7 Difficult But Simple Buddhist Habits That Will Change Your Life - 7 Difficult But Simple Buddhist Habits That Will Change Your Life by fridaykiss 4,511,063 views 6 years ago 6 minutes, 1 second - 7 Difficult But Simple **Buddhist**, Habits That Will Change Your **Life**, By Matt Caron for Sivanaspirit.com Original text: ...

There's a reason why Buddhist monks seem so peaceful all the time: they follow certain rules of living we don't.

That philosophy may seem alien to you and nearly impossible, but the truth is it leads to higher happiness.

These rules will benefit you for the rest of your life.

Simplify

Buddha wasn't born an ascetic! He was actually born a prince.

When you can develop a selfless attitude, you focus less on your personal problems.

Scientifically speaking, we know that meditation changes the brain.

Follow the Wise

Accept Mindfulness as a Way of Life

It's our primitive brain analyzing threats and assessing the world around us.

What's wonderful about mindfulness is that it's judgment-free.

The main goal of mindful communication is to take in everything that someone is saying without evaluating it.

Embrace Change

When it changes with disease, old age, or accidents, we suffer.

Everything changes, it's the fundamental law of the universe

When we actually understand this and embrace it, peace flows easily and without expectations. rehashing old conversations and scenarios over and over again.

Life doesn't happen between your ears, it happens in the NOW.
