Autism is: a Neurological Developmental Condition

Autism affects every person differently

#3 Autism is a SPECTRUM (not a linear scale)

We are different (not less) in 3 main areas

We often hide our Autistic traits

You are NOT a little bit Autistic!

We are incredibly diverse (and break all your stereotypes)

You don't grow OUT of Autism (you grow IN to Autism)

You cannot cure Autism It's who I am!

Autism is a disability (but many of us don't like that word!)

We DO want to make friends!

Being different is not always easy

You can make a difference!
