Sleeping where I Fall

In this intelligent memoir, Peter Coyote relives his ride through the heart of the counterculture--a journey that took him from the quiet rooms of privilege in New York to the riotous political street theater in San Francisco. Chronicling the revolutionary theories of the Diggers and the encampments of the extended Free Family, Coyote offers blunt and affectionate portraits of friends, lovers, and fellow travelers. In prose that is graphic and unsentimental, Coyote also reveals the corrosive side of love that was once called "free," the terror evoked by bikers who came on late-night visits looking for drugs, and Coyote's own quest for the next high. His road through revolution taught him to be a player and a strategist: from radical communitarian to the chairman of the California Arts Council; from a street theater apprentice to a motion-picture star. *Sleeping Where I Fall* pays honest tribute to the spiritual search of a generation that had become morally estranged from the dominant culture, a generation that transformed the politics--then the heart and soul--of America. Book jacket.

Coyote Falls

When Pat Calhoun rides into town, he steps straight into the line of fire - and from that point onwards things only seem to get worse. Why has a gang of owlhoots gathered to cause trouble? Is there a connection to the Civil War and the man who betrayed him? Pat's only way of finding out is to ride straight into the outlaw nest...Events build to an epic showdown as Calhoun comes face to face with his past above the raging Coyote Falls.

The Daily Coyote

Developed from her tremendously popular blog, this book offers the inspiring and beautifully illustrated account of the author's experiences raising an orphaned coyote as a beloved pet. Full-color photographs throughout.

Myths and Tales of the Chiricahua Apache Indians

"We are dealing here with a living literature," wrote Morris Edward Opler in his preface to *Myths and Tales of the Chiricahua Apache Indians*. First published in 1942, this is another classic study by the

author of *Myths and Tales of the Jicarilla Apache Indians*. Opler conducted field work among the Chiricahuas in the American Southwest, as he had earlier among the Jicarillas. The result is a definitive collection of their myths. They range from an account of the world destroyed by water to descriptions of puberty rites and wonderful contests. The exploits of culture heroes involve the slaying of monsters and the assistance of Coyote. A large part of the book is devoted to the irrepressible Coyote, whose antics make cautionary tales for the young, tales that also allow harmless expression of the taboo. Other striking stories present supernatural beings and "foolish people."

Coyote Speaks: Coyote Tails Vol I

Coyote Tails is a semi autobiographical novel set with totem characters portraying people and events on my life starting as young as I can remember. Each chapter has a postscript explaining the lesson learned from looking back at the event.

Fisheries and Wildlife Research

Report on activities in the divisions of research.

The Coyote

Details the characteristics, habitats, and life cycle of the coyote. Includes photo diagram.

Community Toxicity Testing

Although community level toxicity testing is now being used for practical purposes, it is not the intent of this book to espouse the use of community level testing in all situations or to replace single-species tests that are the best source of information on growth, reproductive success, behavior, and a variety of other end points. On the other hand, since field validation of laboratory predictions is becoming increasingly important and since community level testing offers the possibility of validation by using more comparable or identical end points in complex natural systems, which is not possible for single-species tests, it is now worthy of attention by ASTM members.

Coyote Stories

These tales feature Mole, Coyote's wife, Chipmunk, Owl-Woman, Fox, and others

Tricky Coyote Tales

Coyote is awfully hungry! Can he trick Bear into giving him his lunch? Or fool the prairie dogs into inviting him to their feast? But if Coyote's not careful, HE could end up on the menu! In these Native American Coyote tales, YOU decide what happens next! Six journeys to follow! Which will YOU take?

Coyote Control

The Wildlife Research Laboratory, from 1945 to 1950, carried on a coyote-tagging program in the Yellowstone region.

Movements of Coyotes from and to Yellowstone National Park

"Sometimes a story comes along that just plain makes you want to hug the world. The Remarkable Journey of Coyote Sunrise is Dan Gemeinhart's finest book yet — and that's saying something. Your heart needs this joyful miracle of a book." — Katherine Applegate, acclaimed author of *The One and Only Ivan* and *Wishtree* Five years. That's how long Coyote and her dad, Rodeo, have lived on the road in an old school bus, criss-crossing the nation. It's also how long ago Coyote lost her mom and two sisters in a car crash. Coyote hasn't been home in all that time, but when she learns that the park in her old neighborhood is being demolished—the very same park where she, her mom, and her sisters buried a treasured memory box—she devises an elaborate plan to get her dad to drive 3,600 miles back to Washington state in four days...without him realizing it. Along the way, they'll pick up a strange crew of misfit travelers. Lester has a lady love to meet. Salvador and his mom are looking to start over. Val needs a safe place to be herself. And then there's Gladys... Over the course of thousands of miles, Coyote will learn that going home can sometimes be the hardest journey of all...but that with friends by her side, she just might be able to turn her "once upon a time" into a "happily ever after." This title has common core connections.

The Remarkable Journey of Coyote Sunrise

Miss Judson has collected these myths and legends from many printed sources. She disclaims originality, but she has rendered a service that will be appreciated by the many who have sought in vain for legends of the Indians. There is an agreeable surprise in store for any lover of folk-lore who will read this book.

Water Levels and Artesian Pressure in Observation Wells in the United States

Counterculture flourished nationwide in the 1960s and 1970s, and while the hippies of Haight-Ashbury occupied the public eye, further off the beaten path in the Arkansas Ozarks a faction of back to the landers were quietly creating their own counterculture haven. In *Hipbillies*, Jared Phillips collects oral histories and delves into archival resources to provide a fresh scholarly discussion of this group, which was defined by anticonsumerism and a desire for self-sufficiency outside of modern industry. While there were indeed clashes between long haired hippies and cantankerous locals, Phillips shows how the region has always been a refuge for those seeking a life off the beaten path, and as such, is perhaps one of the last bastions for the dream of self-sufficiency in American life. *Hipbillies* presents a region steeped in tradition coming to terms with the modern world.

U.S. Fish and Wildlife Service's Mammalian Predator Damage Management for Livestock Protection in the Western United States

Too independent for control, too foolish to stop to think or change, the unlikeable legend centers himself as the world turns in circles & he observes the decline & fall of the East & West. Coyote continues, civilization continues, falling continues, & story-telling continues—popcorn anyone? These are traditional trickster stories applied to modern civilization, as sophisticated robots and new gods vie for attention in the rush of consumption.

Myths And Legends Of The Pacific Northwest

"These essays . . . are of immense importance to anyone interested in the issues of origins and folklore texts." —Choice " . . . this is Bascom at his best. . . an attractive and full-bodied book." —Fabula These essays, devoted to traditional narratives found in Africa and in the New World, represent the last major research project of William Bascom (1912-1981), eminent authority on African art and folklore—his intention was to demonstrate the African roots of African American folktales.

Ecology of the Coyote in the Yellowstone

Predation is considered one of the distinct phenomena related to the interrelationships between species on the Earth. In general, predation is widespread not only in wildlife but also in marine environments

where big fishes eat small fishes and other organisms of the sea. This book considers predation in organisms and is aimed at the prevention of predation in wildlife and marine environments.

The National Gazetteer of the United States of America

"The rainman gave me two cures And he said, 'Just jump right in.' The one was Texas Medicine And the other was railroad gin. And like a fool I mixed them And they strangled up my mind Now people just get uglier And I have no sense of time." —Bob Dylan, "Stuck Inside of Mobile with the Memphis Blues Again" The guiding metaphor in Peter Coyote's new spiritual biography is drawn from a line in an early Bob Dylan song. For Coyote, the twin forces Dylan identifies as Texas Medicine and Railroad Gin – represent the competing forces of the transcendental, inclusive, and ecstatic world of love with the competitive, status-seeking world of wealth and power. The Rainman's Third Cure is the tale of a young man caught between these apparently antipodal options and the journey that leads him from the privileged halls of power to Greenwich Village jazz bars, to jail, to the White House, lessons from a man who literally held the power of life and death over others, to government service and international success on stage and screen. Expanding his frame beyond the wild ride through the 1960's counterculture that occupied so much of his lauded debut memoir, *Sleeping Where I Fall*, Coyote provides readers intimate portraits of mentors that shaped him—a violent, intimidating father, a be-bop Bass player who teaches him that life can be improvised, a Mafia consigliere, who demonstrates to him that men can be bought and manipulated, an ex game-warden who initiates him into the laws of nature, a gay dancer in Martha Graham's company who introduces him to Mexico and marijuanas, beat poet Gary Snyder, who introduces him to Zen practice, and finally famed fashion designer Nino Cerruti who made the high-stakes world of haute monde Europe available to him. What begins as a peripatetic flirtation with Zen deepens into a life-long avocation, ordination as a priest, and finally the road to Transmission—acknowledgement from his teacher that he is ready to be an independent teacher. Through Zen, Coyote discovers a third option that offers an alternative to both the worlds of Love and Power's correlatives of status seeking and material wealth. Zen was his portal, but what he discovers on the inside is actually available to all humans. In this energetic, reflective and intelligent memoir, *The Rainman's Third Cure* is the way out of the box. The way that works.

Food Habits of the Coyote in Jackson Hole, Wyo

FIELD & STREAM, America's largest outdoor sports magazine, celebrates the outdoor experience with great stories, compelling photography, and sound advice while honoring the traditions hunters and fishermen have passed down for generations.

Hipbillies

Now in paperback! When Mark Miller opened the doors of Santa Fe's Coyote Cafe in 1987, the face of American cuisine changed forever. Blending centuries-old culinary traditions with modern techniques, Miller pioneered the emerging Southwestern cuisine, earning accolades and thrilling diners at the Coyote with his robust, inspired cooking. Originally published in 1989, *COYOTE CAFE* was Miller's first cookbook, and it has since sold over 200,000 copies, making it one of the best-selling full-color cookbooks ever. Nearly 15 years later, with Southwestern influences entrenched in kitchens across the country, we're excited to make this landmark book available to a new generation of cooks in a paperback edition. Featuring over 150 recipes, *COYOTE CAFE* presents the bold, sumptuous creations that have become Southwestern classics. Mexican, Hispanic, and Native American influences inflect such imaginative dishes as Wild Morel Tamales, Lobster Enchiladas, and Yucatan Lamb. When you try the vibrant cuisine of *COYOTE CAFE*, you're experiencing one of America's most dynamic regional cuisines. • Over 200,000 copies sold in hardcover. • Includes an extensive section on choosing and preparing over 35 fresh and dried varieties of chiles, as well as an in-depth glossary of ingredients.

Thunderbird Falls

Coyote Summer is the final volume in New York Times, Western Writers Hall of Fame, and Spur Award winning author, W. Michael Gear's epic Saga of the Mountain Sage quartet. Set against the backdrop of the majestic Rocky Mountains and amidst a rich tapestry of Indian cultures--Sioux, Mandan, Crow, Shoshoni--*Coyote Summer* tells an unforgettable tale of love and reconciliation. Lost in the blowing snow and deep-cold of a Wyoming winter, young Richard Hamilton stumbles south along the foothills of the Big Horn Mountains. Desperate, fighting a battle with starvation and frostbite, Richard drifts

closer and closer to disaster, until the day he takes a fall and breaks his rifle. Now, it's but a matter of time. Meanwhile, Willow fights off endless suitors, as she winters with the high mountain Dukurika. And through it all are the growing whispers of witchcraft, which culminate when her Power leads her to Richard's half-frozen body. Saving him will condemn her and leave her adrift and shunned by all people. When White trappers arrive in Richard and Willow's camp with news about a wilderness rendezvous their lives will change forever. And with it comes a decision and a chance for Richard to return to Boston. There he faces a final confrontation with his father, Laura Templeton, and his every dream come true. But then, all choices come at a terrible cost; Coyote plays all people for fools, and Richard must bet everything on one last desperate gamble.

Great Plains Gasification Project, Mercer County, North Dakota

This book contains much value to those who expect to follow the business of catching wolves and coyotes. For while there are certain wild animals which when hard pressed by severe cold and hunger, will raid the farmers and ranchmen's yards, killing fowls and stock, none will destroy so much stock as wolves and coyotes as they largely live upon the property of farmers, settlers and ranchmen to which they add game as they can get it. While these animals are trapped, shot, poisoned, hunted with dogs, etc., their numbers, in some states, seem to be on the increase rather than the decrease in face of the fact that heavy bounties are offered. The fact that wolf and coyote scalps command a bounty, in many states, and in addition their pelts are valuable, makes the hunting and trapping of these animals of no little importance. One thing that has helped to keep the members of these "howlers" so numerous is the fact that they are among the shrewdest animals in America.
