Financial and Managerial Accounting

With the sixteenth edition of Financial and Managerial Accounting: The Basis for Business Decisions, the Williams author team continues to be a solid foundation for students who are learning basic accounting concepts. In this revision, the authors have added to and refined the coverage of International Financial Reporting Standards (IFRS), particularly in Chapter 15 ("Global Business and Accounting"). Hallmarks of the text—including the solid Accounting Cycle Presentation, relevant pedagogy, and high quality, end-of-chapter material—have been updated throughout the book.

Solutions Manual Vol 2 T/a Intermediate Accounting, Fifteenth Edition

This bestseller has powered the careers of countless professionals. The new edition builds on the book's reputation for comprehensiveness, accuracy, and currency, incorporating all the recent changes to the accounting literature. Updated with the latest developments and standards in the field. The book includes a CD-ROM with an accounting cycle tutorial, a financial statement analysis primer, an annual report database, spreadsheet tools, career resources, and more. It will help readers develop the knowledge- and skills-base they need to succeed as professional accountants.

Solutions Manual for Use with Financial Accounting

Includes index & glossary.

Solutions Manual with CD-ROM to Accompany Managerial Accounting, Tenth Edition

Much like the Ready Notes, this booklet offers a hard copy version of all the Teaching Transparencies. Students can annotate the material during the lecture and take notes in the space provided.

Solutions Manual for Use with Accounting

Volume 2 is the second of two self-study volumes that provide a complete introduction to financial accounting concepts, principles, and procedures. Includes disk that contains detailed problem solutions, unlimited accounting working papers for problems including general and special journals, worksheets, and ledgers, and a review of essential math for accounting that continues from volume 1. This book also contains three practice sets with solutions. Content is presented in a step-by-step manner using research-based instructional design, including cumulative tests with solutions and reinforcement guidance based on test results. Text is fully illustrated. Volume 2 focuses on completing the accounting cycle for both service and merchandising companies, analysis of key account types, payroll, and financial statement analysis. To view table of contents, index, and for further details for volume 2, visit www.worthyjames.com

Lo/Fisher is praised for its readability and conversational writing style that helps students better understand difficult concepts in Accounting. Lo/Fisher presents the how and why of reporting accounting information from within an easily-understood theoretical framework. Lo/Fisher has a clean layout that engages the reader with a clear writing style using plain English. This text is built on the current International Financial Reporting Standards (IFRS) and incorporates Accounting Standards for Private Enterprise (ASPE) where appropriate. Our philosophy is that when students understand the current standards, they will be able to analyze and interpret changes in the future.
