Purposes of Preaching

What are the purposes of preaching? What should a good sermon accomplish? What is at stake in the church's preaching for individuals, religious communities, and the world? This collection of ten essays by noted homiletics offers a range of answers to these questions. The contributors also comment on what homiletics must do in the years ahead to strengthen the resources available for the church's preaching.

Purposes of Preaching

"The amazing lack of concern for purpose among homiletics and preachers has spawned a brood of preachers who are dull, lifeless, abstract and impersonal; it has obscured truth, hindered joyous Christian living, destroyed dedication and initiative, and stifled service for Christ." –Jay Adams, from

the book *Preaching* needs to become purposeful, says Jay Adams, because purposeless preaching is deadly. This book was written to help preachers and students discover the purpose of preaching and the ways that the Scriptures inform and direct the preaching task. *Preaching with Purpose*, like the many other books of Jay Adams, speaks clearly and forcefully to the issue. Having read this book, both students and experienced preachers will be unable to ignore the urgent task of purposeful preaching. And the people of God will be the better for it.

Preaching with Purpose

The purpose of our lives is to know the God of the universe who made us and loves us. It is this purpose that biblical preaching meets through explaining God's word. Biblical preaching centres around proclaiming God's Word and preachers are to be mouthpieces for God as we encounter the living Christ through Scripture. Jonathan Lamb illustrates the power of God's Word by focusing our attention on the heart, task and purpose of preaching by leading us through Nehemiah 8:1-12. Reworked to benefit from the authors' years of experience working alongside indigenous preaching movements around the world, this book includes excellent resources for group studies, preaching preparation and running a preachers' group.

The Dynamics of Biblical Preaching

Every church is driven by something. Tradition, finances, programs, personalities, events, seekers, and even buildings can each be the controlling force in a church. But Rick Warren believes that in order for a church to be healthy it must become a purpose driven church by Jesus. Now the founding pastor of Saddleback Church shares a proven five-part strategy that will enable your church to grow. . . - Warmer through fellowship - Deeper through discipleship - Stronger through worship - Broader through ministry - Larger through evangelism. Discover the same practical insights and principles for growing a healthy church that Rick has taught in seminars to over 22,000 pastors and church leaders from sixty denominations and forty-two countries. The Purpose Driven Church® shifts the focus away from church building programs to emphasizing a people-building process. Warren says, "If you will concentrate on building people, God will build the church."

Point and Purpose in Preaching

What beliefs are core to the Christian faith? This book is here to help you understand the reason for your hope as a Christian so that you can see it with fresh sight and invite others into the conversation. A lot of Christians take their story—the narratives that give rise to their beliefs—for granted. They pray, go to church, perhaps even read their Bible. But they might be stuck if a stranger asked them to explain what they believe and why they believe it. Author, pastor, and theologian Mike Horton unpacks the essential and basic beliefs that all Christians share in a way that is easy to understand and applicable to our lives today. And in a way that will make you excited to be a Christian! Core Christianity covers topics like: Jesus as both fully God and fully man. The doctrine of the Trinity. The goodness of God despite a broken world. The ways God speaks. The meaning of salvation. What is the Christian calling? Includes discussion questions for individual or group use. This introduction to the basic doctrines of Christianity is perfect for those who are new to the faith, as well as those who have an interest in deepening their understanding of what it means to be a follower of Jesus Christ.

The Purpose Driven Church

Excerpt from *Point and Purpose in Preaching* In the preparation of these pages the aim has been to give that which would be practical and helpful to the young minister who is beginning to find out that he didn't learn all there is to know from his theological professor. No claim is made for complete originality in what is given, but all that is said has passed through the alembic of personal experience. Much has been assimilated from a very wide acquaintance and association with many kinds of preachers; some has come through close observation and careful study of those who, like the Master, were always gladly heard by the common people, and still more, perhaps, has come from reading and reflection. A young woman, who had studied Latin for a couple of weeks and then stopped, explained that she only wanted to get an insight into it, but to know anything about preaching we have got to go very much deeper than that. We must not only go at it, but keep everlastingly at it. Learning how to preach is much like learning how to swim. Others may tell us how to do it, but the thing that counts is the paddling we do ourselves. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Public Worship, Its Obligation and Purposes

God can and should be in and with the preacher--in the preparation leading up to the sermon, in the preaching moment itself, and in the results of the sermon both in the preacher and in the listening congregation. Be inspired anew in how and why you preach. (Out of Print)

Core Christianity

Learn to infuse biblical principles into narrative preaching resulting in sermons that hearers can immediately put into practice in their daily life.

The Powers and Purposes of the Christian Ministry. A Sermon Preached in Greenfield, Mass. October 16, 1825, Being the Sabbath Following the Installation of the Author, to the Pastoral Care of the Third Congregational Society in Said Town

What is the point of preaching? With so many agendas competing for pulpit time these days, it can be easy to forget the exact purpose of our Christian calling: to proclaim God's salvation through Jesus who died and is now resurrected. Preaching Evangelistically looks at the different elements of gospel preaching and how they are best used to effectively proclaim Jesus. They include: sermon setting, text selection, preparation, preaching with biblical authority, giving an invitation, and "hiding behind the cross as you preach." Also here are eyes-on text examples of evangelistic sermons from selected preachers. Cowriter Al Fasol states, "The purpose of our book is to provide information on preaching evangelistically with integrity, with biblical accuracy, with appeal to contemporary listeners, and absolutely for the glory of God."--Back cover.

Point and Purpose in Preaching

Imagine announcing a new series of sermons and seeing worship attendance increase by 1,000 people on the first Sunday of the new series. Or consider a pastor developing sermon plans two to three years out. What kind of pastor sits in a bar with a notepad just looking for ideas for sermons? Or has as his aim to preach the best prepared, best researched sermons his congregation has ever heard? All of these and more explain part of the reason the United Methodist Church of the Resurrection has grown from four people to over 10,000 in just thirteen years. In *Unleashing the Word*, Adam Hamilton helps.

Passion, Power, and Purpose

"Holy and active listening" means listening openly and attentively to one another with the expectation that God will speak in and through the conversation. In *When God Speaks through You*, homiletics professor Craig Satterlee helps preachers and their congregations learn to listen to one another with such grace. Satterlee demonstrates how individuals and groups can identify, clarify, and articulate their convictions about the Christian faith and share them in a nonthreatening manner. He also helps readers discover their expectations of and reactions to preaching itself. The preacher will come to better know what people listen for, and parishioners will better understand what the preacher hopes to accomplish in the sermon. Creating discussion groups about preaching frequently results in spiritual growth, renewal, deeper appreciation for difference, new perspective, and motivation for the preacher and the discussion group members and, through them, the congregation. These conversations can prepare congregations for broader conversation about how people's faith convictions shape both their lives and the congregation's worship, life together, and mission.

Principle Preaching

Preaching, says professor and author O. Wesley Allen Jr., should be considered as a form of conversation. The church, after all, is a community of conversation that exists in part to interpret God's purposes for the world and to participate in those purposes. The idea of the sermon as a conversation, then, is not simply a style or form of preaching but an integral expression of the nature and purpose of the church.

Preaching Evangelistically

Excerpt from *Point and Purpose in Preaching* A young woman, who had studied Latin for a couple Of weeks and then stopped, explained that She only wanted to get an insight into it, but to know anything about preaching we have got to go very much deeper than that. We must not only go at it, but keep everlastingly at it. Learning how to preach is much like learning how to swim. Others may tell us how to do it, but the thing that counts is the paddling we do ourselves. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Unleashing the Word

The authority to preach comes by divine appointment from God and is one of the most fulfilling aspects of a leader's ministry and life. You are called, you are chosen, you are set apart for this special privilege. This book will empower and encourage all leaders to a higher level of love and achievement in preaching.

When God Speaks through You

Preachers often feel stuck when met with quickly shifting and dense media topics that flood the headlines. If and when they determine it is appropriate to address issues that arise in the news cycle, they are often at a loss for how to speak about them from the pulpit. When preachers understand that a responsibility to sustain life is embedded in the purposes of preaching, they discover greater fluidity between the everyday world, the biblical text, and preaching itself. *Preaching the Headlines* reframes preaching as an ongoing conversation between the modern world and the world of the Bible, exploring where the divides between the two may be less rigid than we often acknowledge. The preacher uses what they know about life as a bridge to the text, while life in the text provides the bridge back to faith in the contemporary world. The goal of the book is to help preachers do theological reflection on the everyday world as an integral part of sermon development. The process offered in this book is not a substitute for basic methods of sermon development nor a model of exegesis for preaching. Preachers will use this process as a supplement alongside their current method of sermon preparation. Before the preacher can ever translate the meaning embedded in the headlines, they have to learn more about the topics they seek to preach about. They do this by digging behind the headlines and expanding their own resources beyond theological traditions alone. This work is done in order to think earnestly about how faith might spur transformative action in our world for more just ways of living together.

The Homiletic of All Believers

"God has appointed preaching in worship as one great means of accomplishing his ultimate goal in the world." —John Piper John Piper makes a compelling claim in these pages about the purpose of preaching: it is intended not merely as an explanation of the text but also as a means of awakening worship by being worship in and of itself. Christian preaching is a God-appointed miracle aiming to awaken the supernatural seeing, savoring, and showing of the glory of Christ. Distilling over forty years of experience in preaching and teaching, Piper shows preachers how and what to communicate from God's Word, so that God's purpose on earth will advance through Biblesaturated, Christ-exalting, God-centered preaching—in other words, expository exultation.

Preaching with Purpose and Passion

This commentary on the whole Bible contains over 2,000 devotional and expository outlines, suggestions for Bible reading and study, sermon outlines, devotional talks, sermons and other useful helps.

The Purposes of Divine Mercy to the Seed of Abraham. A Sermon Preached in George Street Chapel, Glasgow, on the 25th April 1820, for the Glasgow Society for Promoting Christianity Among the Jews

America's premiere preaching father and son team, Otis Moss, Jr. and Otis Moss III, share their preaching, insight, and inspiration in their first-ever book together with sermons on social justice and other progressive Christian topics. Each of the six sermons in "Preach! The Power and Purpose Behind Our Praise" can be downloaded in audio. Includes a reflection guide for study.

Preaching the Headlines

In The Art of Prophesying, Puritan William Perkins (1558-1602) teaches how to preach the Word with "studied plainness," not relying on technique or soaring flourishes of oratory, but rather by unleashing the majestic power of the unencumbered Word of God. Unlike so much of the milquetoast preaching heard today, Perkins teaches how to utilize the Scripture in all its capacities: for teaching correct doctrine, for reproof and correction, and for training the godly in righteousness (2 Timothy 3:16). This type of preaching changed lives during Perkins' lifetime, and it has the same effect today. Includes a biographical preface by Benjamin Brook. Scripture references (from the ESV) are embedded in the text as hyperlinks--no internet connection required.

Expository Exultation

In this handbook, author Gordon Lathrop guides preachers as they think about the central matters and purposes of preaching and engage in preparation for this important task. By providing wise encouragement and concrete tools for ministry, this book will equip preachers for faithful preaching in their assemblies.

Thinking Theologically

Pastor and preaching coach, Dr. Yancey Arrington offers a new paradigm for message preparation - one that focuses on seeing sermons emotionally, where preachers will be trained on discovering a message's emotional center, charting sermon bandwidth, and leveraging one's God-given personality in the preaching event. This innovative approach to preaching can produce more effective seasons in the pulpit where congregants are carried 'down the mountain' of messages in such a way they can't wait to do it again!

Handfuls on Purpose

The objective of this book is to address the following premises: Premise number one: The purpose and aim of Christian preaching/teaching is to produce spiritually faithful, biblically capable, and productively active disciples of Jesus Christ. Premise number two: Conventional preaching/teaching philosophies and methods are not achieving the desired effects in far too many cases. This is evidenced by the numbers of lukewarm churches and spiritually broad-but-not-deep Christians. Premise number three: A paradigm shift in how sermons and Bible lessons should be prepared and communicated will help alleviate the problem and is long overdue. This book addresses the shortcomings of modern Christian preaching, envisions the strongest and deepest approaches to biblical teaching and learning, and lays out specific steps to get churches' classrooms and pulpit ministries from where they are to where they need to be.

Preach!: The Power and Purpose Behind Our Praise

Reprint of the original, first published in 1866.

The Art of Prophesying

Preaching is best described as a manifestation of the living word, developed from the written word, and delivered by the spoken word. Jesus is the Living Word, the Bible is the written word and the spoken word is the preacher's own oral proclamation of the living word. This book is aimed at helping sincere preachers to better accomplish this important mission. There are many ways to drive an automobile. Yet to successfully arrive at their desired destination, all drivers must conform to the limitation of the car, road and traffic. The same is true of preaching. There are basic "RULES" within which the preacher must operate in order to produce and deliver purposeful sermon. Please read and recommend it to other preachers.

Preaching with Purpose and Power

What makes for good preaching? In this accessible volume—written for preachers and preachers in training—pastor David Helm outlines what must be believed and accomplished to become a faithful expositor of God's Word. In addition to offering practical, step-by-step guidance for preachers, this short book will equip all of us to recognize good preaching when we hear it. Part of the 9Marks: Building Healthy Churches series.

Proclaiming the Living Word

According to Warren Wiersbe, *The Supremacy of God in Preaching* "calls us back to a biblical standard for preaching, a standard exemplified by many of the pulpit giants of the past, especially Jonathan Edwards and Charles Spurgeon." This newly revised and expanded edition is an essential guide for preachers who want to stir the embers of revival. Piper has added valuable new material reflecting on his thirty-three years of preaching at Bethlehem Baptist Church, offering a glimpse of what a lifetime of putting God first has done for the faith of the hundreds of thousands who have heard him preach over the years.

Preaching That Moves People

Written in a conversational style with profuse examples to illustrate all concepts, *"Invitation to Biblical Preaching"* takes the reader step-by-step through the entire process of preparing a biblical message, from studying a passage with skill and integrity to delivering a message with persuasion, accuracy, passion, and relevance. An experienced pastor and homiletics professor, Donald Sunukjian provides budding pastors with wise counsel that is sure to stay with them throughout their ministries.

Preach Better Sermons

Preaching today is in rapid decline. Pulpits all over the planet are filled with ministers who gain a paycheck, but give little else. William Perkins explains what it means to be truly called to the holy office of the minister. He does this from two principle texts: Job chapters 32-33 with emphasis on 33:23, and Isaiah 6:1-13. Perkins says that the words in Job contain, "a valuable description of a true minister," how he is a messenger and an interpreter, one in a thousand. Then, he explains Isaiah 6:1-13 of Isaiah's confirmation, showing Isaiah was fearful, stunned, cast down, comforted, and renewed in his commission to go and be sent of God to preach for Christ's glory. He explains that men ought to consider the extreme presumption of those who rashly enter the ministry. Many ministers come into God's presence unsanctified, and in their sins, little concerned about how loosely they live before their people. Perkins will not make the ministry an easy door to open. That is because faithful exegesis on important passages about the ministry shows it to be a hard and difficult road. Being God's mouthpiece is not an easy task, but being called to it is an honor that is inexpressible. This work is not a scan or facsimile, has been carefully transcribed by hand being made easy to read in modern English, and has an active table of contents for electronic versions.

Short Sermons: For Family Reading, and for other like Purposes

Some may object to my dogmatic assertions; but I do not apologise for them. Every preacher should believe strongly in his own method; and if I cannot persuade all of the rightness of mine, I can at least stimulate them to think and to consider other possibilities. I can say quite honestly that I would not cross the road to listen to myself preaching, and the preachers whom I have enjoyed most have been very different indeed in their method and style. But my business is not to describe them but to state what I believe to be right, however imperfectly I have put my own precepts into practice. I can only hope that the result will be of some help, and especially to young preachers called to this greatest of all tasks,

and especially in these sad and evil times. With many others I pray that "The Lord of the harvest may thrust forth" many mighty preachers to proclaim 'the unsearchable riches of Christ!'

22 Principles of Preaching with Purpose

This classic book on evangelical preaching by Scottish minister James S. Stewart, which was first published in 1946, has inspired generations of preachers to strive for greater effectiveness in their proclamations. The pages contained within this book were originally addressed as lectures in the Universities of Edinburgh and St. Andrews to Divinity students and ministers, and it is the author's hope that they will "have something to say to the wider circle of those who Sunday by Sunday are hearers of the Word of God, 'loving the habitation of His house and the place where His honour dwelleth,' and perhaps even to the critic in the back pew." A practical and inspiring read.

School improvement is an increasingly complex field with developments in policy, research, practice and language making it difficult to get a complete picture. Leading authors David Woods and Tim Brighouse pull together the approaches, characteristics and technical terms needed for busy school leaders, teachers, governors and parents to quickly get to grips with current approaches and best practice. Combining their extensive experience of school improvement in action, they provide an authoritative and up-to-date overview of the field and easy access to the wide range of information, ideas and practices on making schools the best they can be. A comprehensive A-Z introduces the characteristics, approaches and language of school improvement ranging from appreciative enquiry to zero tolerance. Quotations, case studies and 'butterflies' (little ideas with big impact) illustrate the entries and bring them to life through the experiences of real schools. They include discussion of key debates and controversies to stimulate discussion and guided reading by topic to help with further research.

This book provides a convincing and readable promotion of regular outdoor learning. It draws on relevant research to reinforce that working in 'real' environments benefits children's all-round development – cognitively, emotionally, physically and spiritually. This is illustrated through a wide range of engaging activities, from how to make a scarecrow, to interpreting a painting in a gallery, from getting the best from a library visit, to how best to attack a medieval castle. This practical guide for busy teachers will help them to link what they do in and out of the class. It's a must for every staffroom bookshelf.

Explores the educational value and potential of everyday objects for young children and suggests practical object-related activities to help develop learners cross-curricular skills. In an age of ever-tightening budgets, schools are careful to spend less and to spend wisely when building up collections of resources. Attractively laid out for easy reference, Teaching on a Shoestring dedicates a section to each object and includes: background information and interesting facts about the object, questions and focus points for the teacher to consider pre delivery, guidance on the resources and preparation required to carry out the suggested activities, and further ideas and signposts to follow up on and extend the learning. In *Teaching on a Shoestring: An A to Z of everyday objects to enthuse and engage children* and extend learning in the early years, Russell Grigg and Helen Lewis explore the educational value of familiar objects and suggest practical activities to help develop young learners' cross-curricular skills. We take many everyday objects for granted. But in a time of ever-tightening school budgets these objects can be invaluable in affording low-cost, high-impact opportunities for learning. With these value-for-money principles in mind, Russell and Helen have packed this practical A to Z handbook to the brim with fun facts, inspiring ideas and exciting activities to help teachers make the best use of familiar objects as launch pads for effective learning. Underpinned by solid theory, *Teaching on a Shoestring* investigates the learning potential of twenty-six inexpensive, readily available resources from apples to ice cubes to zebra-patterned fabric and shows how they can be exploited to develop in young learners the four skills widely regarded as essential in the twenty-first century: communication, collaboration, critical thinking and creativity. The book is organised into two parts: covering theory, then practice. In Part 1 the authors examine the nature of an object-rich learning environment and discuss the benefits of enquiry-based learning, in which the emphasis is upon promoting collaboration, dialogue and higher-order thinking in real-world contexts. In Part 2 the learning opportunities around the twenty-six objects are laid out in detail to illustrate how they can be put into practice. While the book focuses on object-based pedagogy employed with the under-sevens age category, many of the principles can also be applied with older

children. There is a common format for the enquiry into each object, arranged into the following sections: In a nutshell key background information about the object in its broader context; Did you know? interesting facts about the object; Ready key vocabulary, resources and health and safety factors to consider; Steady learning goals and intentions; Go activities which show how teachers can develop the four skills of communication, collaboration, critical thinking and creativity around the object; Other ideas follow-up cross-curricular ideas; and Find out more websites and other references for further information.
