Hansebooks is editor of the literature on different topic areas such as research and science, travel and expeditions, cooking and nutrition, medicine, and other genres. As a publisher we focus on the preservation of historical literature. Many works of historical writers and scientists are available today as antiques only. Hansebooks newly publishes these books and contributes to the preservation of literature which has become rare and historical knowledge for the future.

### MEMORIALS OF THE TOWER OF LOND

Excerpt from Memorials of the Tower of London In attempting a Memoir of this Royal Palace and Fortress, and of the most remarkable and notorious persons who have been inmates of the Tower, it would be unjust not to acknowledge the value of Messrs. Britton and Brayley's book, as the

most satisfactory reference for most of the disputed questions of Tower tradition, as well as for the general historical accuracy with which they have treated the whole of the subject.(vii) About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

### Memorials of the Tower of London

This history of the buildings of the Tower of London - one of England's most famous and popular tourist sites - shows how the monument has changed over the centuries. The author, who has himself undertaken detailed excavations in the Tower, traces the development of the fortifications and the evolution of the palatial complex. He looks at the numerous functions the buildings of the Tower have been put to fortress, armoury, palace, prison, mint and even zoo - and the adaptations made to house them all.

### Memorials of the Tower of London (Classic Reprint)

The history of the Tower of London is so closely bound up with the history of England, from the Norman Conquest onwards, that it is very difficult to write a record of the one without appearing to have attempted to write a record of the other. A full history of the Tower may read like an attenuated history of England. When the problem has to be solved within the compass of a single chapter the difficulties are very considerably increased. Then again, if a detailed account of Tower annals has been given in a preliminary chapter, there is nothing of any interest left to say when describing a visit to the several buildings within the Tower walls. If the dramatic scene in the Council Chamber of the White Tower, which ended in Lord Hastings being sent, with scant ceremony, to the block on the Green below by Richard III., be described in its proper place in the Historical Sketch (Chapter II.) it cannot again be spoken of in detail when the visit is paid (Chapter III.) to the room in which the event took place. Yet it is beyond doubt that a visitor to the Tower would rather be reminded of that tragic Council meeting when in the Council Chamber itself, than come upon it in the course of the sketch of Tower history, which he would probably have read at home beforehand and forgotten in detail. Still, those who read this book and have no opportunity of visiting the Tower expect that the characters in the moving drama of its history shall have some semblance of life as they walk across the stage. Such a reader demands more than mere names and dates, or he will skip an historical chapter as being intolerably dull. It is no consolation to him to be told that if he will take patience and walk through and round the Tower, in imagination, by keeping his temper and kindly reading Chapters III. and IV., he will discover that much of the human interest omitted in the "history" will be found by the wayside in the "walks." In former and larger books on the Tower it will be seen that either the purely historical record under the headings of successive Kings and Queens dwarfs to insignificance the account of the buildings themselves, or the description of the several towers and buildings which constitute the fortress-prison occupies the bulk of the volume, to the exclusion of any adequate historical record giving names and dates in chronological order. But like most difficulties, I think this one can be solved by a judicious compromise; the chapters must be tuned to "equal temperament." I have endeavoured to keep the balance of the several sections as even as possible; and an historic candidate for the honour of the headsman's axe, who has been given immortality in the pages of English history by reason of the manner in which he was put to death, passed over in one chapter will have some justice done to his memory in another.

### Memorials of the Tower of London

Explores the Tower's grand history with beautiful illustrations.

### Book of the Tower of London

Black Plaques are not to be found proudly mounted on a wall – and for good reason. What with their commemoration of a brutal execution outside Westminster Abbey, the selling of sex toys in St James's Park and an intruder at Buckingham Palace with Royal undergarments stuffed down his trousers, this is not sort of historical subject matter that authorities choose to grace a building's facade or depict on a visitor information board. In fact, many might hope that such indecorous and inconvenient episodes

remain quietly overlooked. But this book jogs such artful lapses of memory and at more than one hundred locations across London, Black Plaques lift the carefully placed rug to discover an unsightly, but strangely beckoning, stain.

#### The Tower of London (Illustrations)

Reprint of the original, first published in 1870.

#### The Tower of London

Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

#### Literary and Historical Memorials of London

The tower of London is one of Britain's premier tourist attractions and reflects some of the most dramatic scenes in English history from the Norman conquest to World War II. The book looks at the tower as a living city within a city, with its own customs and laws.

#### The Present State of London, Or, Memorials Comprehending a Full and Succinct Account of the Ancient and Modern State Thereof

Excerpt from Memorials of Old London, Vol. 1 of 2 All the chapters have been specially written for this work, and my most grateful thanks are due to each of the contributors for their valuable papers, as well as to those who have supplied photographs, old prints, or drawings. I desire especially to thank Mr. Philip Norman for his coloured sketches which form the pleasing frontispieces Of the two volumes; to Mr. Harold Sands for his skilfully constructed plan of the Tower of London; and to Mr. Tavenor-perry for his valuable drawings of St. Bartholomew's Church. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. #### Authorised Guide to the Tower of London

Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

#### Black Plaques London

"Step into the rich tapestry of London's history and culture with John Heneage Jesse in 'Historical and Literary Memorials of the City of London.' Written in the 19th century, this literary exploration is a captivating journey through the streets and alleys of the city, unveiling its historical landmarks, literary associations, and notable figures. As Jesse guides readers through the cobblestone streets, he weaves together tales of London's past, from its medieval origins to the bustling metropolis of the Victorian era. The narrative blends historical facts with literary anecdotes, creating a vivid portrait of a city that has been a muse for writers, artists, and thinkers throughout the ages. More than a mere historical account, Jesse's work stands as a testament to the enduring spirit of London. Join him on this literary expedition where each page unfolds a new layer of the city's legacy, making it an indispensable read for those enamored with the charm and history of the British capital."
