Helping Others Realize Their Own Strengths

How Do You Convince a Skeptical Audience of this Trust Metric

The Entitlement Is I Don't Feel like I've Accomplished Anything and the Funny Thing Is about Human Beings Is We We the Way We Feel Accomplished Is When We Exert Energy and Time and Reach a Destination Right and the More Energy and Time That We Have To Suffer through Especially if We Suffer Together and We Get Somewhere It Is Overwhelming Think about the Best Jobs You've Ever Worked on Was It the Best Design Was It the Best Results That the Company Has because of Your Your Project or Was It an Absolute Hell Project That You Work Together and You Came Out on the Other End and that You Got It Done at the Deadline

You Just Disobeyed What I Told You To Do I Told You To Go to that Corner Straight Line but this Is the Amazing Things about Human Beings Which Is When We're Given a Clear Destination We Use Our Own Creativity and Our Own Sense of Innovation and Our Own Problem-Solving Abilities To Overcome Obstacles To Get to the Destination in Other Words the Destination Is More Important than the Route Right We Are Flexible about the Route We're Obsessed with the Destination Reset We're Standing in the Corner Together and I Give You a Simple Instruction Go Somewhere in this Room in a Straight Line and You Say to Me Well Where Do You Want Me To Go I'M like I Don't Know You Smart Figure It Out Go in a Straight Line and So You Pick a Point and You Start Walking We're Standing in the Corner Together and I Give You a Simple Instruction Go Somewhere in this Room in a Straight Line and You Say to Me Well Where Do You Want Me To Go I'M like I Don't Know You Smart Figure It Out Go in a Straight Line and So You Pick a Point and You Start Walking and without Telling You I Put a Chair in Front of You and What Do You Do You Come to a Grinding Halt And You Say to Me Well Where Do You Want Me To Go I'M like I Don't Know You Smart Figure It Out Go in a Straight Line and So You Pick a Point and You Start Walking and without Telling You I Put a Chair in Front of You and What Do You Do You Come to a Grinding Halt I Say What You Stopped for You Go Will You Put a Chair in Front of Me or You'll Make a Sudden Turn and Go in another Direction Right and this Is the Problem It's the Same Obstacle the Difference Is When You Have a Clear Set a Clear Destination the Obstacles Become Easy To Overcome

The Difference Is When You Have a Clear Set a Clear Destination the Obstacles Become Easy To Overcome When You Don't Have a Clear Destination You Keep Coming to a Grinding Halt and What We Do in Our Companies Is We're Counting the Steps We're Taking along the Route but We're Never Looking at the Destination Right so Companies Has Made in Million Dollars this Year We Were Only Planning on Making Eight Hundred Thousand like We Took Ten Steps or any Planning I'M Taking Eight

You Know and So You Have a Couple of these Imperfect Measurements That Help You Understand Are You Going along the Way so It's Not Just Great Effort Look What You Achieved because that's What We're Doing Now Right Our Goal Is To Increase Top-Line Revenues by 50 Million Dollars for What Reason Right Which Is We Have To Know the Destination and Then We Say Amazing You Took Us that Much Closer and if We Go to the Right It's because We Were Overcoming an Obstacle if We Hadn't Gone to the Right We Would Have Been Stuck Forever
