## The Truth about Robin Hood

The author presents historical evidence, together with the theories and conclusions of previous authorities, to argue that the folk-hero Robin Hood was in fact a living person and not a mythical or legendary personage.

## The Truth about Robin Hood

Who was Robin Hood? Throughout history the figures of the hooded man of Sherwood forest and his band of outlaws have transfixed readers and viewers; but where does the myth come from? The story appeared out of the legend of the Green man but found its location during the reign of Richard II, the Lionheart, who was away from England fighting in the crusades. In his absence his brother John lay waste to the country. But does this tell the full story? Was Robin a bandit prince ahead of a troop of brigands? Who was the Sherrif and was he in fact the legitimate law in the land fighting vigilantes?

The Truth about Robin Hood. A Refutation of the Mythologists' Theories, with New Evidence of the Hero's Actual Existence. [With a Map.].

Includes Part 1A: Books and Part 1B: Pamphlets, Serials and Contributions to Periodicals

## Robin Hood, a Hero for All Times

A catalogue of virtually everything published on Nottinghamshire history between the 17th century and 1998, whether in book, pamphlet or article form. It lists over 8700 publications, arranged in subject or place order under three major headings: Nottingham Subjects, Nottinghamshire Subjects, and Nottinghamshire Places. In addition there is an index of authors and a select index of places and subjects.

#### A Brief History of Robin Hood

Presents literary criticism on the works of writers of the period 1400-1800. Critical essays are selected from leading sources, including published journals, magazines, books, reviews, diaries, broadsheets, pamphlets, and scholarly papers. Criticism includes early views from the author's lifetime as well as later views, including extensive collections of contemporary analysis.

Detailed research into documentary sources offers an exciting new identification of the "real" Robin Hood. For over a century and a half scholars have debated whether or not the legend of Robin Hood was based on an actual outlaw and, if so, when and where he lived. One view is that he was not a legend as such but a myth: an idea, rather than a person who could possibly be identified in historical records and placed in a real historical and geographical context. Other writers have gone even further, arguing that he is a literary concoction, with no traceable original, and that seeking to pin him down to a particular time and location is futile and unnecessary. This survey begins by tracing the development of the legend, and contemporary views about it, between the thirteenth and early twenty-first centuries, taking account both of new interpretative literature on the subject and fresh discoveries from the author's own research in the early records of the English royal administration and common law. It then gives a detailed account of the places that came to be associated with the legend, and of evidence illustrating the importance of the outlaw's name in the development of English surnames. The concluding chapters deal with the administration of criminal law in medieval England, and the evidence that points to the possible origins of the legend in the activities of a notorious Yorkshire criminal, tracked down and beheaded in the county in 1225. s a detailed account of the places that came to be associated with the legend, and of evidence illustrating the importance of the outlaw's name in the development of English surnames.
