Adolescent Psychotherapy Homework Planner

Evidence-based and effective clinical homework for adolescent clients and their caregivers In the newly updated sixth edition of The Adolescent Psychotherapy Homework Planner, a team of distinguished practitioners delivers a time-saving and hands-on practice tool designed to offer clients valuable homework assignments that will further their treatment goals for a wide variety of presenting problems. The Homework Planner addresses common and less-common disorders—including anxiety, depression, substance use, eating, and panic—allowing the client to work between sessions on issues that are the focus of therapy. This book provides evidence-based homework assignments that track the psychotherapeutic interventions suggested by the fifth edition of The Adolescent Psychotherapy Treatment Planner. They are easily photocopied, and a digital version is provided online for the therapist who would prefer to access them with a word processor. The Homework Planner also offers: Cross-referenced lists of suggested presenting problems for which each assignment may be appropriate (beyond its primary designation) Several brand-new assignments, as well as adapted assignments that have been shortened or modified to make them more adolescent-client-friendly Homework assignments for the parents of adolescents in treatment, assignments for the adolescents themselves, and assignments for parents and adolescents to complete together An essential and practical tool for therapists and practitioners treating adolescents, The Adolescent Psychotherapy Homework Planner, Sixth Edition will benefit social workers, psychologists, psychiatrists, and other clinicians seeking efficient and effective homework tools for their clients.

The Complete Adult Psychotherapy Treatment Planner

A time-saving resource, fully revised to meet the changing needs of mental health professionals The Complete Adult Psychotherapy Treatment Planner, Fifth Edition provides all the elements necessary to quickly and easily develop formal treatment plans that satisfy the demands of HMOs, managed care companies, third-party payors, and state and federal agencies. The Child Psychotherapy Treatment Planner

Now in its sixth edition, The Child Psychotherapy Treatment Planner is an essential reference used by clinicians around the country to clarify, simplify, and accelerate the patient treatment planning process. The book allows practitioners to spend less time on paperwork to satisfy the increasingly stringent demands of HMOs, managed care companies, third-party payors, and state and federal agencies, and more time treating patients face-to-face. The latest edition of this Treatment Planner offers accessible and easily navigable treatment plan components organized by behavioral problem

and DSM-5 diagnosis. It also includes: Newly updated treatment objectives and interventions supported by the best available research New therapeutic games, workbooks, DVDs, toolkits, video, and audio to support treatment plans and improve patient outcomes Fully revised content on gender dysphoria consistent with the latest guidelines, as well as a new chapter on disruptive mood dysregulation disorder and Bullying Victim An invaluable resource for practicing social workers, therapists, psychologists, and other clinicians who frequently treat children, The Child Psychotherapy Treatment Planner, Sixth Edition, is a timesaving, easy-to-use reference perfectly suited for busy practitioners who want to spend more time focused on their patients and less time manually composing the over 1000 pre-written treatment goals, objectives, and interventions contained within.

The Child and Adolescent Psychotherapy Treatment Planner

From the authors of the bestseller The Complete Psychotherapy Treatment Planner comes this exciting new resource focusing specifically on the problems encountered in treating younger patients. The Child and Adolescent Psychotherapy Treatment Planner enables mental health professionals to write polished, effective treatment plans that satisfy the demands of HMOs, managed care companies, third-party payers, and state and federal review agencies. Specifically designed to save clinicians hours of valuable time, provide optimum latitude in developing individualized treatment plans, and increase the measurability of objectives, this unique guidebook features: Complete coverage of 29 DSM-IVTM and behaviorally based child and adolescent presenting problems A step-by-step guide to treatment planning 1,000s of prewritten treatment goals and objectives Up to 45 specific therapeutic interventions for each disorder. 1,000s of well-crafted statements describing behavioral manifestations, long-term treatment goals, short-term objectives, and therapeutic interventions An extensive list of suggested interventions from a broad range of therapeutic approaches—including cognitive, behavioral, family-oriented, dynamic, pharmacological, educational, didactic, and bibliotherapeutic A simple but comprehensive treatment plan format that can be copied and emulated This popular treatment planning system will enhance the quality of clinical documentation, bring heightened focus to the treatment process, and help eliminate the rejection of treatment plans by insurers and health management organizations.

The Early Childhood Education Intervention Treatment Planner

The Early Childhood Education Intervention Treatment Planner provides all the elements necessary to quickly and easily develop formal education treatment plans that take the educational professional a step further past the writing of goals for Individualized Education Plans (IEPs) as well as mental health treatment plans. The educational treatment plan process assists the professional in identifying interventions and communicating to others the specific method, means, format, and/or creative experience by which the student will be assisted in attaining IEP goals. Critical tool for treating the most common problems encountered in treating children ages 3-6 Saves you hours of time-consuming paperwork, yet offers the freedom to develop customized educational treatment plans Organized around 27 main presenting problems, including autism, cultural and language issues, depression, eating and elimination concerns, cognitive and neurological impairment, oppositional behavior, school entry readiness, and others Over 1,000 well-crafted, clear statements describe the behavioral manifestations of each relational problem, long-term goals, short-term objectives, and educational interchange Easy-to-use reference format helps locate educational treatment plan components by disability Includes a sample treatment plan that conforms to the requirements of most third-party payors and accrediting agencies (including HCFA, JCAHO, and NCQA)
