Selected Poems and Prose

A major new anthology of Percy Bysshe Shelley's work, edited by Jack Donovan and Cian Duffy. 'My name is Ozymandias, King of Kings: Look on my works, ye mighty, and despair!' Percy Bysshe Shelley was one of the leading English Romantics and is critically regarded among the finest lyric poets in the English language. His major works include the long visionary poems 'Prometheus Unbound' and 'Adonais', an elegy on the death of John Keats. His shorter, classic verses include 'To a Skylark', 'Mont Blanc' and 'Ode to the West Wind'. This important new edition collects his best poetry and prose, revealing how his writings weave together the political, personal, visionary and idealistic. This Penguin Classics edition includes a fascinating introduction, notes and other materials by leading Shelley scholars, Jack Donovan and Cian Duffy.

Selected Poems and Prose

'I have come to the borders of sleep, The unfathomable deep Forest where all must lose Their way, however straight, Or winding, soon or late; They cannot choose.' Fired by his abiding love of the English landscape, the poetry of Edward Thomas is some of the most astonishing of the twentieth century. A journalist, essayist and critic for many years, he was encouraged to write verse by his friend Robert Frost. He produced a late outburst of poetry of extraordinary beauty and mystery about the subjects closest to his heart: rural England and its inhabitants, landscape, atmosphere, transience, endurance and death. By 1917, when he was killed on the Western Front, he had earned his place as one of England's most valued poets. This selection brings together his finest verse with his most vivid prose writings on the countryside.

Selected Poems and Letters

Collects Rimbaud's poetry and over one hundred of his letters, most of which were written after he had abandoned his literary career.

Poems and Prose

In his poetry Gerard Manley Hopkins (1844-89) sought to discover afresh the potentialities of language, and to that end developed his idiosyncratic theories of instress, inscape and sprung rhythm. Hopkins's verse is also informed by his religious beliefs; having converted to the Roman Catholic Church in 1866, he became a Jesuit priest eleven years later. However, his poetry is free from a sense of religious

dogma, and instead offers a whole hearted involvement with all aspects of life, a love of nature and a search for a unifying sacramental view of creation. His best known poems include 'The Wreck of the Deutschland', 'The Windhover', 'Pied Beauty', 'Spring and Fall', 'Carrion Comfort' and 'Harry Ploughman'.

Selected Poems and Prose

The last decades have seen an explosion of the prose poem. More and more writers are turning to this peculiarly rich and flexible form; it defines Claudia Rankine's *Citizen*, one of the most talked-about books of recent years, and many others, such as Sarah Howe's *Loop of Jade* and Vahni Capildeo's *Measures of Expatriation*, make extensive use of it. Yet this fertile mode which in its time has drawn the likes of Charles Baudelaire, Oscar Wilde, T. S. Eliot, Gertrude Stein and Seamus Heaney remains, for many contemporary readers, something of a mystery. The history of the prose poem is a long and fascinating one. Here, Jeremy Noel-Tod reconstructs it for us by selecting the essential pieces of writing - by turns luminous, brooding, lamentatory and comic - which have defined and developed the form at each stage, from its beginnings in 19th-century France, through the 20th-century traditions of Britain and America and beyond the English language, to the great wealth of material written internationally since 2000. Comprehensively told, it yields one of the most original and genre-changing anthologies to be published for some years, and offers readers the chance to discover a diverse range of new poets and new kinds of poem, while also meeting famous names in an unfamiliar guise.

The Penguin Book of the Prose Poem

This collection illuminates the uniquely fascinating era between 1820 and 1950 in French poetry - a time in which diverse aesthetic ideas conflicted and converged as poetic forms evolved at an astonishing pace. It includes generous selections from all the established giants - among them Baudelaire, Verlaine, Rimbaud and Breton - as well as works from a wide variety of less well-known poets such as Claudel and Cendrars, whose innovations proved vital to the progress of poetry in France. The significant literary schools of the time are also represented in sections focusing on such movements as Romanticism, Symbolism, Cubism and Surrealism. Eloquent and inspirational, this rich and exhilarating anthology reveals an era of exceptional vitality.

The Penguin Book of French Poetry

Arranged chronologically, David Luke's verse translations are set alongside the German originals to give a picture of Goethe's poetic development.

Selected Poetry

In response to Ralph Waldo Emerson's call for the United States to have its own unique poet, Walt Whitman rose to the challenge to create what would ultimately be his most profound work. Taking its title from the colloquial term "grass"

Leaves of Grass

One of the major poets of Romanticism, Wordsworth epitomized the spirit of his age with his celebration of the natural world and the spontaneous expression of feeling. This volume contains a rich selection from the most creative phase of his life, including extracts from his masterpiece, *The Prelude*, and the best-loved of his shorter poems such as 'Composed Upon Westminster Bridge', 'Tintern Abbey', 'I Wandered Lonely as a Cloud', 'Lucy Gray', and 'Michael'. Together these poems demonstrate not only Wordsworth's astonishing range and power, but the sustained and coherent vision that informed his work.

Selected Poems

'The mystery of Life, the mystery Of Death, I see Darkly as in a glass...' Christina Rossetti (1830-94) is perhaps the most contradictory of the great Victorian poets. She writes of the world's beauty, but fears that it may be deceptive, even deadly. She is a religious poet, but much of her work is driven by uncertainty. Her poems are restrained, even secretive, but they seek nothing less than the mystery of Life and Death. This edition contains Rossetti's strongest and most distinctive work: poetry (including 'Goblin Market', 'The Prince's Progress', and the sonnet sequence 'Monna Innominata'), stories (including the complete text of *Maude*), devotional prose (with nearly fifty entries from the

'reading diary' Times Flies), and personal letters. Those poems which Rossetti published, and those which she withheld from publication, are here brought together in chronological order, allowing the reader to observe her poetic trajectory. This edition also records the major revisions made by Rossetti when preparing her poems for publication. It brings together the fullest range of Rossetti's poetry and prose in one volume, and is an indispensable introduction to this entrancing writer. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

The Poetical Works of Samuel Taylor Coleridge

The largest and richest English-language volume of poetry from "the greatest twentieth-century writer you have never heard of" (Los Angeles Times) Edited, Translated, and with an Introduction by Richard Zenith, the author of the Pulitzer Prize finalist *Pessoa: A Biography* A Penguin Classic Writing obsessively in French, English, and Portuguese, poet Fernando Pessoa (1888–1935) left a prodigious body of work, much of it credited to three "heteronyms" Alberto Caeiro, Ricardo Reis, and Alvaro de Campos alter egos with startlingly different styles, points of view, and biographies. Offering a unique sampling of his most famous voices, this collection features Pessoa's major, best-known works and several stunning poems that have come to light only in this century, including his long, highly autobiographical swan song. Featuring a rich body of work that has never before been translated into English, this is the finest introduction available to the stunning breadth of Pessoa's genius.

Poems and Prose

The poems of Charles Baudelaire are filled with explicit and unsettling imagery, depicting with intensity every day subjects ignored by French literary conventions of his time. 'Tableaux parisiens' portrays the brutal life of Paris's thieves, drunkards and prostitutes amid the debris of factories and poorhouses. In love poems such as 'Le Beau Navire', flights of lyricism entwine with languorous eroticism, while prose poems such as 'La Chambre Double' deal with the agonies of artistic creation and mortality. With their startling combination of harsh reality and sublime beauty, formal ingenuity and revolutionary poetic language, these poems, including a generous selection from *Les Fleurs du Mal*, show Baudelaire as one of the most influential poets of the nineteenth century.

A Little Larger Than the Entire Universe

James Greene's acclaimed translations of the poetry of Osip Mandelshtam, now in an extensively revised and augmented edition.

Selected Poems

'I must down to the seas again, to the lonely sky and sea' John Masefield was sent to join a training ship at a young age, his aunt hoping the experience would cure him of his addiction to books. Instead, Masefield was to become one of the greatest writers on life at sea. In this collection of short stories, extracts from novels, poetry (including 'Sea-Fever' and 'Cargoes' which Betjeman said 'will be remembered as long as the language lasts') and autobiography, he writes of the hardship, romance and adventure of seafaring with a sailor's way with language and sense of a good yarn- of life in dock and on the swelling seas, of salt spray, mutiny, great storms, the spirits beneath the waves, and the devil and Davy Jones playing dice for souls. This edition includes an introduction by Philip W. Errington on Masefield's reputation, his mistreatment of his own youthful work, and his conflicted attitude to his colourful life story. It also includes a chronology, further reading and notes. Edited with an introduction and notes by Philip W. Errington

Selected poems of Tennyson

An enchanting collection of the very best of Russian poetry, edited by acclaimed translator Robert Chandler together with poets Boris Dralyuk and Irina Mashinski. In the late eighteenth and early nineteenth centuries, poetry's pre-eminence in Russia was unchallenged, with Pushkin and his contemporaries ushering in the 'Golden Age' of Russian literature. Prose briefly gained the high ground in the second half of the nineteenth century, but poetry again became dominant in the 'Silver Age' (the early twentieth century), when belief in reason and progress yielded once more to a more magical view

of the world. During the Soviet era, poetry became a dangerous, subversive activity; nevertheless, poets such as Osip Mandelstam and Anna Akhmatova continued to defy the censors. This anthology traces Russian poetry from its Golden Age to the modern era, including work by several great poets - Georgy Ivanov and Varlam Shalamov among them - in captivating modern translations by Robert Chandler and others. The volume also includes a general introduction, chronology and individual introductions to each poet. Robert Chandler is an acclaimed poet and translator. His many translations from Russian include works by Aleksandr Pushkin, Nikolay Leskov, Vasily Grossman and Andrey Platonov, while his anthologies of Russian Short Stories from Pushkin to Buida and Russian Magic Tales are both published in Penguin Classics. Irina Mashinski is a bilingual poet and co-founder of the StoSvet literary project. Her most recent collection is 2013's *Ophelia i masterok* [Ophelia and the Trowel]. Boris Dralyuk is a Lecturer in Russian at the University of St Andrews and translator of many books from Russian, including, most recently, Isaac Babel's *Red Cavalry* (2014).

Selected Poems

A treasury of Frost's most expressive verse. In addition to the title poem: "An Old Man's Winter Night," "In the Home Stretch," "Meeting and Passing," "Putting in the Seed," many more. All complete and unabridged.

Selected Poems

Daniel Karlin has selected poetry written and published during the reign of Queen Victoria, (1837-1901). Giving pride of place to Tennyson, Robert Browning, and Christina Rossetti, the volume offers generous selections from other major poets such as Arnold, Emily Bronte, Hardy and Hopkins, and makes room for several poem-sequences in their entirety. It is wonderful, too, in its discovery and inclusion of eccentric, dissenting, un-Victorian voices, poets who squarely refuse to 'represent' their period. It also includes the work of Elizabeth Barrett Browning, George Meredith, James Thomson and Augusta Webster.

Spun yarn

Robert Browning was one of the greatest of English poets, whose intense and original imagination enabled him to transform any subject he chose - whether everyday or sublime - into startling memorable verse. In his work he brought to life the personalities of a diverse range of characters, and introduced a new immediacy, colloquial energy and psychological complexity to the poetry of his day. This selection brings together verse ranging from early dramatic monologues such as the chilling 'My Last Duchess' and the ribald 'Fra Lippo Lippi', which show his gift for inhabiting the mind of another, to the popular children's poem 'The Pied Piper of Hamelin' and many lesser known works. All display his innovative techniques of diction, rhythm and symbol, which transformed Victorian poetry and influenced major poets of the twentieth century such as Ezra Pound, T. S. Eliot and Robert Frost.

Selected poems

The ground-breaking work of the poet who paved the way for generations of women writers, in a new selection by her daughter and literary executor, Linda Gray Sexton. When Anne Sexton took her own life in October 1974, she left behind a body of work which had already, in less than two decades of writing, won her the Pulitzer Prize for Poetry, established her as one of the foremost voices of her generation, and shocked America by breaking multiple taboos of subject matter, from insanity, depression and addiction to menstruation, adultery and the figure of the witch. Sexton's name is legendary. Her poetry is read around the world, translated into over thirty languages, and in her own country remains a touchstone for poets and readers looking for rawness of perception, vitality of expression, confessional frankness and fiery passion. Yet, incredibly, there has been no new UK edition of her work for decades. In *Mercies*, readers are provided with a resonant new selection from the writings of this natural phenomenon of a poet.

Percy Bysshe Shelley

Edward Thomas wrote a lifetime's poetry in two years. Already a dedicated prose writer and influential critic, he became a poet only in December 1914. In April 1917 he was killed at Arras. This book includes all his poems and draws on freshly available archive material.

The Penguin Book of Russian Poetry

'Shall I embrace you, must I let you go? Again you haunt me: come then, hold me fast!' Goethe viewed the writing of poetry as essentially autobiographical and the works selected in this volume represent over sixty years in the life of the poet. In early poems such as 'Prometheus' he rails against religion in an almost ecstatic fervour, while 'To the Moon' is an enigmatic meditation on the end of a love affair. The Roman Elegies show Goethe's use of Classical metres in homage to ancient Rome and its poets, and 'The Diary', suppressed for more than a century, is a narrative poem whose eroticism is unusually combined with its morality. Arranged chronologically, David Luke's verse translations are set alongside the German originals to give a picture of Goethe's poetic development. This edition also includes an introduction and notes placing the poems in the context of the poet's life and times.

Percy Bysshe Shelley

One of Germany's greatest poets, Johann Christian Friedrich Hölderlin (1770-1843) was also a prose writer of intense feeling, intelligence and perception. This new translation of selected letters and essays traces the life and thoughts of this extraordinary writer. Hölderlin's letters to friends and fellow writers such as Hegel, Schiller and Goethe describe his development as a poet, while those written to his family speak with great passion of his beliefs and aspirations, as well as revealing money worries and, finally, the tragic unravelling of his sanity. These works examine Hölderlin's great preoccupations - the unity of existence, the relationship between art and nature and, above all, the spirit of the writer.

The Complete Poems

Acclaimed by Forster and Pound, for Yeats the poet whose poetry 'stirred my blood as nothing has for years', Tagore was and remains India's greatest writer this century. Prolific and innovative as a poet, novelist, dramatist, musician and painter, he was also a leading figure in the Nationalist movement, an intimate of Gandhi, a vastly influential educationalist and philosopher and a luminary in world culture. William Radice's selections and translations from the Bengali reintroduce Tagore to a new generation of Western readers.

Selected Poems

Admired and loved for their ingenuity and potency, Dylan Thomas's poems celebrate the inner and outer landscapes in the face of mortality and decay, human weakness and shortcomings. This text presents a selection of his poetry.

Selected Poems of Thomas Hardy

Member of Parliament, tutor to Oliver Cromwell's ward, satirist, and friend of John Milton, Andrew Marvell was one of the most significant poets of the seventeenth century. The Complete Poems demonstrates his unique skill and immense diversity, and includes lyrical love poetry, religious works, and biting satire. From the passionately erotic "To His Coy Mistress" to the astutely political Cromwellian poems and the profoundly spiritual "On a Drop of Dew," in which he considers the nature of the soul, these works are masterpieces of clarity and metaphysical imagery. This Penguin Classics edition includes authoritative texts of these poems, based on a detailed study of the extant manuscripts, and a new introduction by leading scholar Jonathan Bate. Also included are a chronology, further reading selections, appendices, notes, and indexes. For more than seventy years, Penguin has been

The Penguin Book of Victorian Verse

Friedrich Hölderlin (1770-1843) is now recognized as one of Europe's supreme poets. He first found his true voice in the epigrams and odes he wrote when transfigured by his love for the wife of a rich banker. He later embarked on an extraordinarily ambitious sequence of hymns exploring cosmology and history, from mythological times to the discovery of America and his own era. The 'Canticles of Night', by contrast, include enigmatic fragments in an unprecedented style, which anticipates the Symbolists and Surrealists. Together the works collected here show Hölderlin's use of Classical and Christian imagery and his exploration of cosmology and history in an attempt to find meaning in an uncertain world.
