Phew! Scary big ears.

Those ears are a result of adaptation

adapting to survive the climatic conditions

bears are very active and energetic animals

some of the bear species

Behavioral adaptation is crucial for all animals

let us look into the structural adaptation.

an organism's environment shapes its appearance

for instance, the gills that fishes have

allows them to breathe inside water.

that the Desert foxes have large ears

the Arctic foxes have small ears

things like metabolism and body chemistry

that python as a pet!

never has to drink water or urinate?

Changes Color With the Seasons.

the Addax sports a white coat in the summer

to better absorb heat.
