Heather and the Hermit

Heather Conley gets lost in a rural part of central California and stumbles upon the compound of a man named Jonas. She is astounded to discover that he is none other than Jonas Walters, a famously reclusive writer of grim, searing novels of personal conflict and tragedy. Attracted to him almost in spite of herself, she eventually becomes emotionally and sexually involved with him. Along the way we learn the sad tale of Jonas's first wife, Marie. But just as Heather and Jonas's relationship seems to be flowering, they are confronted with a tense situation regarding Heather's friend Suzanne Felton, as well as with Hank Jenkins, Jonas's shy neighbor. Full of gripping emotional scenes and intense sexuality, this novel will not soon be forgotten!

'How did you find me? Where did you come from?' 'You called me,' he said. 'I called you?' Maggie frowned. 'How?' 'You cried seven tears into the sea.' Grieving the loss of her husband in a boating accident, Maggie inadvertently summons a selkie man who offers comfort the only way he knows how. Nine months later a baby is born, but though Maggie loves him with every inch of her being, his existence isn't enough to drag her from the depths of despair. All Maggie wants is to shed the grief weighing her down. Can she return her son to his father and join the selkies herself? Or will her sorrow send them both over the edge? 'Maggie and the Selkie' is a short story prequel to 'What the Tide Brings'.

The Schoolmistress of Herondale; Or, Sketches of Life Among the Hills

In this age of high technology, GM foods and industrial farming, many people are looking for an alternative way to live, that honours and respects the natural world. The Druid Garden mines the deep seem of gardening through the ages and alternative modern developments, to bring the reader a method of gardening that is truly in touch with the Earth. Drawing on the knowledge of the Druids and other ancient cultures, Luke Eastwood has created a practical guide to organic and natural methods that are proven to work. Advice for the total beginner, through to the experienced, ties together Druidic wisdom with the best of gardening knowledge. Part of this book is a handy alphabetical guide to trees, shrubs and herbaceous plants, giving a wealth of information on history and folklore, as well as practical details on plant care and growing from seed. This book is invaluable to anyone serious about organic gardening or those simply interested in how things were done in former ages, Celtic Europe in particular.

The Hermit's Cave : or, Theodore and Jack

Drawing together strands of film theory and psychology, this book offers a fresh assessment of the found footage horror subgenre. It reconceptualizes landmark films—including *The Blair Witch Project* (1999), *Cloverfield* (2008), *Paranormal Activity* (2009), and *Man Bites Dog* (1992)—as depictions of the lived experience and social legacy of psychological trauma. The author demonstrates how the frantic cinematography and ambiguous formulation of the monster evokes the shocked and disoriented cognition of the traumatized mind. Moreover, the frightening effect of trauma on society is shown to be a recurring theme across the subgenre. Close textual analysis is given to a wide range of films over several decades, including titles that have yet to receive any academic attention. Divided into four distinct sections, the book examines how found footage horror films represent the effects of historical and contemporary traumatic events on Western societies, the vicarious spread of traumatic experiences via mass media, the sublimation of domestic abuse into haunted houses, and the viewer's identification with the monster as an embodiment of perpetrator trauma.

What the Tide Brings

Twenty-four-year-old Dale Willis is an altruist. He believes that older women are either dissatisfied with their boring, out-of-shape husbands or are living lives of loneliness without the vital ingredient of sexual gratification. He has sought out a number of women in their forties and fifties to supply this key element, but his life takes an interesting turn when he meets the splendid-looking Gloria Washburn, a woman in her early fifties. They become involved in a profoundly satisfying sexual relationship—one that also includes her widowed friend, Lois Jennings. Gloria then tells Dale about her niece, Bethany Wright, who is convinced that she is asexual and has founded an Asexual Club at her college. Gloria feels it is time to set Bethany straight on the folly of her ways. In this engaging but touching sex romp, Dale provides satisfaction to women young and old while being a sympathetic listener to their emotional highs and lows.

However, one evening her count turns out differently – the nuns pass, all the peas drop into the bag, and then one more nun passes by, making the old lady think that there might be an intruder into the convent...

POV Horror

"This is a story about love and death and miracles. This is also a story about a young woman and how angels affected her life. If you don't believe in angels, then this may cause you to have some consternation at first. I encourage you, however, to read on; and I guarantee that you will begin to acknowledge their existence and get a tiny glimpse of the wonderful way that they may influence our lives, if we let them. If, however, you are already acquainted with angels, then your spirit will laugh and sing within you, and you will understand."
