Droll Stories, Complete

This is a collection of humorous French short stories, examining french life and social customs. Balzac (1799-1850) was a journalist, critic and writer much acclaimed in his life and afterwards.

Balzac's Contes Drolatiques

This is a book of the highest flavour, full of right hearty merriment, spiced to the palate of the illustrious and very precious tosspots and drinkers, to whom our worthy compatriot, Francois Rabelais, the eternal honour of Touraine, addressed himself. Be it nevertheless understood, the author has no other desire than to be a good Touranian, and joyfully to chronicle the merry doings of the famous people of this sweet and productive land, more fertile in cuckolds, dandies and witty wags than any other, and which has furnished a good share of men of renown in France, as witness the departed Courier of piquant memory; Verville, author of *Moyen de Parvenir*, and others equally well known, among whom we will specially mention the *Sieur Descartes*, because he was a melancholy genius, and devoted himself more to brown studies than to drinks and dainties, a man of whom all the cooks and confectioners of Tours have a wise horror, whom they despise, and will not hear spoken of, and say, "Where does he live?" if his name is mentioned. Now this work is the production of the joyous leisure of good old monks, of whom there are many vestiges scattered about the country, at Grenadiere-les-St.-Cyr, in the village of Sacche-les-Azay-le-Rideau, at Marmoustiers, Veretz, Roche-Cobon, and the certain storehouses of good stories, which storehouses are the upper stories of old canons and wise dames, who remember the good old days when they could enjoy a hearty laugh without looking to see if their hilarity disturbed the sit of your ruffle, as do the young women of the present day, who wish to take their pleasure gravely—a custom which suits our Gay France as much as a water jug would the head of a queen. Since laughter is a privilege granted to man alone, and he has sufficient causes for tears within his reach, without adding to them by books, I have considered it a thing most patriotic to publish a drachm of merriment for these times, when weariness falls like a fine rain, wetting us, soaking into us, and dissolving those ancient customs which make the people to reap public amusement from the Republic. But of those old pantagrue lists who allowed God and the king to conduct their own affairs without putting of their finger in the pie oftener than they could help, being content to look on and laugh, there are very few left. They are dying out day by day in such manner that I fear greatly to see these illustrious fragments of the ancient breviary spat upon, staled upon, set at naught, dishonoured, and blamed, the which I should be loath to see, since I have and bear great respect for the refuse of our Gallic antiquities.

Droll Stories

The Archbishop of Bordeaux had added to his suite when going to the Council at Constance quite a good-looking little priest of Touraine whose ways and manner of speech was so charming that he passed for a son of La Soldee and the Governor. The Archbishop of Tours had willingly given him to his confrere for his journey to that town, because it was usual for archbishops to make each other presents, they well knowing how sharp are the itchings of theological palms. Thus this young priest came to the Council and was lodged in the establishment of his prelate, a man of good morals and great science. Philippe de Mala, as he was called, resolved to behave well and worthily to serve his protector, but he saw in this mysterious Council many men leading a dissolute life and yet not making less, nay—gaining more indulgences, gold crowns and benefices than all the other virtuous and well-behaved ones. Now during one night—dangerous to his virtue—the devil whispered into his ear that he should live more luxuriously, since every one sucked the breasts of our Holy Mother Church and yet they were not drained, a miracle which proved beyond doubt the existence of God. And the priest of Touraine did not disappoint the devil. He promised to feast himself, to eat his bellyful of roast meats and other German delicacies, when he could do so without paying for them as he was poor. As he remained quite continent (in which he followed the example of the poor old archbishop who sinned no longer because he was unable to, and passed for a saint,) he had to suffer from intolerable desires followed by fits of melancholy, since there were so many sweet courtesans, well developed, but cold to the poor

people, who inhabited Constance, to enlighten the understanding of the Fathers of the Council. He was savage that he did not know how to make up to these gallant sirens, who snubbed cardinals, abbots, councillors, legates, bishops, princes and margraves just as if they have been penniless clerks. And in the evening, after prayers, he would practice speaking to them, teaching himself the breviary of love. He taught himself to answer all possible questions, but on the morrow if by chance he met one of the aforesaid princesses dressed out, seated in a litter and escorted by her proud and well-armed pages, he remained open-mouthed, like a dog in the act of catching flies, at the sight of sweet countenance that so much inflamed him. The secretary of a Monseigneur, a gentleman of Perigord, having clearly explained to him that the Fathers, procureurs, and auditors of the Rota bought by certain presents, not relics or indulgences, but jewels and gold, the favour of being familiar with the best of these pampered cats who lived under the protection of the lords of the Council; the poor Touranian, all simpleton and innocent as he was, treasured up under his mattress the money given him by the good archbishop for writings and copying—hoping one day to have enough just to see a cardinal's lady-love, and trusting to God for the rest. He was hairless from top to toe and resembled a man about as much as a goat with a night-dress on resembles a young lady, but prompted by his desires he wandered in the evenings through the streets of Constance, careless of his life, and, at the risk of having his body halberded by the soldiers, he peeped at the cardinals entering the houses of their sweethearts. Then he saw the wax-candles lighted in the houses and suddenly the doors and the windows closed.

Droll Stories

A collection of humorous stories. By the French author, who, along with Flaubert, is generally regarded as a founding-father of realism in European fiction. His large output of works, collectively entitled *The Human Comedy* (*La Comedie Humaine*), consists of 95 finished works (stories, novels and essays) and 48 unfinished works. His stories are an attempt to comprehend and depict the realities of life in contemporary bourgeois France. They are placed in a variety of settings, with characters reappearing in multiple stories.

Les Contes Drolatiques

These choice selections from Honoré de Balzac's *Droll Stories* offer a lively and lusty portrait of sixteenth-century French life and manners. Told in the tradition of Boccaccio, Chaucer, and Rabelais, they allegedly originated in manuscripts from the abbeys of Touraine. Originally published in three sets of ten tales in the 1830s, the stories abound in episodes of good-humored licentiousness that scandalized Balzac's contemporaries and continue to delight modern readers. French novelist and playwright Honoré de Balzac (1799–1850) was a founder of realism in European literature. An inspiration to Proust, Dickens, Faulkner, Dostoyevsky, and countless others, Balzac wrote works that were hailed for their multifaceted characters and exquisite attention to detail. This edition's excellent translation was the first to make his *Contes Drolatiques* available to English-speaking readers.

Droll Stories

Honoré de Balzac (20 May 1799 - 18 August 1850) was a French novelist and playwright best known for a sequence of short stories and novels collectively entitled La Comédie humaine, which presents a panorama of French life in the years after the 1815 fall of Napoleon. Due to his keen observation of detail and unfiltered representation of society, Balzac is regarded as one of the founders of realism in European literature. He is renowned for his multi-faceted characters, who are complex, morally ambiguous and fully human. His writing influenced many subsequent novelists such as Charles Dickens, Edgar Allan Poe, Fyodor Dostoyevsky, Gustave Flaubert, Henry James, and William Faulkner. Many of Balzac's works have been made into or have inspired films, and they are a continuing source of inspiration for writers, filmmakers and critics.

Claymore of Calthoria Trilogy: Complete Series Omnibus

Hans Christian Ørsted (1777-1851) was one of the leading scientists of the nineteenth century, having played a crucial role in founding electromagnetism. Unfortunately for the English-speaking world, almost all of his research was published in other languages, particularly his native Danish. This book will help to elevate Ørsted to his rightful place in the history of science by finally making his most important scientific works available in English. The book includes, for example, Ørsted's account of his revolutionary experiments in electromagnetism. In 1820, he discovered that a compass needle deflects from magnetic north when an electric current is switched on or off in a nearby wire. This showed that electricity and magnetism were related phenomena, a finding that laid the foundation for the theory of electromagnetism and for research that later created such technologies as radio, television, and fiber optics. The unit of magnetic field strength was named the Ørsted in his honor. Selections here also show

the extraordinary breadth of Ørsted's interests, which range through a long and prolific career from the study of plant alkaloids and the compression of fluids to the nature of light and the "natural science" of beauty. The writings are taken from scientific papers, Ørsted's correspondence, and reports of the Royal Danish Academy of Sciences and Letters. The book will not only draw long overdue attention to Ørsted's own work but will also shed new light on the nature of scientific study in the nineteenth century. Originally published in 1998. Bitter Heat

I finally have a home, reunited with my human father. He's well-to-do, with a pretty wife and a grand house, and the moment I step in the door, I'm expected to begin lessons in reading, writing, and behaving like a lady. But I'm no lady. I'm a wolf. And much to my surprise, so is my tutor. Mr. Arrowen has a human name and human manners, but golden eyes don't lie. He's wolvenfolk, to be sure, pretending to be a proper gentleman. Wolves know their mates right away, and I can't deny the attraction I feel—but somehow, he can, and he does. He doesn't want to risk his reputation, especially when wolves have been killed over less than laying a hand on a wealthy girl. My family would like to see me marry my distant cousin Patrick. Patrick is as handsome as Mr. Arrowen, but he's a hunter. He has his sights on the most wanted creature in the kingdom: the white wolf accused of killing a sacred stag. Patrick wants my help to track him and claim the reward. I yearn to run through the woods, but my father would never let me—unless I pay a visit to my grandmother's cottage. But do I want to hunt one of my own kind, even if he is a criminal? And what if he isn't a criminal at all, but someone all too familiar...? *Taming Red Riding Hood* is a standalone fairy tale retelling for those who like an unabashedly adorable happily ever after with serious steaminess! Although it is definitely standalone, it doesn't hurt to read *The Beggar Princess* before this one.

Raging Heat (Castle)

I didn't want to fall in love with the prince. He's a high elf, rich and handsome, and...well, there are rumors he dabbles in dark magic. I'm half-goblin and I know he'd never choose me as his bride in the first place. I just wanted my wicked stepsisters to see him dancing with me before I run away and leave this city forever, to start a new life. But it seems my goblin godmother had other plans. The spell she cast upon me? The one she told me would make the prince want to "dance" with me? The moment he touches me, I feel desire like I've never imagined. And I can tell he feels the same. I'm not sure this is the sort of dance I had in mind. We're drawn together by magic—but can magic forge the bonds of true love? And if it did...would my stepmother ever let me find happiness? My goblin godmother isn't the only one with plans. It seems my stepmother is willing to lie, steal, and even kill to keep me from a happily ever after. But goblins are known for making trouble, and I'm ready for revenge. *The Goblin Cinderella* is a standalone fairy tale retelling for those who like an unabashedly adorable happily ever after with a side of serious steaminess! (And a cameo or two by Beauty and her Goblin King!)

Researches on Solar Heat and Its Absorption by the Earth's Atmosphere

It gets pretty lonely, spending your entire life in a tower. The Witch told me she was keeping me safe from a dangerous world. But one day, when I let down my hair, the Witch wasn't the one to climb up. His presence was so overwhelming; his hands steady on my back, his lips and tongue marking me forever with the taste of a man. I was used to being alone a lot of the time, and wandering around the tower sort of aimlessly, trying to decide what to do once the chores were done. Now his mouth was telling me what to do and oh, it was good. Prince Dorin of Yirvagna, from the darkling lands, is tall and dark, with horns and a tail...and the first man I've ever seen in my life. He tells me I'm his bonded mate and I must come with him, and if I'm not so sure about this (admittedly charming) prince, the Witch's plans for me are worse. And when Prince Dorin stands in her way, her retaliation is swift. I taste freedom for the first time at the cost of Dorin's eyesight...but can I find a way to lift his curse? The *Fairy Tale Heat* series are standalone fairy tale retellings for those who like unabashedly adorable happily ever afters with a side of serious steaminess!

The Goblin Cinderella

During heat treatment in dairy production, the rapid formation of heat-induced fouling deposits on the plant surface leads to reduced efficiency of heat transfer. Therefore, a regular cleaning process is required to soften the heat-induced protein deposits and then remove them from the plant surface. The mechanical property of the deposits is one of the key issues of the cleaning mechanisms since the non-fractured behaviour dominates the deformation of the fouling layer and the failure behaviour has a great impact on the cohesive removal of fouling deposits. Considering the complicated geometry of fouling deposits and their irregular distribution, indentation experiments were carried out on various kinds of protein deposits. The experimental results reveal the significant influence of the thickness of fouling deposits on their mechanical behaviour and the time-dependent nonlinear behaviour of the deposits. Furthermore, heat-induced whey protein gel was used as the model material for fouling deposits and the non-fractured and fracture behaviour was characterized using compression and wire cutting experiments, respectively. The material parameters identified using the inverse finite element method allow the prediction of fracture behaviour under localized external loads and provide a deeper insight into cohesive removal. To investigate the softening effect during caustic washing, tensile experiments were conducted on chemically treated and untreated whey protein gels. Adequate chemical degradation leads to a softer mechanical response and increased stress relaxation, making whey protein gels more flowable and more resistant to tensile deformation. The experimental results provide useful data on the failure behaviour of chemically treated whey protein gels.

Trying to stay alive in war-torn Andalusia, tracking a vanishing femme fatal, hunted by The Brotherhood, the last thing he needs is love... In Liam Murdoch's world there is no room for love, only the thrill of the game and the fast buck. So when a fascinating client persuades him to be the bagman in a blackmail payoff and he winds up with a bag full of fifty grand in cash and a box whose contents are worth more than that, Murdoch smells the chance to make a stash. As Europe slides into bloody chaos, Murdoch must travel to war-torn Andalusia in search of the elusive Mary-Jane Carter and the even more mysterious Sinead Tiernan. He must get the answers only they can provide about the box and the sinister Brotherhood of the Goat, who are hunting for it. But Murdoch has promised Maria he is done with his old life. Then his best friend's niece is killed in the same horrific way, and he knows the killings are a message—for him. But from who? Someone is out to get him—and the woman he loves. His search leads him into the darkest reaches of the serial killer's mind. But when he thinks he has his man, things take an even more sinister twist. Suddenly, he is in a desperate chase across Spain and into Morocco and Algeria. The prize is Maria's life, even at the cost of his own sanity. Because what he finds there is too horrific to believe. In Hot Blood They betrayed him then took his woman and his child. Now they want his world, but Murdoch is hitting back in hot blood. When Catherine Howard comes back like a ghost from Murdoch's past, she intends to do more than just haunt him. Her lies are like a poison that infects even his closest and oldest friends. Suddenly, Murdoch finds himself betrayed and alone, fleeing across two continents, fighting the odds to save the woman he loves and his unborn child. His only allies are a deadbeat college dropout with a schoolgirl crush and the fire in his own blood. But in Murdoch's world, nothing is ever what it seems. In a journey that takes him from the House of Lords in London to the Pentagon in Washington DC, via Gdansk, San Francisco and a string of desert motels. If Murdoch sets one foot incorrectly or puts his trust in the wrong person, the whole world will pay the price. The question is, who is the wrong person? As the final battle approaches, can Murdoch even trust himself?

And Sinking Back upon the Chair I Remained for some Time Breathless and Motionless with My Eyes Riveted upon Her Person Alas Its Emaciation Was Excessive and Not One Vestige of the Former Being Lurked in any Single Line of the Contour My Burning Glances That Live Fell upon the Face the Forehead Was High and Very Pale and Singularly Placid and the Once Jetty Hair Fell Partially over It and Overshadowed the Hollow Temples with Innumerable Ringlets Now of a Vivid Yellow and Jarring Discordantly in Their Fantastic Character with the Reigning Melancholy of the Countenance

I Had Never Beheld Them or that Having Done So I Had Died the Shutting of a Door Disturbed Me and Looking Up I Found that My Cousin Had Departed from the Chamber but from the Disordered Chamber of My Brain Had Not Alas Deported and Would Not Be Driven Away the White and Ghastly Spectrum of the Teeth Not a Speck on Their Surface Not a Shade of Their Enamel Not an Indenture in Their Edges but What that Period of Her Smile Has Suffice To Brand In upon My Memory I Saw Them Now Even More Unequivocally than I Beheld Them Then the Teeth the Teeth They Were Here and There and Everywhere and Visibly and Palpably before Me Long Narrow and Excessively White

with the Pale Lips Writhing about Them as in the Very Moment of Their First Terrible Could Alone Ever Restore Me to Peace in Giving Me Back to Reason and the Evening Closed In upon Me Thus and Then the Darkness Came and Tarried and Went and the Day Again Dawned and the Misses of a Second Night Were Now Gathering Around and Still I Sat Motionless in that Solitary Room and Still I Sat Buried in Meditation and Still the Fantasma of the Teeth Maintained Its Terrible Ascendancy Has with the Most Vivid Hideous Distinctness It Floated about amid the Changing Lights and Shadows of the Chamber Atlas There Broke In upon My Dreams a Cry as of Horror and Dismay and Thereunto after a Pause Succeeded

The Preparations for the Burial Were Completed I Found Myself Sitting in the Library and Again Sitting There Alone It Seemed that I Had Newly Awakened from a Confused and Exciting Dream I Knew that It Was Now Midnight and I Was Well Aware that since the Setting of the Sun Berenice Had Been Interred but of that Dreary Period Which Intervened I Had no Positive At Least no Definite Comprehension yet Its Memory Was Replete with Horror Horror More Horrible from Being Vague His Looks Were Wild with Terror and He Spoke to Me in a Voice Tremulous Husky and Very Low What Said He some Broken Sentences I Heard He Told of a Wild Cry Disturbing the Silence of the Night of the Gathering Together of the Household of a Search in the Direction of the Sound and Then His Tones Drew Thrillingly Distinct as He Whispered Me of a Violated Grave of a Disfigured Body Enshrouded Yet Still Breathing Still Palpitating Still Alive He Pointed to Garments They Were Muddy and Clucked with Gore I Spoke Not and He Took Me Gently by the Hand It Was Indented with the Impress of Human Nails He Directed My Attention to some Object against the Wall I Looked at It for some Minutes
