Smashing Strategic Business Management: How to Pass the ACA SBM Examination 2018

Smashing SBM is based around the same approach as our successful and best-selling Cracking Case book: practical, student-focused and simple advice on what to do to pass an unusual examination in which time management and examination technique are the key to success. This new 2018 edition has been fully updated for the new syllabus and the learning points raised by the 2017 examinations. Given the relatively low number of questions in each SBM examination (just 2) and the very open nature of the requirements, it is vital that you have a way of determining which areas are important and which issues are going to attract fewer marks. Smashing SBM sets out an effective planning methodology (which we call MAPs) that helps you predict the mark allocation of sub-parts of a question and allocate your time effectively. Our MAPs give direction to your answer by providing reminders on how to assess the likely mark allocation whilst also reminding you of key things to do in Q1 and Q2, based on our review of examiner comments. Smashing SBM also contains detailed reviews of the 8 real examination papers set to date with a view to understanding patterns in the question format and content, as well as the mark allocation. Smashing SBM includes detailed revision of key financial management and business strategy topics, as assessed in the real examination papers and ICAEW SBM mock exams. We have also included selected questions from our Business Strategy and Financial Management Q&A books to help you revise these areas very quickly. The book also contains detailed notes on the Specialist Audit & Assurance topics which are examinable at the Advanced Level. Our revision notes focus on areas other than statutory audit as we know that around 10% of the marks will be for these specialised areas such as internal audit, Agreed Upon Procedures, review of prospective information and so on. Smashing SBM contains detailed revision of ethics, including various ethical frameworks, to help you achieve the 5-10% of marks available for ethics in SBM. Smashing SBM is designed to pair up with its sister publication, SBM Exam Room Notes 2018, which provides clear, alphabetically-referenced sets of notes on all key SBM topics to provide exam room reminders of mark-scoring points - perfect for avoiding exam room panic! Private Equity Demystified

Private equity has grown rapidly over the last three decades, yet largely remains poorly understood. Written in a highly accessible style, the book takes the reader through what private equity means, the different actors involved, and issues concerning sourcing, checking out, valuing, and structuring deals.

The Audit Process

This is a key textbook for specialist students of accounting and finance, either undergraduate or professional, taking a first course in auditing. In this fourth edition the authors continue to provide a refreshing, imaginative and thorough introduction to the audit process, with a rational and coherent foundation for the appreciation of auditing practice. This Revised ISA edition is entirely up to date with changes post-Enron, with new international auditing standards and IFRS replacing UK accounting standards for the first time. With the aid of numerous examples, case studies and questions, The Audit Process: Principles, Practice and Cases provides a realistic and thought-provoking insight into the individual components of the auditing process in the context of the entire audit. A major strength of the book is its questioning approach, designed to encourage the student to interact with the material.

CIMA Case Study

Our SBM Exam Room Notes provide condensed summaries of over 100 key SBM topics, based on our careful review of the SBM syllabus, SBM past papers & ICAEW mocks and the topics tested under the similar Business Change paper of the previous ACA syllabus. The 2018 edition of our SBM Exam Room Notes has been fully updated for the 2018 syllabus and we have added several new sections on key syllabus updates such as cloud computing, cyber security, Digital Transformation, new content relating to Big Data, amongst other areas. We have also updated the book for the possible increased likelihood of testing of ISAE 3402 implied by the syllabus additions on IT topics. In response to the recent trend for SBM past papers to test brought forward derivatives knowledge from the Financial Management paper, the 2018 edition of our SBM Exam Room Notes also includes reminders on how to perform calculations for forwards, futures, options, Interest Rate Swaps, Forward Rate Agreements and Money Market Hedging. All topics are organised alphabetically for very quick reference under time pressure in the examination and include calculations where relevant. We also provide a list of topics organised by scenario (Acquisitions, Change, Finance, Growth etc) so that you can quickly find sets of relevant notes. Using our SBM Exam Room Notes will help you avoid a mind blank in the examination and will keep you focused on points that are more likely to score. Where relevant, we include "See also" references together with page references to give you additional areas to think about as well as a direct page reference so that you can instantly access the related information: these references can be very helpful in generating further mark-scoring ideas and connections under time pressure. Important notice: this set of Exam Room Notes has been designed as a quick reference resource to remind you of content that you should already have studied in detail based on the ICAEW Study Manual and your tuition provider's notes. You must already have studied the Advanced Level syllabus in detail before using this book - the book is in no way designed to replace the Study Manual as a learning resource. If you have invested insufficient time in learning the syllabus content then our Exam Room Notes will not be comprehensible or useful as the book only provides reminders regarding material you must already have studied. The Professional Level Exam (PLE) Passbook(R) prepares you for your test by allowing you to take practice exams in the subjects you need to study. It provides hundreds of questions and answers in the areas that will likely be covered on your upcoming exam, including but not limited to: quantitative problem solving; reading comprehension; data interpretation; reasoning; and more.

Professional Level Examination (PLE)

New revised 2016 edition of our very popular Audit Risks & Tests exam room notes book. Provides an alphabetical quick reference list of 70 key audit test and risk areas based on our careful review of the ICAEW Study Manual for Corporate Reporting, the ICAEW Question Bank for Corporate Reporting and the previous "old" TI paper in Business Reporting, together with past papers and ICAEW mocks for both the evolved Advanced Level and "old" TI level. Useful as a quick reference guide to generate reminders in the exam. Reduces the time that you will need to invest in revising Audit, which is a fundamental element of the Corporate Reporting paper, given the removal of Tax from this evolved ACA paper - now 2 of the 3 questions in CR will have a heavy or even exclusive emphasis on audit risks and tests so the importance of this book's information and quick reference approach has been further enhanced under the evolved ACA. This book removes the need for you to prepare your own folder notes on risks and tests, leaving more time to invest in other aspects of Audit or the other elements of the new Advanced Level. In addition to reviewing past papers and mocks, we have carefully summarised the audit tests in the "Audit Focus" sections introduced in the 2015 edition of the Corporate Reporting Study Manual to ensure that you have quick reference to tests which have been emphasised in the new Advanced Level materials (i.e. tests which the examiners appear keen for students to learn and mention but which are somewhat hidden away at the end of the financial reporting chapters). All such tests are now indicated in bold in the relevant sections of our book. All 70 Audit areas are arranged in alphabetical order, allowing quick reference without having to remember which chapter to consult. Where relevant, cross references between Audit areas are also included, giving you reminders and hints. Book can also be used in preparation for Professional Level Audit & Assurance, helping you learn lists of tests for the crucial question on audit tests and procedures. Advanced Level Audit Risks and Tests 2016

A better development and implementation framework for credit risk scorecards Intelligent Credit Scoring presents a business-oriented process for the development and implementation of risk prediction scorecards. The credit scorecard is a powerful tool for measuring the risk of individual borrowers, gauging overall risk exposure and developing analytically driven, risk-adjusted strategies for existing customers. In the past 10 years, hundreds of banks worldwide have brought the process of developing credit scoring models in-house, while 'credit scores' have become a frequent topic of conversation in many countries where bureau scores are used broadly. In the United States, the 'FICO' and 'Vantage' scores continue to be discussed by borrowers hoping to get a better deal from the banks. While knowledge of the statistical processes around building credit scorecards is common, the business context and intelligence that allows you to build better, more robust, and ultimately more intelligent, scorecards is not. As the follow-up to Credit Risk Scorecards, this updated second edition includes new detailed examples, new real-world stories, new diagrams, deeper discussion on topics including WOE curves, the latest trends that expand scorecard functionality and new in-depth analyses in every chapter. Expanded coverage includes new chapters on defining infrastructure for in-house credit scoring, validation, governance, and Big Data. Black box scorecard development by isolated teams has resulted in statistically valid, but operationally unacceptable models at times. This book shows you

how various personas in a financial institution can work together to create more intelligent scorecards, to avoid disasters, and facilitate better decision making. Key items discussed include: Following a clear step by step framework for development, implementation, and beyond Lots of real life tips and hints on how to detect and fix data issues How to realise bigger ROI from credit scoring using internal resources Explore new trends and advances to get more out of the scorecard Credit scoring is now a very common tool used by banks, Telcos, and others around the world for loan origination, decisioning, credit limit management, collections management, cross selling, and many other decisions. Intelligent Credit Scoring helps you organise resources, streamline processes, and build more intelligent scorecards that will help achieve better results.

Intelligent Credit Scoring

Financial Accounting and Reporting is the most up to date text on the market. Now fully updated in its fourteenth edition, it includes extensive coverage of International Accounting Standards (IAS) and International Financial Reporting Standards (IFRS). This market-leading text offers students a clear, well-structured and comprehensive treatment of the subject. Supported by illustrations and exercises, the book provides a strong balance of theoretical and conceptual coverage. Students using this book will gain the knowledge and skills to help them apply current standards, and critically appraise the underlying concepts and financial reporting methods.

AAT Advanced Diploma in Accounting

BPP Learning Media provides the widest range of study materials of any CIMA publisher. Our comprehensive printed materials highlight the areas to focus on for your exams, and our e-Learning products complement the syllabus to improve your understanding.

Financial Accounting and Reporting

Accounting and Finance for Managers is specifically designed for the needs of MBA, EMBA and MA Business and Management students. It includes worked examples throughout the chapters, as well as real-world scenarios and full exercises at the end of each chapter. The book also includes 'Expert view' notes, which encourage students to think more broadly and present them with further issues to consider. For lecturers, the book begins with an indication of how the course material throughout the book might be divided over different time periods. Providing coverage of basic bookkeeping, readers will learn how to interpret financial statements and grasp underlying theory, interpret a cash budget and identify potential problems, identify appropriate pricing strategies to fit different markets and products/services and incorporate financial evaluation into operational decision making and problem solving. Online supporting resources for this book include bonus chapters covering topics such as cash flow, investment decisions and business planning, and lecture slides for each chapter.

Technique endorsed by the July 2014 ICAEW Case Study prize winner. New revised edition which has been fully updated for the lessons learned in the July 2014 exam (Zoo-Med). We have added new planning sheets and a new chapter on the correct writing style for Case. Includes £20 or 10% discount on ACA Simplified November 2014 mock exam pack and improved planning sheets, developed in consultation with our taught course students during the July 2014 session. Explains the ACA Simplified "40 Task Approach(TM)" to cracking the ACA Case Study. Organised into 20 Chapters and 4 Appendices, this book will take you through our carefully designed and practical approach to gaining the marks you need to pass. Includes detailed "student eye" views from 2 students who increased their grades by 20 percentage points each between July 2012 and November 2012 using the 40 Task Approach(TM). Our unique method is completely focused on the mark scheme and unlocks the secrets of a pass through a simplified approach which is radically different from the standard "4 Column Planning Grid" endorsed by other providers. Successfully used by the July 2014 ICAEW Case Study prize winner who scored 92% at his first attempt. This book is aimed at both re-sit students and first timers who wish to ensure a pass. If you have found yourself failing Case several times without really knowing why (and whilst writing a report which you thought was good), this book will help you understand what you are doing wrong - we are careful at all times to highlight the difference between a good report and a good grade in Case. All chapters are based on practical and sensible advice which is now proven across 5 exam sessions and which has been further developed through close consultation with recent students. See our website at www.acasimplified.com for our other Case Study materials, tuition and mock exams. See also the positive Amazon reviews of the previous editions of Cracking Case. ICAEW Audit and Assurance

(Previously known as "Advanced Level Audit Risks & Tests") New revised 2018 edition of our very popular Exam Room Notes book. RETAINED FEATURE FROM MAJOR 2017 UPDATE - following numerous requests from students, for the 2017 edition of the book we added exam room notes on all Advanced Level Assurance areas such as internal audit, corporate governance, due diligence, examination of prospective information (ISAE 3400) and other areas - we have retained this feature

for the 2018 edition of the book so our Exam Room Notes therefore provide reminders not only for statutory audit risks & tests questions but also on specialist assurance areas. Provides an alphabetical quick reference list of approximately 70 key audit test and risk areas and 14 assurance topics, based on our careful review of the ICAEW Study Manual for Corporate Reporting, the ICAEW Question Bank for Corporate Reporting and the previous "old" TI paper in Business Reporting, together with past papers and ICAEW mocks for both the evolved Advanced Level and "old" TI level. Useful as a quick reference guide to generate reminders in the exam, reducing the time that you will need to invest in revising Audit & Assurance, which is a fundamental element of the Corporate Reporting paper - 2 of the 3 questions in CR will have a heavy or even exclusive emphasis on Audit & Assurance so the importance of this book's information and quick reference approach has been further enhanced under the evolved ACA. This book removes the need for you to prepare your own folder notes on Audit & Assurance, leaving more time to invest in other aspects of the Advanced Level syllabus. In addition to reviewing past papers and mocks, we have carefully summarised the audit tests in the "Audit Focus" sections now included in the 2015 and later editions of the Corporate Reporting Study Manual to ensure that you have a quick reference source of tests which have been emphasised in the new Advanced Level materials (i.e. tests which the examiners appear keen for students to learn and mention but which are somewhat hidden away at the end of the financial reporting chapters of the Corporate Reporting Study Manual). All such tests are now indicated in bold in the relevant sections of our book. All 70 Audit areas and 14 Assurance topics are arranged in alphabetical order, allowing quick reference without having to remember which chapter to consult. Risks & tests are contained in the first part of the book and Assurance is split out separately in the second part of the book for ease of reference. Where relevant, cross references between Audit areas are also included, giving you reminders and hints. Important notice: this set of Exam Room Notes has been designed as a quick reference resource to remind you of content that you should already have studied in detail based on the ICAEW Study Manual and your tuition provider's notes. You must already have studied the Advanced Level syllabus in detail before using this book - the book is in no way designed to replace the Study Manual as a learning resource. If you have invested insufficient time in learning the syllabus content then our Exam Room Notes will not be comprehensible or useful as the book only provides reminders regarding material you must already have studied. Smashing SBM is based around the same approach as our successful and best-selling Cracking Case book: practical, student-focused and simple advice on what to do to pass an unusual examination in which time management and examination technique are the key to success. This new 2019 edition has been fully updated for the new syllabus as well as for the key learning points raised by the 2018 ICAEW past papers. Given the relatively low number of questions in each SBM examination (just 2) and the very open nature of the requirements, it is vital that you have a way of determining which areas are important and which issues are going to attract fewer marks. Smashing SBM sets out an effective planning methodology (which we call MAPs) that helps you predict the mark allocation of sub-parts of a question and allocate your time effectively. Our MAPs give direction to your answer by providing reminders on how to assess the likely mark allocation whilst also reminding you of key things to do in Q1 and Q2, based on our review of examiner comments. Smashing SBM also contains very detailed reviews of the 10 ICAEW past papers set to date with a view to understanding patterns in the question format and content, as well as the mark allocation. Smashing SBM includes detailed revision of key financial management and business strategy topics, as assessed in the real examination papers and ICAEW SBM Mock exams. We have also included selected questions from our Business Strategy and Financial Management Q&A books to help you revise these areas very quickly. The book also contains detailed notes on the Specialist Audit & Assurance topics which are examinable at the Advanced Level. Our revision notes focus on areas other than statutory audit as we know that around 10% of the marks will be for these specialised areas such as Internal Audit, Agreed Upon Procedures, review of prospective information and so on. Smashing SBM contains detailed revision of ethics, including various ethical frameworks, to help you achieve the 5-10% of marks available for ethics in SBM. Smashing SBM is designed to pair up with its sister publication, SBM Exam Room Notes 2019, which offers clear, alphabetically-referenced sets of notes on all key SBM topics to provide exam room reminders of mark-scoring points - perfect for avoiding exam room panic! Corporate Reporting

New 2019 edition based on the updated 2019 ICAEW Study Manual and including analysis of mark allocation in all recent past papers through to September 2018 (December 2018 markscheme not available at the time of writing). New questions on IT and technology topics have been added and questions on models which are no longer examinable have been dropped to allow for changes in the 2019 syllabus. Short form question bank providing over 500 practice questions for the Professional Level Business Strategy and Technology exam. Designed to complement past paper practice by splitting topics and concepts into smaller and more manageable chunks which you can revise many times before the exam, helping the knowledge to sink in. Helps to build your confidence and avoid becoming overwhelmed by the large number of learning points in full exam standard questions. Instead, our Q&A tests one thing at once and therefore allows you to learn an issue properly before moving on. Questions are organised into 17 chapters, covering all aspects of the syllabus. Analysis of distribution of marks in past papers covering the 2009 to September 2018 period to help you focus your revision on key areas (December 2018 markscheme not available at the time of writing). Detailed questions on key strategy models and diagrams, business change, strategic appraisal, market appraisal and calculations. Includes tests of mnemonics (e.g. TEF for Transparency, Effect, Fairness) to help you remember lists of

points and therefore gain more available marks: our lists of mnemonics include both standard ICAEW mnemonics plus further mnemonics developed by us to help you remember various other key areas. All questions are designed to split topics into smaller parts, allowing you to study one thing at once and gradually build up your knowledge. Business Strategy and Technology has a very long and dense Study Manual - our short form Q&A method strips the syllabus down into the core components and gives you a 100% active way of learning the models and theories, making it more interesting to revise this very wordy syllabus. See www.acasimplified.com for more information on our Q&A technique.

FAE Elective

New 2019 edition based on the updated 2019 ICAEW Study Manual and including analysis of mark allocation in all recent past papers through to September 2018 (December 2018 markscheme not available at the time of writing). A large number of new questions on IFRS 9 and IFRS 15 have been added and questions on IAS 39 and IAS 18 have been deleted to allow for significant changes to the 2019 FAR syllabus. Provides over 1,100 short form questions to help you learn all aspects of the complex and detailed FAR syllabus. Designed to complement past paper practice by splitting topics and concepts into smaller and more manageable chunks which you can revise many times before the exam, helping the knowledge to sink in. Helps to build your confidence and avoid becoming overwhelmed by the large number of learning points in full exam standard questions. Instead, our Q&A tests one thing at once and therefore allows you to learn an issue properly before moving on. All questions are designed to split topics into smaller parts, allowing you to study one thing at once and gradually build up knowledge. Analysis of distribution of marks in past papers covering the 2009 to September 2018 period to help you focus your revision on key areas (December 2018 markscheme not available at the time of writing). Contains all relevant Financial Accounting and Financial Reporting questions from our previous FA and FR Q&A books for the old syllabus, updated where necessary. We have also added many new questions for FAR. This means that our Q&A continues to cover the traditional, staple areas and provides much more practice than the Study Manual in key areas such as cashflow statements, earnings per share, related parties and other areas. We also include a detailed introduction explaining some key revision and answering techniques for the 2 different types of FAR question (narrative or "financial reporting" style and numerical or "financial accounting" style). Provides a firm basis for Advanced Level questions involving financial reporting in the Corporate Reporting paper: Q&A can be reused at later stages of the ACA to revise the key areas which the examiner will assume as brought forward knowledge. See www.acasimplified.com for more information on our Q&A technique.

The Institute of Chartered Accountants in England and Wales

Fully updated for FA 2015 and the new 2016 edition of the ICAEW Study Manual, including the new tax topics added to the 2016 BPT syllabus. This set of Exam Room Notes organises the complicated BPT syllabus into 86 separate topics, with most topics summarised in 2 pages or less. All topics have been included in alphabetical order for quick reference. Need to know about the Capital Goods Scheme? Go straight to the C section rather than having to remember that CGS is included in chapter 8 of the Study Manual (and whichever chapter of the notes you have received from your tuition provider). We also include a large number of cross references between topics ("See also" reminders) together with the relevant page numbers so that you can quickly check the interactions between taxes to gain more marks. These reminders will also help you to generate more ideas under time pressure. Our BPT Exam Room Notes have been produced by the same tutor team responsible for our bestselling TI Audit Risks & Tests book and are based on the same principle - simple, clear and quick reference material which you can use with ease, even under exam room pressure. See www.acasimplified.com for more information on our materials and to download free PDF samples of our publications.

Assurance

New 2018 edition based on the updated 2018 ICAEW Study Manual and including analysis of mark allocation in all recent past papers through to September 2017 (December 2017 markscheme not available at the time of writing). Provides over 1,000 short form questions to help you learn all aspects of the complex and detailed FAR syllabus. Designed to complement past paper practice by splitting topics and concepts into smaller and more manageable chunks which you can revise many times before the exam, helping the knowledge to sink in. Helps to build your confidence and avoid becoming overwhelmed by the large number of learning points in full exam standard questions. Instead, our Q&A tests one thing at once and therefore allows you to learn an issue properly before moving on.

All questions are designed to split topics into smaller parts, allowing you to study one thing at once and gradually build up knowledge. Analysis of distribution of marks in past papers covering the 2009 to September 2017 period to help you focus your revision on key areas (December 2017 markscheme not available at the time of writing). Contains all relevant Financial Accounting and Financial Reporting questions from our previous FA and FR Q&A books for the old syllabus, updated where necessary. We have also added many new questions for FAR. This means that our Q&A will continue to cover the traditional, staple areas and will provide much more practice than the Study Manual in key areas such as cashflow statements, earnings per share, related parties and other areas. We also include a detailed introduction explaining some key revision and answering techniques for the 2 different types of FAR question (narrative or "financial reporting" style and numerical or "financial accounting" style). Provides a firm basis for Advanced Level questions involving financial reporting in the Corporate Reporting paper: Q&A can be reused at later stages of the ACA to revise the key areas which the examiner will assume as brought forward knowledge. See www.acasimplified.com for more information on our Q&A technique.

CA Proficiency 1

New revised edition updated for 2014 exams under the evolved ACA syllabus. Provides an alphabetical quick reference list of the 70 key audit test and risk areas which have appeared either in the ICAEW Question Bank or audit questions in past papers under the "old" TI paper, particularly the previous Business Reporting exam. Useful as a quick reference guide to generate reminders in the exam. Reduces the time that you will need to invest in revising Audit, which will be even more important in the new Corporate Reporting paper, given the removal of Tax from this evolved ACA paper - now 2 of the 3 questions will have a heavy or even exclusive emphasis on audit risks and tests so the importance of this book's information and quick reference approach has been further enhanced under the evolved ACA. This book removes the need for you to prepare your own folder notes on risks and tests, leaving more time to invest in other aspects of Audit or the other elements of the new Advanced Level. All 70 Audit areas are arranged in alphabetical order, allowing quick reference without having to remember which chapter to consult. Where relevant, cross references between Audit areas are also included, giving you reminders and hints. Book can also be used in preparation for Professional Level Audit & Assurance, helping you learn lists of tests for the crucial question on audit tests and procedures. For a free sample, see the Samples page at www.acasimplified.com. Look out for our exam day resources for other Advanced Level papers - coming very soon!

AAT - Business Tax

[Previously known as Advanced Level Audit Q&A.] New 2019 edition based on the updated 2019 ICAEW Study Manual and including analysis of the audit and assurance elements of the 2014 to 2018 Advanced Level ICAEW past papers in both Corporate Reporting and Strategic Business Management. Fully updated for IFRS 9 and IFRS 15 Study Manual content. This Q&A uses a self-test methodology to reduce the very dense Advanced Level Audit & Assurance syllabus into over 800 active questions, making the topic more interesting and interactive to study. Helps to build your confidence and avoid becoming overwhelmed by the large number of learning points in full exam standard questions and in the vast and dense Study Manual. Instead, our Q&A tests one thing at once and therefore allows you to learn an issue properly before moving on. In this way, you can build your knowledge effectively without trying to cover too much at the same time. Questions are split into 13 different topic areas and also include relevant past paper questions from the old "Technical Integration" papers for further practice. The introduction to the book analyses the papers set for the first 10 sittings of the Corporate Reporting and Strategic Business Management papers, which were introduced with effect from July 2014. We also include relevant questions and detailed analysis of the mark allocation from Technical Integration past papers over the 2009-2013 period, showing you which areas to prioritise - the Evolved ACA Audit syllabus is relatively unchanged from the previous Technical Integration syllabus so we believe that this analysis will remain valid for the Advanced Level. We also include extensive testing of the new "Audit Focus" sections which can be found hidden away at the end of the financial reporting chapters of the Corporate Reporting Study Manual - easily missed when preparing for Audit! Combined with our companion Advanced Level Audit & Assurance Exam Room Notes book, this Q&A should provide all that you need to pass Advanced Level questions involving Audit and Assurance - this means potentially all 3 questions in Corporate Reporting and vital marks also in at least one of your Strategic Business Management questions. Analysis of distribution of past paper marks in CR and SBM papers set from 2014 to 2018 to help you focus your revision on key areas. Contains questions on areas such as auditing

standards, audit tests, specialist assurance areas such as internal auditing, environmental and social auditing, agreed upon procedures and groups. See www.acasimplified.com for more information on our Q&A technique.

Accounting and Society

New 2019 edition based on the updated 2019 ICAEW Study Manual and including analysis of mark allocation in all recent past papers through to September 2018 (December 2018 markscheme not available at the time of writing). New questions on data analytics, cloud computing, "non-compliance" and "other information" have been added to allow for changes in the 2019 syllabus. Short form question bank providing over 500 practice questions for the Professional Level Audit and Assurance exam. Designed to complement past paper practice by splitting topics and concepts into smaller and more manageable chunks which you can revise many times before the exam, helping the knowledge to sink in. Helps to build your confidence and avoid becoming overwhelmed by the large number of learning points in full exam standard questions. Instead, our Q&A tests one thing at once and therefore allows you to learn an issue properly before moving on. Questions are organised into 11 chapters, covering all aspects of the syllabus but concentrating on key exam areas such as audit testing, modifying reports, ISA and ISAE rules and audit-specific ethics issues. Analysis of distribution of marks in past papers covering the 2009 to September 2018 period to help you focus your revision on key areas (December 2018 markscheme not available at the time of writing). Detailed questions on audit procedures and risks, a topic which regularly accounts for around 25% of a typical paper and can make or break your attempt to pass. Provides a firm basis for Advanced Level questions involving audit issues in the Corporate Reporting paper: Q&A can be reused at later stages of the ACA to revise the key areas which the examiner will assume as brought forward knowledge. All questions are designed to split topics into smaller parts, allowing you to study one thing at once and gradually build up knowledge. See www.acasimplified.com for more information on our Q&A technique.
