Crime and Justice

Crime and Justice: a Guide to Criminology has been for many years a leading Australian textbook for undergraduate and postgraduate students approaching this subject for the first time. The contributors are well known research active academics in Australia who contribute to the criminological debate at national and international level. Fully revised and updated, this 5th edition offers a comprehensive guide in criminal justice and criminology that is well suited to a dual-semester approach. It covers a wide range of topics including: different forms of crimes .. from street crime to state crime and international crimes; who commits crimes and who are the victims of crimes; and how society responds to crime. This book offers a balance between critical and administrative criminological traditions to add to the discourse of crime and justice in the twenty-first century.

Criminology

The sixth edition of Criminology offers updated coverage of the main criminological theories. An engaging read for students of criminology, it traces the history and development of these key theories, and provides full references to guide the reader in their further criminological studies.

Criminological Theory

For courses in Criminology, Criminological Theory, Theories of Crime, Crime in America. The authoritative resource for criminological theory. Criminological Theory, 6/e provides concise chronological coverage of all the major criminological theories. The text puts theories into socio-historical context to illustrate how and why certain theories evolved, why they were popular at particular points in time, and how they are still active and influential today. The authors also examine the research and policies that were inspired by each theory. Specifically designed to suit one-semester courses, students and instructors alike will appreciate the text's straight-forward approach, clear language, and comprehensive coverage.

Criminology

The sixth edition of 'Criminology' offers updated coverage of the main criminological theories. An engaging read for students of criminology, it traces the history and development of these key theories, and provides full references to guide the reader in their further criminological studies.

The Oxford Handbook of Criminology

The fifth edition provides reviews of diverse topics as public views about crime and justice, youth crime and justice and state crime and human rights.

Crime & Criminology

This first Canadian edition of *Crime and Criminology: An Introduction* combines Canadian empirical research, policy, and legal issues to create a thoroughly Canadian text. Ideal for university and college students enrolled in introductory criminological theory courses, the book offers a solid foundation to criminology which unites traditional theories of crime with contemporary approaches and perspectives. By relating theory to everyday Canadian examples and events, students gain a solid grounding in the major theoretical considerations of the nature and causes of criminal behaviour. New discussion on ecology and environmental theories are unique to this edition. Updated references reflect recent research in emerging fields of criminology.

Criminology 6th Edition

For courses in Criminology, Criminological Theory, Theories of Crime, Crime in America. The authoritative resource for criminological theory. *Criminological Theory*, 6/e provides concise chronological coverage of all the major criminological theories. The text puts theories into socio-historical context to illustrate how and why certain theories evolved, why they were popular at particular points in time, and how they are still active and influential today. The authors also examine the research and policies that were inspired by each theory. Specifically designed to suit one-semester courses, students and instructors alike will appreciate the text's straight-forward approach, clear language, and comprehensive coverage.

Criminological Theory

Introduction to Criminology, Tenth Edition, is a comprehensive introduction to the study of criminology, focusing on the vital core areas of the field—theory, method, and criminal behavior. With more attention to crime typologies than most introductory texts, authors Frank E. Hagan and Leah Elizabeth Daigle investigate all forms of criminal activity, such as organized crime, white collar crime, political crime, and environmental crime. The methods of operation, the effects on society and policy decisions, and the connection between theory and criminal behavior are all explained in a clear, accessible manner. New to the Tenth Edition: New “Applying Theory” scenarios are included with the theory chapters in Part II. These application exercises encourage critical thinking by asking you to use criminological theory to explain the criminal behavior of Aileen Wuornos. Updated “Crime and the Media” boxes highlight the effect that the media has on public perception of crime. New topics include the #MeToo movement, media coverage of the opioid crisis, popular shows like *Breaking Bad* and *The Wire*, online dating fraud, and cyberbullying. Over 170 new “Learning Check” questions and answers have been added throughout the book to help you review your understanding of key concepts and increase reading comprehension. Examination of important new topics, like what works in criminology, the relationship between immigration and crime, the impact of neuroscience and genetic studies on criminology, recent shootings and terrorist attacks, and the continuing battle between over-criminalization and under-criminalization, deepens your understanding of the field. Updated figures, tables, and statistics throughout the book ensure that you have access to the most current information available.

Introduction to Criminology

The Psychology of Criminal Conduct, Sixth Edition, provides a psychological and evidence-informed perspective of criminal behavior that sets it apart from many criminological and mental health explanations of criminal behavior. Drawing upon the General Personality and Cognitive Social Learning theory, James Bonta and Donald Andrews provide an overview of the theoretical context and major knowledge base of the psychology of criminal conduct, discuss the eight major risk/need factors of criminal conduct, examine the prediction and classification of criminal behavior along with prevention and rehabilitation, and summarize the major issues in understanding criminal conduct. This book also

offers the Risk/Need/Responsivity (RNR) model of offender assessment and treatment that has guided developments in the subject throughout the world. In this edition, the first since Andrews' death, Bonta carefully maintains the book's original contributions while presenting these core concepts succinctly, clearly, and elegantly. Appropriate for advanced undergraduates and graduate students as well as for scholars, researchers, and practitioners, *The Psychology of Criminal Conduct*, Sixth Edition, further extends and refines the authors' body of work.

The Psychology of Criminal Conduct

Throughout the text, Schmalleger and Volk use plentiful examples and current case studies to present the consequences of criminological theory for social policy and the practical issues associated with crime control. Special attention is paid to both Canadian issues and emerging forms of criminality worldwide to ensure students are well prepared for future careers in the Canadian criminal justice system.

Canadian Criminology Today

This text offers an engaging and wide-ranging account of crime and criminology. It provides a clear and comprehensive consideration of the theoretical, practical, and political aspects of the subject, including the influence of physical, biological, psychological, and social factors on criminality.

Textbook on Criminology

Offering a rich introduction to how scholars analyze crime, *Criminological Theory: Context and Consequences* moves readers beyond a commonsense knowledge of crime to a deeper understanding of the importance of theory in shaping crime control policies. The Sixth Edition of the authors' clear, accessible, and thoroughly revised text covers traditional and contemporary theory within a larger sociological and historical context. J. Robert Lilly, Francis T. Cullen, and Richard A. Ball include new sources that assess the empirical status of the major theories, as well as updated coverage of crime control policies and their connection to criminological theory.

Criminological Theory

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. For courses in *Criminology Brief. Affordable. Visual.* *Criminology* provides an affordable, thought-provoking look at criminology that uses clear writing and eye-catching visuals to get your students straight to the important concepts. By focusing on the core concepts, students will gain true understanding of the material, without becoming overwhelmed with unnecessary information. The book's conversation-starting pedagogy encourages active participation in learning, moving students beyond memorization by engaging them in the latest research findings and current events shaping the field. The Fourth Edition includes updated statistics, an entirely new chapter on victims and victimization, revised Learning Outcomes, and new Putting Criminology to Work boxes which examine evidence-based evaluations of a number of important crime prevention programs. *Criminology*, Fourth Edition is also available via Revel™, an interactive learning environment that enables students to read, practice, and study in one continuous experience.

Criminal Justice 6th Edition

Adopt this bundle, and your students SAVE! This bundle is just dollars more than the price of the main textbook alone. Paperback: \$64.95; ISBN: 9781412953658 *The Sixth Edition of Introduction to Criminology: Theories, Methods, and Criminal Behavior* is a comprehensive introduction to the study of criminology, with a chapter devoted to the criminal justice system. Valued and admired for the author's easy-to-read writing style and the text's overall accessibility, this book concentrates on the vital core of criminological theory-theory, method, and criminal behavior-and successfully avoids an overly legal or crime control orientation. Updated throughout and with a visually engaging new two-color design, the Sixth Edition investigates all major forms of criminal activity, including organized crime, white

collar crime, political crime, and environmental crime. Author Frank E. Hagan explains the methods of operation, the effects on society, and how various theories account for criminal behavior. New to the Sixth Edition Offers expanded treatment of theory: An additional theory chapter (Chapter 5) explores psychological and biological theories, and the author has provided additional coverage of Developmental/Life Course theory in Chapter 6. Presents expanded detail on many types of crime: The book features comprehensive treatment of all crime typologies. Provides broader coverage of crime in its various forms: With major coverage of white collar, political, and organized crime, the text fully addresses topics such as Warez software piracy, spies, assassins, new organized crime groups, and major corporate scandals. Incorporates updated and new "Crime Files" and "In the News" boxes: New captivating examples include the Virginia Tech shootings; the BTK killer; Washington, DC snipers; Red Lake Massacre; and the Hanssen Spy case. Includes a new final chapter on the criminal justice system (Chapter 14): This chapter provides a brief overview to acquaint students who have not had a separate course on the justice system. Features an updated photo program: Contemporary visual representations bring to life the theories and crime typologies covered in the text. Accompanied by High-Quality Ancillaries! New Student study site at www.sagepub.com/haganstudy: The study site includes self-quizzes, carefully selected journal articles, Web research exercises, E-flashcards, links to interesting and useful audio and video files, and more. Instructor Resources on CD: This resource includes a computerized test bank, PowerPoint slides for each chapter, classroom activities, and more. Intended Audience This is an excellent text for undergraduate courses such as Criminology, Deviant Behavior, and Crime and Society in departments of criminal justice, criminology, and sociology. Paperback: \$34.95; ISBN: 9780761921769 Hardcover: \$89.95; ISBN: 9780761921752 A handy reference for students, professionals, and anyone interested in criminal justice and criminology, The Concise Dictionary of Crime and Justice is an excellent, wide-ranging resource with clear definitions for over 2,000 key criminal justice terms. Often going beyond simple definitions, the dictionary presents and explains common misperceptions for selected entries. The concise definitions of terms will be easily accessible to a wide audience^{3/4} from students in introductory courses to professionals looking to brush up on key terms. Some of the topics covered in entries include: abduction, cycle of violence, eyewitness testimony, facial reconstruction, habeas corpus, La Cosa Nostra, Nuremberg Principle, Palestinian Liberation Organization (PLO), typology, Walker spy ring, and zoophilia. Features/Benefits: Each term will contain the following: Over 2,000 entries A complete, current definition of the term A discussion of common misconceptions or controversies surrounding the term A cross-reference to other entries in the dictionary

Criminology (Justice Series)

The Practice of Research in Criminology and Criminal Justice, Sixth Edition continues to demonstrate the vital role research plays by integrating in-depth, real-world case studies with a comprehensive discussion of research methods. By pairing research techniques with practical examples from the field, Ronet D. Bachman and Russell K. Schutt equip students to evaluate and conduct research. Covering research findings from critical areas in criminal justice, such as police use of force, cybercrime, and race, this text helps students understand the importance of research, not just the process. The Sixth Edition of this best-selling text retains the strengths of previous editions while breaking ground with emergent research methods, enhanced tools for learning in the text and online, and contemporary, fascinating research findings. Students engage with the wide realm of new research methods available to them, delve deeper into topics relevant to their field of study, and benefit from the wide variety of new exercises to help them practice as they learn.

Hagan, Introduction to Criminology and Davis

Note: If you are purchasing an electronic version, MySearchLab does not come automatically packaged with it. To purchase MySearchLab, please visit www.mysearchlab.com or you can purchase a package of the physical text and MySearchLab by searching for ISBN 10: 0133446336 / ISBN 13: 9780133446333. Canadian Criminology Today offers a clear, contemporary, and comprehensive introduction to criminology that encourages students to think critically about the causes of crime and the outcomes of crime-prevention strategies. Throughout the text, Schmalleger and Volk use plentiful examples and current case studies to present the consequences of criminological theory for social policy and the practical issues associated with crime control. Special attention is paid to both Canadian issues and emerging forms of criminality worldwide to ensure students are well prepared for future careers in the Canadian criminal justice system.

The Practice of Research in Criminology and Criminal Justice

Based on Earl Babbie's best-selling text, *THE PRACTICE OF SOCIAL RESEARCH*, this text combines the key strengths of Babbie's text (accessibility; a conversational, "friendly" writing style; and great examples) with Michael G. Maxfield's expertise in criminology and criminal justice for a text that addresses the specific methods used in criminal justice research. The new edition of this market-leader includes changes in its coverage of ethics, causation, validity, and research design, as well as updated coverage and statistics, and expanded examples, especially in the discussion of field research. A running case study on the dropping crime rate in New York City a study to which co-author Maxfield has close links further demonstrates the important role of research methods in our evolving understanding of crime and society.

Canadian Criminology Today

Canadian Criminology Today offers a clear, contemporary, and comprehensive introduction to criminology that encourages students to think critically about the causes of crime and the outcomes of crime-prevention strategies. Throughout the text, Schmalleger and Volk use plentiful examples and current case studies to present the consequences of criminological theory for social policy and the practical issues associated with crime control. **KEY TOPICS:** What Is Criminology?; Crime Statistics; Patterns of Crime; Victimology: The Study of the Victim; Classical and Neo-Classical Thought; Biological Roots of Criminal Behaviour; Psychological and Psychiatric Foundations of Criminal Behaviour; The Meaning of Crime: Social Structure Perspective; The Meaning of Crime: Social Process Perspective; The Meaning of Crime: Social Conflict Perspective; Criminology and Social Policy; Future Directions and Emerging Trends **MARKET:** Canadian Criminology Today meets the needs of students preparing for careers in the Canadian criminal justice system. Its applied focus on the explanations of crime and deviance and their application to real-life examples of criminal behaviour reflects the learning outcomes of introductory criminology courses.

Research Methods for Criminal Justice and Criminology With Infotrac

For courses in criminology. A thorough, student-friendly introduction to criminology With a hallmark theme of social problems versus individual responsibility, *Criminology Today: An Integrative Introduction* prompts students to think critically about the causes of crime and the link between crime theories and policies. Real-life stories and up-to-date issues and examples bring to life both historical and modern criminological approaches. The 9th edition provides more coverage of terrorism and cyberterrorism, including an overview of the many types of terrorist groups and the findings and recommendations of special committees and government bodies. *Criminology Today: An Integrative Introduction*, 9th Edition, is also available via Revel(tm), an interactive learning environment that enables students to read, practice, and study in one continuous experience.

Canadian Criminology Today

Vold's *Theoretical Criminology*, first published in 1958, was the first book of its kind and is considered "the" standard text in criminological theory. "Vold" is a household name among criminologists because of this book, which many of them used as students and continue to use as professors. Each theory is presented accurately and comprehensively within its historical context. Relevant empirical research is reviewed and assessed, and research issues related to theory testing are also discussed.

Criminology Today

"*Restoring Justice: An Introduction to Restorative Justice*, Sixth Edition, offers a clear and convincing explanation of restorative justice, a movement within criminal justice with ongoing worldwide influence. Restorative justice emphasizes repairing the harm caused or revealed by criminal behavior using cooperative processes that include all the stakeholders. The book presents the theory and principles of restorative justice, and discusses four cornerpost values: inclusion, encounter, repair, and cohesion, and strategies for implementation"--

Canadian Criminology Today

With a focus on empirical evaluation and practical application, *Criminological Theories: Introduction, Evaluation, and Application*, Sixth Edition, helps students draw connections between criminological theory and practical applications. In clear, engaging language, authors Ronald L. Akers and Christine

S. Sellers explore each principal criminological theory using a three-part analysis: * An Introduction presents a succinct exposition of the theory's central concepts, assertions, and hypotheses. * Next, an Evaluation provides a detailed critique of the theory, with an emphasis on empirical validity. * Finally, an Application extends the evaluation to determine each theory's relevance, as well as its potential for controlling and preventing crime and delinquency.

Vold's Theoretical Criminology

Criminology in Canada highlights the dynamism and diversity in the field of Criminology, making the field come alive to students. The experienced author team of Larry J. Siegel and Chris McCormick have provided a fair and unbiased introduction to criminological theory and criminal justice policy, providing the facts and tools needed to think critically about key issues in criminology. The text addresses the question of why we behave the way we do. What causes one person to become violent, while another channels his or her energy into work, school, and family? Is behaviour a function of personal characteristics, or of upbringing and experiences? Is it influenced by culture or environment, or is it a combination? The text uses a typology-based approach to discuss these difficult questions. Carefully structured to cover relevant material in a comprehensive, balanced, and objective fashion, the text is a favourite among students and teachers alike. Readers will find their learning experience is enhanced by many engaging study aids and engaging cases. Criminology in Canada, 6th edition has been completely updated to reflect the most recent evolution of crime theory, and to illustrate the dynamic nature of criminology through the inclusion of major research studies, Supreme Court rulings, and governmental policy.

Restoring Justice

NOTE: This loose-leaf, three-hole punched version of the textbook gives students the flexibility to take only what they need to class and add their own notes - all at an affordable price. For courses in criminology. Brief. Affordable. Visual. Criminology engages students in a study of criminology using interactive components and eye-catching visuals. The text weaves together theory and current events to offer a practical introduction that's both relevant and interesting. Cases in every chapter along with a wealth of critical-thinking features provoke discussion and offer ample opportunities to apply new knowledge. The 5th edition explores new theories of criminology, considers the impact of the most pressing issues today, and adds web links to YouTube® videos discussing connections between crime and the economy. Criminology, 5th Edition, is also available via Revel(tm) , an interactive learning environment that enables students to read, practice, and study in one continuous experience.

Criminological Theories

Introduction to Forensic Criminal Psychology 6th edition provides a clear, comprehensive and engaging coverage of the subject. With a continued emphasis on key empirical findings and the theory stemming from this research, this book will equip you with a deep and contextualised understanding of this fascinating area.

Criminology in Canada

Criminology in Canada, Eighth Edition, is an introductory text that provides a broad overview of the field of criminology. It analyzes the most important scholarly works and scientific research reports, while presenting topical information on recent cases and events. Known to provide the perfect balance between theory and application, this text will give students the enthusiasm to further their knowledge of the world of criminology.

Criminology (Justice Series), Student Value Edition

The two-volume Encyclopedia of Theoretical Criminology, available in print and online, is the definitive reference resource for theoretical criminology. This encyclopedia offers a state-of-the-art survey of leading theories, concepts, and key figures in the field. It combines this breadth of coverage with the authority and international perspective of an experienced team of contributors, creating a definitive reference resource for students, scholars, and professionals. Broad coverage spans the origins and evolution of leading theories, major theorists, concepts, applications, and degree of empirical support for both criminology and justice Edited by a leading team of experts in the field and enhanced by contributions from an international group of leading criminology and criminal justice scholars Offers a

global perspective from an international team of leading scholars, including coverage of the strong and rapidly growing body of work on criminology in Europe and other areas Includes coverage of theories of justice, crime, applied criminology, and traditional and alternative criminological theories 2 Volumes www.theoreticalcriminology.com

Introduction to Forensic and Criminal Psychology

Transnational crime and justice will characterize the 21st century in same way that traditional street crimes dominated the 20th century. In the Handbook of Transnational Crime and Justice, Philip Reichel and Jay Albanese bring together top scholars from around the world to offer perspectives on the laws, crimes, and criminal justice responses to transnational crime. This concise, reader-friendly handbook is organized logically around four major themes: the problem of transnational crime; analysis of specific transnational crimes; approaches to its control; and regional geographical analyses. Each comprehensive chapter is designed to be explored as a stand-alone topic, making this handbook an important textbook and reference tool for students and practitioners alike.

Criminological Theory 6th Edition

This concise textbook introduces students to multidisciplinary theories about why people commit crime. Winfree and Abadinsky strive to make the study of crime and justice as clear, concise, current, and consumable as possible. Tracing the evolution of theories and their influence on research today, the authors provide a solid foundation for students to understand the role theory plays in criminal justice practices. The first nine chapters explore various types of theories, providing the historical context and the basic assumptions each theory makes about human behavior, the causal arguments, and what criminologists have learned from testing the theories. The theory as originally proposed may have gone through a metamorphosis. Change is an important—and exciting—aspect of crime theory. Ideas that attempt to describe, explain, predict, and possibly control a specific behavior sometimes remain as originally conceived and sometimes evolve to something quite different. The final chapter explores the ways the various theories influence criminal justice policy, focusing on law enforcement. To help readers assimilate and synthesize the essentials of criminological theory, each chapter contains learning objectives, boxed material to stimulate critical thinking, bulleted summary points, key terms, and critical review questions. There are marginal notes throughout the text to highlight concepts, as well as a comprehensive glossary for easy review of important terms.

Criminology in Canada Theories, Patterns, and Typologies , 8th Edition

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. This print textbook is available for students to rent for their classes. The Pearson print rental program provides students with affordable access to learning materials, so they come to class ready to succeed. A unique sociological introduction to the field of criminology with award-winning coverage that highlights issues of race, ethnicity, gender, and social class Criminology: A Sociological Understanding, Sixth Edition, provides a sociological perspective on crime and criminal justice by treating social structure and social inequality as central themes in the study of crime—and major factors in society's treatment of criminals. It pays explicit attention to key sociological concepts such as poverty, gender, race, and ethnicity, and demonstrates their influence on crime. Moving beyond simple “get tough” approaches, the book emphasizes the need to understand social causes of criminal behavior in order to significantly reduce it. The Sixth Edition continues to include chapters that remain uncommon in other criminology texts, and addresses two central themes in the sociological understanding of crime and criminal justice: (1) the degree to which race and ethnicity, gender, and social class affect the operation of the criminal justice system; and (2) the extent to which reliance on the criminal justice system can reduce the amount of crime. Throughout the text, pedagogical features give students the tools to master key concepts faster and more effectively while making class preparation quick and easy for instructors.

The Encyclopedia of Theoretical Criminology

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. For courses in Introduction to Criminal Justice The gold standard for criminal justice texts Criminal Justice: A Brief Introduction, Twelfth Edition, offers a contemporary, authoritative look at crime in America with a focus on police, courts, and corrections. To make information resonate with students, Schmalleger asks readers to consider the

balance between freedom and security issues and evaluate the strengths and weaknesses of the American justice system as it adapts to cultural, political, and societal changes. A wealth of Internet resources along with author tweets (@schmallegger) extends chapter material and provides up-to-the minute information on this ever-evolving field. Its unifying theme, unmatched timeliness, and coverage of trends and technology make this text the standard by which all other brief texts are judged. Criminal Justice, Twelfth Edition is also available via Revel™, an interactive learning environment that enables students to read, practice, and study in one continuous experience. Learn more.

Handbook of Transnational Crime and Justice

The articles in this volume were originally reports conceived as Germany's contribution to the 6th International Congress of Criminology in Madrid. Impressions gained at this world congress, prompted our decision to make these papers available in the English language. In this way we hope to make accessible to an international audience the most recent reflections, approaches and research findings of criminologists in the Federal Republic of Germany. We are adding to this collection a bibliography listing all criminological It seems to us monographs published in German within the last five years. that a systematic survey of the literature is highly suitable for completing the picture outlined in the various articles. This should provide some idea of the focal points and tendencies of the present thinking and of the efforts at institutionalization in German criminology. Last but not least, this collection may help to revise the opinion that criminology in the German speaking world is still largely biologically oriented. The editors are aware of the scholarly and editorial risks connected with the publication of such a volume. Nevertheless they believe that these risks have to be faced in order to provide information about the present criminological thinking in the Federal Republic of Germany and to illustrate its close links with the international scene. We hope that this book will be accepted by the international public as a contribution to a "comparative criminology". Should this venture find an interested audience, similar volumes could follow in regular intervals.

Essentials of Criminological Theory

This popular text/reader continues to offer a unique spin on the core textbook format by balancing authored text with supporting, edited readings.

CRIME AND JUSTICE

For courses in Law Enforcement; Criminal Justice; Criminology; Justice Administration; Security; Sociology; or Political Science. Exploring a subject largely ignored by academic writers, this introductory text uncovers terrorist activities in the United States and around the world, drawing from the authors' blend of academic and professional experiences. Its accessible, concise writing; relevant, current data; vivid photos and comprehensive scope provide an effective overview of the many sectors and operations that comprise the broad term of terrorism.

Criminology

Agent-Based Modelling for Criminological Theory Testing and Development addresses the question whether and how we can use simulation methods in order to test criminological theories, and if they fail to be corroborated, how we can use simulation to mend and further develop theories. It is by no means immediately obvious how results being observed in an artificial environment have any relevance for what is going on in the real world. By using the concept of a "stylized fact," the contributors bridge the gap between artificial and real world. With backgrounds in criminology or artificial intelligence (AI), these contributors present agent-based model studies that test aspects of various theories, including crime pattern theory, guardianship in action theory, near repeat theory, routine activity theory, and general deterrence theory. All six simulation models presented have been specially developed for the book. Contributors have specified the theory, identified stylized facts, developed an agent-based simulation model, let it run, and interpreted whether the chosen stylized fact is occurring in their model, and what we should conclude from congruence or incongruence between simulation and expectations based on the theory under scrutiny. The final chapter discusses what can be learnt from these six enterprises. The book will be of great interest to scholars of criminology (in particular computational criminologists and theoretical criminologists) and AI (with an emphasis on AI for generative social processes), and more widely researchers in social science in general. It will also be valuable for master's courses in quantitative criminology.
