Teamwork and Collaboration in Nursing

Why is positive team working and collaboration so important in nursing? • Rafferty, Ball and Aiken (2001): "Are teamwork and professional autonomy compatible, and do they result in improved hospital care? • Zaheer et al (2021): "Acute care nurses' perceptions of leadership, teamwork, turnover intention and patient safety - a mixed methods study

Awareness of team members knowledge and skills • Shared decision making, shared responsibility for problem solving and making decisions

What can you do to promote positive team working? • Understand local corporate roles and team

structures: Review team structures, job descriptions and junior staff competencies/ proficiencies; attend team meetings; spend time with AHPs and review communication structures across teams e.g., education, clinical governance, safeguarding and medical • YouTube video: Differences between a Support Worker, Assistant Practitioner, Nursing Associate

Promote team building Promote team building and social events - you can help support social events as a junior staff member Use regular team meetings and de-briefs to reflect and learn from issues together • Join shared governance groups and working parties to promote collaborative working ABC podcast/OET listening/HEALTH REPORT - ABC podcast/OET listening/HEALTH REPORT by oet listening 94,575 views 2 years ago 8 minutes, 36 seconds - ABC podcast OET Listening Health Report.
