Experience the historic and terrifying voyage of ...

A pilot attempts to break altitude records but faces challenges and must regain control of the aircraft. Lieutenant Prescott is chosen to pilot the Y-13 space plane, but his superiors are concerned about his attitude and ability to follow orders.

A rocket pilot named Dan goes on a space mission against orders.

A pilot named Dan is the first man in space, but encounters difficulties and crashes.

Scientists examine the wreckage of a crashed spacecraft and discover a mysterious substance that cannot be identified or penetrated.

Commander Prescott visits Miss Francesca and discusses meteorite dust and a new secret alloy.

A monster created by cosmic rays is killing people and needs blood to survive.

The group discusses the effects of cosmic rays on the human body and tries to find a way to stop Dan.

Chuck goes into space and encounters a stream of meteorite dust, resulting in his visor melting and a coating forming on his body.

Full Movie

A pilot attempts to break altitude records but faces challenges and must regain control of the aircraft. Lieutenant Prescott is chosen to pilot the Y-13 space plane, but faces criticism and pressure from his superiors.

Commander Dan Prescott takes off in the Y-13 rocket and goes straight up into space, defying orders to commence his turn.

A man named Dan is the first man in space, but his rocket malfunctions and he is unable to return to Earth.

Investigation into mysterious killings and strange occurrences after a spacecraft crash.

Commander Prescott visits Miss Francesca and discusses meteorite dust and a mysterious alloy.

A monster from outer space is killing people and needs their blood.

Scientists discuss the effects of cosmic rays on the human body and speculate on the transformation of Lieutenant Prescott into a blood-drinking monster.

Chuck goes into space and encounters meteorite dust, but is saved by a special coating.
