dangerously violent subculture.

Gathering Prey

Outbreak is Robin Cook at his hair-raising best. Blending a premise of consummate public concern with a galvanizingly suspenseful plot, he has perhaps created his signature work. When the director of a Los Angeles health maintenance clinic succumbs, along with seven patients, to an untreatable – and virulently contagious – virus, Atlanta's Center for Disease Control goes on red alert. Unless the virus is isolated and checked, mankind may be facing its gravest medical crisis since the Black Death. Assigned by the CDC to investigate the disease, Dr. Melissa Blumenthal is soon caught up in the ultimate nightmare. The California case is merely the first in a burgeoning series of outbreaks that occur in unrelated geographical areas but with puzzling commonalities: The locations are always health-care facilities, and the victims are only physicians and their patients. As her investigation takes increasingly bizarre turns, Melissa finds that behind the natural threat lurks a far more sinister possibility: sabotage. Before she discovers the truth, Melissa must overcome her superiors' fury, her colleagues' doubts – and the wrath of a powerful cabal, sworn to achieve its aims, no matter what the cost in human life – including Melissa's. Brilliantly imagined, fiendishly compelling, *Outbreak* is superb Robin Cook – the kind of speculative chiller that will reverberate in the reader's awareness long after the final page is turned.

'A seriously fun read.' - Dervla McTiernan, author of *The Murder Rule* 'Wickedly clever, highly original and thoroughly entertaining – I loved it!' - Chris Hammer, author of *Scrublands* 'Sulari Gentill delivers another murder mystery gem.' - Tim Ayliffe, author of *The Enemy Within* 'And then there is a scream. Ragged and terrified. A beat of silence even after it stops, until we all seem to realise that the Reading Room Rules no longer apply.' Hannah Tigone, bestselling Australian crime author, is crafting a new novel that begins in the Boston Public Library: four strangers; Winifred, Cain, Marigold and Whit are sitting at the same table when a bloodcurdling scream breaks the silence. A woman has been murdered. They are all suspects, and, as it turns out, each character has their own secrets and motivations – and one of them is a murderer. While crafting this new thriller, Hannah shares each chapter with her biggest fan and aspirational novelist, Leo. But Leo seems to know a lot about violence, motive, and how exactly to kill someone. Perhaps he is not all that he seems... *The Woman in the Library* is an unexpectedly twisty literary adventure that examines the complicated nature of friendship – and shows that words can be the most treacherous weapons of all.

The Woman in the Library

"A crackling addition to [the] *Prey* series" (Entertainment Weekly) from #1 New York Times bestselling author John Sandford. In a wealthy Minneapolis neighborhood, two elderly women are bludgeoned to death. They are apparent victims of a random robbery, though nothing of value appears to have been stolen. But when Lucas Davenport looks deeper, he fears that the victims weren't so random, and the items stolen were far from invaluable. As a pattern emerges it leads Lucas to...certainly not where he expected. Which is too bad, because the killers are expecting him. And that's only the first surprise...

Invisible Prey

Beloved heroes Lucas Davenport and Virgil Flowers are up against a powerful vigilante group with an eye on vengeance in the latest in the beloved series by the #1 New York Times bestselling author. The Five is believed to be made up of vigilante killers who are very bored...and very rich. They target the worst of society—rapists, murderers, and thieves—and then use their unlimited resources to offset the damage done by those who they've killed, donating untraceable Bitcoin to charities and victims via the dark net. The Five soon become the most popular figures on social media, a modern-day Batman...though their motives may not be entirely pure. After a woman is murdered in the Twin Cities, Virgil Flowers and Lucas Davenport are sent in to investigate. And they soon have their hands full--the killings are smart and carefully choreographed, and with no apparent direct connection to the victims, The Five are virtually untraceable. But if anyone can destroy this group, it will be the dynamic team of Davenport and Flowers.

Roland Johnson's autobiography is the triumphant story of a man who rose above an intellectual disability and devastating abuse to become a prominent leader in the self-advocacy movement. As a child, Roland was sent away to live at the infamous Pennhurst State School in Pennsylvania, where he was sexually assaulted and forced to do unpaid manual labor. When he finally got out, he discovered the "real world" had no place for people like him - people who weren't considered normal or valuable by societal standards. Through a hospital counseling program, Roland ultimately began to find his voice. He discovered an ability to speak his truth and to fight for other people with disabilities. He would become president of Speaking for Ourselves and bring wide-scale awareness to the struggles faced by people with disabilities, as well as the unique gifts those same people have to offer. Lost in a Desert World brings you into Roland's life through his own voice and both encourages and challenges you to connect to your own humanity as a means of connecting with the humanity present in all people. Roland Johnson was a man of great courage, vision, and determination. He had an alternate kind of intelligence - one not based on what we call intellect. In Roland Johnson's world, understanding - one person for another - is the way of the future, the only route to true freedom. **CRITICAL PRAISE** "Roland Johnson has an important story to tell. In writing this truth-telling autobiography, he becomes a powerful witness to the cost of segregation and the hope of community." - Joseph P. It was an honor to have him as my friend." - Tia Nelis, Chair of the Board of Self-Advocates Becoming Empowered (SABE) "It is rare, even in fiction let alone autobiography, when an author's words leap off the page through the ear to awaken the reader's heart. I never knew Roland Johnson. But thanks to Karl Williams, I am able to know Roland's playful spirit, his soul full of knowing, the truth of his experience. Bravo to both." - Lucy Gwin, Mouth Magazine "... Intimate and vivid portrayal ... Roland Johnson's autobiography ... breaks new ground regarding the authenticity with which it projects his voice ... Dark of the Moon

The very first Virgil Flowers novel by internationally bestselling author John Sandford! In the small town of Bluestem, Minnesota, where everybody knows everybody, a house way up on a ridge explodes into flames. Its owner, a man named Judd, is trapped inside and dies. But Judd's death wasn't a tragic accident... someone set his house on fire. Lots of people hated Judd, Flowers discovers. In fact, you'd probably have to look hard to find a person who had actually liked the man. But the thing is, Judd's death isn't the first in this small town in recent weeks. Three weeks earlier there'd been another murder — two, in fact — a doctor and his wife. The doctor was found propped up in his backyard, both eyes shot out. Before this, there hadn't been a murder in Bluestem in years — and now, suddenly, three? Flowers knows two things: this wasn't a coincidence, and this had to be personal. But just how personal is something even he doesn't realize, and may not find out until too late. Because the next victim... may be himself. * * * Praise for John Sandford and the Virgil Flowers novels * * * 'Along the way to the satisfying

The Targeter

A CIA analyst's "revealing and utterly engrossing account" of the world of high-stakes foreign intelligence and her role within the campaign to stop top-tier targets inside Al-Qaida (Joby Warrick). In 1999, 30-year-old Nada Bakos moved from her lifelong home in Montana to Washington, D.C., to join the CIA. Quickly realizing her affinity for intelligence work, Nada was determined to rise through the ranks of the agency first as an analyst and then as a Targeting Officer, eventually finding herself on the frontline of America's war against Islamic extremists. In this role, Nada was charged with determining if Iraq had a relationship with 9/11 and Al-Qaida, and finding the mastermind behind this terrorist activity: Abu Musab al-Zarqawi. Her team's analysis stood the test of time, but it was not satisfactory for some members of the Administration. In a tight, tension-packed narrative that takes the reader from Langley deep into Iraq, Bakos reveals the inner workings of the Agency and the largely hidden world of intelligence gathering post 9/11. Entrenched in the world of the CIA, Bakos, along with her colleagues, focused on leading U.S. Special Operations Forces to the doorstep of one of the world's most wanted terrorists. Filled with on-the-ground insights and poignant personal anecdotes, *The Targeter* shows us the great personal sacrifice that comes with intelligence work. This is Nada's story, but it is also an intimate chronicle of how a group of determined, ambitious men and women worked tirelessly in the heart of the CIA to ensure our nation's safety at home and abroad.

Heat Lightning

The second Virgil Flowers novel by internationally bestselling author John Sandford 'When the going gets tough, try to unload it on that f***** Flowers' On a hot, humid summer night in Minnesota, Virgil Flowers gets a call from Lucas Davenport. A body has been found near a veterans' memorial in Stillwater, Minnesota, with two shots to the head and a lemon in his mouth. That's strange. What's stranger still, however, is this: two weeks ago, a body was discovered... with two shots to the head and a lemon in the victim's mouth. Davenport needs a man he can trust on this case, and there's no one he trusts more than Virgil Flowers. Flowers becomes convinced that someone is keeping a list—with many more names on it. And when he discovers what connects them all, he's almost sorry. Because if it's true, then this whole thing leads down a lot more trails than he thought it did—and every one of them is booby-trapped. But even Flowers has no idea how strange things are going to get. * * * Praise for John Sandford and the Virgil Flowers novels * * * 'Along the way to the satisfying ending, Virgil displays the rough humor and rough justice that make him such an appealing character' Publishers Weekly on Deep Freeze 'A knowing portrait of small-town life layered into a very well plotted mystery. Dante in Love

With a biographer's eye for detail and a novelist's comprehension of the creative process, A. N. Wilson paints a masterful portrait of Dante Alighieri and unlocks one of the seminal works of literature for a new generation of readers. In Dante in Love, A. N. Wilson presents a glittering study of an artist and his world, arguing that without an understanding of medieval Florence, it is impossible to comprehend the meaning of Dante's great poem. He explains how the Italian States were at that time locked into violent feuds, mirrored in the ferocious competition between the Holy Roman Empire and the papacy. He explores Dante's preoccupations with classical mythology, numerology and the great Christian philosophers which inform every line of the Comedy. Dante in Love also lays bare the enigma of the man who never wrote about the mother of his children, yet immortalized the mysterious Beatrice, whom he barely knew.

Rough Country

The third Virgil Flowers novel by internationally bestselling author John Sandford While competing in a fishing tournament in a remote area of northern Minnesota, Virgil Flowers gets a call from his old friend Lucas Davenport to investigate a murder at a nearby resort, where a woman has been shot while kayaking. The resort is for women only: a place to relax, get fit, recover from plastic surgery, commune with nature, and sometimes get to know each other a little better. As Flowers begins investigating, he finds a web of connections between the people at the resort, the victim, and some local women: notably a talented country singer. And the more he digs, the more he discovers a multitude of motivations for murder: jealousy, greed, anger, and blackmail. And then Flowers learns that this is not the first death at this particular resort. Someone else died there, a year ago. And that there's about to be a third, definitely related death, any time now. And as for the fourth... well, Virgil better hope he can catch the killer before that happens. Because it could be his own. * * * Praise for John Sandford and the Virgil Flowers novels * * * 'Along the way to the satisfying ending, Virgil displays the rough humor and rough justice that make him such an appealing character' Publishers Weekly on Deep Freeze 'A knowing portrait of small-town life layered into a very well plotted mystery. Uncaged (The Singular Menace, 1)

Affective Health and Masculinities in South Africa explores how different masculinities modulate substance use, interpersonal violence, suicidality, and AIDS as well as recovery cross-culturally. With a focus on three male protagonists living in very distinct urban areas of Cape Town, this comparative ethnography shows that men's struggles to become invulnerable increase vulnerability. Through an analysis of masculinities as social assemblages, the study shows how affective health problems are tied to modern individualism rather than African 'tradition' that has become a cliché in Eurocentric gender studies. Affective health is conceptualized as a balancing act between autonomy and connectivity that after colonialism and apartheid has become compromised through the imperative of self-reliance. This book provides a rare perspective on young men's vulnerability in everyday life that may affect the reader and spark discussion about how masculinities in relationships shape physical and psychological health. Moreover, it shows how men change in the face of distress in ways that may look different than global health and gender-transformative approaches envision. Thick descriptions of actual events over the life course make the study accessible to both graduate and undergraduate students in the social sciences. Contributing to current debates on mental health and masculinity, this volume will be of interest to scholars from various disciplines including anthropology, gender studies, African studies, psychology, and global health.

Certain Prey

He became a movie star playing The Man With No Name, and today his name is known around the world. Measured by longevity, productivity, and profits, Clint Eastwood is the most successful actor-director-producer in American film history. This book examines the major elements of his career, focusing primarily on his work as a director but also exploring the evolution of his acting style, his long association with screen violence, his interest in jazz, and the political views – sometimes hotly controversial – reflected in his films and public statements. Especially fascinating is the pivotal question that divides critics and moviegoers to this day: is Eastwood a capable director with a photogenic face, a modest acting talent, and a flair for marketing his image? Or is he a true cinematic auteur with a distinctive vision of America's history, traditions, and values? From A Fistful of Dollars and Dirty Harry to Million Dollar Baby and beyond, The Cinema of Clint Eastwood takes a close-up look at one of the screen's most influential and charismatic stars.

Bad Blood

The fourth Virgil Flowers novel by internationally bestselling author John Sandford On a cold late Autumn Sunday in Southern Minnesota, a farmer bringing in his harvest is bludgeoned around the

head by a young man wielding a bat. Leaving the unconscious farmer to drown in the grain bin, the young man calls the sheriff's office to report the 'accident'. Suspicious about the nature of the incident, Sheriff Lee Coakley quickly breaks the teenager down. But when she finds him hanging in his cell the next morning, she doubts it was remorse or guilt that led him to take his own life. In fact, she's not convinced it was suicide at all. Worried that she is up against a far more complicated case than she first thought, Coakley calls in Virgil Flowers. For an investigator with his expertise, it doesn't take long for Flowers to uncover a conspiracy that has bubbled away under the surface of this sleepy community for generations - and a series of crimes so monstrous that the small town can never be the same again. * * * Praise for John Sandford and the Virgil Flowers novels * * * 'Along the way to the satisfying ending, Virgil displays the rough humor and rough justice that make him such an appealing character' Publishers Weekly on Deep Freeze 'A knowing portrait of small-town life layered into a very well plotted mystery. Deep Freeze

The tenth Virgil Flowers novel by internationally bestselling author John Sandford Class reunions: a time for memories. Good, bad and – as Virgil Flowers is about to find out – deadly. Virgil knows the town of Triptton, Minnesota, a little too well. A few years back, he investigated the corrupt – and as it turned out, homicidal – local school board, and now the town's back in view with more alarming news: A woman's been found dead, frozen in a block of ice. There's a possibility that it might be connected to a high school class of twenty years ago that has a mid-winter reunion coming up, and so, wrapping his coat a little tighter, Virgil begins to dig into twenty years' worth of traumas, feuds, and bad blood. In the process, one thing becomes increasingly clear to him. It's true what they say: High school is murder. * * * Praise for John Sandford and the Virgil Flowers novels * * * 'Along the way to the satisfying ending, Virgil displays the rough humor and rough justice that make him such an appealing character' Publishers Weekly on Deep Freeze 'A knowing portrait of small-town life layered into a very well plotted mystery. As Flowers begins investigating, he finds a web of connections between the people at the resort, the victim, and some local women: notably a talented country singer. And the more he digs, the more he discovers a multitude of motivations for murder: jealousy, greed, anger, and blackmail. And then Flowers learns that this is not the first death at this particular resort. Someone else died there, a year ago. And that there's about to be a third, definitely related death, any time now. Rowlandson's Oxford is a book by A. Hamilton Gibbs. Gibbs was an English American novelist, here exploring the history and traditions of the Oxford University in England. Excerpt: "It is, therefore, with great diffidence that I have attempted to resuscitate the life and moods of Oxford of the eighteenth century. Barely two years have elapsed since the days when I looked out from my windows into the quad of my college. All the work and play, the alarms and excursions which go to form the life of the average Undergraduate have not yet had time to fade into dim, half forgotten memories. Alma Mater still grasps me in her warm hand. So vivid indeed are all the impressions which I received from the friendly gargoyles and the peace-touched lawns, the beautiful colleges with their silent cloisters, the full-blooded twenty-firsters and bump-suppers, and the thousand and one everyday happenings, that I might be merely awaiting the passing of vacation to go up once more."

Rowlandson's Oxford

Whenever you hear the sky rumble, that usually means a storm. In Virgil Flowers' case, make that two. The first storm comes from, of all places, the Minnesota zoo. Two large, and very rare, Amur tigers have vanished from their cage, and authorities are worried sick that they've been stolen for their body parts. Traditional Chinese medicine prizes those parts for home remedies, and people will do extreme things to get what they need. Some of them are a great deal more extreme than others – as Virgil is about to find out. Then there's the homefront. Virgil's relationship with his girlfriend Frankie has been getting kind of serious, but when Frankie's sister moves in for the summer, the situation gets a lot more complicated. Forget a storm – this one's a tornado.

****THE #1 NEW YORK TIMES BESTSELLING THRILLER**** Lucas Davenport and Virgil Flowers join forces on a deadly maritime case like no other... An off-duty Coast Guardsman is fishing with his family when he calls in some suspicious behaviour from a nearby boat. The slick craft has stopped to pick up a surfaced diver, who was apparently alone, without his own boat, in the middle of the ocean. None of it makes sense, and his hunch is proved right when all three Guardsmen who come out to investigate are shot and killed. They're federal officers killed on the job, which means the case is the FBI's turf. And when the FBI's investigation stalls out, they call in Lucas Davenport. But when the case turns lethal, Davenport will need to bring in every asset he can claim, including a detective with a fundamentally criminal mind: Virgil Flowers. In a case like no other, Flowers and Davenport will need to work together to catch the killers – before they become targets themselves. *****WHAT READERS ARE SAYING ABOUT OCEAN PREY***** 'John Sandford is my benchmark for thriller writers... Essays, conversations, and archival investigations explore the paradoxes, limitations, and social ramifications of trans representation within contemporary culture. The increasing representation of trans identity throughout art and popular culture in recent years has been nothing if not paradoxical. Trans visibility is touted as a sign of a liberal society, but it has coincided with a political moment marked both by heightened violence against trans people (especially trans women of color) and by the suppression of trans rights under civil law. *Trap Door* grapples with these contradictions. The essays, conversations, and dossiers gathered here delve into themes as wide-ranging yet interconnected as beauty, performativity, activism, and police brutality. Collectively, they attest to how trans people are frequently offered "doors"—entrances to visibility and recognition—that are actually "traps," accommodating trans bodies and communities only insofar as they cooperate with dominant norms. The volume speculates about a third term, perhaps uniquely suited for our time: the trapdoor, neither entrance nor exit, but a secret passageway leading elsewhere. *Trap Door* begins a conversation that extends through and beyond trans culture, showing how these issues have relevance for anyone invested in the ethics of visual culture. The Tuning of the World

#1 New York Times bestselling author John Sandford's 'haunting, unforgettable, ice-blooded thriller' – first in the Lucas Davenport series! The killer was mad but brilliant. He left notes with every woman he killed. Rules of murder: Never have a motive. Never follow a discernible pattern. Never carry a weapon after it has been used... So many rules to his sick, violent games of death. But Lucas Davenport, the cop who's out to get him, isn't playing by the rules. ***Praise for RULES OF PREY*** 'Terrifying... Sandford has crafted the kind of trimmed-to-the-bone thriller that is hard to put down... scary... intriguing... unpredictable' —Chicago Tribune 'Rules of Prey is so chilling that you're almost afraid to turn the pages. So mesmerizing you cannot stop... A crackle of surprises' —*Carl Hiaasen 'Sleek and nasty... The Secret Lives of Colour

The Investigator

Rough Country

The third Virgil Flowers novel by internationally bestselling author John Sandford While competing in a fishing tournament in a remote area of northern Minnesota, Virgil Flowers gets a call from his old friend Lucas Davenport to investigate a murder at a nearby resort, where a woman has been shot while kayaking. The resort is for women only: a place to relax, get fit, recover from plastic surgery, commune with nature, and sometimes get to know each other a little better. As Flowers begins investigating, he finds a web of connections between the people at the resort, the victim, and some local women: notably a talented country singer. And the more he digs, the more he discovers a multitude of motivations for

murder: jealousy, greed, anger, and blackmail. And then Flowers learns that this is not the first death at this particular resort. Someone else died there, a year ago. And that there's about to be a third, definitely related death, any time now. And as for the fourth... well, Virgil better hope he can catch the killer before that happens. Because it could be his own. * * * Praise for John Sandford and the Virgil Flowers novels * * * 'Along the way to the satisfying ending, Virgil displays the rough humor and rough justice that make him such an appealing character' Publishers Weekly on Deep Freeze 'A knowing portrait of small-town life layered into a very well plotted mystery. Dark of the Moon

The very first Virgil Flowers novel by internationally bestselling author John Sandford! In the small town of Bluestem, Minnesota, where everybody knows everybody, a house way up on a ridge explodes into flames. Its owner, a man named Judd, is trapped inside and dies. But Judd's death wasn't a tragic accident... someone set his house on fire. Lots of people hated Judd, Flowers discovers. In fact, you'd probably have to look hard to find a person who had actually liked the man. But the thing is, Judd's death isn't the first in this small town in recent weeks. Three weeks earlier there'd been another murder — two, in fact — a doctor and his wife. The doctor was found propped up in his backyard, both eyes shot out. Before this, there hadn't been a murder in Bluestem in years — and now, suddenly, three? Flowers knows two things: this wasn't a coincidence, and this had to be personal. But just how personal is something even he doesn't realize, and may not find out until too late. Because the next victim... may be himself. * * * Praise for John Sandford and the Virgil Flowers novels * * * 'Along the way to the satisfying ending, Virgil displays the rough humor and rough justice that make him such an appealing character' Publishers Weekly on Deep Freeze 'A knowing portrait of small-town life layered into a very well plotted mystery. Bad Blood

The fourth Virgil Flowers novel by internationally bestselling author John Sandford On a cold late Autumn Sunday in Southern Minnesota, a farmer bringing in his harvest is bludgeoned around the head by a young man wielding a bat. Leaving the unconscious farmer to drown in the grain bin, the young man calls the sheriff's office to report the 'accident'. Suspicious about the nature of the incident, Sheriff Lee Coakley quickly breaks the teenager down. But when she finds him hanging in his cell the next morning, she doubts it was remorse or guilt that led him to take his own life. In fact, she's not convinced it was suicide at all. Worried that she is up against a far more complicated case than she first thought, Coakley calls in Virgil Flowers. For an investigator with his expertise, it doesn't take long for Flowers to uncover a conspiracy that has bubbled away under the surface of this sleepy community for generations - and a series of crimes so monstrous that the small town can never be the same again. * * * Praise for John Sandford and the Virgil Flowers novels * * * 'Along the way to the satisfying ending, Virgil displays the rough humor and rough justice that make him such an appealing character' Publishers Weekly on Deep Freeze 'A knowing portrait of small-town life layered into a very well plotted mystery. From the Pulitzer Prize-winning author comes a brand new Virgil Flowers thriller that will keep you gripped until the very last page. "Barns, the chairman, looked around the room and said, 'Okay. We can do this. Let's see a show of hands. It's unanimous, or it's prison. Do we kill Clancy Conley?' "They all looked around at each other, each of them reluctant to go first. Then the fat man raised his hand, and then Kerns, and then the rest of them. "It's unanimous," Barns said." In southeast Minnesota, down on the Mississippi, a school board meeting is coming to an end. The board chairman announces that the rest of the meeting will be closed, due to personnel issues. "Issues" is correct. The proposal up for a vote before them is whether to authorize the killing of a local reporter. There are no votes against. Meanwhile, not far away, Virgil Flowers is helping out a friend by looking into a dognapping, which seems to be turning into something much bigger and uglier -- a team of dognappers supplying medical labs -- when he gets a call from Lucas Davenport. A murdered body has been found -- and the victim is a local reporter...

Escape Clause

Whenever you hear the sky rumble, that usually means a storm. In Virgil Flowers' case, make that two. The first storm comes from, of all places, the Minnesota zoo. Two large, and very rare, Amur tigers have vanished from their cage, and authorities are worried sick that they've been stolen for their body parts. Traditional Chinese medicine prizes those parts for home remedies, and people will do extreme things to get what they need. Some of them are a great deal more extreme than others -- as Virgil is about to find out. Then there's the homefront. Virgil's relationship with his girlfriend Frankie has been getting kind of serious, but when Frankie's sister moves in for the summer, the situation gets a lot more complicated. Forget a storm -- this one's a tornado.

Ocean Prey

****THE #1 NEW YORK TIMES BESTSELLING THRILLER**** Lucas Davenport and Virgil Flowers join forces on a deadly maritime case like no other... An off-duty Coast Guardsman is fishing with his family when he calls in some suspicious behaviour from a nearby boat. The slick craft has stopped to pick up a surfaced diver, who was apparently alone, without his own boat, in the middle of the ocean. None of it makes sense, and his hunch is proved right when all three Guardsmen who come out to investigate are shot and killed. They're federal officers killed on the job, which means the case is the FBI's turf. And when the FBI's investigation stalls out, they call in Lucas Davenport. But when the case turns lethal, Davenport will need to bring in every asset he can claim, including a detective with a fundamentally criminal mind: Virgil Flowers. In a case like no other, Flowers and Davenport will need to work together to catch the killers -- before they become targets themselves. *****WHAT READERS ARE SAYING ABOUT OCEAN PREY***** 'John Sandford is my benchmark for thriller writers... Field of Prey

The extraordinary new Lucas Davenport thriller from the number one New York Times-bestselling author and Pulitzer Prize winner John Sandford. 'He knows where the bodies are buried.' A familiar expression, often said with a laugh. But in Lucas Davenport's line of work, it's sometimes all too true.... When a county deputy is called out to an abandoned farmhouse in the cornfields of Minnesota by a couple of terrified teenagers, he finds that a body has been stuffed down a cistern. And then another, and another. By the time Lucas Davenport is called in, the police are up to fifteen bodies, and counting. And when Lucas begins to investigate, he makes some disturbing discoveries of his own. The victims have been killed over a great many years, one every summer, regular as clockwork. How could this have happened without anybody noticing? Because one thing was for sure: The killer has to live close by. He is probably even someone they see every day...

Silken Prey

Murder, scandal, political espionage and an extremely dangerous woman. Lucas Davenport's going to be lucky to get out of this one alive. A Minnesota political fixer has hit the jackpot - or so he thinks. Hired to take down the incumbent U.S. senator with a vicious smear, to open the way for an ambitious, take-no-prisoners heiress who sees the Senate as merely a stepping-stone, he decides his payoff should be larger. The blackmail demand should yield some pretty large numbers, he thinks. Instead, he gets only a small one - 9 millimeters, to be exact. In the heart. Davenport is investigating the smear when the trail leads to the man's disappearance, then - very troublingly - to the Minneapolis police department, then - most troublingly of all - to a woman who could give Machiavelli lessons. She has very definite ideas about the way the world should work, and the money, ruthlessness and sheer will to make it happen. No matter who gets in the way.

Buried Prey

A Lucas Davenport thriller by internationally bestselling novelist John Sandford When a whole block is torn down in central Minneapolis to make way for a new housing development, an unpleasant surprise is unearthed - the bodies of two girls, wrapped in plastic, underneath an old house. It looks like they've been down there a long time. Lucas Davenport knows exactly how long. In 1985, Davenport was a young cop just about to be promoted out of uniform, despite a reputation for playing fast and loose with the rules. A superb undercover guy, he was part of the massive police effort that followed the kidnapping of two girls who were never found again, dead or alive. The searches turned up nothing, so when the suspected kidnapper was killed in a shoot-out, the case was closed. But not for Davenport. He'd gotten deep into the case, and while he was convinced the suspect knew something, he didn't think he was the perpetrator - something just felt off. He argued hard about it to his bosses, but nobody wanted to hear. Until now. With the bodies discovered, the case is dusted off, just to tie a bow around it - but there's something wrong with the evidence. There are indications of tampering. Police tampering. And as Davenport investigates, it becomes clear: it wasn't just the bodies that were buried, but the truth - and there are a lot of people with a very strong stake in that truth never being uncovered. ***READERS LOVE THE PREY SERIES*** 'The best Lucas Davenport story so far. Easy Prey

Centurions were the guardians of Rome. At the height of the Roman Republic there were over five thousand qualified Roman Centurions in the Legions. To be a Centurion required that, in a mostly illiterate society, one be able to read and write clearly, to be able to convey and create orders, to be

capable of not only performing every skill of a Roman soldier but teach every skill of a Roman soldier. Becoming a Centurion required intense physical ability, courage beyond the norm, years of sacrifice and a total devotion to the philosophy which was Rome. When Rome fell to barbarian invaders, there were less than five hundred qualified Centurions. Not because Rome had fewer people but because it had fewer willing to make the sacrifices. And the last Centurions left their shields in the heather and took a barbarian bride . . . We are . . . The Last Centurions. At the publisher's request, this title is sold without DRM (Digital Rights Management).

The Last Centurion

The tenth Virgil Flowers novel by internationally bestselling author John Sandford Class reunions: a time for memories. Good, bad and – as Virgil Flowers is about to find out – deadly. Virgil knows the town of Triptton, Minnesota, a little too well. A few years back, he investigated the corrupt – and as it turned out, homicidal – local school board, and now the town's back in view with more alarming news: A woman's been found dead, frozen in a block of ice. There's a possibility that it might be connected to a high school class of twenty years ago that has a mid-winter reunion coming up, and so, wrapping his coat a little tighter, Virgil begins to dig into twenty years' worth of traumas, feuds, and bad blood. In the process, one thing becomes increasingly clear to him. It's true what they say: High school is murder. * * * Praise for John Sandford and the Virgil Flowers novels * * * 'Along the way to the satisfying ending, Virgil displays the rough humor and rough justice that make him such an appealing character' Publishers Weekly on Deep Freeze 'A knowing portrait of small-town life layered into a very well plotted mystery. Saturn Run

An extraordinary modern novel in the Victorian tradition, Charles Palliser has created something extraordinary—a plot within a plot within a plot of family secrets, mysterious clues, low-born birth, high-reaching immorality, and, always, always the fog-enshrouded, enigmatic character of 19th century—London itself. "So compulsively absorbing that reality disappears . . . One is swept along by those enduring emotions that defy modern art and a random universe: hunger for revenge, longing for justice and the fantasy secretly entertained by most people that the bad will be punished and the good rewarded."—The New York Times "A virtuoso achievement . . . It is an epic, a tour de force, a staggeringly complex and tantalizingly layered tale that will keep readers engrossed in days. . . . The Quincunx will not disappoint you. It is, quite simply, superb."—Chicago Sun-Times "A bold and vivid tale that invites the reader to get lost in the intoxicating rhythms of another world. And the invitation is irresistible."—San Francisco Chronicle "A remarkable book . . . In mood, color, atmosphere and characters, this is Charles Dickens reincarnated . . . It is an immersing experience."—Los Angeles Times Book Review "To read the first pages is to be trapped for seven-hundred odd more: you cannot stop turning them."—The New Yorker "Few books, at most a dozen or two in a lifetime, affect us this way. . . . For sheer intricacy and ingenuity, for skill and clarity of storytelling, it is the kind of book readers wait for, a book to get lost in."—The Philadelphia Inquirer

Winter Prey

'A seriously fun read.' - Dervla McTiernan, author of *The Murder Rule* 'Wickedly clever, highly original and thoroughly entertaining – I loved it!' - Chris Hammer, author of *Scrublands* 'Sulari Gentill delivers another murder mystery gem.' - Tim Ayliffe, author of *The Enemy Within* 'And then there is a scream. Ragged and terrified. A beat of silence even after it stops, until we all seem to realise that the Reading Room Rules no longer apply.' Hannah Tigone, bestselling Australian crime author, is crafting a new novel that begins in the Boston Public Library: four strangers; Winifred, Cain, Marigold and Whit are sitting at the same table when a bloodcurdling scream breaks the silence. A woman has been murdered. They are all suspects, and, as it turns out, each character has their own secrets and motivations – and one of them is a murderer. While crafting this new thriller, Hannah shares each chapter with her biggest fan and aspirational novelist, Leo. But Leo seems to know a lot about violence, motive, and how exactly to kill someone. Perhaps he is not all that he seems... *The Woman in the Library* is an unexpectedly twisty literary adventure that examines the complicated nature of friendship – and shows that words can be the most treacherous weapons of all.

The Neon Rain

Outbreak is Robin Cook at his hair-raising best. Blending a premise of consummate public concern with a galvanizingly suspenseful plot, he has perhaps created his signature work. When the director of a Los Angeles health maintenance clinic succumbs, along with seven patients, to an untreatable – and virulently contagious – virus, Atlanta's Center for Disease Control goes on red alert. Unless the virus is isolated and checked, mankind may be facing its gravest medical crisis since the Black Death. Assigned by the CDC to investigate the disease, Dr. Melissa Blumenthal is soon caught up in the ultimate nightmare. The California case is merely the first in a burgeoning series of outbreaks that occur in unrelated geographical areas but with puzzling commonalities: The locations are always health-care facilities, and the victims are only physicians and their patients. As her investigation takes increasingly bizarre turns, Melissa finds that behind the natural threat lurks a far more sinister possibility: sabotage. Before she discovers the truth, Melissa must overcome her superiors' fury, her colleagues' doubts – and the wrath of a powerful cabal, sworn to achieve its aims, no matter what the cost in human life – including Melissa's. Brilliantly imagined, fiendishly compelling, *Outbreak* is superb Robin Cook – the

kind of speculative chiller that will reverberate in the reader's awareness long after the final page is turned.

Lucas Davenport confronts an old nemesis, now a powerful U.S. senator, in this thrilling #1 New York Times-bestselling new novel in the Prey series. Lucas Davenport had crossed paths with her before. A federal marshal now, with a very wide scope of investigation, he's heard rumors that Grant has found her seat on the Senate intelligence committee, and the contacts she's made from it, to be very...useful. Pinning those rumors down was likely to be just as difficult as before, and considerably more dangerous. But they had unfinished business, he and Grant. One way or the other, he was going to see it through to the end.
