Misconceptions about Buddhism: A Top Ten List

All Buddhists meditate. PRAHANIKA ANATHAPINDADA

The primary form of Buddhism meditation is mindfulness

All Buddhists are vegetarians

Buddhism is a philosophy and not a religion.

The Buddha was a human being, not a god, and the religion he founded has no place for the worship of gods.

The four noble truths are not noble.

All spiritual traditions

Peace begins when the expectation ends.

Mind is a beautiful servant, but a dangerous master.

Tomorrow never comes, it is always today.

Once a year, go someplace you've never been before.

Everything is temporary, so try not to get too attached.

Strong people don't put others down... They lift them up.

Don't Quit... Sometimes the things you are hoping for, come at unexpected times.

Learn to work alone. It will make you stronger.

## Intro

To overcome a desperate situation, make a complete turn in one sudden burst.

Overturned water doesn't return to the tray.

The smart hawk hides its talons..

A kite breeding a hawk.

Entering the village, obey the village.

The eyes are the mirror of the soul.

Giving birth to a baby is easier than worrying about it.

As the cherry blossom is considered foremost among flowers, so the warrior is foremost among men.

Good medicine is bitter to the mouth.

Early rising benefits you three pence.

Wisdom gotten from age is better than the shell of a tortoise.

One blind man leads the crowd.

Time flies like an arrow.

The winds of tomorrow will blow tomorrow.

One man's fault is another's lesson.

The mouth is the origin of disasters.

A journey of a thousand miles begins with a single step

Child of a frog is a frog.

Don't let your daughter-in-law eat your autumn eggplants.

Poke a bush, a snake comes out.

With the first glass a man drinks wine, with the second glass the wine drinks the wine, with the third glass the wine drinks the man.

The neighbour's lawn is always greener.

Drunken life, dreamy death.

Meeting is the beginning of parting.

Strength is weakness.

After the rain, the earth hardens.

Repentance never comes first

A bad wife spells a hundred years of bad harvest.

## A Dictionary of Chinese Buddhist Terms

Here is an outstanding work for which two eminent scholars of Chinese Buddhism separated by 2000 miles of ocean collaborated for complete ten years during which the manuscript crossed the Atlantic four times. The authors aim has been to provide a key for the student with which to unlock a closed door and which does serve to reveal the riches of the great Buddhist thesaurus in China. In the absence of a dictionary of Chinese Buddhist Terms it was small wonder that the translation of Chinese texts has made little progress important thought these are to the understanding of Mahayana buddhism especially in its Far Eastern development.

## A Dictionary of Chinese Buddhist Terms

This invaluable interpretive tool, first published in 1937, is now available for the first time in a paperback edition specially aimed at students of Chinese Buddhism. Those who have endeavoured to read Chinese texts apart from the apprehension of a Sanskrit background have generally made a fallacious interpretation, for the Buddhist canon is basically translation, or analogous to translation. In consequence, a large number of terms existing are employed approximately to connote imported ideas, as the various Chinese translators understood those ideas. Various translators invented different terms; and, even when the same term was finally adopted, its connotation varied, sometimes widely, from the Chinese term of phrase as normally used by the Chinese. For instance, klésa undoubtedly has a meaning in Sanskrit similar to that of, i.e. affliction, distress, trouble. In Buddhism affliction (or, as it may be understood from Chinese, the afflictors, distressers, troublers) means passions and illusions; and consequently fan-nao in Buddhist phraseology has acquired this technical connotation of the passions and illusions. Many terms of a similar character are noted in the body of this work. Consequent partly on this use of ordinary terms, even a well-educated Chinese without a knowledge of the technical equivalents finds himself unable to understand their implications.

## A Dictionary of Chinese Buddhist Terms

Excerpt from Hand-Book of Chinese Buddhism: Being a Sanskrit-Chinese Dictionary With Vocabularies of Buddhist Terms in Pali, Singhalese, Siamese, Burmese, Tibetan, Mongolian and Japanese Chinese equivalents for Sanskrit and Pali terms were invented. To the language then spoken in China no modern Chinese dialect comes nearer in sound than the very Sanskrit or Pali forms themselves. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

### A Dictionary of Chinese Buddhist Terms

The most comprehensive and authoritative dictionary of Buddhism ever produced in English With more than 5,000 entries totaling over a million words, this is the most comprehensive and authoritative dictionary of Buddhism ever produced in English. It is also the first to cover terms from all of the canonical Buddhist languages and traditions: Sanskrit, Pali, Tibetan, Chinese, Japanese, and Korean. Unlike reference works that focus on a single Buddhist language or school, The Princeton Dictionary of Buddhism bridges the major Buddhist traditions to provide encyclopedic coverage of the most important terms, concepts, texts, authors, deities, schools, monasteries, and geographical sites from across the history of Buddhism. The main entries offer both a brief definition and a substantial short essay on the broader meaning and significance of the term covered. Extensive cross-references allow readers to find related terms and concepts. An appendix of Buddhist lists (for example, the four noble truths and the thirty-two marks of the Buddha), a timeline, six maps, and two diagrams are also included. Written and edited by two of today's most eminent scholars of Buddhism, and more than a decade in the making, this landmark work is an essential reference for every student, scholar, or practitioner of Buddhism and for anyone else interested in Asian religion, history, or philosophy. The most comprehensive dictionary of Buddhism ever produced in English More than 5,000 entries totaling over a million words The first dictionary to cover terms from all of the canonical Buddhist languages and traditions—Sanskrit, Pali, Tibetan, Chinese, Japanese, and Korean Detailed entries on the most important terms, concepts, texts, authors, deities, schools, monasteries, and geographical sites in the history of Buddhism Cross-references and appendixes that allow readers to find related terms and look up equivalent terms in multiple Buddhist languages Includes a list of Buddhist lists, a timeline, and maps Also contains selected terms and names in Thai, Burmese, Vietnamese, Lao, Khmer, Sinhalese, Newar, and Mongolian

### A Dictionary of Buddhist Terms and Terminologies

This reference text is a highly useful tool for the student of Chinese religious literature as well as for general readers in need of a handy companion text to the rest of this rich collection. The dictionary in this volume contains vocabularies of Buddhist terms in Pali, Singhalese, Siamese, Burmese, Tibetan, Mongolian and Japanese. If you find yourself hampered by the continual recurrence of Sanskrit and other foreign terms embedded in texts on Tibetan Buddhism, generally with no explanation, this volume will be quite helpful in smoothing the path to understanding.

### -ñ[Yíx

This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book.
