A Text Book of Social Sciences for Class 8

Our series, A Textbook of Social Sciences for Classes 6 – 8, has been revised according to the latest instructions and guidelines given by CBSE, and the latest NCERT syllabus. Our new series keeps this view in mind and is a learner-friendly series in the true sense of the word. It explains the basic concepts of Social Sciences in such a clear, stimulating and comprehensive manner that the child has no problem whatsoever in understanding the complex working of the present day society and the world at large. Each book in the series has been divided into three units — History, Geography and Social and Political Life. Other salient features of the series are : Goyal Brothers Prakashan l The syllabus has been covered comprehensively, dealing with all aspects — political, social, economic and cultural. l Simple and straightforward text which helps the child to easily understand the text. l Attractive illustrations, well-labelled diagrams and detailed maps make the process of learning truly enjoyable. l Did You Know? – Interesting facts which kindle the child's curiosity to know more. l Case Studies assist the child to understand topics with ease. l For Assessment : Periodic Test 1, Periodic Test 2, Model Test Paper 1 (for Half Yearly Examination), Periodic Test 3, Periodic Test 4, Model Test Paper 2 (for Yearly Examination).

Goyal Brothers Prakashan

Solution to Science Success Book-8

The series Science Success is meant for Pre primary and Classes 1 to 8. It fulfills the vision of National Curriculum Framework (NCF) is meant for the schools affiliated to CBSE and other schools affiliated to various State Education Boards. This series emphasizes meaningful learning of science for the overall development of learners. It focuses on helping children understand their natural environment and correlate science with their everyday experiences in an interesting and comprehensive manner. The text has been designed with beautiful illustrations to help children develop skills of observation, investigation, and scientific attitude. Goyal Brothers Prakashan

Exploring General Knowledge Book for Class 8

Goyal Brothers Prakashan

Solution to Stepping Stone Book for class 8

The Computer Science Success series is based on Windows 10 and Office 2016. This series is specially designed for providing a vast theoretical and practical knowledge of computers to the students. It is the most comprehensive series in which activity and tool-based approach is incorporated. Each chapter in the book begins with an engaging introduction followed by an activity-based approach to learning, which is supported by an ample number of diagrams, pictures, and relevant screenshots. The exercises in each chapter have sufficient practical and activity-based questions. Lots of interesting software like Office 2016 (like Word, Excel, PowerPoint, and Access), Adobe Photoshop CS6, Adobe Flash Professional CS6, QBASIC, Scratch, and HTML have been taught in these books. A lot about the Internet, some knowledge about Cloud Computing, C++ and Python are also covered. Core features of the Computer Science Success series (for Classes 6 to 8) are: • Learning Objectives: Describes the goals required to be achieved by the end of the chapter. • Chapter Contents: Concepts are explained to strengthen the knowledge base of the students. • Know More: Gives extra and useful information on the topic being covered. • Fact: Includes historical facts about the topic being covered. • Top Tips: Gives a shortcut method of the topic being covered. • Activity: Encourages the students to explore some real-life use of the topic being covered. • Summary: Gives a brief summary of the topics being taught in the chapter. • Exercises: Includes a variety of questions to evaluate the theoretical knowledge of the students. • Activity Zone: Includes the following activities: •!• Puzzle: Includes crosswords or mazes to focus on some important terms included in the chapter. •!• Lab Session: Gives instructions to the students to perform various tasks in the lab. •!• Group Discussion: Encourages the students to have discussions on various topics. •!• Project Work: Assigns various tasks to the students to apply the concepts already learned. Learning Elementary Biology for Class 7

Laboratory Manual for Science is a series of five books for classes 6 to 10. These are complimentary to the Science textbooks of the respective classes. The manuals cover a wide range of age-appropriate experiments that give hands-on experience to the students. The experiments help students verify scientific truths and principles, and at the same time, expose them to the basic tools and techniques used in scientific investigations. Our manuals aim not only to help students better comprehend the scientific concepts taught in their textbooks but also to ignite a scientific quest in their young inquisitive minds.

Gateway to Science — Chemistry for Class X

The book "A New Approach to I.C.S.E. Physics for Class IX" has been revised and updated in accordance with the latest syllabus of physics prescribed by the Council for Indian School Certificate Examination, New Delhi for Class IX of Indian Certificate of Secondary Education (I.C.S.E.) Examinations. The main strength of the book lies in the subject matter and the experience that a student will get in solving the difficult and complex problems of Physics. Stress has been laid upon mastering the fundamental principles of Physics, rather than specific procedures. The visual appeal of the book together with the materiaJ makes studying physics an enjoyable experience. Our long tenure as physics teachers and interaction with students have helped us immensely in the presentation of this book. Unique features of this book are : • Thoroughly revised and upgraded as per the latest syllabus. • Written in a very simple and easy-to-understand language. • All the topics in the syllabus have been systematically covered in the text by first Introducing the basic concept and then gradually going deeper Into the topic. • Explanations, Illustrations, Diagrams, Experiments and Solutions to Numerical Problems have been Included to make the subject more Interesting, comprehensive and appealing. • To facilitate study, all the Important definitions have been highlighted In Italics and all Important expressions In bold. • Diagrams and illustrations have been drawn keeping simplicity as the main criterion so that they can be easily reproduced by teachers and students. • Important differences have been provided in tabular form. • The Important questions at the end of each unit within a chapter have been given. • Questions have been added chapter-wise under the heading Question Bank for the benefit of students. The solution can be accessed through QR Code given at the end of each chapter. • A Specimen Paper has also been included through QR code, for the benefit of students. • Annual Examination Paper (Solved) has been given through QR code. • Model Test Papers 1 to 5 (Unsolved) have been given through OR code. We are indebted to the teachers and students for sending us their

valuable suggestions. Suggestions and constructive criticism for the further improvement of the book would be gratefully acknowledged. -Authors

I.C.S.E. Commercial Studies for Class IX

An important dictum of learning is that theoretical learning must always be supplemented by practical learning. This ensures proper understanding and comprehension besides better retention. It eliminates the phobia and makes learning fun. With this in mind the concept of activities in mathematics was introduced. This series of books caters to the above requirement. It is a sincere effort to sharpen the intellect through activity oriented learning to acquire mathematical skills and develop logical reasoning. The ebook version does not contain CD.

Biology is the study of life and living organisms. During the past some years, biology has shifted its focus from the structure of living organisms to looking more at how they work and function. These advances in biological knowledge raise new issues. The present book will help you to understand and in your own way contribute to the biological revolution which is taking place in our lives. This book has been revised and upgraded in accordance with the latest syllabus of Biology prescribed by the Council for Indian School Certificate Examinations, New Delhi. Unique features of this book are : • Written in a very simple, easy-to-understand language, and in a sequential manner. • Content is written in a comprehensive style with well-illustrated* properlylabelled diagrams. • Investigations (Experiments or Activities) related to the topics in each chapter have been given to cement the conceptual understanding. • Text and illustrations contribute to the basic understanding and appreciation of the field of biology. Charts and tables have been given to make the chapters more informative. • Some extra useful information has been provided within boxes to enhance the students' knowledge. • Comprehensive Self-check Questions (Test Yourself) to check the progress of the students and their retention capacity. • At the end of each chapter, Exercises have been given which comprise objective type questions, short answer type questions, long answer type questions and picture-based questions. • QR Codes have been provided at the end of each chapter to facilitate access to the Question Bank (Solved) of that chapter. • ICSE Specimen Question Paper (Solved). • Annual Examination Paper 2019 (Solved). • Five Model Test Papers (Unsolved), as per the latest specimen paper. I hope this book will prove very useful to the students and teachers. Suggestions and constructive criticism for the further improvement of the book would be gratefully acknowledged and incorporated in subsequent editions. -Author

Science Success Book for Class 8

Goyal Brothers Prakashan

Lab Manual Science Class 10

The revised edition of the series Foundation Mathematics for Classes 6, 7 and 8 is based on the latest curriculum prepared and recommended by the Council for the Indian School Certificate Examinations, New Delhi. The present mathematics curriculum aims to develop a number ofMathematical Skills (like Numerical Calculation, Algebraic Manipulation, Spatial Visualisation, Data Analysis, Measurement, Estimation and Approximation) and Mathematical Processes (like Reasoning, Communication and Connections, Problem solving and Heuristics, Estimation, Technology etc.) among students at these levels. This series has been developed and designed keeping in mind the following objectives of the latest curriculum : Students should : • Enjoy learning of mathematics. • Learn important mathematics that is much more than few formulas and mechanical procedures of solving problems. • Pose and

solve meaningful problems. • See mathematics as something to talk about, to communicate, to discuss among themselves, to work together on. • Understand the basic structure of mathematics : Arithmetic, algebra, geometry and trigonometry, the basic content areas of school mathematics, all offer a methodology of abstraction, structuration and generalization Goyal Brothers Prakashan

Statistical methods are a key part of of data science, yet very few data scientists have any formal statistics training. Courses and books on basic statistics rarely cover the topic from a data science perspective. This practical guide explains how to apply various statistical methods to data science, tells you how to avoid their misuse, and gives you advice on what's important and what's not. Many data science resources incorporate statistical methods but lack a deeper statistical perspective. If you’re familiar with the R programming language, and have some exposure to statistics, this quick reference bridges the gap in an accessible, readable format. With this book, you’ll learn: Why exploratory data analysis is a key preliminary step in data science How random sampling can reduce bias and yield a higher quality dataset, even with big data How the principles of experimental design yield definitive answers to questions How to use regression to estimate outcomes and detect anomalies Key classification techniques for predicting which categories a record belongs to Statistical machine learning methods that “learn” from data Unsupervised learning methods for extracting meaning from unlabeled data
