The Adventures of Matt, Crowbar and Shane in the Lost City by the Bay

THIS book has been written for children. I have no shame in acknowledging that I, who wrote it, am also a child; for since I can remember my eyes have always grown big at tales of the marvelous, and my heart is still accustomed to go pit-a-pat when I read of impossible adventures. It is the nature of children to scorn realities, which crowd into their lives all too quickly with advancing years. Childhood is the time for fables, for dreams, for joy. These stories are not true; they could no be true and be so marvelous. No one is expected to believe them; they were meant to excite laughter and to gladden the heart. Perhaps some of those big, grown-up people will poke fun of us—at you for reading these nonsense tales of the Magical Monarch, and at me for writing them. Never mind. Many of the big folk are still children—even as you and I. We cannot measure a child by a standard of size or age. The big folk who are children will be our comrades; the others we need not consider at all, for they are self-exiled from our domain.

How boring doing nothing and the summer holidays had just started, what would we do all summer? Among our thoughts of boredom, comes back to mind a story of an old treasure hidden in the castle not far from us. Yes, it seems that there was a hidden treasure that no one had found. It is said to be hidden so well that only finding the clues you could find the treasure. Well you know, with such a boring summer ahead of us, we decided to try to find it. The only thing we knew from the stories of adults, as well as the existence of the treasure, was that the walls of the castle hid the clue. Then one day we decide and off we went to the castle in search of the treasure, but ...

Irving's Works: The adventures of Captin Bonneville

Few would guess from looking at the resplendent Virginia Beach shoreline-its stretches of fine sand, sloping dunes, and rolling waves-that the city has experienced anything but peace and tranquility since the history of its native Chesapeake tribe collided with the ambition and vision of new European settlers on the colonial coastline. But turmoil and conflict, as well as progress and achievement, are all a part of the area's unique story. Virginia Beach: A History of Virginia's Golden Shore brings to life the people, places, and events that contributed to the city's celebrated reputation. Through stories and memories, readers are introduced to the varied citizens who called this land home, including such characters as Sarah Offley who married three of early Virginia's most powerful settlers, and to the city's illustrious visitors. This volume also details, in both word and image, the influential resort age, which began in 1880 and saw the community flourish as people flocked to the Atlantic shore to dance, picnic, and enjoy the surf at the Princess Anne Hotel. Everyday vacationers mingled with notables such as Alexander Graham Bell and John, Lionel, and Ethel Barrymore at the landmark hotel with the railroad at its front door. Although little of the golden shore remains unchanged, modern residents continue to preserve what they can-especially their memories, pride, and love for the city.

The Works of Washington Irving: The adventures of Captain Booneville, U.S.A

In this 3rd book, Vinny and Abner along with Wilbear sail the ocean Laska on Ee-lan-nid and discover ancient islands, secrets, and strange, frightening creatures. The second part of this new story, takes place on Shree. There are some changes being made there and new residents moving in. New friends are found and a possibility that Flask will have to fight once again for the planet Shree.

I wrote this book to tell my future descendants how I love to travel, and maybe inspire them to go see the world that God made. There are days that are great, and some not so great when traveling, but one learns to adapt to various circumstances in order to keep traveling. My husband was our travel agent except when we flew to Hawaii or Puerto Rica. This book tells of the beautiful places that we have seen, and we have been to all fifty states. This United States is gorgeous! One will never be able to see it all, but Earl and I have tried.

The Adventures of Captain Bonneville, U.S.A. in the Rocky Mountains and the Far West

Northern BC is a vast area, covering more land than the entire country of Sweden. In the west, the port city of Prince Rupert sits nestled among the majestic coast mountains, acting as a gateway to the Pacific Ocean and the incredible islands of Haida Gwaii. To the east, the Rocky Mountains cast their imposing shadow over the land, attracting hikers, mountaineers and ski tourers from far and wide. As you move north towards the Yukon border, the human population becomes sparser and nature rules the land. In between, places like Spatsizi Wilderness Provincial Park contain some of the most breathtaking landscapes in the country. Whether you are looking to fish, camp, ATV, snowmobile, view wildlife or just take in the sights along the region's many roads, Northern BC offers an abundance of adventure.
