[#earth did not devour](#) [#deep blue](#) [#resilience](#) [#survival](#) [#persistence](#)

Explore the profound concept of resilience as something, perhaps a deep thought or an enduring entity, that the Earth did not devour. This narrative speaks to incredible persistence and survival against overwhelming forces, much like the vastness of the deep blue sea itself. It signifies an unyielding nature, an unconsumed legacy that continues to exist despite all odds, demonstrating true endurance.

...y no se lo trago la tierra / ...And the Earth Did Not Devour Him

“I tell you, God could care less about the poor. Tell me, why must we live here like this? What have we done to deserve this? You’re so good and yet you suffer so much,” a young boy tells his mother in Tomás Rivera’s classic novel about the migrant worker experience. Outside the chicken coop that is their home, his father wails in pain from the unbearable cramps brought on by sunstroke after working in the hot fields. The young boy can’t understand his parents’ faith in a god that would impose such horrible suffering, poverty and injustice on innocent people. Adapted into the award-winning film *and the earth did not swallow him* and recipient of the first award for Chicano literature, the Premio Quinto Sol, in 1970, Rivera’s masterpiece recounts the experiences of a Mexican-American community through the eyes of a young boy. Forced to leave their home in search of work, the migrants are exploited by farmers, shopkeepers, even other Mexican Americans, and the boy must forge his identity in the face of exploitation, death and disease, constant moving and conflicts with school officials. In this new edition of a powerful novel comprised of short vignettes, Rivera writes hauntingly about alienation, love and betrayal, man and nature, death and resurrection and the search for community.

Critical Approaches to American Working-Class Literature

This book is one of the first collections on a neglected field in American literature: that written by and about the working-class. Examining literature from the 1850s to the present, contributors use a wide variety of critical approaches, expanding readers' understanding of the critical lenses that can be applied to working-class literature. Drawing upon theories of media studies, postcolonial studies, cultural geography, and masculinity studies, the essays consider slave narratives, contemporary poetry and fiction, Depression-era newspaper plays, and ethnic American literature. Depicting the ways that working-class writers render the lives, the volume explores the question of what difference class makes, and how it intersects with gender, race, ethnicity, and geographical location.

Winner of the John Dos Passos Prize for Literature “Stunning.”—Newsweek With the same audacity with which John Steinbeck wrote about migrant worker conditions in *The Grapes of Wrath* and T.C. Boyle in *The Tortilla Curtain*, Viramontes presents a moving and powerful vision of the lives of the men, women, and children who endure a second-class existence and labor under dangerous conditions in California's fields. At the center of this powerful tale is Estrella, a girl about to cross the perilous border to womanhood. What she knows of life comes from her mother, who has survived abandonment by her husband in a land that treats her as if she were invisible, even though she and her children pick the crops of the farms that feed its people. But within Estrella, seeds of growth and change are stirring. And in the arms of Alejo, they burst into a full, fierce flower as she tastes the joy and pain of first love. Pushed to the margins of society, she learns to fight back and is able to help the young farmworker she loves when his ambitions and very life are threatened in a harvest of death. Infused with the beauty of the California landscape and shifting splendors of the passing seasons juxtaposed with the bleakness of poverty, this vividly imagined novel is worthy of the people it celebrates and whose story it tells so magnificently. The simple lyrical beauty of Viramontes' prose, her haunting use of image and metaphor, and the urgency of her themes all announce *Under the Feat of Jesus* as a landmark work of American fiction.

In the 1930s, Américo Paredes, the renowned folklorist, wrote a novel set to the background of the struggles of Texas Mexicans to preserve their property, culture and identity in the face of Anglo-American migration to and growing dominance over the Rio Grande Valley. Episodes of guerilla warfare, land grabs, racism, jingoism, and abuses by the Texas Rangers make this an adventure novel as well as one of reflection on the making of modern day Texas. George Washington Gñmez is a true precursor of the modern Chicano novel.

Achy Obejas writes stories about uprooted people. Some, like herself, are Latino immigrants and lesbians; others are men (gay and straight), people with AIDS, addicts, people living marginally, just surviving. As omniscient narrator to her characters' lives, Obejas generously delves into her own memories of exile and alienation to tell stories about women and men who struggle for wholeness and love.

Newly revised and updated, *Mexicanos* tells the rich and vibrant story of Mexicans in the United States. Emerging from the ruins of Aztec civilization and from centuries of Spanish contact with indigenous people, Mexican culture followed the Spanish colonial frontier northward and put its distinctive mark on what became the southwestern United States. Shaped by their Indian and Spanish ancestors, deeply influenced by Catholicism, and tempered by an often difficult existence, Mexicans continue to play an important role in U.S. society, even as the dominant Anglo culture strives to assimilate them. Thorough and balanced, *Mexicanos* makes a valuable contribution to the understanding of the Mexican population of the United States—a growing minority who are a vital presence in 21st-century America.

Fifteen years of archival and critical work have been conducted under the auspices of the Recovering the U.S. Hispanic Literary Heritage Project at the University of Houston. This ongoing and comprehensive program seeks to locate, identify, preserve, and disseminate the written culture of U.S. Latinos from the Spanish Colonial Period to contemporary times. In the sixth volume of the series, the authors explore key issues and challenges in this project, such as the issues of "place" or region in Hispanic intellectual production, nationalism and transnationalism, race and ethnicity, as well as methodological approaches to recovering the documentary heritage. Included are essays on religious writing, the construction of identity and nation, translation and the movement of books across borders, and women writers and revolutionary struggle.

How to Write Anything: A Complete Guide

The internationally acclaimed author of *The House on Mango Street* and winner of the PEN/Nabokov Award for Achievement in International Literature gives us a deeply moving tale of loss, grief, and healing: a lyrically told, richly illustrated fable for grown-ups about a woman's search for a cat who goes missing in the wake of her mother's death. The word "orphan" might not seem to apply to a fifty-three-year-old woman. Yet this is exactly how Sandra feels as she finds herself motherless, alone like "a glove left behind at the bus station." What just might save her is her search for someone else gone missing: Marie, the black-and-white cat of her friend, Roz, who ran off the day they arrived from Tacoma. As Sandra and Roz scour the streets of San Antonio, posting flyers and asking everywhere, "Have you seen Marie?" the pursuit of this one small creature takes on unexpected urgency and meaning. With full-color illustrations that bring this transformative quest to vivid life, *Have You Seen Marie?* showcases a beloved author's storytelling magic, in a tale that reminds us how love, even when it goes astray, does not stay lost forever.

Recovering The U.S Hispanic Literary Heritage, Volume VI

Tomás Rivera quite possibly has been the most influential voice in Chicano literature. Besides his masterpiece, *¿y no se lo tragó la tierra* / *And the Earth Did Not Devour Him*, included here is the sum total of his published works, in English and Spanish, as well as many that never made print in his lifetime.

Have You Seen Marie?

¡Mi Raza Primero! is the first book to examine the Chicano movement's development in one locale—in this case Los Angeles, home of the largest population of people of Mexican descent outside of Mexico City. Ernesto Chávez focuses on four organizations that constituted the heart of the movement: The Brown Berets, the Chicano Moratorium Committee, La Raza Unida Party, and the Centro de Acción Social Autónomo, commonly known as CASA. Chávez examines and chronicles the ideas and tactics of the insurgency's leaders and their followers who, while differing in their goals and tactics, nonetheless came together as Chicanos and reformers. Deftly combining personal recollection and interviews of movement participants with an array of archival, newspaper, and secondary sources, Chávez provides an absorbing account of the events that constituted the Los Angeles-based Chicano movement. At the same time he offers insights into the emergence and the fate of the movement elsewhere. He presents a critical analysis of the concept of Chicano nationalism, an idea shared by all leaders of the insurgency, and places it within a larger global and comparative framework. Examining such variables as gender, class, age, and power relationships, this book offers a sophisticated consideration of how ethnic nationalism and identity functioned in the United States during the 1960s and 1970s.

In *Hijas Americanas*, author Rosie Molinary sheds new light on what it means to grow up Latina. Drawing upon her own experiences, as well as interviews and surveys collected from more than 500 Latina women, Molinary provides a powerful understanding of the inner conflicts and powerful triumphs of Latinas. The women profiled in this book are Caribbean, Mexican, Central American, and South American. These first-, second-, and third-generation Latinas have all grappled with the experience of coming of age within not one but two cultures: that of the United States, and that of their familial homelands. *Hijas Americanas* addresses experiences that are uniquely female and Latin, focusing on themes of body image, standards of beauty, ethnic identity, and sexuality. In doing so, Molinary gives voice to the struggles and successes of Latinas across racial, sexual, and cultural identities, emphasizing that the challenges inherent in growing up between two cultures can positively shape Latinas' lives.

meets a young Englishman who is drawn to her innocent beauty and sensuality. After their marriage, however, disturbing rumours begin to circulate which poison her husband against her. Caught between his demands and her own precarious sense of belonging, Antoinette is inexorably driven towards madness, and her husband into the arms of another novel's heroine. This classic study of betrayal, a seminal work of postcolonial literature, is Jean Rhys's brief, beautiful masterpiece. Mi Raza Primero, My People First

"A deeply meaningful collection that navigates important nuances of identity."—Kirkus Reviews, starred review 2021 Texas Book Festival Featured Book *Nepantla Familias* brings together Mexican American narratives that explore and negotiate the many permutations of living in between different worlds—how the authors or their characters create, or fail to create, a cohesive identity amid the contradictions in their lives. *Nepantla*—or living in the in-between space of the borderland—is the focus of this anthology. The essays, poems, and short stories explore the in-between moments in Mexican American life—the family dynamics of living between traditional and contemporary worlds, between Spanish and English, between cultures with traditional and shifting identities. In times of change, family values are either adapted or discarded in the quest for self-discovery, part of the process of selecting and composing elements of a changing identity. Edited by award-winning writer and scholar Sergio Troncoso, this anthology includes works from familiar and acclaimed voices such as David Dorado Romo, Sandra Cisneros, Alex Espinoza, Reyna Grande, and Francisco Cantú, as well as from important new voices, such as Stephanie Li, David Dominguez, and ire'ne lara silva. These are writers who open and expose the in-between places: through or at borders; among the past, present, and future; from tradition to innovation; between languages; in gender; about the wounds of the past and the victories of the present; of life and death. *Nepantla Familias* shows the quintessential American experience that revives important foundational values through immigrants and the children of immigrants. Here readers will find a glimpse of contemporary Mexican American experience; here, also, readers will experience complexities of the geographic, linguistic, and cultural borders common to us all.
