Twin Souls, a Karmic Love Story

The notion of Twin Souls is a metaphysical, spiritual concept which defines a unique relationship between two souls. Eons ago a soul split in half and the two pieces then experienced separate lifetimes on Earth, always looking for and yearning for the other half. -...when one of them meets the other half, the actual half of himself, the pair are lost in an amazement of love and friendship and intimacy and one will not be out of the other's sight even for a moment.- -Plato An archetypal depth and breadth of romantic interaction ensues. The experience of deep, passionate, and romantic love is unlike anything ever experienced with anyone else. At their first meeting, they experience instant recognition along with a feeling of unfathomable oneness. They have a sense of coming -home- immediately. A raw, primal, intense passion, sexuality, and sensuality exists for and with each other. Twin souls often find themselves compulsively and obsessively drawn to each other, sexually, emotionally, physically, and psychically. The reunion of twin souls is rare. Twin souls, unlike soul mates, seldom incarnate together until they are ready to finish their lifetimes on earth. Twin Souls: A Karmic Love Story is a partly fictional/partly biographical account of a man and a woman who are bonded through time as twin souls and return to learn and grow. Do you know your twin soul?

Twin Souls, A Karmic Love Story

Twin Flames have a shared ongoing sentiment and quest from the moment they're a spark shooting out of God's love that explodes into a blinding white fire that breaks apart causing one to be two, until two become one again, separate and whole, and back around again. Looking into the eyes of your Twin Flame is like looking into the eyes of God, because to know love is to know God. When one thinks of a Soul Mate or Twin Flame, they might equate it to a passionate romantic relationship where you're making love on a white sandy palm tree lined beach in paradise for the rest of your lives. This beautiful mythological notion has caused great turmoil in others who long for this person that fits the description of a lothario character in a romance novel. It is also an unrealistic and misguided interpretation of the Soul Mate or Twin Flame dynamic. Twin Flame Soul Connections discusses and lists some of the various myths and truths surrounding the Twin Flames, and how to identify if you've

come into contact with your Twin Flame, or if you know someone who has. The ultimate goal is not to find ones Twin Flame, but to awaken ones heart to love, and to work on becoming complete and whole as an individual soul through spiritual self-mastery, life lessons, growth, and raising your consciousness. Your soul's life was born out of love and will die right back into that love. The first encounter with a soulmate isn't something you can compare to any other encounter. Many people will instantly realize that this is a special kind of partner. Often, a feeling arises as if you were looking into your own eyes or as if you were standing in front of you in person, which is a result of great love connecting the two soulmates. Usually, the male soulmate withdraws from his female soulmate after a short time, which is very difficult for her to understand because the only thing she'd like is to be together with him. The more he withdraws or acts in the opposite direction of what he has been saying to her, the more she believes that she's imagining everything or even that she's ready for a mental hospital. Thereby, she may get trapped in a waiting position or feel great suffering, which seems very much the same as infernal anguish. These and further questions will be explained in this first part: - Why the male soulmate always withdraws. - Why at the time of their encounter, the male soulmate is mostly bound to someone (in a relationship). - Why the male soulmate usually tries to start a relationship with other women. - Why you'll wear a stigma of a crazy person if you tell someone about this connection. - Why she has to suffer so much because of his withdrawal and what it all means. - Which individual phases you have to go through with your soulmate and what happens in each of them. - What kinds of behavior you should possibly avoid with your soulmate, especially if you are experiencing neediness.

Advice to Twin Flames in Karmic Relationships

The worst-case scenario ever! From your POV, your divine partner seems stuck in a toxic relationship but that is not the case! You both have to work through your issues soon or later. You have to respect his or her boundaries: you have to respect their spouse and also appreciate the fact that your Twin Flame is learning various love lessons. It is tough I know. I was the married one. I was holding onto whatever was left in my estranged marriage and once we separated, I ran back into it. I had abandonment issues -- I was afraid of being alone. I thought that it was best to hang in there after my Twin Flame blocked me. I had to confront my fears and embrace my truth: it was unfair to my then-husband. During the phase of separation, I heard that he started dating again. I was relieved at some point that at least he wasn't waiting for me to fix my issues. It took me a series of chasing and running to understand that nobody

would save me or choose for me what I wanted out of this journey. My life took a very unexpected turn -- I lost everything. Life as I knew it was gone. I hated meeting my Twin Flame at some point because I felt helpless. I had no idea that it was the Twin Flame process that I was going through. You will not believe that meeting my Twin Flame made me realize my issues: I woke up to myself. I had carried my cycles of dysfunction with me everywhere I went. I had mastered the art of perfection when it came to having excuses. This is the reason why I ended up in toxic relationships all the time. It also contributed to my unhappiness. I had to break the cycle of dysfunction. It had to end with me. The separation phase allowed me to rediscover myself. Here I am alone and happy without needing anybody to love me back. I am now free of fear and pain. Is your Twin Flame stuck in a Karmic relationship? This simple book will be very helpful to you! Stay Blessed!

Twin Flames and Karmic Partners

Mark and Claire always felt they were here to find someone, 'the one', and never gave up searching for them. They endured numerous abusive relationships along the way, from both family and partners, often believing accusations that they were the problem. Whilst on their spiritual journeys, each encountered moments of enlightenment, often during the darkest hours and slowly step by step learnt to choose love over fear, no matter how difficult the circumstances. This is their true love story of how they eventually did find each other, and the incredible soul connection they discovered, which can only be described as Twin Flames. Their message is to never give up on the spiritual journey, no matter how hard it may seem at times, and continue to search for 'the one', for everyone ultimately deserves to be blissfully happy. We all have someone out there who is perfect for each of us. The question is, are you ready for them?

Nobody is under anyone's control. Nobody can make you do anything in your twin flame journey. Secondly, divine feminine and masculine energies are not represented by gender or sex. Also, regardless of your gender, you possess both divine masculine and feminine energies even though one can have a more dominant energy than the other. Also, the other thing to note is that you are free to date other people if you want to because you have free will. Meeting a twin flame does not mean that they are your perfect relationship partner. Some encounters are purely non-romantic. You feel a Spiritual connection with someone but you are not attracted to them in any way physically. There are so many layers to the twin flame connection. When it comes to the romantic experience of the connection, a twin flame can run into other karmic relations. There are instances when twin flames meet each other while still in existing relationships or marriages. Remember your encounter is surprising and unexpected. Everything else unfolds when you are separated from each other. This is when you look for answers to your situation. You are free to date anyone else or dissolve your karmic ties because you have free will. Jumping into new relationships after your twin flame encounter does not stop your twin flame connection from existing. The bond is natural to you. You carry their essence with you everywhere you go. Twin flame separation is an illusion indeed because you have an eternal spiritual connection that cannot be defined by the human mind. You must feel the connection within you first to understand what the twin flame connection is all about. I hope my perspective helps you. Stay Blessed!

The Twin Flame and other Soulmate Connections

Created out of love, separated by jealousy, and plunged into different worlds; two stars become lost. This is their story. Plato called them Split Apart. In Gaelic they are known as Anam Cara. In Judaism they are called Bashert. You may know them as Soul Mates, Twin Flames or Twin Souls. Whatever the name they are two halves of one soul. Each one filled with a nameless longing, searching for the other across distance, time, and space. While stargazing at the stars on a midnight drive across the Nevada and Utah deserts, author Paula Jessop was gifted with this story. She was prompted to pull over on the side of the highway and write it down.

Fable of Two Stars

A truly amazing story which shows how love transcends all time. A personal testament to the fact that love is eternal, that love endures and does not die when the physical body does. Love transports us through all of our journeys but we need to remember this. Twin soul love is powerful and a part of every individual where each of us seeks to find what we feel to be missing. But how do you know when it's found? How can you be sure about love when you have forgotten how it truly feels. When two people discover their twin soul love for one another, not only in this lifetime but also remember it from a previous lifetime, then they can guide us all. Finding love, understanding love, as well as appreciating our true self for who we really are, continues to be shrouded in the mystery of our day to day earthly existence. This enduring lack of understanding only serves to perpetuate an unwarranted sense of incompleteness and loneliness deep within us which all too often gives rise to feelings of fear, despair and discontent. So, as a consequence, we experience an insatiable desire to search for a mystifying 'something' which we somehow instinctively know we need but have little or no idea where to even begin looking. Concealed within this dilemma, and even more perplexing, lies the concept of our eternal soul. This elemental but powerful 'you' resides unacknowledged at the core of your very being while remaining seemingly silent as you journey in search of your ultimate happiness. This subject alone has occupied the minds of philosophers throughout the ages but to be aware that we have another aspect to compliment our earthly existence is as intriguing as it is confusing. To appreciate that each soul is but one half of its twin gives rise to an important insight into what motivates our need to do the things that we do, or to search for what we feel driven to find. This remarkable story tells of two people, Ron and Janet who not only found each other in this lifetime but were also together in a previous and very dramatic lifetime while being caught up in the revolutionary war which ultimately gave birth to the USA of today. Through following their experiences, trials, traumas and triumphs, plus journeys into the afterlife, you will learn more about not only how they discovered themselves to be twin souls but how important this whole subject is and what it means to you. In trying to figure out what compels you to do the things that you do while making the choices that you do then having an appreciation of the twin soul that you are brings an extra dimension of clarity. Through coming to know yourself better, then this inevitably leads to discovering your path towards your greatest happiness while attracting and expressing the love which you so dearly wish to experience along the way. While reading an entertaining story you will find yourself being drawn in to a process which poses many questions about the life that we lead as well as what makes you who you are. Combining real life experience with that of a fascinating journey into a world which we have virtually no understanding of then you will be led towards a greater appreciation of the love which is so important to you.

The Timeless Love of Twin Souls

Discover the three types of love--and the key to finding the one you're truly meant to be with. We love and we love again -- sometimes our hearts get broken but, somehow, we find the courage to dive back in. In this soul-searching book, relationship expert Kate Rose guides readers down the path to a deeper understanding of who they are, what they want, and finally, to the discovery of their Twin Flame. According to Rose, love is a journey of self-discovery and every relationship we have in our lives teaches us something that we need to learn about ourselves and what will make us truly happy. She introduces readers to the three types of love we will all experience: The Soulmate introduces us to the dream of love, but somehow what seemed like it would be "happily ever after" wasn't meant to last forever. We are so consumed with making The Karmic Love work that we often fail to question whether it should work. As painful as it is to accept, this love that felt so right in the beginning is actually all wrong. The Twin Flame comes into our lives and often we don't even know it's love because . . . it's too

easy. This is the love who helps us to accept ourselves just as we are because this is precisely what they do. In *You Only Fall in Love Three Times*, Kate Rose shows us that happy endings may not happen quite the way they do in fairytales-- but they happen nonetheless.

Bring Him Home tells the true story of a charismatic author's twin flame love affair with an extraordinary woman. Divinely guided to meet the woman of his dreams, his immediate attraction to her transcends her physical beauty. Their minds, hearts, and souls become utterly intertwined as the two lovers embark on a transformative journey.

You Only Fall in Love Three Times

Have you ever been so caught up in someone else's story you were living it? Do you ache for something that feels more real than the life you're living? If you ever wondered whether there was something more, someone amazing waiting for you that could quench your desire to be fully alive again, if you wondered whether there is such a thing as soul mates or "the one," Union will assure you that you are not alone. Author Kimberly E. Powers shares raw truths and honest humor through her often-reluctant journey to understand the ache and loneliness she felt in her seemingly perfect life. What she found revealed the nature of relationships — with herself and others. Her quest to feel normal engulfed her in ill-fitting routines. Lost connections to passion, joy, and a world beyond that she once understood left her begging God for answers. Receiving the answers one by one in unusual ways, she eventually regained her strength and awakened to peace in the stillness of her soul — that is, until she dared to ask the question, "What could be better than this?" She found the answer in the 2010 movie *Eat, Pray, Love*. The advice given to Elizabeth Gilbert by Ketut, "Sometimes to lose your balance for love is part of living balanced life" would haunt Kimberly's mind and change her destiny. Recognizing this story as her own — only much less glamorous (without the travel to exotic places but rather in a normal town as a single soccer mom with two sons and an advertising agency) — Kimberly embarked on a dream she almost didn't dare to want: finding her Twin Flame. What she believed would be her destination was only a layer of the journey into her heart and the understanding of the truth of soul mates, twin flames, and the falling in union with One

Bring Him Home

If you are looking for a how-to book on finding your soul mate, this isn't it. What it is, however, is a beautiful love story; two stories, actually, of two people whose experiences unfold in separate sections and then merge into the final third of the book as they discover one another. As you will learn in this book, there is only one true "twin soul" who is your divine partner in love. This is a true story of twin souls meeting and recognizing each other from past lives. A man's journey to discovering his psychic ability, as well as himself, is detailed in Section One. A woman's life experiences as a young divorced mother and divorce attorney are emotionally transparent and humorously told by her in Section Two. Section Three is written about their meeting at the age of 46, and their instant recognition of each other's energy and soul connection. Their narration honestly deals with relationship issues and twin soul connections and has been called a guidebook on how to recognize your own twin soul. Twin Flame love stems from an energy that is so powerful only God could create it. Who knew that one energy ball could split into two separate souls, but when the energy of the two souls come back together it opens the door for massive healing and awakening? God knew and that is why he created it. God was aware that we would enter this time period on Earth where spiritual awakening would occur at an intense level. He also planned for Twin Flames to unify in droves so the union of the energy would raise the Earth's frequency of unconditional love. Twin Flame Love is my story of how my twin came into my life and changed me forever. It is also a guide to aide others in their twin relationships. Twin Flame Love

Nobody warns you about how complicated life gets if you are a Twin Flame in a karmic relationship. You go through so many trying love lessons. You sometimes wish that you never met a Twin Flame. When we physically separated I was distraught. I did not know then that it was a Twin Flame connection. I was torn between going back to my estranged marriage or keep moving forward to embrace the new changes in my life. I temporarily went back to my marriage — I had issues to dissolve. My life took a

turn for the worst before it got better. Right now, I am single — I am neither with my Twin Flame or my ex-husband. I have been trying to also date others but nothing seems to work out. My ex-husband noticed that I have a bond with my Twin Flame. He also commented about it. At some point during the separation phase, he tried to block us. He tried to separate my Twin Flame and me but we always kept bouncing back to each other. You cannot hide the connection because it is natural. A Twin Flame never leaves you even though you both choose to go your separate ways. Enjoy this simple book.

UNDERSTANDING TWIN FLAME SEPARATION FOR BEGINNERS

I have made sure that this simple book is easy to ready for any Twin Flame newbie. I have been where you are. I understand how confusing the initial phases of the process are. You will eventually get used to the dynamics of your relationship. You will eventually find a flow to your experiences. I have organized this book according to the different questions that most Twin Flame newbies have. I also used to ask the same questions. In section one, I begin by giving you some of the facts about being a Twin Flame. I also try to put your expectations at ease; I list the few hard truths that you must know. When I was new to the Twin Flame experience, I did not expect to change. I have learned over the years that change is the only constant for Twin Flames. In this first section, I bluntly share with you the ways you will have to change from the inside to the outside. You will change beginning with how you see the world. Your paradigm towards your life will change. Everything about your life situation will change; you will not be able to recognize yourself once you go through all the changes. You will transform energetically, physically, emotionally, and spiritually. Section two is one of my favorite topics to tackle. When you are new to the Twin Flame process, you start to hear stories of how challenging the physical separation phase is. It is indeed exhausting emotionally to chase after a Twin Flame. This section is here to ease your stress -- I would like to widen your perspective of this phase. You will learn about the different expectations of being a runner or chaser Twin Flame. You will also learn that being a runner Twin Flame is a learning process. There is nothing wrong with being a runner. I have also laid down the process that the chaser and the runner go through. It takes a while to accept to let go of stressing about your Twin Flame runner. I also share with you the simple ways that you can surrender; it is necessary that you feel inner peace at every stage of your process. Being a Twin Flame will require you to stay grounded in your energy. Section three is for you to have a recap of what obstacles to expect as you journey through. The obstacles that you go through are hindrances that stand in the way. Sometimes you will have to change yourself to overcome them. I have learned that obstacles can act as signs to show you whatever is not working. Sometimes you just need to change your life situation. Sometimes you will run into karmic partners who teach you love lessons. The love lessons help you to appreciate and acknowledge the authenticity of your experiences. Learn about the types of obstacles and how to overcome them. What do you do if you meet your Twin Flame while they are still in a relationship? Would you intervene if your Twin Flame is unhappily married? What if your Twin Flame partner wants to leave their karmic partner to be with you, but they have children involved? What if it is a taboo to be in a relationship with your Twin Flame? Finally, section four is about the different ways you can prepare yourself for a reunion. When you physically separate from a Twin Flame, you know it deep within that you will see them again. As time progresses, you start wondering if they forgot about you. Worry not. You can positively embrace the physical separation phase. You can heal yourself; love yourself. Your Twin Flame will make their way back to you. Enjoy this simple book.
