The Second Odd Number

This collection of thirteen short stories features the strange, the bizarre, and the macabre. Each narrative explores the dark corners of the human psyche, showing the reader that the world is full of wonder and terror. Charles Henry White and Guy de Maupassant are both masters of the short story form, making this book a must-read for fans of horror and suspense fiction. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. 2ND ODD NUMBER

This double feature of two novels from English writer Mary Cholmondeley is an entertaining read. The *Danvers Jewels*, which was Cholmondeley's first published novel, is a humorous tale about a daring jewel heist. The second novel, *Sir Charles Danvers*, delves into the love life of one of the family members whose jewels were stolen in the first novel.

The Best Short Stories of 1917, and the Yearbook of the American Short Story

Travelers' accounts of the people, culture, and politics of the Southern coastal region after the Civil War Charleston is one of the most intriguing of American cities, a unique combination of quaint streets, historic architecture, picturesque gardens, and age-old tradition, embroidered with a vivid cultural, literary, and social history. It is a city of contrasts and controversy as well. To trace a documentary history of Charleston from the postbellum era into the twentieth century is to encounter an ever-shifting but consistently alluring landscape. In this collection, ranging from 1865 to 1947, correspondents, travelers, tourists, and other visitors describe all aspects of the city as they encounter it. Sojourns in Charleston begins after the Civil War, when northern journalists flocked south to report on the "city of desolation" and ruin, continues through Reconstruction, and then moves into the era when national magazine writers began to promote the region as a paradise. From there twentieth-century accounts document a wide range of topics, from the living conditions of African Americans to the creation of cultural institutions that supported preservation and tourism. The most recognizable of the writers include author Owen Wister, novelist William Dean Howells, artist Norman Rockwell, Boston poet Amy Lowell, novelist and Zionist leader Ludwig Lewisohn, poet May Sarton, novelist Glenway Wescott on

British author Somerset Maugham in the lowcountry, and French philosopher and writer Simone de Beauvoir. Their varied viewpoints help weave a beautiful tapestry of narratives that reveal the fascinating and evocative history that made this great city what it is today.
