Chambers School Dictionary

A life application exegesis of a book of the Bible is different and often hard to find, especially of one of the Epistles. Life application is not a historical document, nor is it a purely theological writing. It is the taking of the Word of God and applying to the daily life of the believer in order that the Christian may "live Christ" in his walk so that those around him may see God "lived out" and thus come to know him. As the believer becomes more adept at doing this, the Holy Spirit will be able to place that believer in more and more circumstances where he can use the believer, often without the believer even knowing that he is being used. It becomes natural to the believer. Jesus puts it this way. He said, "I am the vine, you are the branches. He that abideth in me, and I in him, the same bringeth forth much fruit." All we have to do is hang in there. Jesus does the rest through his Holy Spirit. That is what life-application exegesis is all about. It is about living experiences of life with Christ so we may learn what Jesus wants to do in our lives to touch others. Just think—Jesus wants to use us to touch others. Blows your mind, doesn't it?

Providing insight in a family's history against the backdrop of major world wars, Buster's Book offers a collection of more than a thousand letters exchanged during the twentieth century as young men provided service to their country. In this memoir, author Donald Junkins has compiled letters, diaries, interviews, recollections, and photographs of the family's participants in both world wars and the Korean and Vietnam wars. This fascinating historical record includes the stories of a variety of escapades: from single-handedly opening an eight-year-old Nazi prison cell to B-24 air forays from New Guinea in which an aerial gunner shot down two Japanese Zero planes; and to the rescue in Korea of wounded men stalled in a jeep in the middle of a freezing river that culminated in the awarding of the Silver Star. Buster's Book reflects both the lives of a middle-class American family during these years and the daily activities of two generations of young American men at war.
