Forgotten Tales of North Carolina

What comes to mind when you think of North Carolina history? Is it Sir Walter Raleigh, Guilford Courthouse and the Wright Brothers? Or do you think of sea monsters, drunken geese, hitchhiking alligators and a boy with America spelled out in his eyes? Throughout its 350-year past, North Carolina has been the site of a vast number of famous historical events. But the history of the Tar Heel State doesn't stop there. Just beyond what's well-known, written about and taught lies a second history, a Tar Heel treasure trove of fascinating characters and extraordinary events that have for decades gone untold or been forgotten. Until now. In this enthralling new book, Roger Kammerer and Tom Painter have compiled a collection of stories on North Carolina history sure to befuddle, baffle and bemuse even lifelong residents. Who knew that a man in Currituck County once traded his wife and two children for a fishing net? Or that the town of Rich Square once counted among its residents a 1,000-pound man? Or that a world champion fiddler from Asheville once fiddled at the White House for the president and King George VI? Or, better yet, that oysters with false teeth were once hauled up from the waters off Morehead City? *Forgotten Tales of North Carolina* is an incomparable collection of outrageous historic stories that will delight Tar Heels across the state, newcomers and natives alike.

Mysterious Tales of the North Carolina Piedmont

The history of the Tar Heel State is filled with mysterious and creepy tales. Legends say that several places in North Carolina have been visited by the devil, from the Devil's Tramping Ground near Siler City to the footprint he left in the Devil's Rock in Warren County. Learn why the Banshee of the Tar River first appeared and why her bloodcurdling screams continue to be heard. The Catsburg Ghost Train still appears on moonless nights. Sightings of Normie, the monster of Lake Norman, have been

reported since the lake was created in the early 1960s. Join master storyteller Sherman Carmichael as he explores the lore of North Carolina's Piedmont.

Forgotten Tales of South Carolina

From the desk of Sherman Carmichael comes a collection of about a hundred quirky and unpublished tales from the Palmetto State. Tales include everything from folk tales, urban legends, monsters, mermaids, ghost sightings, mysterious lights, UFO sightings, dinosaurs, and haunted locations.

Mysterious Tales of Coastal North Carolina

Master storyteller Sherman Carmichael ventures into the Tar Heel State to deliver strange and mysterious tales along the coast. Read about shipwrecks such as that of the SS Liberator, which still sits at the bottom of the ocean off the coast of Diamond Shoals, and legendary storms like the 1911 Water Spouts, which were described as tornadoes spinning wildly atop the ocean. Find out why the Cape Hatteras Lighthouse is said to be haunted by a large black cat. Learn about the origins of Boo Hag, a fiendish creature that sucks the life out of her victims as they sleep at night--a tale that originates from the rich Gullah culture of the Carolinas. Join Carmichael as he contemplates these stories and more from the mysterious side of North Carolina's beloved coastal counties.

Unexplained South Carolina

The Palmetto State is home to many strange and unexplained events. The Gray Man of 2018 is Pawleys Island's most historic ghost. He has been seen walking the beaches before hurricanes. The tiny town of Hilda hears the mournful wail of a ghost train. The Bowery, Myrtle Beach's most legendary bar, hosts the spectral singing of Barman Joe. A ninety-two-foot crop circle appeared in the small town of McBee in 1994. And there's a host of Bigfoot sightings in the state. Sherman Carmichael delves into the mysterious side of South Carolina.

Forgotten Tales from Abingdon, Virginia and the Holston River Valley

This collection of oral histories, ghost stories, and historic newspaper articles from the Abingdon, Virginia area provide the reader with intrigue and entertainment. Brave Civil War Soldiers, murders, fires, epidemics, train wrecks, ghosts, oral history interviews, and community news are featured in articles and letters from the past, as you learn about the past of the region.

Legends and Lore of South Carolina

This new collection of eighty strange and unusual South Carolina legends is rooted in the state's deep history. Some originated centuries ago, such as the Agnes of Glasgow story in Camden and that of the ghostly dwarf jester Gauche, said to haunt a Beaufort mansion. Certain places hold secrets from different eras, including White Wolf Road in Blacksburg and the state's numerous historic cemeteries like the one at Salem Black River Church in Mayesville. These pages also contain simple explanations for local lore, like the Gullah tradition behind blue bottle trees that still decorate Carolina gardens today. These and many more crowd-pleasing yarns can be found in this volume from the desk of master storyteller, author and researcher Sherman Carmichael.

North Carolina History Stories

Tennessee has never been a stranger to strangeness. Stories of the weird, wild, and wonderful abound in the Volunteer state. Join author and seasoned journalist Kelly Kazek as she tracks down the extraordinary stories that other history books overlook. Each section covers a different outlandish theme of Tennessee history colorful characters, strange sites, intriguing incidents, tombstone tales, odd occurrences, and curious creatures. Readers will discover the brilliant phenomenon of synchronized firefly flashes in the Smoky Mountain town of Elmont, take on the world's largest Moon Pie in Chattanooga and learn Tennessee's history of damaging earthquakes. From the humorous to the haunting, the madcap to the macabre, Forgotten Tales of Tennessee offers a collection as remarkable as the state itself.

Forgotten Tales of Tennessee

What if someone told you that an entire community has been practically hidden, within trees and hills, for more than a century? *Tales of Eastwood* is the true story of the history and lore of Eastwood, North Carolina. This charming community is nestled amid the hills and trees around Highway 15 and 501, with a history and group of intriguing characters all its own. You might have passed through this community in the blink of an eye less than three minutes to be exact and you would have had no idea you were in the midst of a place rich in culture. Arlene Kearns Dowdy explores the mysterious whispers of the trees and the shadows of the tombstones. She offers a sense of the emotions and courage of the youth as they confront their fears and allows us to discover the amazing strength and endurance of the women and children of this community. Come along as she strolls through the yards and fields to watch children enjoy fun, free playtime. Through her, we are able to know how the strong fathers interact with their children. These tales bring to life the fun and the laughter of the residents of this enchanting community, Eastwood, North Carolina, past and present.

Tales of Eastwood

Master storyteller Sherman Carmichael ventures into the Tar Heel State to deliver strange and mysterious tales along the coast. Read about shipwrecks such as that of the SS Liberator, which still sits at the bottom of the ocean off the coast of Diamond Shoals, and legendary storms like the 1911 Water Spouts, which were described as tornadoes spinning wildly atop the ocean. Find out why the Cape Hatteras Lighthouse is said to be haunted by a large black cat. Learn about the origins of Boo Hag, a fiendish creature that sucks the life out of her victims as they sleep at night--a tale that originates from the rich Gullah culture of the Carolinas. Join Carmichael as he contemplates these stories and more from the mysterious side of North Carolina's beloved coastal counties.

Mysterious Tales of Coastal North Carolina

Maine has a collection of unique characters and tales that has helped to shape its identity. Uncover the state's hidden gems with stories like the Midas Scam in Lubec, which left investors with little but salt water to show for their investment. Meet the Artist Who Played Robin Hood, the Hermit of North Pond and the Mysterious Billy Smith. From the tragedy of the Wreck of the Circus Ship to the uplifting story of the Schoolgirl Ambassador, Maine author and veteran storyteller Jim Harnedy brings out the offbeat characters and events that have made the Pine Tree State so unique.

Forgotten Tales of Down East Maine

Truth, after all, still remains stranger and more engaging than most legends. And Missouri, of course, leads every other place in truth. Hop aboard Long's dragon boat or take advantage of 1846 wind wagon technology to plunge into the forgotten tales of this fascinating place. Hobnob cautiously with Stagger Lee, Mike Fink and Calamity Jane and view the chamber pot war from a safe distance. Trade witticisms with Alphonse Wetmore and Mark Twain, the frontier folk who keep us civilized today. If you keep company with storyteller Mary Collins Barile, you'll even catch a glimpse of the Mississippi River running backward from an earthquake that was all Missouri's fault.

Forgotten Tales of Missouri

Explore the lore of the Old Dominion. From colonial-era witches to modern sightings of Bigfoot, the history of the Old Dominion is filled with creepy tales. Cemeteries, battlefields and inns host haunts from Virginia's earliest days. Some appear as corporeal figures, and some as lights or ghostly noises. Delve into the sad and scary stories of patients who still linger in Victorian-era sanatoriums. Unexplained sightings of mysterious creatures, from Bigfoot to werewolves, are widespread in the western part of the state, and Chessie rears her head in the Bay--for the lucky few! Even prominent buildings like the Executive Mansion in Richmond have their own uncanny legends. Join master storyteller Sherman Carmichael as he tells spooky tales of the Old Dominion.

Mysterious Virginia

The Palmetto State is home to many strange and unexplained events. The Gray Man of 2018 is Pawleys Island's most historic ghost. He has been seen walking the beaches before hurricanes. The tiny town of Hilda hears the mournful wail of a ghost train. The Bowery, Myrtle Beach's most legendary bar, hosts the spectral singing of Barman Joe. A ninety-two-foot crop circle appeared in the small town of

McBee in 1994. And there's a host of Bigfoot sightings in the state. Sherman Carmichael delves into the mysterious side of South Carolina.

Unexplained South Carolina

In the last three decades North Carolina has witnessed a remarkable growth in population, economic development, and political importance, and it now ranks as the tenth most populous state in the Union. The Tar Heel State: A History of North Carolina constitutes the most comprehensive and inclusive single-volume chronicle of the state's storied past to date, culminating with an attentive look at recent events that have transformed North Carolina into a southern megastate.

The Tar Heel State

Alabama tales that have existed only in rumor, legend and lore are uncovered in this volume of strange, funny, far-fetched, unique and gripping stories from Muscle Shoals to Mobile. From Muscle Shoals to Montgomery to Mobile, there's just no place quite like Alabama. Take a journey off the beaten path through the Cotton State with author Kelly Kazek as she uncovers the stories that make Alabama one of a kind. Kazek, a longtime Alabama resident, unearths tales that have existed only in rumor, anecdote, legend and lore. This collection is packed with little-known stories of strange sites, like the world's largest Nehi bottle; curious critters, like the first monkey in space; and colorful characters, such as the outlaw Tom Clark. Whether funny, far-fetched, gripping or grisly, *Forgotten Tales of Alabama* is filled with stories you won't soon forget.

Forgotten Tales of Alabama

Excerpt from *Grandfather's Tales of North Carolina History, Vol. 9* Then we thought it might be a useful offering to the public and to our schools and perhaps give a new stimulus to the State love Of the rising generation and cause them to know more Of their illustrious progenitors, and to emulate their virtues and their patriotic deeds. One boulder was in our pathway. It costs labor to pre pare a book for publication. But we were raised to hard work and were never afraid Of it. But, in addition to that, there's much expense in money in getting a book be fore the public, and we never had the gift Of money-get ting and we were largely gifted with the talent for getting rid of it, which talent, we honestly confess, we have never hid in a napkin, but cultivated assiduously by constant practice - that is to say, when we had it to get rid of. However, we have never been an Elijah that the ravens had to feed. SO we looked around to accomplish by our wits what our purse refused to do. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

Grandfather's Tales of North Carolina History, Vol. 9 (Classic Reprint)

Excerpt from *North Carolina History Stories* In presenting this little volume to the children of North Carolina there are two objects In view: 1. To stimulate study in North Carolina history. 2. To give supplementary reading matter, containing interesting facts. For the promotion of these objects the author has selected events and incidents that have interest in themselves, and has told them in words simple enough for a child to understand. The stories close with the eighteenth century, and embrace a portion of the two preceding centuries. If a desire to know more of the history of North Carolina be aroused, the chief object of the writer will have been attained. Thanks are due Dr. Richard Dillard, of Edenton, for facts relative to the Edenton Tea Party, and to Major Graham Daves for valuable aid. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

Grandfather's Tales of North Carolina History

The first major history of witchcraft in America - from the Salem witch trials of 1692 to the present day.

North Carolina History Stories

A plunge into Georgia history offers no shortage of bewilderment. UFOs, haunted bridges, ghost lights and monsters are just a smattering of the unexplained. At the Jekyll Island Club, a bellhop from the Roaring Twenties does his best to stay busy. A bright golden light hovers above the tracks of Macon and Brunswick Railroad, floating toward spectators before it just...turns off. From the obligatory mountain road 'Squatch sightings to Jimmy Carter's eerie encounter in a stand of Leary pines, Sherman Carmichael leads adventurous readers on a quest through baffling Georgia legends.

America Bewitched

Such was the wisdom of the Pittsburgh Daily Gazette and Advertiser in 1866 when describing a railway boss's threat to decapitate a former employee. Pittsburgh has many such stories of strange but mostly true events. Local author Thomas White delves into these lost tales, from Lewis and Clark's inauspicious start involving an intoxicated boat builder to the death ray of inventor Nikola Tesla. A 1907 lion attack at Luna Park, death by spontaneous combustion, Jack the Ripper's rumored visit to the city and an umpire who was rescued from an angry crowd by Pirates players are all part of the forgotten history of the Steel City.

Mysterious Georgia

These dark hills and hollers hold endless secret wonders. UFO sightings join mysterious booming noises and the famous Brown Mountain Lights in lists of unexplained phenomena. Ghosts abound from Biltmore to Grandfather Mountain. Learn about the Phantom Rider of the Confederacy and all the spots where the devil is said to have set foot on Tar Heel soil. Sightings of Bigfoot join the legend of the Wampus Cat in tales told around the fire at night. Master storyteller Sherman Carmichael explores the lore of the mountains.

Forgotten Tales of Pittsburgh

Forgotten Tales and Vanished Trails gathers together Roosevelt's many writings on game hunting and the outdoors from the late 1800s to the early 1900s. Published in various magazines and excerpts from his other publications, this collection finally brings the best musings of a great sportsman into a single volume. These articles span topics from hunting typical game animals (buck, wildebeest, and the like) to the hunting of dangerous predators such as wolves and bears; others are tales told around a campfire, of marauding wolves and man-eating bears, or detailing the finer points of ranching. Some pieces span years, while others detail his shorter exploits across the country. A passionate advocate for the outdoors, Roosevelt's writing is filled with fascinating insights into a world mostly now lost to civilization and commerce. Many of his comments on the precarious balance of the natural world are noted in this volume, and his chapters on conservation and the responsibility of hunters reflect his ever-present interest in preserving the environment for the benefit of generations to come. Skyhorse Publishing is proud to publish a broad range of books for hunters and firearms enthusiasts. We publish books about shotguns, rifles, handguns, target shooting, gun collecting, self-defense, archery, ammunition, knives, gunsmithing, gun repair, and wilderness survival. We publish books on deer hunting, big game hunting, small game hunting, wing shooting, turkey hunting, deer stands, duck blinds, bowhunting, wing shooting, hunting dogs, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home.

Mysterious Tales of Western North Carolina

Idaho was the forty-third state admitted to the Union, but it just might lead the nation in strange stories and offbeat legends. Author and Idaho resident Andy Weeks fills this collection of tales with stories ranging from compelling and heartfelt to outlandish and bizarre. Discover the boxcar that carried the alleged body of John Wilkes Booth through Idaho. Uncover the identity of Lady Bluebeard, the unassuming Twin Falls housewife who allegedly murdered four husbands. Find out how cars ended up at the bottom of Lake Coeur d'Alene. Learn the grisly story of Gobo Fango, a black Mormon sheepherder whose late 1800s bloody dispute with a cattleman on the open range proved fatal. These tales and many others bring to light Idaho's unruly past in fascinating detail.

Forgotten Tales and Vanished Trails

This new collection of short stories centers exclusively on North Carolina and contains fifteen stories by fifteen authors. Along with the new generation of North Carolina writers, stories by such well-known writers as Thomas Wolfe, William Polk, and James Boyd are also included. Originally published in 1959. A UNC Press Enduring Edition -- UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print. These editions are published unaltered from the original, and are presented in affordable paperback formats, bringing readers both historical and cultural value.

Forgotten Tales of Idaho

Local history book covering Rutherford County, North Carolina.

Short Stories from the Old North State

How did a Roanoke neighbor's secret upend North Carolina politics and why did a wedding scandal in Big Lick make front-page headlines in New York? These questions and many more are answered in this exciting volume of hidden stories and forgotten tales from the Star City. Discover why a Roanoker was found frozen in the North Atlantic and what Mother's Day crime and trial shocked the city in 1949. Meet the Black Cardinals, a semipro African American baseball team that played in the 1930s and '40s, and find out how a fistfight at Shenandoah Life helped save the company. Author Nelson Harris delves into the annals of history to uncover these marvelous and mostly unknown stories of the Star City of the South.

The North Carolina Historical Review

Given by Jerry Tompkins in Honor of Kay Mitchell.

Forgotten Rutherford County

Master storyteller Sherman Carmichael is back with another collection of the weird, strange and mysterious in the Palmetto State. Read about the return of the infamous Lizard Man. Learn why the ghost of Francis Marion regularly appears at a church cemetery for a rendezvous. Discover the Sea Pines Shell Ring and learn of its Native American origin. Walk the halls of the old South Carolina Lunatic Asylum and hear the moans of former patients. Join Carmichael as he contemplates these stories and many more from the dark side of South Carolina.

Hidden History of Roanoke

Graham Barnett was killed in Rankin, Texas, on December 6, 1931. His death brought an end to a storied career, but not an end to the legends that claimed he was a gunman, a hired pistolero on both sides of the border, a Texas Ranger known for questionable shootings in Company B under Captain Fox, a deputy sheriff, a bootlegger, and a possible "fixer" for both law enforcement and outlaw organizations. In real life he was a good cowboy, who provided for his family the best way he could, and who did so by slipping seamlessly between the law enforcement community and the world of illegal liquor traffickers. Stories say he killed unnumbered men on the border, but he stood trial only twice and was acquitted both times. Barnett lived in the twentieth century but carried with him many of the attitudes of old frontier Texas. Among those beliefs was that if there were problems, a man dealt with them directly and forcefully—with a gun. His penchant to settle a score with gunplay brought him into confrontation with Sheriff W. C. Fowler, a former friend, who shot Barnett with the latter's own submachine gun on

loan. One contemporary summed it up best: "Officers in West Texas got the best sleep they had had in twenty years that Sunday night after Fowler killed Graham."

Forgotten Tales of Alabama

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Tales of Country Folks Down Carolina Way

Truth, after all, still remains stranger and more engaging than most legends. And Missouri, of course, leads every other place in truth. Hop aboard Long's dragon boat or take advantage of 1846 wind wagon technology to plunge into the forgotten tales of this fascinating place. Hobnob cautiously with Stagger Lee, Mike Fink and Calamity Jane and view the chamber pot war from a safe distance. Trade witticisms with Alphonse Wetmore and Mark Twain, the frontier folk who keep us civilized today. If you keep company with storyteller Mary Collins Barile, you'll even catch a glimpse of the Mississippi River running backward from an earthquake that was all Missouri's fault.

Mysterious South Carolina

Sure, you know about ""The Lost Colony,"" the Wright Brothers, and all the other well-known stories from North Carolina. But there's a lot more that's happened in the state's history that has been forgotten along the way. John has scoured the annals of history and brought back 100 stories representing each of North Carolina's 100 counties. Stories include forgotten wars, gruesome murder mysteries, personality profiles from famous small-town residents, and more.

Graham Barnett

In 1932, the city of Natchez, Mississippi, reckoned with an unexpected influx of journalists and tourists as the lurid story of a local murder was splashed across headlines nationwide. Two eccentrics, Richard Dana and Octavia Dockery—known in the press as the "Wild Man" and the "Goat Woman"—enlisted an African American man named George Pearls to rob their reclusive neighbor, Jennie Merrill, at her estate. During the attempted robbery, Merrill was shot and killed. The crime drew national coverage when it came to light that Dana and Dockery, the alleged murderers, shared their huge, decaying antebellum mansion with their goats and other livestock, which prompted journalists to call the estate "Goat Castle." Pearls was killed by an Arkansas policeman in an unrelated incident before he could face trial. However, as was all too typical in the Jim Crow South, the white community demanded "justice," and an innocent black woman named Emily Burns was ultimately sent to prison for the murder of Merrill. Dana and Dockery not only avoided punishment but also lived to profit from the notoriety of the murder by opening their derelict home to tourists. Strange, fascinating, and sobering, Goat Castle tells the story of this local feud, killing, investigation, and trial, showing how a true crime tale of fallen southern grandeur and murder obscured an all too familiar story of racial injustice.

Readings in the Geography of Michigan

Michigan is truly a "Great Lake State": the two peninsulas, many islands, and 3,100 miles of shoreline on four of the Great Lakes give the state a unique location and a diverse physical environment. The natural landscape is largely the result of erosion and deposition of surface materials during the Great Ice Age. Glacial ridges alternate with till plains and lake bottoms to give Michigan a varied topography and great contrasts in soil fertility. The book, through the use of text, photographs, and maps (drawn especially for this volume by Sherman Hollander), stresses the relationships between this varied natural resource base and the economic, social, and political geography of Michigan. Emphasis is placed on the demographic character, the historical background, and the natural and human resources that have led to Michigan becoming one of the principal manufacturing states in the United States. The book also looks at agriculture and recreation and tourism, which, along with manufacturing, are the major bases of the state's economic development. The regional coverage focuses on the urban dominance of Detroit. This comprehensive overview of Michigan geography closes with an analysis of some of the major quality of life issues in the state and a short glimpse into the future.

Material for Geography of Michigan

Michigan

Excerpt from Primary Lessons in the Geography of Michigan Michigan is an ideal state for the study of geography, geology, history, industries, and economics. In the preparation of this little book, something of each of these has been foreshadowed in primary lessons. The aim has not been merely to impart new information, but also to bring out whatever of pertinent ideas the pupil may already possess, and to develop his powers of original thought, natural deduction, and easy expression. Each of the simple lessons presented herein may be extended indefinitely with oral exercises. Nothing should be passed until it is fully understood. A large map of Michigan should be in use in every recitation, and constant reference should be made to it in illustration of the lesson. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Physical, Industrial and Sectional Geography of Michigan

This book is a comprehensive geography of the state of Michigan, written by Richard Elwood Dodge and Mark Jefferson. It includes detailed information on the state's topography, climate, flora and fauna, resources, and industries. It also provides historical and cultural insights into the state's development and its people. The book is an essential reference for anyone interested in Michigan's geography and history. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. Geography of Michigan and the Great Lakes Basin

Excerpt from Material for Geography of Michigan There are today 18 states larger than Michigan, but most of these are west of the 100th meridian and many of them limited for human occupancy by insufficient rainfall. In parts of our state the rainfall is light, but everywhere sufficient for agriculture. If a circle be drawn with its center at the southeastern corner of Michigan large enough to extend across Isle Royale, it will also include New York, Washington, Richmond, Va., and Raleigh, N. C. The radius of the circle would be five hundred miles. No state has so long a coast line. None has a greater variety of valuable resources. Lying far to the north the lakes save it from the rigor of an interior climate, yet is it in that invigorating zone of the spells of weather, now warm, now cold, now wet, now dry, in which are found the most prosperous and progressive peoples, the world over. Our state is a part of the physical region of the great lakes. All parts of this area drain to the St. Lawrence river; all parts enjoy the milder climate that comes from the presence of these great bodies of water, loth to heat up under the sun of summer and equally slow in winter to yield up what warmth they have. The great economic distinction of the region lies in the enormous transportation possibilities of broad and deep water ways between the pass over the almost imperceptible divide at Chicago leading to the Mississippi basin and the prairie states and that in the Mohawk valley leading to the Atlantic seaboard and to Europe. It is no coincidence

that the growth of the Northwest territory has been paralleled by the expansion of New York, the only Atlantic port connected by an easy pass with the interior of the continent. We observe at once that to study the physical aspects of the state we must consider a wider area than state or country. Contributions to Geography of Michigan

Excerpt from Dodge's Geography of Michigan: Part I, Michigan as a Whole; Part II, the Growth and Development of Cities; Part III, Statistics and Aids to Teachers In a text-book of geography we study the relation of one state or group of states to the whole country of which our home region is a part, and our commercial relations to the world as a whole. It follows that in such a treatment the characteristics that distinguish our own home regions must largely be lost to sight in the consideration of the great features that distinguish the country as a whole. In a Special text-book devoted to one state or group of states we can learn more about our own region, its important surface features, its climate, the occupations of its people, its products, its local commerce, its history, its chief cities, and many other features of great interest to us. Hence we need to make a special study of our home locality after we have studied the larger region of which it is an important part. A local geography 'is not only valuable for study in school that we may know well the region about us, but it is valuable also as a reference volume to which we can refer for facts about our own state in our homes whenever in our reading. Or conversation some question arises concerning our own state which needs to be answered at once. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Announcements for the following year included in some vols.

Material for Geography of Michigan

Excerpt from Michigan: Its Geography, History, Resources and Civil Government For many years the course in Geography in the Public Schools in Grand Rapids has been supplemented, in the Eighth Grade, by a special study of our own state; and a pamphlet prepared by the Commissioner of Immigration in 1881, entitled, Michigan and Its Resources, was used for this purpose. After the distribution of the third edition, in 1884, the State ceased to publish the pamphlet, and, in time, it became necessary to provide a substitute for it or abandon the special study of Michigan. Accordingly, the Eighth Grade teachers assisted in the hasty compilation of a pamphlet which was used with a good degree of success. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. PRIMARY LESSONS IN THE GEOGRAP

Deterritorialization, translocality, globalization, postcolonial, postnational, transnational: We are in the midst of a redefinition of space. In the very moment that national and ethnic boundaries are breaking down we encounter paradoxical reinvestments in homeland, territorial integrity, localism, regionalism, and race - and ethnocentrism. How do we make sense of this contradictory mapping of global and local space? How do we understand state and national systems of sovereignty as geographic or place-centered dramas of domination? How do we maneuver between incommensurable histories of the regional and transnational in a postmodern world? The contributors to The Geography of Identity are at the forefront of the new social geography. Their essays investigate a range of topics as categories of analysis we have to reimagine. With its explorations of the urban heteroclite, the postcolony, and nativist ideologies of place, this volume promises to be a groundbreaking contribution to the remapping of global and local cartographies of culture.

Dodge's Geography of Michigan

First published in 1984, this title discusses the emergence of both the orthodox and political economy based approaches to underdevelopment in geography , critically assessing their strengths and weaknesses, and showing the relationship between intellectual developments and changing material conditions. The work is primarily concerned with theories, though it does contain much empirical material drawn from throughout the Third World. The book examines the emergence of theories of development historically and considers the various contemporary theoretical 'schools', both Marxist and non-Marxist. It goes on to consider four aspects of development which are of particular interest to geographers, namely the world economy, regional imbalances, the human-nature theme and the analysis of urban space, and concludes by suggesting some directions for future research.
