Conversations with Barth on Preaching

One of today's greatest preacher-theologians engages one of the twentieth century's greatest teacher-theologians on the meaning of preaching. Readers of William H. Willimon's many books have long found there the influence of Karl Barth, probably the most significant theologian of the twentieth century. In this new book Willimon explores that relationship explicitly by engaging Barth's work on the pitfalls and problems, glories and grandeur of preaching the Word of God. The Swiss theologian, says the author, expressed one of the highest theologies of preaching of any of the great theologians of the church. Yet too much of Barth's understanding of preaching lies buried in the Church Dogmatics and other, sometimes obscure, sources. Willimon brings this material to light, introducing the reader to Barth's thought, not just on the meaning, but the practice of preaching as well.

The Early Preaching of Karl Barth

Westminster John Knox Press is proud to present this special collection of fourteen of Karl Barth's World War I-era sermons--the only English language collection of Barth's sermons preached between 1917 and 1920 when he was a parish pastor in Safenwil, Switzerland. This volume offers a fascinating glimpse into Barth's interpretation of Scripture during a time of great historical significance. Renowned preacher William H. Willimon provides expert commentary on the theological and homiletical substance of each selection and points to the many ways in which Barth's early preaching can enrich the work of preachers today.

Reading Karl Barth for the Church

Leading Barth interpreter Kimlyn Bender provides an introduction to the essence of Barth's theology, emphasizing themes that speak to the concerns of the church, the pastorate, and Christian ministry. This book serves as a companion to the first volume of Barth's Church Dogmatics, offering straightforward help for reading and understanding that work in its entirety as well as developing the skills necessary to read more of Barth's writings. Reading schedules (for both the first volume and the complete Church Dogmatics) and discussion questions for individuals and groups are included.

Barth in Conversation

Karl Barth is widely regarded as the most important theologian of the twentieth century, and his observations about the church and its place in a modern world continue to engage religious scholars nearly fifty years after his death. This English translation of the Swiss-published Conversations is a three-volume collection featuring correspondence, articles, interviews, and other short-form writings by Barth from 1959–1962. Among them are dialogues with representatives of the Evangelical Community Movement (1959); conversations with prison chaplains and a question-and-answer session with the

Conference of the World Student Christian Federation (1960); discussions with Methodist preachers, Zurich pastors, and Catholic students of theology (1961); press conferences in New York and Chicago (1962); and an interview at the United Nations (1962). Within these pages, scholars and students will find a comprehensive view into Barth's life and thinking about theology and its role in society today.

Barth in Conversation, Three-Volume Set

This is a set containing all three volumes of this series. Karl Barth is widely regarded as the most important theologian of the twentieth century, and his observations about the church and its place in a modern world continue to engage religious scholars nearly fifty years after his death. This English translation of the Swiss-published *Conversations* is a three-volume collection featuring correspondence, articles, interviews, and other short-form writings by Barth from 1959-1962. Among this set are dialogues with representatives of the Evangelical Community Movement (1959); conversations with prison chaplains and a question-and-answer session with the Conference of the World Student Christian Federation (1960); discussions with Methodist preachers, Zurich pastors, and Catholic students of theology (1961); press conferences in New York and Chicago (1962); and an interview at the United Nations (1962). Within these pages, scholars and students will find a comprehensive view into Barth's life and thinking about theology and its role in society today.

Karl Barth's Table Talk

In this complete and valuable version of his *Homiletics*, renowned theologian Karl Barth's offers his thoughts on sermon preparation, including his understanding of the way in which the preacher should interpret scripture. Translated by Donald E. Daniels and renowned Barth translator Geoffrey W. Bromiley, this book presents lecture materials from seminars in Bonn from 1932 to 1933.

Homiletics

In recognition of Karl Barth's stature as a theologian and public figure in the life of Europe and the West, Swiss publisher Theologischer Verlag Zurich (TVZ) published *Conversations*, a collection of correspondence, articles, interviews, and other short-form writings by Barth. Collected in three volumes, *Conversations* reveals the depth and breadth of Barth's theological thought as well as his humor and humanity. Now, for the first time in English, the third and final volume is offered here. Volume 3 covers the period from 1964 to 1968, the year of Barth's death. As such, it represents the culmination of the great theologian's thoughts on a broad range of subjects, from the challenges of living as the church in an increasingly secular world to the distinctive joys and challenges of the pastoral vocation.

Barth in Conversation

This volume contains two sermons by the early twentieth-century theologian and pastor Karl Barth. The first sermon, given upon the sinking of the Titanic in 1912, appears in print here for the first time ever. The second sermon, given in 1934 during Nazi ascendancy, appears for the first time in English translation. With a substantial introduction by Bishop William H. Willimon, this volume is an indispensable resource not only for Barth scholars, but also for anyone concerned with the presence of the Word in this world.

The Word in this World

"The present work is primarily concerned with certain practical rules and suggestions [about preaching] which I still hold to be essential and worth considering--or at least being read carefully and discussed." [Preface].

The Preaching of the Gospel

The most comprehensive scholarly survey of Karl Barth's theology ever published Karl Barth, arguably the most influential theologian of the 20th century, is widely considered one of the greatest thinkers within the history of the Christian tradition. Readers of Karl Barth often find his work both familiar and strange: the questions he considers are the same as those Christian theologians have debated for centuries, but he often addresses these questions in new and surprising ways. The Wiley Blackwell Companion to Karl Barth helps readers understand Barth's theology and his place in the Christian tradition through a new lens. Covering nearly every topic related to Barth's life and thought, this work spans two volumes, comprising 66 in-depth chapters written by leading experts in the field. Volume One explores Barth's dogmatic theology in relation to traditional Christian theology, provides historical

timelines of Barth's life and works, and discusses his significance and influence. Volume Two examines Barth's relationship to various figures, movements, traditions, religions, and events, while placing his thought in its theological, ecumenical, and historical context. This groundbreaking work: Places Barth into context with major figures in the history of Christian thought, presenting a critical dialogue between them Features contributions from a diverse team of scholars, each of whom are experts in the subject Provides new readers of Barth with an introduction to the most important questions, themes, and ideas in Barth's work Offers experienced readers fresh insights and interpretations that enrich their scholarship Edited by established scholars with expertise on Barth's life, his theology, and his significance in Christian tradition An important contribution to the field of Barth scholarship, the Wiley Blackwell Companion to Karl Barth is an indispensable resource for scholars and students interested in the work of Karl Barth, modern theology, or systematic theology.

Wiley Blackwell Companion to Karl Barth

Presents the "Dogmatics" in digest form and summarizes Barth's entire work. Includes a short biography.

An Introduction to Barth's Dogmatics for Preachers

Karl Barth is widely regarded as the most important theologian of the twentieth century and his observations about the church and its place in a modern world continue to engage religious scholars nearly fifty years after his death. This English translation of the Swiss-published *Conversations* features correspondence, articles, interviews and other short-form writings by Barth from 1959-1962. Among them are dialogues with representatives of the Evangelical Community Movement (1959); conversations with prison chaplains and a question-and-answer session with the Conference of the World Student Christian Federation (1960); discussions with Methodist preachers, Zurich pastors, and Catholic students of theology (1961); press conferences in New York and Chicago (1962); and an interview at the United Nations (1962).

 From publisher's description

Barth in Conversation

Described by Pope Pius XII as the most important theologian since Thomas Aquinas, the Swiss pastor and theologian, Karl Barth, continues to be a major influence on students, scholars and preachers today. Barth's theology found its expression mainly through his closely reasoned fourteen-part magnum opus, *Die Kirchliche Dogmatik*. Having taken over 30 years to write, the *Church Dogmatics* is regarded as one of the most important theological works of all time, and represents the pinnacle of Barth's achievement as a theologian.

The Christian Life

This classic volume of Barth's essays was first published in 1924 under the title '*Das Wort Gottes und die Theologie*'. In this brand new English edition all the critical apparatus is translated, each chapter including an explanatory passage giving general historical context and details of Barth's own biography. These essays represent the very best of Barth's work. Far from being superseded by the *Church Dogmatics*, indeed, a thorough understanding of the *Church Dogmatics* must presuppose a close knowledge of them. The style is vivid, deeply engaged and engaging, often expressionistic (making

frequent use of irony and hyperbole). Peter Gay described Weimar culture as a "dance on the edge of a volcano." If so, then it was essays like these that provided the music.

The Word of God and Theology

"Prepared for Karl Barth's centennial, this selection of sermons, letters, addresses and published writings serves as an excellent introduction to Barth's thinking and faith."--

A Karl Barth Reader

What did German preachers opposed to Hitler say in their Sunday sermons? When the truth of Christ could cost a pastor his life, what words encouraged and challenged him and his congregation? This book answers those questions. *Preaching in Hitler's Shadow* begins with a fascinating look at Christian life inside the Third Reich, giving readers a real sense of the danger that pastors faced every time they went into the pulpit. Dean Stroud pays special attention to the role that language played in the battle over the German soul, pointing out the use of Christian language in opposition to Nazi rhetoric. The second part of the book presents thirteen well-translated sermons by various select preachers, including Dietrich Bonhoeffer, Karl Barth, Rudolf Bultmann, and others not as well known but no less courageous. A running commentary offers cultural and historical insights, and each sermon is preceded by a short biography of the preacher.

Preaching in Hitler's Shadow

What does a theologian say to young preachers in the early 1930s, at the dawn of the Third Reich? What Karl Barth did say, how he said it, and why he said it at that time and place are the subject of Angela Dienhart Hancock's book. This is the story of how a preaching classroom became a place of resistance in Germany in 1932-33 -- a story that has not been told in its fullness. In that emergency situation, Barth took his students back to the fundamental questions about what preaching is and what it is for, returning again and again to the affirmation of the Godness of God, the only ground of resistance to ideological captivity. No other text has so interpreted Barth's "Exercises in Sermon Preparation" in relation to their theological, political, ecclesiastical, academic, and rhetorical context.

Karl Barth's Emergency Homiletic, 1932-1933

'Karl Barth' is an unparalleled accomplishment. An authentic church father of the Post-Reformation era, the Basel professor's contributions to theology, the life of the church, and the world of culture and politics have been frequently noted. This work, however, presents extraordinary new information and insight based on his own correspondence and notes. What one finds in this work is Barth's own running commentary on events and people - from 1886 to 1968. Everything is depicted from his perspective and chiefly in his own words, and this is precisely what makes the volume so fascinating and valuable. The brilliance, wit, and humanity of Barth shine through everywhere as he is seen as son, brother, student, editor, friend, pastor, husband, father, soldier, teacher, theologian, church leader, political critic, polemicist, ecumenist, author, preacher, music lover, senior citizen. The gigantic theologian is here, but - even more - the man shines through. An abundance of pictures accompanies the text - most of them to be seen for the first time. The contents of this book are new and of utmost interest and importance. Readers not familiar with the accomplishment of Karl Barth will learn to know both the man and his thought. Specialists will for the first time discern the figure behind the intellect. All who propose to understand the story of the twentieth century will be illumined by this book.

Karl Barth

In this series of lectures delivered in the period immediately preceding World War II, Barth addresses the major topics of systematic theology. The reader gets a glimpse of the depth of Barth's thinking in these brief discourses, which he expanded upon greatly in his major work, 'Church Dogmatics.' In an Appendix, Barth answers question from the audience regarding the last essay. Contents 1. Revelation 2. The Church 3. Theology 4. The Ministry of the Word 5. The Christian as Witness Appendix

God In Action

For those who proclaim the Word of God, Karl Barth's Church Dogmatics is a rich and valuable source of inspiration and instruction. Yet the sheer magnitude of this 13-volume work understandably intimidates the busy minister, whose time for meditation and sermon preparation is limited. Inspired by Barth's

belief that dogmatic theology exists to serve the proclamation of the church, *Preaching through the Christian Year* offers a choice selection of some of the most significant exegetical passages that appear in the *Dogmatics*. To aid ministers in their sermon preparation, editors John McTavish and Harold Wells have arranged these selections according to the church year. Serious students and teachers will also welcome this volume, particularly as it brings to light the biblical basis for Barth's thinking. - Back cover.

Karl Barth, *Preaching Through the Christian Year*

Karl Barth was one of the intellectual giants of the twentieth century. Pope Pius XI called him the greatest theologian since Saint Thomas Aquinas. But he was also a popular preacher in Basel and the author of the formidable *Church Dogmatics* had a lighter touch as well. This is revealed in this enchanting collection of fragments. Not only do they capture the gaiety and gravity of Barth in a simple and homely style; they also contain, in a delightfully digestible form, the essence of what he had to say about the Bible, theology, and the task of Christians in the modern world.

Prayer and Preaching

Questions of ecclesiology abound, and Karl Barth has been regarded as an unhelpful conversation partner and guide for those who care about ecclesiology and the place of the church in the academic pursuit of theology. *The Only Sacrament Left to Us* recovers Barth's doctrine of the threefold Word of God and shows that it is at the heart of his ecclesiological commitments, and that he offers a distinct and robust doctrine of the church worthy to be carried forward into the twenty-first-century debates about the church's place in God's economy. Thomas Christian Currie explores the central role of the threefold Word of God in Barth's theology of the church, explains its place in Barth's later doctrine of reconciliation, and seeks to engage the field of Barth studies with contemporary ecclesiological questions.

Fragments Grave and Gay

World War I changed Karl Barth's theology forever. In this book William Klempa presents for the first time in English thirteen sermons that offer Barth's unique view and commentary on the Great War. Barth saw the war as "a unique time of God," believing it to represent God's judgment on militarism. The sermons reveal a deep strain of theological wrestling with the war's meaning, as Barth comes to see the conflict as the logical outcome of all human attempts to create God in our own image. As it demonstrates a decisive shift in Barth's early theology, this volume is essential for anyone who wishes to understand the twentieth century's greatest theologian.

The Only Sacrament Left to Us

Examine a collection of Karl Barth's shorter works, written after the first publication of his *Epistle to the Romans*, during his time as professor in Göttingen and Münster, in the wake of World War I.

A Unique Time of God

Full index to the *Church Dogmatics* series, and *Aids to the Preacher* being exegetical selections from the *Church Dogmatics* to illuminate the Christian year.

Theology and Church

These twelve sermons by renowned author and pastor William Willimon, with responses by theologian Stanley Hauerwas, demonstrate the fruitfulness and difficulty of the interaction between theologians and practicing pastors. In this book, the authors suggest an intriguing way to think about theological work within the church. In this intriguing book, the authors suggest a new way to think about theological work within the church.

Church Dogmatics

This book uses Karl Barth's theology as a resource for Christian theology of religions. For this purpose, it examines Barth's theology under the doctrinal aspects of revelation, revelation and religion, theological anthropology and election, addressing questions such as the possibility of and context for revelation, Barth's understanding of religion, the theological approach to the human being, and soteriology. Furthermore, Barth's thought is put into conversation with other approaches in the field of theology

of religions, notably Karl Rahner's inclusivism and John Hick and the pluralist paradigm. It is shown that Barth's theological system as a whole can serve as a resource for the Christian approach to and interaction with those of other faiths or no faith at all. This is achieved through maintaining a balance between the commitment to the own faith and the openness to the sovereignty of God impacting the whole of creation. Central to Barth's approach is the challenge to the Christian community to see their presuppositions challenged in the most unexpected circumstances, while looking beyond human categories to affirm the dignity bestowed upon all of humanity through the divine Yes in the person Jesus Christ. Barth's theology with its starting point in the person of Jesus Christ is advocated as a framework for the members of the Christian community as they live alongside those with a different faith from their own.

Preaching to Strangers

The most important theological work of the 20th century in a new edition - now available in individual volumes. >

Karl Barth's Theology as a Resource for a Christian Theology of Religions

Over the course of his multivolume Church Dogmatics, Karl Barth not only cites thousands of Scripture texts but also offers extensive exegetical discussion of numerous passages. In this book twelve leading theologians and biblical scholars examine Barth's exegesis of particular passages in the Gospels. How does Barth's practice of theological exegesis play out in his reading of the Gospels? What are the fundamental features of Barth's interpretation of Gospel texts, and to what extent do they enliven theology, biblical studies, and ethics today? Reading the Gospels with Karl Barth explores answers to such questions and offers fresh stimulus for further study and discussion. CONTRIBUTORS Richard Bauckham Kendall Cox Beverly Roberts Gaventa Eric Gregory Willie James Jennings Paul Dafydd Jones Bruce L. McCormack Daniel L. Migliore Jürgen Moltmann Paul T. Nimmo Fleming Rutledge Shannon Nicole Smythe

Karl Barth

""An important feature of this booklet is the inclusion of two contrasting sermons by Barth--the 'monster of a full scale Titanic sermon' of 1912, and the sermon of Christ's walking on the lake of 1934. In different ways these dealt with disasters, the unfortunate disaster of 1912, and the far more serious disaster of rising Hitlerism in 1934. How did it come about that the approaches were so very different? A simple answer lies in Barth's threefold development of the doctrine of God's word. . . . The 1912 sermon fails by all these standards. The 1934 sermon passes, and proves to be a more powerful response to the current situation."" --Geoffrey W. Bromiley, translator of Church Dogmatics and author of An Introduction to the Theology of Karl Barth ""Karl Barth's two sermons dramatically reflect his preaching in two distinct phases. In each, he is seeking a word to proclaim to the congregation; but in dramatically different ways. . . . These sermons, with Bishop Willimon's fine introduction, clearly show the preacher Barth was and the preacher Barth became, while also directly challenging the contemporary church always to listen to God's Word, to trust, and to obey."" --Donald K. McKim, Editor, How Karl Barth Changed My Mind ""The mighty Karl Barth still speaks in our postmodern world. . . . His preaching once was one of the great voices in the context of the rise of Hitler's rise to power in Germany. His voice is still audible, along with those of Martin Niemöller, Helmut Thielicke, and Dietrich Bonhoeffer. These great preachers are examples of Germany's biblically grounded Reformation preaching."" --James D. Strauss, Professor Emeritus of Theology and Philosophy, Lincoln Christian Seminary, Lincoln, Illinois ""The sermon from Bremen reminds me how I as a boy experienced the last sermons of my grandfather in the Basel prison: line by line he brought the biblical text anew to speech (to life in speech). Listen: whoever wants to preach in this way must at the same time stand just as awake and engaged in current events as this comes to expression in the Titanic sermon. In this way the two sermons make a suspenseful pair (maybe even a dialectic pair)."" --Dieter Zellweger, President of the Karl Barth Legacy Commission and Karl Barth's grandson Kurt I. Johanson is Pastor at Pleasant Grove Church in Dallas, Texas, and formerly adjunct lecturer in Homiletics at Dallas Christian College.

Church Dogmatics Study Edition 4

This long-standing series provides the guild of religion scholars a venue for publishing aimed primarily at colleagues. It includes scholarly monographs, revised dissertations, Festschriften, conference papers, and translations of ancient and medieval documents. Works cover the sub-disciplines of biblical

studies, history of Christianity, history of religion, theology, and ethics. Festschriften for Karl Barth, Donald W. Dayton, James Luther Mays, Margaret R. Miles, and Walter Wink are among the seventy-five volumes that have been published. Contributors include: C. K. Barrett, Francois Bovon, Paul S. Chung, Marie-Helene Davies, Frederick Herzog, Ben F. Meyer, Pamela Ann Moeller, Rudolf Pesch, D. Z. Phillips, Rudolf Schnackenburg, Eduard Schweizer, John Vissers

Reading the Gospels with Karl Barth

The most important theological work of the 20th century in a new edition - now available in individual volumes.

The Word in this World

Karl Barth is widely regarded as the most important theologian of the twentieth century, and his observations about the church and its place in a modern world continue to engage religious scholars nearly fifty years after his death. This English translation of the Swiss-published *Conversations* is a three-volume collection featuring correspondence, articles, interviews, and other short-form writings by Barth from 1959–1962. Among them are dialogues with representatives of the Evangelical Community Movement (1959); conversations with prison chaplains and a question-and-answer session with the Conference of the World Student Christian Federation (1960); discussions with Methodist preachers, Zurich pastors, and Catholic students of theology (1961); press conferences in New York and Chicago (1962); and an interview at the United Nations (1962). Within these pages, scholars and students will find a comprehensive view into Barth's life and thinking about theology and its role in society today.

The Way of Theology in Karl Barth

Over the past two decades studies on Karl Barth have become increasingly technical. The ironic result is that although Barth wrote chiefly for preachers, scholars have become the primary gatekeepers to his rich theological thought. This collection of essays introduces Karl Barth with both clarity and depth, providing pastors and other serious readers with a valuable overview of Barth's views on Scripture. George Hunsinger -- himself a recognized expert on Barth -- and eight other scholars cover such topics as Barth's belief that Scripture is both reliable and inspired, his typological exegesis, his ideas about time and eternity, and more. Reading this book will whet the reader's appetite to engage further with Barth himself.

Church Dogmatics Study Edition 6

Facebook. Twitter. Snapchat. We live in a rapidly changing world, a world that seems to be increasingly inhospitable toward preaching. In the face of digital technology, social media, cultural pluralism, and pastoral burnout, how can Christian preachers proclaim the gospel faithfully and effectively? This book answers that question by bringing together a selection of important voices from across North America, Asia, and the Pacific. It argues that Spirit-empowered preaching is characterized by five attributes: it opens the Scriptures, engages the culture, addresses the listener, dissects the preacher, and elevates the Savior. With contributions from authors like William Willimon, Darrell Johnson, Lynne Baab, Robert Smith Jr., and Paul Windsor, this is an excellent resource for ordained ministers, lay preachers, theological students, and anyone wrestling with the challenge of preaching God's word in a smartphone world.
