Romans

Paul was the most influential figure in the early Christian church. In this epistle, written to the founders of the church in Rome, he sets out some of his ideas on the importance of faith in overcoming mankind's innate sinfulness and in obtaining redemption. With an introduction by Ruth Rendell.

The Epistle to the Romans

Paul's letter to the Romans has been called "the quintessence and perfection of saving doctrine." Perhaps the most challenging and thoroughly doctrinal book of the entire New Testament, Romans deals with many issues that are basic to Christian theology and practice. In this volume respected New Testament scholar Douglas J. Moo provides a superb study of Paul's letter to the Roman Christians and restates the enduring message of Romans for Christians today. Based on the English text but bringing into the discussion the underlying Greek at every point, this commentary focuses both on theological meaning and on contemporary significance. Moo contributes to the continuing debate regarding Paul's teaching on such issues as Jewish law and the relationship between Jews and Gentiles in the people of God. He also critically interacts with "the new perspective on Paul," highlights Romans's emphasis on "practical divinity," and traces the theme of gospel throughout the epistle. - Publisher.

The Epistle to the Romans

Named one of Church Times's Best Christian Books This volume provides a much-needed English translation of the sixth edition of what is considered the fundamental text for fully understanding Barthianism. Barth--who remains a powerful influence on European and American theology--argues that the modern Christian preacher and theologian face the same basic problems that confronted Paul. Assessing the whole Protestant argument in relation to modern attitudes and problems, he focuses on topics such as Biblical exegesis; the interrelationship between theology, the Church, and religious experience; the relevance of the truth of the Bible to culture; and what preachers should preach.

The Epistle to the Romans

This highly anticipated commentary on the Greek text of Romans by veteran New Testament scholar Richard Longenecker provides solid scholarship and innovative solutions to long-standing interpretive problems. Critical, exegetical, and constructive, yet pastoral in its application, Longenecker's monumental work on Romans sets a course for the future that will promote a better understanding of this most famous of Paul's letters and a more relevant contextualization of its message.

Commentary on the Epistle to the Romans, Books 1-5

No description available

A Preface to Romans

Bryan approaches St. Paul's letter to the Romans with a number of aims in view. First, he wants to show which literary type or genre would have been seen by Paul's contemporaries as being exemplified in the letter. He also attempts to determine what we can surmise of Paul's attitude and approach to the Jewish bible. The study involves discussion of and comparison with other literature from Paul's time, place and milieu --- including other writings attributed to Paul.

Commentary on the Epistle to the Romans

Excerpt from The Epistle to the Romans: With Notes Critical and Practical Of the three great writers flourishing at the close of the second century - Irenaeus, Clement of Alexandria, and Tertullian - I find that, in an index of quotations I have now before me, Irenaeus quotes this Epistle alone above 70 times, Clement of Alexandria 114 times, and Tertullian 142 (and this in an index to only a part of his works). This Epistle is also cited in the letter of the Churches of Lyons and Vienna, in the words (quoting from the letter as given in Eusebius), These coming in close contact endured every Species of reproach and torture. Esteeming what was deemed great but little, they hastened to Christ, showing in reality that the sufferings of this time are not worthy to be compared with the glory that shall be revealed in us. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

St. Paul's Epistle to the Romans

Commentary on the Epistle to the Romans was first published in 1835 and, after several editors, was completely rewritten by Hodge in 1864. This last revised edition has since become a standard resource for teachers, pastors, and educated laypersons. Hodge's introductory material, chapter analyses, and verse-by-verse exposition provide — even after more than one hundred years — solid, relevant instruction for today's students of the Bible.

The Epistle ... to the Romans

It is the aim of the present book to fix attention, not so much on the incidental puzzles of the Epistle, as on its main intention. What are the principles of Christianity as Paul here presents them? How does he apply them to the needs of his time? How can we give effect to them in our world today, which is so different from that of Paul and yet, in many respects, so like it? The Epistle to the Romans, for all its wrappings of ancient thought and language, is essentially a modern book, and only when we so read it can we apprehend its true message. - Preface.

The Epistle to the Romans

Careful scholarship and spiritual insight characterize this enduring commentary on Romans, generally considered to be Paul's most profound letter. In The Epistle to the Romans John Murray offers an exposition of Romans deeply penetrating in its elucidation of the text yet accessible to scholars, pastors, and students alike. In his introduction to the commentary proper, Murray discusses the authorship, occasion, purpose, and contents of Romans and provides important background information on the church at Rome. Murray then provides a verse-by-verse exposition of the text that takes into account key problems that have emerged in the older and newer literature. In ten appendices that close the

volume Murray gives special attention to themes and scholarly debates that are essential for a full-orbed understanding of Romans -- the meaning of justification, the relation of Isaiah 53:11 to the message of Romans, Karl Barth on Romans 5, the interpretation of the "weak brother" in Romans 14, and more. This combined edition of Murray's original two-volume work, formerly published as part of the New International Commentary on the New Testament series, will hold continued value as a scholarly resource in the study of Romans for years to come.

Commentary on the Epistle to the Romans

Reprint of the original, first published in 1859. The publishing house Anatiposi publishes historical books as reprints. Due to their age, these books may have missing pages or inferior quality. Our aim is to preserve these books and make them available to the public so that they do not get lost.

St. Paul's Epistle to the Romans

In this now-classic commentary, first published in 1988 in the Pillar New Testament Commentary series, noted biblical scholar Leon Morris unravels Romans and the complexities of faith and interpretation associated with the epistle. In his introduction Morris deals with matters of authorship, destination, date, occasion, and contents in a brief but helpful way. The commentary proper consists of careful verse-by-verse exposition of the text along with full and informative footnotes. Though he interacts considerably with the immense body of literature on Romans, Morris's approach to the study of the epistle remains clearly his own. His thorough exegesis enables readers to understand Romans as one of the greatest and most spiritually significant books in the Bible.

Paul's Epistle to the Romans

The NIV is the world's best-selling modern translation, with over 150 million copies in print since its first full publication in 1978. This highly accurate and smooth-reading version of the Bible in modern English has the largest library of printed and electronic support material of any modern translation.

A Commentary on the Epistle to the Romans

Despite its importance and the frequent references made to it by modern scholars, this commentary has never before been translated into English in its entirety. This volume, which includes an extensive introduction, fills this gap, thus providing a needed contribution to medieval scholarship.

Epistle to the Romans

This inductive Bible study focuses on a message for the early Christian church in the city of Rome, carefully examining the apostle Paul's concerns for believers. This in-depth 23-week study takes a close look at the theology presented by Paul and investigates the practical guidelines for those who are in a relationship with Christ.

The Epistle to the Romans

Since its appearance nearly 35 years ago, Black's New Testament Commentary Series has been hailed by both scholars and pastors for its insightful interpretations and reliable commentary. Each book in the series includes: an insightful introduction to the important historical, literary, and theological issues; key terms and phrases from the translation highlighted in the commentary where they are discussed; explanations of special Greek or foreign terms; references to important primary and secondary literature; and a Scripture index. C. K. Barrett's exegetical prowess, evidenced most distinctly in his volumes on the First and Second Epistles to the Corinthians, also in the Black's series, has long been appreciated in the world of biblical studies. Now, in his long-awaited, newly revised, verse-by-verse exposition of "The Epistle to the Romans" Barrett further enhances our understanding of the book of Romans, early Christianity, the apostle Paul and his theology, and the New Testament. This revised edition has been reworked, updated, and retypeset, and the inclusion of an index of ancient sources further adds to its usefulness. A master of thoroughness, historical backgrounds, and ancient languages, Barrett offers insights for scholars, ministers, students, and anyone who wants to know more about Paul's Epistle to the Romans.

The Epistle to the Romans

Paul's Letter to the Romans may well be the most influential book in Christian history. In this Romans commentary Colin Kruse shows how Paul expounds the gospel against the background of God's sovereign action as creator, judge, and redeemer of the world. Valuable "additional notes" on important theological themes and difficult texts -- such as Paul's discussion of same-sex relationships, the salvation of "all Israel," and the woman Junia, who was "well known among the apostles" -- further connect Romans to contemporary issues. Throughout his commentary Kruse expertly guides readers through the plethora of interpretations of Romans, providing a reliable exposition of this foundational epistle.

Holy Bible (NIV)

In this volume, leading scholars in the study of Romans invite students and nonspecialists to engage this text and thus come to a more complete understanding of both the letter and Paul's theology. The contributors include interpreters with different understandings of Romans so that readers see a range of interpretations of central issues in the study of the text. Each essay includes a short review of different positions on a topic and an argument for the author's position, set out in clear, nontechnical terms, making the volume an ideal classroom tool. The contributors are A. Andrew Das, James D. G. Dunn, Victor Paul Furnish, Joel B. Green, A. Katherine Grieb, Caroline Johnson Hodge, L. Ann Jervis, E. Elizabeth Johnson, Sylvia C. Keesmaat, Rodrigo J. Morales, Mark D. Nanos, Jerry L. Sumney, and Francis Watson.

The Epistle of Paul to the Romans

Excerpt from Epistle to the Romans: A Commentary Logical and Historical I. The origin OF the roman church is historically obscure. There is no record, and little from which a record can be constructed, either of the date of its beginning or of the agent or agents of its founding. When the Epistle to the Romans was written the church had already a world-wide reputation (i. But little can be inferred from this as to the length of time which the church had already existed. In five years it might have become known throughout the whole world. The Thessa Ionian church in less than a year after Paul's first Visit was widely known; for Paul writes them from Corinth (a.d. 52 or 53) In every place your faith to Godward is Spread abroad; so that we need not to speak anything (i Thess. I. That the Roman church was not much if any older than the earlier Gentile churches is probable. It was a Gentile Church. It is not easy to conceive how such a one could have come into existence before the church in Antioch in Syria (acts xi. 19 many years after Pente cost. And this first Gentile church did not get its authority to be strictly such until after the council in Jerusalem (a.d. The matter and the spirit of the Epistle to the Romans show that the latter were thoroughly settled on the question of their right to be just what they were - a Gentile church, grounded on faith in Christ. N ow who made them such? Who was qualified to teach them that in Christ there was no distinction between Jew and Gentile, a doctrine that was not promulgated before Peter's visit to the household of Cornelius (acts and that did not gain authoritative recognition until a good while (acts xv.) afterward? It seems almost necessary to believe that the Roman church was founded by teachers from some of the Gentile centers, and that, too, after such teachers had come to clear vision of the intent of the gospel for Gentiles as such, and that they could be saved as Gentiles. The Gentile character of the church is now pretty generally admitted, and this admission makes necessary the other, that its founders must have been men of Paul's way of presenting the gospel. Commentary on the Epistle to the Romans

Sound and gracious Charles Spurgeon The study of inspired words is, when soberly pursued, a direct aid to spiritual profit; and a work of this description would be seriously defective, if in its construction this feature were entirely wanting. While, therefore, it holds an entirely subordinate place, there will be

found, it is hoped, in the notes to this edition, a sufficient amount of verbal criticism to satisfy the fair demands of educated Christians. But it is better to offend a critic, than to disappoint a hungry soul. My desire is the profit of God's saints. Arthur Pridham
