Hugo Award Finalist: A near-future novel of artificial intelligence, human nature, and mass murder that "succeeds on virtually every level" (The New York Times Book Review). In Los Angeles in 2047, advances in the science of psychology have made crime a rare occurrence. So it's utterly shocking when eight bodies are detected in an apartment, and not long afterward the perpetrator is revealed as well: noted poet Emmanuel Goldsmith. The LAPD's Mary Choy—who has had both her appearance and her police work enhanced by nanotechnology—is tasked with arresting the killer, while psychotherapy

pioneer Martin Burke prepares to explore his mind. Meanwhile, Goldsmith's good friend and fellow writer reels at the news—while, far from all of them, a space probe makes a startling discovery. This “excellent” novel about technology, identity, and the nature of consciousness is a thought-provoking stunner by the Nebula Award–winning author of the Eon series and the Forerunner Saga (Chicago Tribune).

The Queen Of The Tearling

A Sunday Times Book of the Year Queen Of Our Times is the definitive biography of Queen Elizabeth II by one of Britain's leading royal authorities, Robert Hardman. This commemorative edition includes

an epilogue reflecting upon Her Majesty's Platinum Jubilee, her passing and her funeral. 'Sensational' – Kirsty Young, *The Platinum Pageant* (BBC) With fascinating revelations from those who knew her best and special access to unseen royal papers granted by Elizabeth II herself, author and royal expert Robert Hardman explores the full, astonishing life of our longest reigning monarch in this authoritative yet intimate biography. The book also charts the way in which the Queen raised the future King Charles III as both son and heir. Elizabeth was not born to be queen, being third in line to the throne. Yet from her accession as a young mother of two in 1952 to the age of Covid-19, she proved an astute and quietly determined figure, leading her family and her people through more than seventy years of unprecedented social change. She faced constitutional crises, confronted threats against her life, unified the Commonwealth, saw fifteen British prime ministers come and go, charmed world leaders, and steered her family through a lifetime in the public eye. Her Platinum Jubilee was celebrated in June 2022 and her death mourned months later, both events a reminder of the huge impact she had made. *Queen of Our Times* is a must-read study of dynastic survival and renewal, spanning abdication, war, romance, danger and tragedy. It is a compelling portrait of a leader whose legacy of steadfast service lives on.

From jazz music to wearing sunglasses indoors, "cool" has always been the ultimate social label. The craving for this acceptance has powered popular culture for the last hundred years. Fashion, music, cars, pop idols, attitudes, and even some schools and parents, have been labeled Cool. But by whom? The truth is: no one in particular. And then there is the whimsical nature of being Cool: The arbiters of taste and style are so eager to pronounce something Cool, that something immediately becomes uncool as the masses rush to adopt it, in order to be Cool first. Something or someone can be so "In" they quickly become "So Five Minutes Ago" before spiraling downward to "Out." And then, like nerds and bell-bottoms, something can be so "Out", it's "In." (That's cool.) Taylor details the history of Cool, spotlighting its current manifestations. She charts the evolution of Cool from the sidewalks to the boardrooms, separating who creates cool from who merely markets it.

Red Queen

Set in the magical world of Renthia, The Queen of Blood is Sarah Beth Durst's ambitious entry into adult epic fantasy. With the danger of Peter Brett's The Warded Man, heart of Naomi Novik's Uprooted, and lyricism of Patrick Rothfuss' The Name of the Wind, this is the first chapter in a series destined to be a classic. Everything has a spirit: the willow tree with leaves that kiss the pond, the stream that feeds the river, the wind that exhales fresh snow . . . But the spirits that reside within this land want to rid it of all humans. One woman stands between these malevolent spirits and the end of humankind: the queen. She alone has the magical power to prevent the spirits from destroying every man, woman, and child. But queens are still just human, and no matter how strong or good, the threat of danger

always looms. With the position so precarious, young women are chosen to train as heirs. Daleina, a seemingly quiet academy student, is under no illusions as to her claim to the throne, but simply wants to right the wrongs that have befallen the land. Ven, a disgraced champion, has spent his exile secretly fighting against the growing number of spirit attacks. Joining forces, these daring partners embark on a treacherous quest to find the source of the spirits' restlessness—a journey that will test their courage and trust, and force them to stand against both enemies and friends to save their land . . . before it's bathed in blood.
