The Blinding Light

Jake gets a kick out Patrick, and wonders if it's time to start a relationship. Is there room in his life for his family and Patrick?

The Shearing Gun

When ace shearer Hank meets Elliot, romance and love soon blossom. However it's hard for either of them to hope for anything permanent.

Loving Jay

When being with Jay causes Liam's protective instincts to emerge, he thinks all he knew had been a convenient excuse to stay hidden.

Hereditary Genius

Galton founded the science of Eugenics and coined the word in 1883. He investigated the families of great men and thought genius was hereditary.

Una luce accecante

Jake Manning non è mai stato bravo a tenere a freno la lingua. A causa di questa pessima abitudine – e di una buona dose di sfortuna – non riesce mai a tenersi un lavoro. Ora ha un grosso debito da saldare e una madre alcolizzata e tre sorelle di cui prendersi cura. Quando gli viene offerto un posto da domestico, Jake è così disperato che accetta senza pensarci due volte. Ma gli basta un giorno per capire che il suo nuovo datore di lavoro, Patrick Stanford, è un uomo viziato, arrogante, maleducato e... cieco. Nato senza l'uso della vista, Patrick è abituato a essere sempre accontentato, ma trova un degno avversario in Jake, che non accetta le sue intemperanze e minaccia di scambiare le etichette in braille sui barattoli della dispensa e di fuggire col suo cane guida, se non si darà una regolata. Lentamente,

Jake comincia ad affezionarsi a Patrick, e le cose a casa sembrano andare per il meglio. Ma quando finalmente decide di pensare alla propria vita e di dedicarsi alla sua nascente storia d'amore, i doveri di famiglia si fanno di nuovo pressanti, mettendolo nella posizione di dover scegliere... o di permettere a Patrick di aiutarlo.

Valiant

Rediscover the dark and seductive realm of faerie in the second book of the critically acclaimed Modern Faerie Tales series from the bestselling author of *The Cruel Prince* – Holly Black. When Valerie runs away to New York to escape her old life, she decides to sport a new identity and take up with a gang of squatters who live in the city's labyrinthine subway system. There's something suspicious about her new friends, but she can't quite put her finger on it. When Val is talked into tracking down the lair of a mysterious creature, she's drawn into a world she never knew existed. But to leave with her life intact, she must strike a bargain. What's Val willing to risk?

Safe in His Heart

Can Paul and Andrew make it through the necessities of childcare and family life to be safe in each other's heart?

Finding Latinx

Latinos across the United States are redefining identities, pushing boundaries, and awakening political-ly in powerful and surprising ways. Many—Afrolatino, indigenous, Muslim, queer and undocumented, living in large cities and small towns—are voices who have been chronically overlooked in how the diverse population of almost sixty million Latinos in the U.S. has been represented. No longer. In this empowering cross-country travelogue, journalist and activist Paola Ramos embarks on a journey to find the communities of people defining the controversial term, “Latinx.” She introduces us to the indigenous Oaxacans who rebuilt the main street in a post-industrial town in upstate New York, the “Las Poderosas” who fight for reproductive rights in Texas, the musicians in Milwaukee whose beats reassure others of their belonging, as well as drag queens, environmental activists, farmworkers, and the migrants detained at our border. Drawing on intensive field research as well as her own personal story, Ramos chronicles how “Latinx” has given rise to a sense of collectivity and solidarity among Latinos unseen in this country for decades. A vital and inspiring work of reportage, *Finding Latinx* calls on all of us to expand our understanding of what it means to be Latino and what it means to be American. The first step towards change, writes Ramos, is for us to recognize who we are.

The Pawn

For fans of Ana Huang, L.J. Shen, and J.T. Geissinger, *THE PAWN* is a breathtakingly sensual virgin auction romance novel that you can read for FREE. You've never seen chess played like this... "Wickedly brilliant, dark and addictive!" - Jodi Ellen Malpas, #1 New York Times bestselling author *The Price of Survival*... Gabriel Miller swept into my life like a storm. He tore down my father with cold retribution, leaving him penniless in a hospital bed. I quit my private all-girl's college to take care of the only family I have left. There's one way to save our house, one thing I have left of value. My virginity. A forbidden auction... Gabriel appears at every turn. He seems to take pleasure in watching me fall. Other times he's the only kindness in a brutal underworld. Except he's playing a deeper game than I know. Every move brings us together, every secret rips us apart. And when the final piece is played, only one of us can be left standing. ***** *THE PAWN* is a full-length contemporary novel from New York Times bestselling author Skye Warren about revenge and seduction in the game of love. It's the first book in the captivating *ENDGAME* trilogy. "Sinfully sexy and darkly beautiful, *The Pawn* will play games with your heart and leave you craving more!" - Laura Kaye, New York Times bestselling author "Edgy, provocative and deeply erotic, *The Pawn* is one of my top reads of the year! Skye Warren brings you a sensual battle of wills guaranteed to leave you gasping by the end." - Elle Kennedy, New York Times bestselling author "Smart, dark, deeply sensual read with characters I fell in love with from the minute they walked onto the page!" - Carly Phillips, New York Times bestselling author "Positively sinful, and outrageously sexy! Emotions run high and readers will be left gasping." - Lisa Renee Jones, New York Times bestselling author "Skye Warren's *THE PAWN* is a triumph of intrigue, angst, and sensual drama. I was clenching everything. Gabriel and Avery sucked me in from the first few paragraphs and never let go." - Annabel Joseph, New York Times bestselling author "With the precision of a high-stakes game of Chess, *THE PAWN* is dark, sexy, and deliciously calculated. Gabriel is the perfect alpha, leaving you

reeling as his dominance, power, and unexpected tenderness creates the ideal mixture. Five glowing stars." - Aleatha Romig, New York Times bestselling author "A stealthy, sensual, twisted game of cat and mouse that sucked me in completely and had me turning the pages faster and faster. Cunning and brilliant." - K.L. Kreig, USA Today bestselling author

Don't Twunk with My Heart

An abusive ex left Kee looking for a place to belong. He might find it when he steps outside his usual type with Tate, but it'll take compromise to make a relationship of opposites work.

Our Bali Your Bali

Lon provides a safety to Casey that he has never known, but Lon wonders what Casey will do when he finds out how badly Lon failed before.

Safe in His Arms

A YA romance—with a sparkling commercial voice and a dash of science—that explores a relationship over six years The moment Spencer meets Hope the summer before seventh grade, it's something at first sight. The pair become fast friends, climbing trees and planning world travels. After years of being outshone by his older brother and teased because of his Tourette syndrome, Spencer finally feels like he belongs. But as Hope and Spencer get older and life gets messier, the clear label of "friend" gets messier, too. Through sibling feuds and family tragedies, new relationships and broken hearts, the two grow together and apart, and Spencer, an aspiring scientist, tries to map it all out using his trusty system of taxonomy. He wants to identify and classify their relationship, but in the end, he finds that life doesn't always fit into easy-to-manage boxes, and it's this messy complexity that makes life so rich and beautiful.

A Taxonomy of Love

Over the past 30 years, as both forensic pathology and neuropathology have grown in sophistication, the two specialties have forged a heightened level of interaction. Reflecting the vast increase in knowledge and scientific progress in the past two decades, Forensic Neuropathology, Second Edition examines the new developments that have arisen since

Forensic Neuropathology

Presents information about the state of Louisiana, its nickname, flag, motto, and emblems.

Louisiana Facts and Symbols

This is a book for cinephiles, pure and simple. Author and filmmaker, Jim Piper, shares his vast knowledge of film and analyzes the most striking components of the best movies ever made. From directing to cinematography, from editing and music to symbolism and plot development, *The Film Appreciation Book* covers hundreds of the greatest works in cinema, combining history, technical knowledge, and the art of enjoyment to explain why some movies have become the most treasured and entertaining works ever available to the public, and why these movies continue to amaze viewers after decades of notoriety. Read about such classic cinematic masterpieces as *Citizen Kane*, *Gandhi*, *Midnight Cowboy*, *Easy Rider*, *True Grit*, *Gone With the Wind*, and *The Wizard of Oz*, as well as more recent accomplishments in feature films, such as *Requiem for a Dream*, *Munich*, *The King's Speech*, and *The Hurt Locker*. Piper breaks down his analysis for you and points out aspects of production that movie-lovers (even the devoted ones) would never recognize on their own. This book will endlessly fascinate, and by the time you get to the last chapter, you're ready to start all over again. In-depth analysis and thoughtful and wide-ranging film choices from every period of cinema history will ensure that you never tire of this reading companion to film. Allworth Press, an imprint of Skyhorse Publishing, publishes a broad range of books on the visual and performing arts, with emphasis on the business of art. Our titles cover subjects such as graphic design, theater, branding, fine art, photography, interior design, writing, acting, film, how to start careers, business and legal forms, business practices, and more. While we don't aspire to publish a New York Times bestseller or a national bestseller, we are deeply committed to quality books that help creative professionals succeed and thrive. We often publish in areas overlooked by other publishers and welcome the author whose expertise can help our audience of readers.

The Film Appreciation Book

Covering every phase of a theatrical production, this fourth edition of *Sound and Music for the Theatre* traces the process of sound design from initial concept through implementation in actual performances. The book discusses the early evolution of sound design and how it supports the play, from researching sources for music and effects, to negotiating a contract. It shows you how to organize the construction of the sound design elements, how the designer functions in a rehearsal, and how to set up and train an operator to run sound equipment. This instructive information is interspersed with 'war stores' describing real-life problems with solutions that you can apply in your own work, whether you're a sound designer, composer, or sound operator.

Sound and Music for the Theatre

Hunter and Dillon finally came to terms with the idea that they wanted more than just hot sex with each other. Dillon decided to quit hustling in order to invest his time and energy in building their relationship, and Hunter let his barriers down and opened his heart. But fear has a way of creeping up and dismantling things that we hold precious. Dillon's family isn't quite finished with him yet and Hunter is torn about whether he should step into the fray. Their journey together comes to a thrilling conclusion.

Afflicted II

The Racial Contract puts classic Western social contract theory, deadpan, to extraordinary radical use. With a sweeping look at the European expansionism and racism of the last five hundred years, Charles W. Mills demonstrates how this peculiar and unacknowledged "contract" has shaped a system of global European domination: how it brings into existence "whites" and "non-whites," full persons and sub-persons, how it influences white moral theory and moral psychology; and how this system is imposed on non-whites through ideological conditioning and violence. *The Racial Contract* argues that the society we live in is a continuing white supremacist state. As this 25th anniversary edition—featuring a foreword by Tommy Shelbie and a new preface by the author—makes clear, the still-urgent *The Racial Contract* continues to inspire, provoke, and influence thinking about the intersection of the racist underpinnings of political philosophy.

The Racial Contract

Books on intercultural communication are rarely written with an intercultural readership in mind. In contrast, this multinational team of authors has put together an introduction to communicating across

cultures that uses examples and case studies from around the world. The book further covers essential new topics, including international conflict, social networking, migration, and the effects technology and mass media play in the globalization of communication. Written to be accessible for international students too, this text situates communication theory in a truly global perspective. Each chapter brings to life the links between theory and practice and between the global and the local, introducing key theories and their practical applications. Along the way, you will be supported with first-rate learning resources, including:

- theory corners with concise, boxed-out digests of key theoretical concepts
- case illustrations putting the main points of each chapter into context
- learning objectives, discussion questions, key terms and further reading framing each chapter and stimulating further discussion
- a companion website containing resources for instructors, including multiple choice questions, presentation slides, exercises and activities, and teaching notes.

This book will not merely guide you to success in your studies, but will teach you to become a more critical consumer of information and understand the influence of your own culture on how you view yourself and others.

Introducing Intercultural Communication

The broad canvas covered by the articles in the present volume celebrates the diversity and richness of the writings of Frank Manuel during a scholarly career that spans over five decades. The subjects of the articles - ranging from science to utopia, from theology to political thought - mirror many of the themes Manuel has written about with erudition, flair and uncommon perception. It is only fitting that in paying tribute to such a defiant intellect each author brings to his treatment a distinct perspective and texture, the result of his own original forays into the history of ideas. Yet underlying all the essays is the conviction that the study of the intersection of individuals and ideas still yields a rich harvest. Presented to Frank on the occasion of his eightieth birthday, *In the Presence of the Past* honors a teacher, a friend and, above all, a scholar. R. T. Bienvenu and M. Feingold (eds). *In the presence of the past.* vii. MARTIN PERETZ Frank Manuel: An Appreciation It was finally because of Frank Edward Manuel that I decided (however belatedly) to forgo a proper academic career. Since I had not left so much as a leafscar on the tree of the scholarly culture this is not a fact which anyone else would have reason to notice. It is also not, I am happy to add, something for which Manuel will be especially remembered.

In the Presence of the Past

Preventing humanitarian atrocities is becoming as important for the United Nations as dealing with inter-state war. In this book, Ramesh Thakur examines the transformation in UN operations, analysing its changing role and structure. He asks why, when and how force may be used and argues that the growing gulf between legality and legitimacy is evidence of an eroded sense of international community. He considers the tension between the US, with its capacity to use force and project power, and the UN, as the centre of the international law enforcement system. He asserts the central importance of the rule of law and of a rules-based order focused on the UN as the foundation of a civilised system of international relations. This book will be of interest to students of the UN and international organisations in politics, law and international relations departments, as well as policymakers in the UN and other NGOs.

The United Nations, Peace and Security

The occupation of the West Bank and Gaza has been one of the world's most widely reported yet least understood human rights crises for over four decades. In this oral history collection, men and women from Palestine—including a fisherman, a settlement administrator, and a marathon runner—describe in their own words how their lives have been shaped by the historic crisis. Other narrators include: ABEER, a young journalist from Gaza City who launched her career by covering bombing raids on the Gaza Strip. IBTISAM, the director of a multi-faith children's center in the West Bank whose dream of starting a similar center in Gaza has so far been hindered by border closures. GHASSAN, an Arab-Christian physics professor and activist from Bethlehem who co-founded the International Solidarity Movement.

Palestine Speaks

Moving away from the strong body of critique of pervasive 'bad data' practices by both governments and private actors in the globalized digital economy, this book aims to paint an alternative, more optimistic but still pragmatic picture of the datafied future. The authors examine and propose 'good data' practices, values and principles from an interdisciplinary, international perspective. From ideas of data sovereignty and justice, to manifestos for change and calls for activism, this collection opens a

multifaceted conversation on the kinds of futures we want to see, and presents concrete steps on how we can start realizing good data in practice.

Good Data

Contains author's "afterthoughts" and a reading group guide.

Black and Blue

In the seven months since the release of the first edition of this book, 22 more children have lost their autism diagnosis and returned to a state of health, for a total of 115 recovered children and counting. Hundreds more have lost ATEC points, as well as shown many cognitive, behavioral, emotional and physical gains thanks to the protocol outlined in these pages. This edition includes all protocol updates and a whole lot more including: (1) how to heal older, self-injurious and/or aggressive children; (2) GcMAF and its role in healing autism; (3) gluten's role in molecular mimicry and autoimmunity; (4) a new method of CD preparation; (5) an improved and easier to follow parasite protocol; along with (6) a special calendar so you know what to do when; (7) many new testimonials from parents sharing their real-life experiences using this protocol; and much more... Dietrich Klinghardt MD, PhD, says... The world of autism is rocking again. Kerri Rivera has done it. In this comprehensive book she has condensed and simplified the core elements of the biomedical approach, those that work 90% of the time on 90% of the children. Her focus on using a unified and affordable approach to reduce the body burden of chronic infections and infestations is addressing the very core issue of most autistic children and adults. It has made her method the most powerful tool to this day to help many children recover safely, inexpensively and solidly. Her research is validated by the enormously positive response from parents from all over the world. Teri Arranga, Executive director of AutismOne, says... In 3 years, 115 children previously diagnosed with regressive autism were able to shed their diagnosis, their symptoms and return to an overall state of health and vitality. If you have any interest in finding out how they were able to heal you need to read this book. Kerri has a heart for children with autism, and she cares greatly about recommending safe, economical interventions that are helping to confront an epidemic.

Healing the Symptoms Known As Autism

An oyster can't produce pearls without first suffering with a grain of sand. Each of the chapters in Pearls of Wisdom: 30 Inspirational Ideas to Lead Your Best Life Now gives guidance to readers on how to turn their own grains of sand into pearls. With four New York Times bestselling authors, including Chicken Soup for the Soul's Jack Canfield, Chris and Janet Attwood, and Marci Shimoff plus 25 of the best up and coming self-help authors, each chapter contains a fresh idea for a positive life change. With each chapter as diverse as the cast of authors who have come together to create this unique book, there is certain to be an idea to help transform anyone's life. Pearls of Wisdom contains the greatest ideas of today's top self-help authors, combining traditional and new techniques, affirmations, theories, meditations and practices to lead readers from the struggles they deal with in their current situations to a higher, enlightened life; not merely an existence. For anyone who has thought, "am I really living the best possible life I could be?", Pearls of Wisdom grants the answers for any of life's questions, straight from the words of the masters of self-help themselves.

Pearls of Wisdom

"When Danah Zohar first published the early ideas of her Quantum Management Theory in the late 1990's, she articulated a new paradigm, inspired by quantum physics, and began a major contribution to our search for a new management theory that can replace outdated Taylorism. Now, in ZERO DISTANCE, the most comprehensive account of her project, she outlines how the theory has been implemented through the revolutionary RenDanHeyi business model of China's Haier Group, and subsequently several other large companies. Zohar's suggestion that the Haier model also offers a new social and political model is thought provoking. This book is a significant addition to our continuing conversation about the best way to manage companies and other human social systems. I recommend it highly." - Gary Hamel, London Business School, Author of Humanocracy This open access book offers a new management meta-theory to replace Taylorism. It presents a new paradigm in management thinking and a new, practical organizational model for implementing it in our personal and working lives, in our companies, in our communities and nations, and in a sustainable global order. It will offer an understanding of why and how "thinking-as-usual" is failing both business and political leaders in these new times, and it will advocate new thinking and new management practices that are so radically new

that they turn everything we have taken for granted inside out and upside down. This new management model is called "Quantum Management Theory"

Zero Distance

Ruthless. Proud. Dangerous. Gabriel Miller will do anything to possess Avery James. Including ruin her father. The good girl will save her family with the only thing she has left: her virginity. An auction can only have one winner. He'll own her, body and soul. Except she's fighting back. By the end of thirty days, he might just lose his heart. THE ENDGAME TRILOGY contains the complete bestselling series, including THE PAWN, THE KNIGHT, and THE CASTLE. Enter the dangerous world of revenge and seduction in the game of love.

The Endgame Trilogy

Afghanistan, 1975: Twelve-year-old Amir is desperate to win the local kite-fighting tournament and his loyal friend Hassan promises to help him. But neither of the boys can foresee what will happen to Hassan that afternoon, an event that is to shatter their lives. After the Russians invade and the family is forced to flee to America, Amir realises that one day he must return to Afghanistan under Taliban rule to find the one thing that his new world cannot grant him: redemption.

The Kite Runner

Mariam is only fifteen when she is sent to Kabul to marry Rasheed. Nearly two decades later, a friendship grows between Mariam and a local teenager, Laila, as strong as the ties between mother and daughter. When the Taliban take over, life becomes a desperate struggle against starvation, brutality and fear. Yet love can move a person to act in unexpected ways, and lead them to overcome the most daunting obstacles with a startling heroism.

A Thousand Splendid Suns

The very rapid pace of advances in biomedical research promises us a wide range of new drugs, medical devices, and clinical procedures. The extent to which these discoveries will benefit the public, however, depends in large part on the methods we choose for developing and testing them. Modern Methods of Clinical Investigation focuses on strategies for clinical evaluation and their role in uncovering the actual benefits and risks of medical innovation. Essays explore differences in our current systems for evaluating drugs, medical devices, and clinical procedures; health insurance databases as a tool for assessing treatment outcomes; the role of the medical profession, the Food and Drug Administration, and industry in stimulating the use of evaluative methods; and more. This book will be of special interest to policymakers, regulators, executives in the medical industry, clinical researchers, and physicians.

Modern Methods of Clinical Investigation

A NEW YORK TIMES BESTSELLER AND THE PERFECT READ FOR FANS OF UNNATURAL CAUSES What happens to your body after you have died? Fertilizer? Crash Test Dummy? Human Dumpling? Ballistics Practise? Life after death is not as simple as it looks. Mary Roach's Stiff lifts the lid off what happens to our bodies once we have died. Bold, original and with a delightful eye for detail, Roach tells us everything we wanted to know about this new frontier in medical science. Interweaving present-day explorations with a history of past attempts to study what it means to be human Stiff is a deliciously dark investigations for readers of popular science as well as fans of the macabre. 'Spry, common, sharp-witted survey brings a whole new meaning to the phrase "Life after death"' Sunday Times 'One of the funniest and most unusual books of the year' Entertainment Weekly 'Every chapter packed with more arresting details elegantly humourously expressed than one can hope for' Sunday Telegraph

Stiff

Everyone in Green Valley, Tennessee knows that the six bearded Winston brothers have been imbued with an unfair share of charm and charisma... and are prone to mischief. Dr. Strange Beard, the fifth book in the Winston Brothers series, from USA TODAY bestselling author Penny Reid publishes in July 2018!

Dr. Strange Beard

Looking at decolonization in the conditional tense, this volume teases out the complex and uncertain ends of British and French empire in Africa during the period of 'late colonial shift' after 1945. Rather than view decolonization as an inevitable process, the contributors together explore the crucial historical moments in which change was negotiated, compromises were made, and debates were staged. Three core themes guide the analysis: development, contingency and entanglement. The chapters consider the ways in which decolonization was governed and moderated by concerns about development and profit. A complementary focus on contingency allows deeper consideration of how colonial powers planned for 'colonial futures', and how divergent voices greeted the end of empire. Thinking about entanglements likewise stresses both the connections that existed between the British and French empires in Africa, and those that endured beyond the formal transfer of power.

Britain, France and the Decolonization of Africa

The #1 New York Times bestselling (mostly true) memoir from the hilarious author of *Furiously Happy*. "Gaspingly funny and wonderfully inappropriate."—O, The Oprah Magazine When Jenny Lawson was little, all she ever wanted was to fit in. That dream was cut short by her fantastically unbalanced father and a morbidly eccentric childhood. It did, however, open up an opportunity for Lawson to find the humor in the strange shame-spiral that is her life, and we are all the better for it. In the irreverent *Let's Pretend This Never Happened*, Lawson's long-suffering husband and sweet daughter help her uncover the surprising discovery that the most terribly human moments—the ones we want to pretend never happened—are the very same moments that make us the people we are today. For every intellectual misfit who thought they were the only ones to think the things that Lawson dares to say out loud, this is a poignant and hysterical look at the dark, disturbing, yet wonderful moments of our lives. Readers Guide Inside

Let's Pretend This Never Happened

A species that has no word for murder, has a murderer aboard their spaceship. ALIEN Tristol lives in exile. But he's built a life for himself aboard a human space station. You're Ok, Your Cat's Ok

The iLLamanati have emerged from hidden places of the Earth to shed light on the dark side of human endeavors by collating and publishing literature on the secrets of the Illuminati. Representing the Grand Llama, an omniscient, extradimensional light being who is channeled by our Vice-Admiral, Captain Space Kitten, the iLLamanati is organized around a cast of interstellar characters who have arrived on Earth to wage a battle for the light. *Bloodlines of the Illuminati* was written by Fritz Springmeier. He wrote and self-published it as a public domain .pdf in 1995. This seminal book has been republished as a three-volume set by the iLLamanati. Volume 1 has the first eight of the 13 Top Illuminati bloodlines: Astor, Bundy, Collins, DuPont, Freeman, Kennedy, Li, and Onassis. Volume 2 has the remaining five of the 13 Top Illuminati bloodlines: Rockefeller, Rothschild, Russell, Van Duyn, and Merovingian. Volume 3 has four other prominent Illuminati bloodlines: Disney, Reynolds, McDonald, and Krupps.

The 5th Gender

"MISHA I can't help but smile at the lyrics in her letter. She misses me. In fifth grade, my teacher set us up with pen pals from a different school. Thinking I was a girl, with a name like Misha, the other teacher paired me up with her student, Ryen. My teacher, believing Ryen was a boy like me, agreed. It didn't take long for us to figure out the mistake. And in no time at all, we were arguing about everything. The best take-out pizza. Android vs. iPhone. Whether or not Eminem is the greatest rapper ever... And that was the start. For the next seven years, it was us. Her letters are always on black paper with silver

writing. Sometimes there's one a week or three in a day, but I need them. She's the only one who keeps me on track, talks me down, and accepts everything I am. We only had three rules. No social media, no phone numbers, no pictures. We had a good thing going. Why ruin it? Until I run across a photo of a girl online. Name's Ryen, loves Gallo's pizza, and worships her iPhone. What are the chances? F*ck it. I need to meet her. I just don't expect to hate what I find. RYEN He hasn't written in three months. Something's wrong. Did he die? Get arrested? Knowing Misha, neither would be a stretch. Without him around, I'm going crazy. I need to know someone is listening. It's my own fault. I should've gotten his phone number or picture or something. He could be gone forever. Or right under my nose, and I wouldn't even know it. *Punk 57 is a stand alone New Adult romance. It is suitable for ages 18+."--Amazon.com
