A Traveller's History of the USA

"A Traveller's History of the U.S.A." guides today's travelers through a general history of the people and places of America, from its first inhabitants to the present day. Maps. Line drawings.

A Traveller's History of the USA

This title is aimed at travellers, or those interested in history, who wish to enjoy the USA. It outlines the history of the country from 25,000 years ago to the present, showing the continuous passage of travellers who have come to the American strand, crossing first by land bridge, later ocean vessel, and then by aircraft. For some, it was a place of new beginnings and fresh starts, for others, a land of bondage and subjugation; for all, a region of stark contrasts between what may have been and what could be.

The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

The Negro Motorist Green Book

Aimed at travellers, or those interested in history, who wish to enjoy the USA. It outlines the history of the countries, showing the continuous passage of travellers who have come to America, crossing first by land bridge, later ocean vessel, and then by aircraft.

From the early Christian era in Europe, Southeast Asia was known as the "Land of Gold." It is a region blessed with a rich diversity of cultures, peoples, and scenery. A Traveller's History of Southeast Asia is a lucid and concise introduction to the histories of the modern states of Malaysia, Indonesia, Vietnam, Cambodia, Laos, Thailand, Singapore, Brunei, and East Timor, providing an essential guide for both tourists and the general reader. It spans the history of the region from "Java Man" some one million years ago, to the development of the high-tech, skyscraper cities of the new millennium, all the way to the present time. Following chapters on the physical environment and the earliest human history of Southeast Asia, the authors carry the reader through the classical kingdoms that produced such architectural marvels as Borobudur in Java and Angkor Wat in Cambodia. The book further explores Southeast Asia's growing trade with the outside world from 1500 culminating in colonization by the European imperial powers in the nineteenth and twentieth centuries. The struggles for independence in the last century—which made the modern nations of the region—are discussed in detail, as are the dramatic and tragic events of the post-independence era such as the Vietnam War and the Cambodia genocide. The remarkable successes and failings of the region's recent economic development are highlighted in the final chapter. Above all, A Traveller's History of Southeast Asia shows how the region's soul has been preserved against tremendous external pressures.

An Armchair Traveller's History of Apulia is the story of the heel of Italy - Puglia - as told by past and present day travellers. It has beautiful landscapes, cave towns and frescoed grotto churches, wonderful old cities with Romanesque cathedrals, Gothic castles and a wealth of Baroque architecture. And yet, while far from inaccessible, until quite recently it was seldom visited by tourists. This portrait of Apulia concentrates on the Apulian people down the ages. Conquerors, whether Messapians, Greeks, Romans, Arabs, Lombards, Byzantines, Normans, Angevins, Germans or Spaniards, have all left their mark on the region in a cultural palimpsest that at first sight bewilders, but which hugely repays investigation. Arranged in short chapters, the narrative travels from north to south, making it an ideal companion for exploring Apulia by car. The Gazetteer, which is cross-referenced to the main text, highlights cities, churches, cathedrals, castles and sites of historical importance to the visitor. For travellers on the ground or students at their desks, this elegant, cloth-bound book will prove invaluable.

Spain, during her 'golden age', was a political giant whose influence spanned the world, from Germany to the Western Pacific. Rich in gold and silver from her conquests in Mexico and Peru, Spain was able to send the Armada against England, defeat the might of the Turks and challenge France for the hegemony of Europe. This book will unlock for the interested traveller the secrets of Spain's vibrant and colourful past, its people and culture. It takes the reader on a journey from the earliest settlements on the Iberian Peninsula, through the influences of the Romans, the Goths and the Muslims, the traumas of expansion and the end of her Empire, the bitter civil war, the Franco era and ends with an analysis of Spain today and her future as a leading member of the European Community. A full chronology of major events, a cross-referenced historical gazetteer, a list of rulers, a bibliography, index and historical and contemporary maps all add to its usefulness for the tourist, business traveller or student of Spain past and present.

Ancient Egypt has gripped the popular imagination like no other country and the lure of its pyramids and the Nile are a magnet for visitors from all over the world. This book provides a concise and fascinating journey from the country's earliest beginnings right up to the present day. A Traveller's History of Egypt communicates the magic of the pharaohs alongside a level-headed discussion of Islam for the benefit of modern travellers. The book will span the entire history of Egypt, from the murkiest origins of prehistory right up to the latest developments – all in a style that is as entertaining as it is well-informed. There are few books on the country that attempt this feat, but to do so is perhaps more important today than it has ever been, at a time when an understanding of contemporary Egypt is not merely an advantage for travel there, but a necessity. It will make sense of the major controversies and guide the reader carefully where Egyptologists cannot agree – whether it is the dates of certain kings or the positioning of whole dynasties. A full chronology of major events, a cross-reference historical gazetteer, a list of

pharaohs, rulers and presidents, a bibliography, index and historical maps, will add to its accessibility, and afford it the most useful elements of a reference book.

A Traveller's History of Egypt

A Narrative of Travels in the United States of America

A much-needed contribution to the expanding interest in the history of travel and travel writing, *Voyages and Visions* is the first attempt to sketch a cultural history of travel from the sixteenth century to the present day. The essays address the theme of travel as a historical, literary and imaginative process, focusing on significant episodes and encounters in world history. The contributors to this collection include historians of art and of science, anthropologists, literary critics and mainstream cultural historians. Their essays encompass a challenging range of subjects, including the explorations of South America, India and Mexico; mountaineering in the Himalayas; space travel; science fiction; and American post-war travel fiction. *Voyages and Visions* is truly interdisciplinary, and essential reading for anyone interested in travel writing. With essays by Kasia Boddy, Michael Bravo, Peter Burke, Melissa Calaresu, Jesus Maria Carillo Castillo, Peter Hansen, Edward James, Nigel Leask, Joan-Pau Rubies and Wes Williams.

A Traveller's History of New Zealand and the South Pacific Islands gives the curious tourist not only a modern day portrait of New Zealand and the far flung islands, their political systems and economic diversity, but also looks at the early settling of this massive area which covers about a fifth of the whole surface of the earth. When European navigators first sailed into the region, they were astonished at the exotic shared culture and language of the natives, separated in many cases by terrifying stretches of open ocean. The story of the peopling of the South Pacific Islands and New Zealand is one of the world's great epics. The book also has practical information for visitors, an Historical Gazetteer, and is illustrated with relevant maps plus a Chronology of Events. Special topics covered include Firewalking in Fiji, the Musket Wars, the Haka, Polynesian Tattooing and the Jon Frum Cargo Cult of Vanuatu. Book jacket.

This concise and readable guide to the history and culture of Morocco, Tunisia, Libya and Algeria, relates the history of the region from its earliest beginnings to its politics and life at the turn of the new century. North Africa is surrounded by the Mediterranean, the Atlantic, and to the south, the sands of the Sahara. It has seen wave upon wave of invasion, from the Carthaginians in the 5th century BC to the French in the 20th century.

A Traveller's History of North Africa

Since its original landmark publication in 1980, A People's History of the United States has been chronicling American history from the bottom up, throwing out the official version of history taught in schools -- with its emphasis on great men in high places -- to focus on the street, the home, and the workplace. Known for its lively, clear prose as well as its scholarly research, A People's History is the only volume to tell America's story from the point of view of -- and in the words of -- America's women, factory workers, African-Americans, Native Americans, the working poor, and immigrant laborers. As historian Howard Zinn shows, many of our country's greatest battles -- the fights for a fair wage, an eight-hour workday, child-labor laws, health and safety standards, universal suffrage, women's rights, racial equality -- were carried out at the grassroots level, against bloody resistance. Covering Christopher Columbus's arrival through President Clinton's first term, A People's History of the United States, which was nominated for the American Book Award in 1981, features insightful analysis of the most important events in our history. Revised, updated, and featuring a new afterword by the author, this special twentieth anniversary edition continues Zinn's important contribution to a complete and balanced understanding of American history.

The Fellow-travellers; a Postscript to the Enlightenment

The writings of travellers in Africa during the Golden Age of Victorian exploration often tell us more about 19th-century Britain than about Africa. In this text, the author places these narratives in their historical and cultural context, and examines how racial images may be affected by social change and literary form.
