### The Songwriting Secrets Of The Beatles

Thirty years after The Beatles split up, the music of Lennon, McCartney, Harrison and Starr lives on. What exactly were the magical ingredients of those legendary songs? Why are they still so influential for today's bands? This ground-breaking book sets out to explore The Beatles' songwriting techniques in a clear and readable style. It is aimed not only at musicians but anyone who has ever enjoyed the work of one of the most productive and successful songwriting partnerships of the 20th Century. Author Dominic Pedler explores the chord sequences, melodies, harmonies, rhythms and structures of The Beatles' self-penned songs, while challenging readers to enhance their appreciation of the lyrics themselves with reference to the musical context. Throughout the book the printed music and lyrics of The Beatles' songs appear alongside the text, illustrating the author's explanations. The Songwriting Secrets Of The Beatles is an essential addition to Beatles literature - a new and perceptive analysis of both the music and the lyrics written and performed by what Paul McCartney still calls 'a really good, tight little band'.

## Beatlesongs

A complete and fascinating chronicle of Beatles music and history, Beatlesongs details the growth, evolution, and dissolution of the most influential group of our time. Drawing together information from sources that include interviews, insider accounts, magazines, and news wire services, this is a complete profile of every Beatles song ever written -- from recording details such as who played which instruments and sang what harmonies to how each song fared on the charts and how other musicians and critics felt about it. Chronologically arranged by U.K. release date, Beatlesongs nails down dates, places, participants, and other intriguing facts in a truly remarkable portrait of the Liverpudlian legends. Behind each song is a story -- like Paul's criticism of George's guitar playing during the Rubber Soul sessions, John's acid trip during the Sgt. Pepper's session, and the selection process for the Revolver album cover. And carefully examined along the way are the Beatles' evolving musical talents, their stormy private lives, and their successful -- and unsuccessful -- collaborations. Beatlesongs is truly an inside look at the Fab Four and a treasure for all their fans.

### The Songwriting Secrets Of The Beatles

Thirty years after The Beatles split up, the music of Lennon, McCartney, Harrison and Starr lives on. What exactly were the magical ingredients of those legendary songs? Why are they still so influential for today's bands? This ground-breaking book sets out to explore The Beatles' songwriting techniques in a clear and readable style. It is aimed not only at musicians but anyone who has ever enjoyed the work of one of the most productive and successful songwriting partnerships of the 20th Century. Author Dominic Pedler explores the chord sequences, melodies, harmonies, rhythms and structures of The Beatles' self-penned songs, while challenging readers to enhance their appreciation of the lyrics themselves with reference to the musical context. Throughout the book the printed music and lyrics of The Beatles' songs appear alongside the text, illustrating the author's explanations. The Songwriting Secrets Of The Beatles is an essential addition to Beatles literature - a new and perceptive analysis of both the music and the lyrics written and performed by what Paul McCartney still calls 'a really good, tight little band'.

### Country Hits - Guitar Chord Songbook

"A must-have for Beatles fans looking for new insight . . . Leonard uncovers fresh ideas [that] . . . six decades of Beatles literature passed over." —The Spectrum Part generational memoir and part cultural history of the sixties, Beatleness is the first book to tell the story of the Beatles and their impact on America from the fans' perspective. When the Beatles arrived in the United States on February 7, 1964,

they immediately became a constant, compelling presence in fans' lives. For the next six years, the band presented a nonstop deluge of steadily evolving sounds, ideas, and images that transformed the childhood and adolescence of millions of baby boomers and nurtured a relationship unique in history. Exploring that relationship against the backdrop of the sexual revolution, political assassinations, the Vietnam War, and other events, *Beatlessness* examines critically the often-heard assertion that the Beatles "changed everything" and shows how—through the interplay between the group, the fans, and the culture—that change came about. *Beatlessness* incorporates hundreds of hours of in-depth fan interviews and includes many fan vignettes. Offering a fresh perspective and new insights on the Beatles phenomenon, it allows readers to experience—or re-experience—what it was like to be a young person during those transformative years.

The Harvest MATTHEW 9:36-38

Jesus saw the multitudes And with compassion He was moved

For the people Were like sheep Without a shepherd

For the harvest is plenteous But the laborers are few

Lord You see the Multitudes and Your compassion still moves

For the people are like sheep Without a shepherd

Into the fields to collect The harvest

God send me into Your harvest Let me be used

For the harvest is plenteous And the days are few
