English Etymology

Excerpt from English Etymology: A Select Glossary Serving as an Introduction to the History of the English Language In conclusion, our best thanks are due to Professor Franz of Tübingen University, who has placed many words and etymologies at our disposal and assisted us in various other ways. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

English Etymology

This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book.

English Etymology

Unlike some other reproductions of classic texts (1) We have not used OCR (Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

English Etymology

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as

true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

English Etymology; a Select Glossary Serving As an Introduction to the History of the English Language

Trieste Publishing has a massive catalogue of classic book titles. Our aim is to provide readers with the highest quality reproductions of fiction and non-fiction literature that has stood the test of time. The many thousands of books in our collection have been sourced from libraries and private collections around the world. The titles that Trieste Publishing has chosen to be part of the collection have been scanned to simulate the original. Our readers see the books the same way that their first readers did decades or a hundred or more years ago. Books from that period are often spoiled by imperfections that did not exist in the original. Imperfections could be in the form of blurred text, photographs, or missing pages. It is highly unlikely that this would occur with one of our books. Our extensive quality control ensures that the readers of Trieste Publishing's books will be delighted with their purchase. Our staff has thoroughly reviewed every page of all the books in the collection, repairing, or if necessary, rejecting titles that are not of the highest quality. This process ensures that the reader of one of Trieste Publishing's titles receives a volume that faithfully reproduces the original, and to the maximum degree possible, gives them the experience of owning the original work. We pride ourselves on not only creating a pathway to an extensive reservoir of books of the finest quality, but also providing value to every one of our readers. Generally, Trieste books are purchased singly - on demand, however they may also be purchased in bulk. Readers interested in bulk purchases are invited to contact us directly to enquire about our tailored bulk rates.

English Etymology

Distinguished linguistics scholar Anatoly Liberman set out the frame for this volume in *An Analytic Dictionary of English Etymology*. Here, Liberman's landmark scholarship lay the groundwork for his forthcoming multivolume analytic dictionary of the English language. *A Bibliography of English Etymology* is a broadly conceptualized reference tool that provides source materials for etymological research. For each word's etymology, there is a bibliographic entry that lists the word origin's primary sources, specifically, where it was first found in use. Featuring the history of more than 13,000 English words, their cognates, and their foreign antonyms, this is a full-fledged compendium of resources indispensable to any scholar of word origins.

English Etymology: A Select Glossary Serving as an Introduction to the History of the English Language

A collection of original articles by leading scholars in the field dealing with practical and theoretical problems in the compiling of recently completed or in-progress etymological dictionaries of Modern Dutch, German, English and Frisian.

English Etymology

This historical survey enquires into the style, structure, presuppositions, and purposes of etymological enquiries over the past two centuries, and contrasts them with the practice of etymology in Antiquity and the Middle Ages.

English Etymology

Each number includes "Reviews and book notices."

English Etymology

The English dialect dictionary, being the complete vocabulary of all dialect words still in use, or known to have been in use during the last two hundred years. Volume 6. Supplement, A-Y.

A Bibliography of English Etymology

DigiCat Publishing presents to you this special edition of "The Writing of the Short Story" by Lewis Worthington Smith. DigiCat Publishing considers every written word to be a legacy of humankind. Every DigiCat book has been carefully reproduced for republishing in a new modern format. The books are available in print, as well as ebooks. DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature.

Current Trends in West Germanic Etymological Lexicography

The result of my research was turned into a book published in Swedish in 2012. This present book is a revised translation and extensively extended version of that book.

Etymology

This practical introduction to word history investigates every aspect of where words come from and how they change. Philip Durkin, chief etymologist of the Oxford English Dictionary, shows how different types of evidence can shed light on the myriad ways in which words change in form and meaning. He considers how such changes can be part of wider linguistic processes, or be influenced by a complex mixture of social and cultural factors. He illustrates every point with a wide range of fascinating examples. Dr Durkin investigates folk etymology and other changes which words undergo in everyday use. He shows how language families are established, how words in different languages can have a common ancestor, and the ways in which the latter can be distinguished from words introduced through language contact. He examines the etymologies of the names of people and places. His focus is on English but he draws many examples from languages such as French, German, and Latin which cast light on the pre-histories of English words. The Oxford Guide to Etymology is reliable, readable, instructive, and enjoyable. Everyone interested in the history of words will value this account of an endlessly fascinating subject.

Book Reviews

The compiler of this dictionary of word and phrase origins and history was not only a linguist and a philologist but also a man of culture and wit. When he turned his attention, therefore, to the creation of an etymological dictionary for both specialists and non-specialists, the result was easily the finest such work ever prepared. Weekley's Dictionary is a work of thorough scholarship. It contains one of the largest lists of words and phrases to be found in any singly etymological dictionary — and considerably more material than in the standard concise edition, with fuller quotes and historical discussions. Included are most of the more common words used in English as well as slang, archaic words, such formulas as "I. O. U.," made-up words (such as Carroll's "Jabberwock"), words coined from proper nouns, and so on. In each case, roots in Anglo-Saxon, Old Norse, Greek or Latin, Old and modern French, Anglo-Indian, etc., are identified; in hundreds of cases, especially odd or amusing listings, earliest known usage is mentioned and sense is indicated in quotations from Dickens, Shakespeare, Chaucer, "Piers Plowman," Defoe, O. Henry, Spenser, Byron, Kipling, and so on, and from contemporary newspapers, translations of the Bible, and dozens of foreign-language authors.

The Bookman

The Scottish Parliament Before the Union of the Crowns is a book by Robert S. Rait. It strives to summarize the history of the Scottish Parliament, up to the Union of the Crowns where Scotland and England were unified under a single ruling monarch in 1603.
