The Autobiography Of a Boy;

With a flick of his locks and a lash of his tongue, Boy George waltzed into musical stardom in 1982 with his smash hit "Do You Really Want to Hurt Me?" As the quintessential pop star of the 1980s, Boy George was constantly in the public eye, with a string of platinum Culture Club hits, sensational personal appearances, camp behavior, and gender-bending dress fueling the media's infatuation. A Grammy Award for "Karma Chameleon" sealed Boy George's pop-icon status as the avant-garde star whose beguiling melodies and impertinent one-liners seduced an unsuspecting public. But after he reached the pinnacle of success, his life took a devastating turn. Culture Club went into eclipse, his hushed-up relationship with drummer Jon Moss fell apart, and Boy George found a new and dangerous obsession: drugs. In this electrifying memoir, Boy George tells the story of the crazy highs and desperate lows; the family struggles; the friends and lovers—gay, straight, and transvestite; the obsessive media infatuation; and the agony, shame, and despair of withdrawal. Filled with confession, revelation, and inspiration, *Take It Like a Man* is the mesmerizing account of how George achieved the nearly impossible—coming back from addiction and achieving health, sobriety, and a new horizon of musical success.

Take It Like a Man

Excerpt from *The Autobiography of a Boy: Passages Selected by His Friend* In fulfilling a promise made to my friend, whom by your leave I will call simply Tubby, I have been conscious of a somewhat difficult dilemma. When he went to Canada, he placed the manuscript of his autobiography in my hands, with power to select and abridge. I perceived that if I published it in all its length nobody would read it: his life in England was not various, his orbit was circumscribed, the people he met and the situations he faced had a certain sameness, the comments he made on them dealt in repetitions. The Autobiography of a Boy

From the creator of *Dad's Army* comes the wonderfully written and evocative tale of the life and adventures that inspired the hit TV shows. Highly entertaining and funny, *A Stupid Boy* gives fascinating insights into Perry's *Dad's Army* and his other much-loved British comedies including *It Ain't Half Hot*, *Mum and Hi-De-Hi!*: the real-life individuals who inspired the characters and events, and

behind-the-scenes stories - including how Dad's Army came about, and how it was very nearly dropped, never to appear on our screens.

The Autobiography of a Boy

Charming, funny, a good friend, a less than perfect boyfriend, Spencer Matthews is one of the most talked-about stars of Made in Chelsea. But what lies behind his sometimes controversial behaviour? In Confessions of a Chelsea Boy, his honest and revealing autobiography, Spencer opens up about life before the cameras, including growing up on the beautiful island of St Barths where his parents own the exclusive Eden Rock hotel. He also writes movingly about the devastating loss of his brother on Everest, and the close family ties that ground him. Spencer describes his antics at Eton, where the masters declared they'd never met a boy like him before (this was not entirely a compliment), and introduces us to his friends Proudlock, Jamie, Hugo and Caggie. He takes us from his first kiss to his many romantic adventures (and misadventures) and describes the four loves of his life so far and why things didn't work out. From St Barths to St Tropez, from London to New York, Spencer also gives us glimpses into his world as he gambles with Hollywood stars, runs away from an enraged Middle-Eastern despot, and narrowly avoids death in a powerboat crash. Sensational, entertaining, full of laughter, this is the real Spenny as you've never seen him before.

A Stupid Boy

My Autobiography is written predominantly for the benefit of my children, Grandchildren and my Great Grandchildren and it has been my urgent desire to leave them this tangible legacy, that paints a picture in their minds of who the man was who wrote the words of this book and to remember me as the years pass on. My greatest wish is that my Mother and my Father's loving memory, drawn across the pages of this book would not fade and die with time but will always remain fresh in the minds of those who follow in my blood line, that their lives will be recorded for many years to come. May my story show that the events that changed my Father's destiny was after all in the plan of Almighty God and that my dear Mother's life would not have been in vain but that her evacuation to England during the dark days of World War two will be seen as God's will. Contained in the pages of this book are over 120 illustrated (Mostly coloured) photographs, my Spanish family tree with seven generations from the 1860s up till 2013, together with a colourful honest profile of the Author. But most poignantly is the whole chapter devoted to my family; personal letters I have written to each of them from my heart, as though sent from Heaven, with all the tenderness and love that I can muster. This is my own story told as though it had only just happened, but perhaps as you read through my Autobiography you will feel an urgent call to write down your story too for the generations that follow after you. I present to you therefore my book, which has taken me more than two years to put together and in writing has opened deep wounds in my heart that had long been forgotten. This then is the enthralling Autobiography of a boy who almost missed being born. All the material in this book is subject to copyright protection 2013 (c)

Autobiography of a Beggar Boy

Phizzwhizzing new cover look and branding for the World's NUMBER ONE Storyteller! BOY, Roald Dahl's bestselling autobiography, is full of hilarious anecdotes about his childhood and school days, illustrated by Quentin Blake. As a boy, all sorts of unusual things happened to Roald Dahl. There was the time he and four school friends got their revenge on beastly Mrs Pratchett in her sweet shop. There are stories of holidays in fishing boats, African adventures and the days of tasting chocolate for Cadbury's. You'll hear tales of horrible school bullies and the motor-car accident when Roald's nose was nearly sliced clean off . . . Roald Dahl vividly shares his memories; some are funny. Some are painful. Some are unpleasant. All are true. You can listen to all of Roald Dahl's stories on Puffin Audiobooks, read by some very famous voices, including Kate Winslet, David Walliams and Steven Fry - plus there are added squelchy sound effects from Pinewood Studios! Also look out for new Roald Dahl apps in the App store and Google Play- including the disgusting TWIT OR MISS! and HOUSE OF TWITS inspired by the revolting Twits.

the autobiography of a beggar boy

Acting wasn't a long-held childhood dream for Larry Lamb, instead his childhood memories are filled with recollections of his parents continuously fighting. Life in the Lamb household veered from laughter and happy moments to hysterical outbursts. Larry was only too often caught in the middle and found himself at the centre of his father's raging anger, tormented by a man who struggled with the enormity

of fatherhood. When his parents' marriage finally broke down, Larry's mother moved out. For years Larry didn't know where his mum lived and he didn't dare talk of her at home, his mother's absence left a gaping hole. As soon as Larry was old enough, he left home. Putting as much distance as he could between himself and his volatile childhood, he set off on a journey - looking for the close female companionship he'd missed out on with his mother as he went - that would take him to work as an encyclopaedia salesman in Germany, in the oil business in Libya and Nova Scotia until he found himself starring on Broadway. In time it would take him to Hollywood too and bring him leading roles on the Square in Eastenders and in Billericay in the much-loved comedy Gavin and Stacey.

Confessions of a Chelsea Boy

'The best memoir by a politician you will ever read' The Times School on the Kings Road, Chelsea in the Swinging 60s, the rock-and-roll years, the race riots; this boy has seen it all. Alan Johnson's childhood was not so much difficult as unusual - particularly for a man who was destined to become Home Secretary. Not in respect of the poverty, which was shared with many of those living in Britain's post-war slums, but in its transition from being part of a two-parent family to having a single mother and then to no parents at all... This is essentially the story of two incredible women: Alan's mother, Lily, who battled against poor health, poverty, domestic violence and loneliness to try to ensure a better life for her children; and his sister, Linda, who had to assume an enormous amount of responsibility at a very young age and who fought to keep the family together and out of care when she herself was still only a child. This Boy is one man's story, but it is also the story of England and the West London slums which are hard to imagine in the capital today. No matter how harsh the details, Alan Johnson writes with a spirit of generous acceptance, of humour and openness which makes his book anything but a grim catalogue of miseries. _____ PRAISE FOR THIS BOY: 'Moving and unforgettable' Sunday Times 'Poignant' Telegraph 'Eloquent' Guardian 'Wonderful' Spectator 'Tribute to two strong women' Daily Mail

Boy

Identifies a literary genre that flourished between the Civil War and World War I--the American boy book--showing it as distinct from other genres such as the didactic story for boys or the developmental autobiography of childhood, and studying what gave rise to it, the forms it took, what problems it addressed, and why it disappeared. Mummy's Boy

Danny Boy grew up on one of the most influential record labels in the history of rap music. As the adopted son of Suge Knight, Danny rubbed elbows with the best of the best in the music industry. He sang for Teena Marie, collaborated with Lisa Left Eye Lopes, and formed a friendship with Jodeci members, K-Ci and JoJo. He witnessed both the rise and fall of Death Row Records, traveled with

Suge and Tupac, and performed with some of the greatest musicians of all times. Danny is probably most widely known for "I Ain't Mad at Cha," the iconic song he recorded with the late Tupac Shakur. But there's more to his story. In this autobiography, he shares his secrets, his heartaches, and loves; he takes the reader on a journey that is unforgettable.

This Boy

This autobiography of the first Dean of the College of Agriculture at Cornell University offers an unconventional account of farm life in New York and the Middle West during the nineteenth century, and of the difficulties attendant upon building up a vital and progressive agricultural college. Born in Seneca County, New York, in 1833, Isaac Phillips Roberts emigrated west—first to Indiana, where he worked as a carpenter until he was able to buy a farm, and taught school during the winters; then, in 1862, to Mount Pleasant, Iowa, in a pioneer wagon with his wife, Margaret, and daughter. In 1869, he became the Superintendent of the Farm and Secretary of the Board of Trustees of the Iowa Agricultural College at Ames, where he soon became Professor of Agriculture. In 1873, he returned to New York to take a similar position at Cornell University; shortly thereafter, he was made Dean of the Faculty of Agriculture and Director of the Experiment Station. During his thirty years of service in Ithaca, he wrote voluminously on agricultural subjects, and after his retirement, penned *Autobiography of a Farm Boy*, initially published in 1916, reissued by Cornell University Press in 1946, and now made available in paperback. He died in Palo Alto, California, in 1928.

The Cutting of a Rough Diamond

Shortlisted for the William Hill Sports Book of the Year Award The Sunday Times Sports Book of the Year The Times Sports Book of the Year Telegraph Football Book of the Year 'Ferris's wonderful memoir represents a twin triumph. He has endured every kind of setback in life but has invariably reinvented himself; and his writing is a pure pleasure.' The Sunday Times 'Enough depth and humanity to make your average football autobiography look like a Ladybird book.' Telegraph 'A masterpiece of the genre' Brian McNally 'Football memoirs rarely produce great literature but Ferris's *The Boy on the Shed* is a glistening exception.' Guardian 'Fascinating and stylishly told.' David Walsh, The Sunday Times *The Boy on the Shed* is a story of love and fate. At 16, Paul Ferris becomes Newcastle United's youngest-ever first-teamer. Like many a tricky winger from Northern Ireland, he is hailed as 'the new George Best'. As a player and later a physio and member of the Magpies' managerial team, Paul's career acquaints him not only with Kevin Keegan, Kenny Dalglish and Bobby Robson, Ruud Gullit, Paul Gascoigne and Alan Shearer but also with injury, insecurity and disappointment. Yet this autobiography is more than a tale of the vagaries of sporting fortune. It begins during 'The Troubles' in a working-class Catholic family in the Protestant town of Lisburn, near Belfast. After a childhood scarred by his mother's illness and sectarian hatred, Paul meets the love of his life, his future wife Geraldine. Talented and carefree on the pitch, shy and anxious off it, he earns a tilt at stardom. His first spell at Newcastle turns sour, as does his return as a physio, although obtaining a Masters degree shows him what he could achieve away from football. When Paul qualifies as a barrister, a career in Law beckons. Instead, a craving to prove himself in the game draws him back to St James' Park as part of Shearer's management triumvirate - with unfortunate consequences. Written with brutal candour, dark humour and consummate style, *The Boy on the Shed* is a riveting and moving account of a life less ordinary

Take it Like a Man

Published in 1913, when Henry James was 70, *A Small Boy and Others* is the first of three late volumes that taken together have sometimes been called the 'autobiography' of Henry James. The focus of *A Small Boy* is on the years of his infancy and boyhood up to the age of 15. Henry James was the final survivor of a remarkable family, and his memoir, written at the end of a long and tireless career, was prompted initially by the death of his "ideal Elder Brother," the psychologist and philosopher William James. *A Small Boy and Others* recounts the novelist's earliest years in Albany and, more importantly, New York City, where he was allowed to wander at will. He evokes the theatrical entertainments he enjoyed, the varied social scene in which the family mixed, and the piecemeal nature of his education. With the first of several extended trips, the "romance" of Europe begins as the small boy becomes acquainted with a British culture already familiar from his precocious reading of the great Victorian novelists. And it is in France, in the Louvre's Galerie d'Apollon, that he undergoes an initiation into the aesthetic power of great art and an intimation of all the "fun" it might bring him. Yet the child also registered, within this privileged and extended family group, signs of dysfunction and failure. James's

autobiography has significantly determined the nature and even the terms of the extensive biographical and critical interest he continues to enjoy.

Autobiography of a Farm Boy

The fascinating autobiography from the creator of "Dad's Army" and "It Ain't Half Hot, Mum." Very funny, and illustrated with over a hundred photographs, this highly entertaining autobiography is full of the people, stories and experiences from Jimmy Perry's childhood in London, his time in the Home Guard, as a Gunner in Burma, as a member of the Royal Artillery Concert Party entertaining the troops in India, and much more. These are the stories that inspired many of the characters and scenes from his much-loved comedies.

The Boy on the Shed: A remarkable sporting memoir with a foreword by Alan Shearer

Journalist and television producer Will Wyatt's account of growing up in Oxford in the 1940s and 1950s is a delightful, absorbing read.... He writes with fondness and humour, recalling the simple pleasures of England in the period.' -The Lady, 'Book of the Week' 'A very enjoyable read. Joyful and often very funny, the story moves along at a constantly entertaining pace. It's a great celebration of growing up.' -Michael Palin 'This is a remarkable memoir. Oxford Boy offers us a complete picture of a family's way of life. Aunts and uncles crowd its pages: tales of bricklaying, betting, school friendships and corner shops... all recalled fondly and evocatively. This is not academic Oxford, but the Oxford of Cowley workers and ex-servicemen. And, at its heart, a petty crime that launched Will Wyatt towards his remarkable BBC career.' -Joan Bakewell This is one boy's tale of growing up in Oxford in the forties and fifties. It is a foreign land of being caned on hand and bottom, of teachers washing out a child's mouth with soap as punishment for swearing. It was a time of conkers, fag cards and prozzie watching, when children asked strangers to take them in to the 'flicks' of collecting autographs in the Parks where that nice man asked the way to the gents... For this boy a scandalous act opened the door to everything important in the life that followed. His mother, who looked up to the 'proper gentry', was from a large Oxfordshire family in which several of her apparent siblings were her nephews and nieces. There was Auntie Daisy with her missing finger, who liked the American servicemen, and Uncle Stan, who took cash to buy his Jaguar while his brother rode passenger with loaded shotgun. The boy's father, wary of those who 'talked poundnoteish', came from an even larger, East Oxford family in which the boys were bricklayers whose hobby was diddling bookmakers and some of the girls provided R and R for undergrads. It is a picture of parents providing a rock steady home as they improved their position in life and encouraged their son to catch his 'golden ball'. He was fortunate in being guided by gifted teachers through the teenage years of discovering music, grappling with frothy petticoats, untold hours of sport and wasting time trying to imitate Harold Pinter. Oxford Boy provides a vivid picture of a long-lost city and of a childhood transformed by an unexpected event.

A Small Boy & Others

Presents humorous anecdotes from the author's childhood which includes summer vacations in Norway and an English boarding school.

A Small Boy and Others

A Small Boy and Others is a book of autobiography by Henry James published in 1913. The book covers James' earliest years and discusses his intellectually active family, his intermittent schooling, and his first trips to Europe. Summary and themes This memoir tells of a precocious boy who loved the sights and sounds of his childhood but felt reticent about full participation in life. The note is sounded from the first chapters, as James recounts the limitations-and rewards-of the child he was: "For there was the very pattern and measure of all he was to demand: just to be somewhere-almost anywhere would do-and somehow receive an impression or an accession, feel a relation or a vibration. He was to go without many things, ever so many-as all people do in whom contemplation takes so much the place of action; but everywhere...he was to enjoy more than anything the so far from showy practice of wondering and dawdling and gaping: he was really, I think, much to profit by it." James clearly suffered from a sense of his inferiority in the "showy," active parts of life. His older brother William always seemed superior in ability; his classmates scorned his hopelessness at math and science; even at a party he felt too embarrassed to join in the dancing. But he still observed and fantasized about all his family and his surroundings had to offer. When a cousin of his was told "don't make a scene," he suddenly realized that scenes could be made by telling a story or inventing a play. He went often to the theater and fell forever under its spell. His family met William Thackeray and Charles Dickens on their American tours, and James even remembered Thackeray mock-scolding his sister Alice for her crinoline dress: "Crinoline? I was suspecting it! So young and so depraved!" In fact, for all his surface diffidence, James harbored almost Napoleonic dreams of glory as an artist. Near the close of A Small Boy and Others he tells how, in much later years, he dreamed of routing a monstrous attacker and chasing him away through the halls of the Louvre, which he had seen as a child. The small boy, as hesitant and uncertain as he might seem, would triumph over his fears and develop his superb aptitude for narrative fiction... Henry James, OM (15 April 1843 - 28 February 1916) was an American-British author regarded as a key transitional figure between literary realism and literary modernism, and is considered by many to be among the greatest novelists in the English language. He was the son of Henry James Sr. and the brother of renowned philosopher and psychologist William James and diarist Alice James.

The Autobiography of a Boy; Passages Selected by His Friend, G.S. Street

'The thought behind this book is not just me wanting to tell my story in the standard autobiographical fashion but to create a kind of self-help book that includes my story. There are many things people don't know about me and maybe when they read about those things they will have an understanding of the journey I have been on, why I've made the mistakes I have and hopefully help other people overcome their adversities.' Life has presented its fair share of setbacks for James Arthur, from his disrupted childhood - during which he felt like a stray and a misfit, entering the care system in his teens - to a very public fall from favour just at the point when all his dreams should have been coming true. With an extraordinary comeback in 2016, starting with No. 1 single 'Say You Won't Let Go' and his Platinum album Back From The Edge, Back To The Boy shows the British singer and songwriter reflecting not only on his past but also on his return to the charts, and the phenomenal global success that followed. James shares his struggles with mental health issues which led to drug abuse, and how he dealt with the feelings of intense pressure and loneliness that accompanied his sudden rise to fame. Back to the Boy gives an insight into the life of one of the most exciting musicians of today, and how his experiences are reflected in the raw emotion and passion in his music. This is a story of hope and self-discovery to inspire those who have ever hit rock-bottom and managed to pick themselves up again.

Cutting of a Rough Diamond

RULES FOR BEING A MAN Don't Cry; Love Sport; Play Rough; Drink Beer; Don't Talk About Feelings But Robert Webb has been wondering for some time now: are those rules actually any use? To anyone? Looking back over his life, from schoolboy crushes (on girls and boys) to discovering the power of making people laugh (in the Cambridge Footlights with David Mitchell), and from losing his beloved mother to becoming a husband and father, Robert Webb considers the absurd expectations boys and men have thrust upon them at every stage of life. Hilarious and heartbreaking, How Not To Be a Boy explores the relationships that made Robert who he is as a man, the lessons we learn as sons and

daughters, and the understanding that sometimes you aren't the Luke Skywalker of your life - you're actually Darth Vader.

A Stupid Boy

Bill Pieri was born in Ardrossan, Scotland in 1939. In 1946, on his father's return from active service, Bill suddenly found himself in a Roman Catholic orphanage in Aldershot, England. He was to remain in orphanages for the next eight years. This is his account of how he struggled to come to terms with this separation from his parents. It is also the account of how Bill sought to make something of his life and achieve financial security for his family. He writes of his failed marriage, his attempts under difficult circumstances to help his children and of his battle with cancer.

Oxford Boy

"So the old man was home again. He could be heard roaring and then grumbling and then roaring again, cursing profusely in his drunken stupor, growling as he stumbled around the lower level. The children and the mother made room for him, much as one wittingly gets out of the way of a big, unfriendly animal. But none of these people were the animal's prey. Upstairs, the telltale slapping of the screen door sent a silent scream of alarm through the child. He jumped up in a single reflexive motion from his cozy place by the light on the floor and slipped through the bedroom door and far back into the corner to the window. He had learned to move quickly, before the old man could hear him leaving the vent. He had learned not to hide under the covers. He had learned not to hide at all. It was useless." Child of Woe is a story that must be told. The devastating trauma of child abuse is brought to light in this amazing true-life story of Maury Blair. Born into a world of hate and rejection, it seemed here was no hope for this lonely, frightened boy. Read His Story...and God's Miracle! ~ David Mainse, Host of 100 Huntley Street

Boy

An Alabama boy's innocence is shaken by murder and madness in the 1960s South in this novel by the New York Times–bestselling author of *Swan Song*. It's 1964 in idyllic Zephyr, Alabama. People either work for the paper mill up the Tecumseh River, or for the local dairy. It's a simple life, but it stirs the impressionable imagination of twelve-year-old aspiring writer Cory Mackenson. He's certain he's sensed spirits whispering in the churchyard. He's heard of the weird bootleggers who lurk in the dark outside of town. He's seen a flood leave Main Street crawling with snakes. Cory thrills to all of it as only a young boy can. Then one morning, while accompanying his father on his milk route, he sees a car careen off the road and slowly sink into fathomless Saxon's Lake. His father dives into the icy water to rescue the driver, and finds a beaten corpse, naked and handcuffed to the steering wheel—a copper wire tightened around the stranger's neck. In time, the townsfolk seem to forget all about the unsolved murder. But Cory and his father can't. Their search for the truth is a journey into a world where innocence and evil collide. What lies before them is the stuff of fear and awe, magic and madness, fantasy and reality. As Cory wades into the deep end of Zephyr and all its mysteries, he'll discover that while the pleasures of childish things fade away, growing up can be a strange and beautiful ride. "Strongly echoing the childhood-elegies of King and Bradbury, and every bit their equal," *Boy's Life*, a winner of both the Bram Stoker and World Fantasy Awards, represents a brilliant blend of mystery and rich atmosphere, the finest work of one of today's most accomplished writers (Kirkus Reviews).

A Small Boy and Others

In *Going Solo*, the world's favourite storyteller, Roald Dahl, tells of life as a fighter pilot in Africa. 'They did not think for one moment that they would find anything but a burnt-out fuselage and a charred skeleton, and they were astounded when they came upon my still-breathing body lying in the sand nearby.' In 1938 Roald Dahl was fresh out of school and bound for his first job in Africa, hoping to find adventure far from home. However, he got far more excitement than he bargained for when the outbreak of the Second World War led him to join the RAF. His account of his experiences in Africa, crashing a plane in the Western Desert, rescue and recovery from his horrific injuries in Alexandria, flying a Hurricane as Greece fell to the Germans, and many other daring deeds, recreates a world as bizarre and unnerving as any he wrote about in his fiction. 'Very nearly as grotesque as his fiction. The same compulsive blend of wide-eyed innocence and fascination with danger and horror' *Evening Standard* 'A non-stop demonstration of expert raconteurship' *The New York Times Book Review* Roald Dahl, the brilliant and worldwide acclaimed author of *Charlie and the Chocolate Factory*, *James and*

the Giant Peach, Matilda, and many more classics for children, also wrote scores of short stories for adults. These delightfully disturbing tales have often been filmed and were most recently the inspiration for the West End play, Roald Dahl's Twisted Tales by Jeremy Dyson. Roald Dahl's stories continue to make readers shiver today.

Ottawa Boy

The author tells of his life from early childhood to school years, work, marriage and retirement.

Back to the Boy

Frank O'Connor's acclaimed autobiography, now in one volume When Frank O'Connor was born, his parents—Minnie O'Connor, a former maid raised in an orphanage, and Michael O'Donovan, a veteran of the Boer War and the drummer in a local brass-and-reed band—lived above a sweet-and-tobacco shop in Cork, Ireland. The young family soon moved, however, to a two-room cottage at the top of Blarney Street, a lane that originates, as O'Connor so vividly describes it, "near the river-bank, in sordidness, and ascends the hill to something like squalor." From this unlikely beginning, a poor boy born Michael Francis Xavier O'Donovan set out on the remarkable journey that transformed him into Frank O'Connor, one of Ireland's greatest writers. An Only Child, the first installment of O'Connor's wonderfully evocative autobiography, captures the joy and pain of his early years: joy in the colorful people and places of Cork and in his devoted relationship with his mother, pain in the family's impoverished situation and in his father's melancholy moods and drunken outbursts. Fifteen years old when he joins the Irish Republican Army in the fight for independence, O'Connor finds himself on the losing side of the ensuing civil war and is imprisoned by the government of the new nation. My Father's Son begins with his release from an internment camp and follows him to Dublin and the world-renowned Abbey Theatre, where he meets W. B. Yeats, J. M. Synge, and other members of the Irish Literary Revival, and takes the first steps toward becoming one of the twentieth century's most beloved authors. As richly detailed and eloquent as the best of his short fiction, Frank O'Connor's autobiography is an entertaining portrait of a fascinating time and place, and the inspiring account of a young artist finding his voice.

How Not To Be a Boy

'I have him bitched, balloxed and bewildered, for there's a system and a science in taking the piss out of a screw and I'm a well-trained man at it.' So writes Brendan Behan, poet, writer and literary legend, of the episode that coloured his life. Arrested in Liverpool as an agitator for the IRA, he was tried and sent to reform school. He was sixteen years old. The world he entered was brutal and coldly indifferent. Conditions were primitive, and violence simmered just below the surface. Yet Brendan Behan found something more positive than hate in Borstal: friendship, solidarity and healing flashes of kindness. Extraordinarily vivid, fluent, and moving, this is a superb and unforgettable piece of writing. Borstal Boy was adapted into a film in 2000.

The Boy in the Photograph - The Autobiography

First published anonymously in 1857, Autobiography of a Beggar Boy is a fascinating firsthand account of life on the streets of mid-19th century London. Written by James Dawson Burn, a former beggar who turned his life around and became a successful lawyer, this autobiographical work provides a valuable insight into the social and economic realities of Victorian England. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Child of Woe

First edition in book form, originally published in the columns of the Northern Warder according to the dedication. The author, who worked first in a spinning mill, writes of the moral degradation of the female spinners and the drinking habits in mills, and of his own reading (Defoe, Smollet, Bunyan). He then

turned shoemaker, met Robert Nicoll, the poet, married, and settled down. An uncommon contribution to Victorian working-class literature.
