Introduction: Preparing for your dissertation defense

What is your study about and why did you choose to research this?

How did your research questions evolve during the research process?

How did you design your study and why did you take this approach?

What were the main shortcomings and limitations created by your research design?

How did your findings relate to the existing literature?

What were your key findings in relation to the research questions?

Were there any findings that surprised you?

What biases may exist in your research?

How can your findings be put into practice?

Bonus Q: If you could redo your research, how would you alter your approach?
