San Francisco Daddy

Charles St. Anthony dreamed of living in San Francisco his whole life, and after a sudden return to the USA from Japan, he makes his way to the Bay. In this novella-sized mini-memoir, Charles finds the humor in every situation—whether it be a series of dating fiascoes in the Castro or beating a path down to Silicon Valley. He takes you on a tour of the New Age Babylon by the Bay, and Charles describes his notable adventures in political canvassing, polyamory, getting fired from a Jamba Juice knock-off and driving a sketchy San Francisco taxi cab (in the age of Uber). So what are you waiting for? Grab your Ruby Red Slippers and fly on down to the Golden Gate, because San Francisco Daddy is ready to take you on a fantastic voyage to the land of Sexual Disorientation.

The Advocate

The Advocate is a lesbian, gay, bisexual, transgender (LGBT) monthly newsmagazine. Established in 1967, it is the oldest continuing LGBT publication in the United States.

Not the Son He Expected

Not the Son He Expected explores the powerful and emotionally complex bonds between gay sons and their fathers. Drawn from over eighty interviews with gay men, including a Commander in the US Navy, a well-known gay porn film director, a former Catholic priest, an Army Captain booed at the 2011 Republican primary debate while asking a question about same-sex marriage, a South Dakota rodeo cowboy, a social worker working with Pulse nightclub survivors, a man whose father through gender reassignment surgery has now become his second mother, a New Yorker who underwent years of reparative therapy and is today the foremost advocate for banning the practice, an Oklahoma man whose father offered to purchase a hooker's services to turn him straight, and more, the insightful sharing by these men sheds fresh light upon the profoundly life-shaping bonds between fathers and

their gay sons. Twenty-six interviewees speak eloquently about their relationship with their father and offer hard-won advice on topics such as how and when to best come out to one's father, how to deal with non-accepting fathers and families, how to practice healthy self-care, and--since many of these men are now fathers themselves--how to be a loving and supportive dad. Not the Son He Expected will prove to be a helpful and encouraging resource for gay sons, for their fathers, and for all those who love and care about them. "The ties that bind fathers to sons can be iron shackles or can be loops of roses. Tim Clausen's new book examines gay sons and their fathers in essays both arresting and at times heart-breaking. This is an important work."---Gregory Maguire, author of Wicked "Tim Clausen hauntingly orchestrates first-hand accounts of father/ son relationships. Authentic, beautiful, and occasionally overwhelming, the multi-generational stories provide a candid and moving view into those bonds."--Brett Jones, author of Pride: The Story of the First Openly Gay Navy Seal "Not the Son He Expected is a valuable addition to the literature about the under-explored intersection of gay men and their fathers. Sometimes unpredictable, often what one might expect from a father's reaction to his son's coming out, and everything between. Tim Clausen has taken great care to interview a wide variety of subjects, and we learn that each situation is always fraught with true emotion on both sides. A fascinating read."--Fred Hersch, Grammy nominated jazz pianist, composer and author of Good Things Happen Slowly: A Life In and Out of Jazz "My Dad died when I was seventeen. I know he was proud of me-but now: gay Catholic priest, sexual activist, secular spiritualist? I'll never know. So these other men's stories are informative, reassuring, heartwarming. Thank you, Tim Clausen, for this rich resource when the very notion of masculinity is in free fall." -Daniel Helminiak, author of the international bestseller What the Bible Really Says about Homosexuality "This collection of personal, intimate stories highlights the complex relationship between fathers and their gay sons. What makes them particularly fascinating is the complexity the coming out experience brings to each relationship. A must read."--Stephen Snyder-Hill, author of Soldier of Change: From the Closet to the Forefront of the Gay Rights Movement

My Reluctant Journey

My book takes the reader through the journey of my life from my difficult birth in a Glasgow slum to the present day. I travelled the world with my job as a contract designer, and met many different kinds of people, some good and some bad, all of which I relate to my story. I also had many adventures along the way and many sexual interludes that in the end made me realise what I was and what I had to face up to. I was married young and had two children in the sixteen years that I endured in my unhappy marriage. I tried my best to be a good father and live as a gay man, trying hard to keep the two halves of my life together. My book relates my attempt at doing it. It was not easy for a gay man with two children to find lasting love and happiness. After a few disappointments in life I wondered if I would ever achieve it.

Why Straight Guys Love Their Gay Guys

After fifty years of progress and the advent of gay marriage, statistics on the well-being of gay men are as grim as ever. Rates of suicide, alcoholism, and drug abuse have not budged. Anxiety, depression, loneliness, and poor health are just as widespread. Studies have shown that gay men who live in urban gay communities actually are worse off, not better. The utopia promised by gay marriage has not materialized. Gay men seem to have run out of ideas for progress. There is little acknowledgment of the fact that something remains badly wrong. Nor is there a diagnosis of what is wrong. This book proposes that the diagnosis is obvious if we look at the origins of male sexuality and how it was expressed in other cultures. The anti-sex Puritan system in which we are now immersed is relatively recent in human history. Yet in less than 2,000 years, knowledge of how other cultures lived and loved has been systematically wiped out. Starting with the early Europeans in the last years of Rome and continuing around the globe as Europeans colonized the continents, natural male sexualities have been cruelly

repressed and then obliterated. We are all Puritans now. The greatest taboo of all in male sexuality remains unchallenged and is still heavily enforced. That is the taboo of male-male sex, which until 2003 was still a crime. This book argues that the plight of gay men is only a piece of a much larger catastrophe -- the Puritanical repression of the sexualities of all men, in an attempt to co-opt the power of male sexuality, with promises of greater glories to be found in heaven. This book is not arguing for something new, untested, unknown, and radical. Rather, the challenge is to return to something very old -- the joy of male-male sex -- which took similar forms in most of the cultures that we have knowledge of. Those old worlds were worlds in which every gay man was able to take for granted what to us today is the impossible dream -- sex with a straight best friend.

Make Love, Not War

When Helen Gurley Brown's *Sex and the Single Girl* hit bookstores in 1962, the sexual revolution was launched and there was no turning back. Soon came the pill, the end of censorship, the advent of feminism, and the rise of commercial pornography. Our daily lives changed in an unprecedented time of sexual openness and experimentation. *Make Love, Not War* is the first serious treatment of the complicated events, ideas, and personalities that drove the sexual revolution forward. Based on first-hand accounts, diaries, interviews, and period research, it traces changes in private lives and public discourse from the fearful fifties to the first tremors of rebellion in the early sixties to the heady heyday of the revolution. Bringing a fresh perspective to the turbulence of these decades, David Allyn argues that the sexual revolutionaries of the '60s and '70s, by telling the truth about their own histories and desires, forced all Americans to re-examine the very meaning of freedom. Written with a historian's attention to nuance and a novelist's narrative drive, *Make Love, Not War* is a provocative, vivid, and thoughtful account of one of the most captivating episodes in American history. Also includes an 8-page insert.

Tales Of The City

A CLASSIC OF LGBTQ LITERATURE THAT HAS BECOME A CULT SEN-SATION! THE HEROES OF THIS ENCHANTING GROUP HAVE BEEN ENJOYED BY MILLIONS OF READERS WORLDWIDE! Adapted on TV (BBC), Limited Se-ries (Netflix), Theater...and now in graphic novel form for the first time! San Francisco, 28 Barbary Lane, Anna Madrigal runs a boarding house. She wel-comes people who have nowhere else to go: the misfits. This matriarch is known for her unending kindness and her superb marijuana crop. The novel starts with the arrival of Mary Ann Singleton, a prudish, naïve, young woman who escaped her dull Ohio hometown for San Francisco. She settles in with her other fellow tenants: Michael "Mouse," a personable young gay man, Brian Hawkins, an incor-rigible Don Juan, and Mona Ramsey, a young hippyish bisexual.

Male Homosexuality in Literature

Jack and Liam, fed up with kiss-my-arse bosses and nose-to-nipple commutes, quit their jobs and move to a small town in Turkey. Join the culture-curious gay couple on their bumpy rite of passage in a Muslim country. Meet the oddballs, VOMITs, vetpats, emigreys, semigreys, debauched waiters and middle England miseries. When bigotry and ignorance emerge from the crude underbelly of Turkey's expat life, Jack and Liam waver. Determined to stay the course, the happy hedonistas hitch up their skirts, move to the heart of liberal Bodrum and fall in love with their intoxicating foster land. Enter Jack's irreverent world for a right royal dose of misery and joy, bigotry and enlightenment, betrayal and loyalty, friendship, love, earthquakes, birth, adoption and a senseless murder. Perking the Pansies will make you laugh out loud one minute and sob into your crumpled tissue the next. "Scott pulls no punches. A good read and hopefully the first of many by new boy on the block." Jane Akatay, journalist "An insightful tale of life abroad - with a twist - from the pen of a serial people watcher. Expat Jack lays his characters bare along with his heart and soul, " Kym Ciftci, On the Ege Magazine, Ontheege.com "Jack and Liam bring a certain je ne sais quoi to the souks and heap a plate of dry British wit to their Ottoman misadventures," Charles Ayres, author, Impossibly Glamorous Impossiblyglamorous.com ..". hilarious, saucy, witty, heartwarming and incredibly moving, Perking the Pansies is chock full of odd characters and odder situations. Jack Scott has a way with words and proves that it is the relationships we surround ourselves with that matter most," Linda A Janssens, Writer and Co-Author, Turning Points, Adventuresinexpatland.com

Cowboys, Armageddon, and The Truth: How a Gay Child Was Saved from Religion offers an illuminating glimpse into a child's sequestered world of abuse, homophobia, and religious extremism. Scott Terry's memoir is a compelling, poignant and occasionally humorous look into the Jehovah's Witness faith—a religion that refers to itself as The Truth—and a brave account of Terry's successful escape from a troubled past. At the age of ten, Terry had embraced the Witnesses' prediction that the world will come to an end in 1975 and was preparing for Armageddon. As an adolescent, he prayed for God to strip away his growing attraction to other young men. But by adulthood, Terry found himself no longer believing in the promised apocalypse. Through a series of adventures and misadventures, he left the Witness religion behind and became a cowboy, riding bulls in the rodeo. He overcame the hurdles of parental

abuse, religious extremism, and homophobia and learned that Truth is a concept of honesty rather than false righteousness, a means to live a life openly, for Terry as a gay man."

New York Magazine

As her father's memory fails, a daughter explores his military past: "Part family memoir, part history book . . . Compelling and moving from start to finish" (Financial Times). One of the San Francisco Chronicle's Ten Best Books of the Year For most of Keggie Carew's life, she was kept at arm's length from her father's personal history. But when she is invited to join him for the sixtieth anniversary of the Jedburghs—an elite special operations unit that was the first collaboration between the American and British Secret Services during World War II—a new door opens in their relationship. As dementia begins to stake a claim over Tom Carew's memory, Keggie embarks on a quest to unravel his story, and soon finds herself in a far more consuming place than she bargained for. Tom Carew was a maverick, a left-handed stutterer, a law unto himself. As a Jedburgh he parachuted behind enemy lines to raise guerrilla resistance first against the Germans in France, then against the Japanese in Southeast Asia, where he won the nickname "Lawrence of Burma." But his wartime exploits were only the beginning. A winner of the Costa Book Award, *Dadland* takes us on a journey through peace and war and shady corners of twentieth-century politics; though the author's English childhood and the breakdown of her family, and into the mysterious realm of memory. "Brings to mind Helen MacDonald's *H is for Hawk* in the way it soars off in surprising directions, teaches you things you didn't know, and ambushes your emotions." NPR "Astonishing . . . Mixes intimate memoir, biography, history and detective story: this is a shape-shifting hybrid that meditates on the nature of time and identity . . . Tom Carew was a razzle-dazzle character, larger than life and anarchically self-invented . . . For all its vigor and comic zest, *Dadland* is a careful and tender discovery that patiently circles around a man who spent his life mythologizing and running away from himself." *The Observer*

Cowboys, Armageddon, and the Truth

Calling it 'a virtual cinemath'que on video', the Telluride Film Festival gave its coveted Silver Medallion award to *Facets Video Encyclopedia*. The Encyclopedia lists more than 35,000 rare films on video, laser disc and DVD. Included are foreign, independent, classic American, silent, documentary, experimental, cult and children's films. Each is carefully described and lists director, country of origin, year and running time credits and is categorized and cross-referenced by director and country. All films are available for sale or rent from Facets Multimedia.

Contents include plot

synopses of every film, casts and credits, critical evaluations and reviews, fascinating insider gossip and facts, pithy quotes and dialogue, Academy Award-winners listed by year, and more. There are also easy-to-spot icons for family viewing suitability, video, DVD, and soundtrack availability, and Oscar awards and nominations.

Country Life in America

Youth's Companion

The Subterraneans

'The tender and achingly poetic account of a love affair' Lester Bangs, Rolling Stone Leo Percepied, aspiring writer and self-styled freewheeling bum, gravitates to the subterraneans, impoverished intellectuals who haunt the bars of San Francisco. One of them is Mardou Fox, beautiful and a little crazy, whose dark eyes, full of suffering and sweetness, find recognition in Leo. But, afraid of his growing involvement, Leo sets out to destroy their love. Written in three days, The Subterraneans is, like all Kerouac's work, closely related to his own life while encapsulating his great vision of America.

Subterraneans

From the most famous of the Beat writers and the author of *On the Road* and *The Dharma Bums*, Kerouac's intoxicating love story of two young bohemians, now reissued in the centenary year of his birth. Written over the course of three days and three nights, *The Subterraneans* was generated out of the same kind of ecstatic flash of inspiration that produced another one of Kerouac's early classics, *On the Road*. Centering around the tempestuous romance and breakup of Leo Percepied and Mardou Fox--two denizens of the 1950s San Francisco underground--*The Subterraneans* is a tale of dark alleys and smoky rooms, of artists, visionaries, and adventurers existing outside mainstream America's field of vision. Loosely based on Kerouac's own life, and peopled with analogues of real-life friends, including William S. Burroughs, Gregory Corso, Allen Ginsberg, and Neal Cassady, *The Subterraneans* is a vivid and breathless masterwork of Beat literature.

The Subterraneans

Jack Kerouac: Road Novels 1957-1960 (LOA #174)

Presents Jack Kerouac's novel "On the Road" along with four other of his autobiographical "road books" and journal entries related to "On the Road."

Pic ; The Subterraneans

Autobiographical writing by the "hero" of Jack Kerouac's *On the road*.

The First Third

Beatdom is a magazine for all fans of Beat Generation literature. This is the very first issue of Beatdom, containing interviews with Barry Gifford, Paul Krassner, Ken Babbs and Zane Kesey. We also have a talented group of writers and photographers, who have put together a magazine with features relating the Beat Generation to Buddhism, Bob Dylan, Hunter S Thompson and Walt Whitman; and guides to Beat books, websites and stories.

Beatdom

'Big Sur' is a moving account of a man coming to terms with his own myth, his own talent and his uncontrollable, unrelenting, self-destructive life. Now approaching middle-age, Jack Duluo retreats to California to escape the pressures of his fame."

Pic

Best known for his "Legend of Duluo" novels, including *On the Road* and *The Dharma Bums*, Jack Kerouac is also an important poet. In these eight extended poems, Kerouac writes from the heart of

experience in the music of language, employing the same instrumental blues form that he used to fullest effect in *Mexico City Blues*, his largely unheralded classic of postmodern literature. Edited by Kerouac himself, *Book of Blues* is an exuberant foray into language and consciousness, rich with imagery, propelled by rhythm, and based in a reverent attentiveness to the moment. "In my system, the form of blues choruses is limited by the small page of the breastpocket notebook in which they are written, like the form of a set number of bars in a jazz blues chorus, and so sometimes the word-meaning can carry from one chorus into another, or not, just like the phrase-meaning can carry harmonically from one chorus to the other, or not, in jazz, so that, in these blues as in jazz, the form is determined by time, and by the musicians spontaneous phrasing & harmonizing with the beat of time as it waves & waves on by in measured choruses." —Jack Kerouac

Big Sur

Two ebullient young men are engaged in a passionate search for dharma, or truth. Their major adventure is the pursuit of the Zen way, which takes them climbing into the high Sierras to seek the lesson of solitude, a lesson that has a hard time surviving their forays into the pagan groves of San Francisco's Bohemia with its marathon wine-drinking bouts, poetry jam sessions, experiments in "yabum," and similar nonascetic pastimes.

Book of Blues

He was the leading light of the Beat Generation writers and the most dynamic author of his time, but Jack Kerouac also had a lifelong passion for music, particularly the mid-century jazz of New York City, the development of which he witnessed first-hand during the 1940s with Charlie Parker, Dizzy Gillespie and Thelonious Monk to the fore. The novelist, most famous for his 1957 book *On the Road*, admired the sounds of bebop and attempted to bring something of their original energy to his own writing, a torrent of semi-autobiographical stories he published between 1950 and his early death in 1969. Yet he was also drawn to American popular music of all kinds – from the blues to Broadway ballads – and when he came to record albums under his own name, he married his unique spoken word style with some of the most talented musicians on the scene. Kerouac's musical legacy goes well beyond the studio recordings he made himself: his influence infused generations of music makers who followed in his work – from singer-songwriters to rock bands. Some of the greatest transatlantic names – Bob Dylan and the Grateful Dead, Van Morrison and David Bowie, Janis Joplin and Tom Waits, Sonic Youth and Death Cab for Cutie, and many more – credited Kerouac's impact on their output. In *Kerouac on Record*, we consider how the writer brought his passion for jazz to his prose and poetry, his own record releases, the ways his legacy has been sustained by numerous more recent talents, those rock tributes that have kept his memory alive and some of the scores that have featured in Hollywood adaptations of the adventures he brought to the printed page.

The Dharma Bums

Originally subtitled "An Adventurous Education, 1935-1946," *Vanity of Duluo* is a key volume in Jack Kerouac's lifework, the series of autobiographical novels he referred to as *The Legend of Duluo*. With the same tender humor and intoxicating wordplay he brought to his masterpieces *On the Road* and *The Dharma Bums*, Kerouac takes his alter ego from the football fields of small-town New England to the playing fields and classrooms of Horace Mann and Columbia, out to sea on a merchant freighter plying the sub-infested waters of the North Atlantic during World War II, and back to New York, where his friends are the writers who would one day become known as the Beat generation and where he published his first novel. Written in 1967 from the vantage point of the psychedelic sixties, *Vanity of Duluo* gives a fascinating portrait of the young Kerouac, dedicated and disciplined in his determination from an early age to be an important American writer.

Kerouac on Record

From the bard of the Beat Generation, Jack Kerouac's *Maggie Cassidy* is an autobiographical novel of young love, published in Penguin Modern Classics. Though publishers stopped *Maggie Cassidy's* Jack Duluo and *On the Road's* Sal Paradise from sharing the same name, Kerouac meant the books to be two parts of the same life. While *On the Road* made Paradise (and Kerouac) a hero for generations to come of the disaffected and restless, *Maggie Cassidy* is an affectionate portrait of the teenager that made the man - of friendship and first love growing up in a New England mill town. Duluo is a high school athletics and football star who meets Maggie Cassidy and begins a devoted, inconstant, tender

adolescent love affair. It is one of the most sustained, poetic pieces of Kerouac's 'spontaneous prose'. Jack Kerouac (1922-69) was an American novelist, poet, artist and part of the Beat Generation. His first published novel, *The Town and the City*, appeared in 1950, but it was *On the Road*, published in 1957, that made Kerouac famous. Publication of his many other books followed, among them *The Subterraneans*, *Big Sur*, and *The Dharma Bums*. Kerouac died in Florida at the age of forty-seven. If you enjoyed *Maggie Cassidy*, you might like Kerouac's *The Subterraneans* and *Pic*, also available in Penguin Modern Classics. 'A very unique cat - a French Canadian Hinayana Buddhist Beat Catholic savant' Allen Ginsberg

Vanity of Duluo

In the summer of 1944, a shocking murder rocked the fledgling Beats. William S. Burroughs and Jack Kerouac, both still unknown, were inspired by the crime to collaborate on a novel, a hard-boiled tale of bohemian New York during World War II, full of drugs and art, obsession and brutality, with scenes and characters drawn from their own lives. Finally published after more than sixty years, this is a captivating read, and incomparable literary artifact, and a window into the lives and art of two of the twentieth century's most influential writers.

Maggie Cassidy

As he roams the US, Mexico, Morocco, Paris and London, Kerouac records life on the road in prose of pure poetry. Standing on the engine of a train as it rushes past fields of prickly cactus; witnessing his first bullfight in Mexico while high on opium; meditating on a sunlit roof in Tangiers or falling in love with Montmartre - Kerouac reveals both the endless diversity of human life and his own particular philosophy of self-fulfillment.

And the Hippos Were Boiled in Their Tanks

Presents selections from Jack Kerouac's novels, poetry, letters, and essays.

The Subterraneans

Told through the character of Kerouac's fictional alter ego, Jack Duluo, the novel tells the story of his childhood in Massachusetts. A clever and rebellious boy, Jack creates an imaginary world of strange, new possibilities.

Lonesome Traveler

The essential guide to twentieth-century literature around the world For six decades the Penguin Modern Classics series has been an era-defining, ever-evolving series of books, encompassing works by modernist pioneers, avant-garde iconoclasts, radical visionaries and timeless storytellers. This reader's companion showcases every title published in the series so far, with more than 1,800 books and 600 authors, from Achebe and Adonis to Zamyatin and Zweig. It is the essential guide to twentieth-century literature around the world, and the companion volume to *The Penguin Classics Book*. Bursting with lively descriptions, surprising reading lists, key literary movements and over two thousand cover images, *The Penguin Modern Classics Book* is an invitation to dive in and explore the greatest literature of the last hundred years.

The Portable Jack Kerouac

There are few writers about whom it can be said that they write just like they speak, but Jack Kerouac (1922-1969) is clearly one of them. In 1958, Kerouac was a struggling writer trying to create a new literary aesthetic based on the rhythms of human speech, jazz-based improvisation, autobiography, and American slang. That year saw the publication of his second novel *On the Road*, which would instantly propel him to fame and ensconce him in the literary establishment. By 1969, he was dead of internal hemorrhaging brought on by excessive drinking. Though his literary reputation may have faded, the revolutionary zeal of his novels and the originality of his voice ensure that his books are continually popular. Whether because of his literary merits or his status as the voice of a new generation of writers, Kerouac is the unchallenged king of the Beat generation. *Conversations with Jack Kerouac* features interviews ranging from 1957 to 1969, covering the breadth of the author's fame and literary output. Including a piece from the *Paris Review* and a confrontational interview with CBS's Mike Wallace, the collection reveals Kerouac-whether drunk or sober, erudite or infantile, guarded or convivial-as

a thoughtful writer and complex thinker who resisted all labels placed on him. The interviews show how Kerouac revitalized American literature, but they also trace his artistic and physical decline. The final interviews show how much the writer had crippled himself emotionally with too much alcohol and how his art became more unfocused as a result. Ultimately, Kerouac emerges as a tragic figure whose early greatness in such books as *On the Road*, *The Dharma Bums*, and *The Subterraneans* was subsequently consumed by his inability to evolve aesthetically and by his reliance on substance abuse for inspiration. Kevin J. Hayes, Oklahoma City, is professor of English at the University of Central Oklahoma. His previous books include *Poe and the Printed Word*, *Folklore and Book Culture*, and *An American Cycling Odyssey, 1887*, among others.

On the Road / the Dharma Bums / the Subterraneans

No Marketing Blurbs

Doctor Sax

An experimental novel which remained unpublished for years, *Visions of Cody* is Kerouac's fascinating examination of his own New York life, in a collection of colourful stream-of-consciousness essays. Transcribing taped conversations between members of their group as they took drugs and drank, this book reveals an intimate portrait of people caught up in destructive relationships with substances, and one another. Always fixated by Neal Cassady - the Cody of the title, renamed for the book along with Allen Ginsberg and William Burroughs - Kerouac also explores the feelings he had for a man who would inspire much of his work.

The Penguin Modern Classics Book

"A blockbuster of a biography . . . absolutely magnificent."--San Francisco Chronicle Jack Kerouac--"King of the Beats," unwitting catalyst for the '60s counterculture, groundbreaking author--was a complex and compelling man: a star athlete with a literary bent; a spontaneous writer vilified by the New Critics but adored by a large, youthful readership; a devout Catholic but aspiring Buddhist; a lover of freedom plagued by crippling alcoholism. *Desolate Angel* follows Kerouac from his childhood in the mill town of Lowell, Massachusetts, to his early years at Columbia where he met Allen Ginsberg, William S. Burroughs, and Neal Cassady, beginning a four-way friendship that would become a sociointellectual legend. In rich detail and with sensitivity, Dennis McNally recounts Kerouac's frenetic cross-country journeys, his experiments with drugs and sexuality, his travels to Mexico and Tangier, the sudden fame that followed the publication of *On the Road*, the years of literary triumph, and the final near-decade of frustration and depression. *Desolate Angel* is a harrowing, compassionate portrait of a man and an artist set in an extraordinary social context. The metamorphosis of America from the Great Depression to the Kennedy administration is not merely the backdrop for Kerouac's life but is revealed to be an essential element of his art . . . for Kerouac was above all a witness to his exceptional times.

Subterraneans

Presents ten critical essays published between 1973 and 2001 on Jack Kerouac's "*On the Road*," and includes a chronology, a bibliography, and an introduction by Harold Bloom.

Conversations with Jack Kerouac

'A remarkable ear for the cadences of a phrase or sentence, a sense of how to register in words the sheer, sweet flow of things' Guardian This semi-autobiographical tale of Kerouac's own trip to France, to trace his ancestors and explore his own understanding of the Buddhism that came to define his beliefs, contains some of Kerouac's most lyrical descriptions. From his reports of the strangers he meets and the all-night conversations he enjoys in seedy bars in Paris and Brittany, to the moment in a cab he experiences Buddhism's satori - a feeling of sudden awakening - Kerouac's affecting and revolutionary writing transports the reader. Published at the height of his fame, *Satori in Paris* is a hectic tale of philosophy, identity and the powerful strangeness of travel.

Beat Generation

Noting that even casual readers recognize family relationships as the basis for Kerouac's autobiographical prose, Jones discusses these relationships in terms of Freud's notion of the Oedipus complex."--BOOK JACKET.

Visions of Cody

Jack Kerouac's musings on the creative process are collected together for the first time in this exquisite book. In the 1950s Allen Ginsberg asked Kerouac to formally describe his "spontaneous prose" method, resulting in a list of maxims called Belief and Technique for Modern Prose. Kerouac entertains with sage advice, whether he's offering a sublime reminder to "believe in the holy contour of life" or a practical admonition to "accept loss forever." With a foreword by Kerouac scholar Regina Weinreich and select photos from the Kerouac Estate, *You're a Genius All the Time* is a beautiful and intimate work of inspiration.

Desolate Angel

Highlighting a lesser-known aspect of one of America's most influential authors, this new collection displays Jack Kerouac's interest in and mastery of haiku. Experimenting with this compact poetic genre throughout his career, Kerouac often included haiku in novels, correspondence, notebooks, journals, sketchbooks, and recordings. In this collection, Kerouac scholar Regina Weinreich supplements an incomplete draft of a haiku manuscript found in Kerouac's archives with a generous selection of Kerouac's other haiku, from both published and unpublished sources. With more than 500 poems, this is a must-have volume for Kerouac enthusiasts everywhere.

Jack Kerouac's On the Road

'One of the most true, comic and grizzly journeys in American literature' *Time* *Desolation Angels* is the wild and soulful story of the legendary road trip that Jack Kerouac took before the publication of *On the Road*, told through the persona of Jack Duluoz and accompanied by his thinly-disguised Beat cohorts Allen Ginsberg, Gregory Corso and William Burroughs. As they hitch, hop freight trains, walk and talk their way across the world, from California to Mexico, London to Paris and on to opium-ridden Tangiers, Kerouac chronicles their poetry, partying, mountain vigils and spiritual contemplation with unsurpassable energy and humanity. 'Nerve-jangling, sentimental, sincere and funny' *Sunday Times*

Satori in Paris

"In the *Book of Dreams* I just continue the same story but in the dreams I had of the real-life characters I always write about." Excerpt: *WALKING THROUGH SLUM SUBURBS* of Mexico City I'm stopped by smiling threesome of cats who've disengaged themselves from the general fairly crowded evening street of brown lights, coke stands, tortillas-Unmistakably going to steal my bag-I struggled a little, gave up-Begin communicating with them my distress and in fact do so well they end up just stealing parts of my stuff! We walk off leaving the bag with someone-arm in arm like a gang to the downtown lights of Letran, across a field- Jack Kerouac (1922-1969) was a principal actor in the Beat Generation, a companion of Allen Ginsberg and Neal Cassady in that great adventure. His books include *On the Road*, *The Dharma Bums*, *Mexico City Blues*, *Lonesome Traveler*, *Scattered Poems*, *Visions of Cody*, *Pomes All Sizes*, and *Scripture of the Golden Eternity*.

Jack Kerouac's Duluoz Legend

Biographies & Autobiographies.

Some of the Dharma

Never before published in Kerouac's lifetime, this 1955 biography of the founder of Buddhism is a clear and powerful study of Siddhartha Gautama's life and works. *Wake Up* recounts the story of Prince Siddhartha's royal upbringing and his father's wish to protect him from all human suffering, despite a prediction that he would become a great holy man in later life. Departing from his father's palace, Siddhartha adopts a homeless life, struggles with his meditations, and eventually finds Enlightenment. Written at the end of Kerouac's career, when he became increasingly interested in Buddhist teachings,

and collected for the first time in one book, this fresh and accessible biography is both an important addition to Kerouac's work and a valuable introduction to the world of Buddhism itself.

You're a Genius All the Time

Named One of the 100 Best Nonfiction Books Written by the New York Times Magazine, a Publishers Weekly Best Book of the Year, and a New York Times Editors' Choice. When John D'Agata helps his mother move to Las Vegas one summer, he begins to follow a story about the federal government's plan to store nuclear waste at Yucca Mountain; the result is a startling portrait that compels a reexamination of the future of human life.

Book of Haikus

'There will never be a moment like this one, ' says poet and fellow beatnik Robert Creeley in his introduction to this literary event: the first full-length work to be published since Kerouac's death in 1969. Recently discovered by his estate, ORPHEUS EMERGED chronicles the passions, conflicts and dreams of a group of bohemians searching for truth while studying at a university. Kerouac wrote the story shortly after meeting Allen Ginsberg, William Burroughs, Lucien Carr and others in and around Columbia University who would form the core of the Beats. ORPHEUS EMERGED is a unique portrait of an artist as a young man and shows a writer in the process of finding the voice that would eventually express the spirit of a generation

Desolation Angels

In 1960 Jack Kerouac was near breaking point. Driven mad by constant press attention in the wake of the publication of *On the Road*, he needed to 'get away to solitude again or die', so he withdrew to a cabin in Big Sur on the Californian coast. The resulting novel, in which his autobiographical hero Jack Duluoz wrestles with doubt, alcohol dependency and his urge towards self-destruction, is one of Kerouac's most personal and searingly honest works. Ending with the poem 'Sea: Sounds of the Pacific Ocean at Big Sur', it shows a man coming down from his hedonistic youth and trying to come to terms with fame, the world and himself.

Book of Dreams

The Haunted Life is the coming-of-age story of Peter Martin, a college track star determined to idle away what he knows will be one of his last innocent summers in his tranquil New England home town. But with the war escalating in Europe and his two closest friends both plotting their escapes, he realises how sheltered his upbringing has been. As he surveys the competing influences of his youth, he struggles to determine what might lead to an intellectually authentic life. *The Haunted Life* is ultimately a meditation on intellectual truth, male friendship and the desire for movement - all themes that would dominate Kerouac's later work.

Jack Kerouac, King of the Beats

THE **STAR SPANGLED BANNER**, AS YOU'VE NEVER ...

by the dawn's early light
at the twilight's last gleaming?
O'er the ramparts we watched
And the rocket's red glare
the bombs bursting
Gave proof through the night
banner yet wave
O'er the land of the free
and the home of the brave?
Blessed is the nation whose God is The Lord -Psalm 33:12
