Introduction and Learning Outcome Statements

LOS : Describe the roles of financial reporting and financial statement analysis.

LOS : Describe the roles of the statement of financial position, statement of comprehensive income, statement of changes in equity, and statement of cash flows in evaluating a company's performance and financial position.

LOS : Describe the importance of financial statement notes and supplementary information — including disclosures of accounting policies, methods, and estimates — and management's commentary.

LOS : Describe the objective of audits of financial statements, the types of audit reports, and the importance of effective internal controls.

LOS : Identify and describe information sources that analysts use in financial statement analysis besides annual financial statements and supplementary information.

LOS : Describe the steps in the financial statement analysis framework.
