The Real Great Escape

In early 1942 the Germans opened a top-security prisoner-of-war camp in occupied Poland for captured Allied airmen. Called Stalag Luft III, the camp soon came to contain some of the most inventive escapers ever known. They were led by Squadron Leader Roger Bushell, code-named 'Big X', who masterminded an attempt to smuggle hundreds of POWs down a tunnel built right under the noses of their guards. The escape would come to be immortalised in the famous film *The Great Escape*, in which the ingenuity and bravery of the men was rightly celebrated. The plan involved multiple tunnels, hundreds of forged documents, as well as specially made German uniforms and civilian clothing. In this book Guy Walters takes a fresh look at this remarkable event and asks the question, what was the true story, not the movie version? He also examines what the escape really achieved, and the nature of the man who led it. *The Real Great Escape* is the first account to draw on a newly-released cache of documents from Roger Bushell's family, including letters from Bushell, that reveals much about this remarkable man, his life and experiences during the war, and the planning of the escape attempt that was to make him famous. The result is a compelling and authoritative re-evaluation of the most iconic escape story of the Second World War.

The True Story of the Great Escape

It shows the variety and depth of the men sent into harms way during World War II, something emphasised by the population of Stalag Luft III. Most of the Allied POWs were flyers, with all the technical, tactical and planning skills that profession requires. Such men are independent thinkers, craving open air and wide-open spaces, which meant that an obsession with escape was almost inevitable' - John D Gresham
Between dusk and dawn on the night of March 24th–25th 1944, a small army of Allied soldiers crawled through tunnels in Germany in a covert operation the likes of which the Third Reich had never seen before. The prison break from Stalag Luft III in eastern Germany was the largest of its kind in the Second World War. Seventy-nine Allied soldiers and airmen made it outside the wire – but only three made it outside Nazi Germany. Fifty were executed by the Gestapo. Jonathan Vance tells the incredible story that was made famous by the 1963 film *The Great Escape*. The escape is a classic tale of prisoner and their wardens in a battle of wits and wills. The brilliantly conceived escape plan is overshadowed only by the colourful, daring (and sometimes very funny) crew who executed it – literally under the noses of German guards. From their first days in Stalag Luft III and the forming of bonds key to such exploits, to the tunnel building, amazing escape and eventual capture, Vance's history is a vivid, compelling look at one of the greatest 'exfiltration' missions of all time.

Escape the Real

Where real life fades away and another is put in its place. Gemi (n.) -- (je-migh) 1. A type of weapon. 2. A. human/mutant hybrid of origins unknown. "People with powers are no longer a myth. They now live among us and are called Gemi." Alex, a 17 year old mindreader, struggles to find out who she really is while trying to escape her new 'dad', and top Gemi-tracker, Darrel. But things get a little complicated as she attempts to bring Darrel's other Gemi along with her.

Escape

Klong Prem prison, Thailand. The 'Bangkok Hilton', where 600 foreigners among the 12,000 inmates of this walled prison city also wait and rot. Among the tragic, ruthless and forgotten, one man resolves to do what no other has done: escape. Drug smuggler David McMillan's true story of his break out from Asia's notorious prison.

Tales of Real Escape

From convicts in Alcatraz to prisoners in Colditz Castle, *Tales of real escape* celebrates the cunning, determination and courage of the would-be escaper.

The Escape Book 2

Will you get to the Orwellians before the Wanstein Club get to you? The clock is ticking... Based on the global phenomenon of Escape Rooms, and following on from the international bestseller *The Escape Book* by Ivan Tapia, this book puts your ingenuity, wit and perseverance to the test with even more fiendish challenges, puzzles, and enigmas that you must solve to thwart the sinister Wanstein Club. Investigative journalist Candela Fuertes is at rock bottom: her fight against Castian Warnes, the head of

the powerful and sinister Wanstein Club, has undermined her credibility as a journalist, and meanwhile she suspects Warnes is behind the car accident that put her boss in hospital. Corroded by the thirst for revenge, she decides to turn to the only people who can help her in a cause that seems already lost: the Orwellians, a group of hackers hell bent on revealing the secrets of the rich and famous. In order to get to the Orwellians, you and Candela must follow their trail all over London. The chapters of the book are jumbled up, and to know where to continue reading, you must solve the puzzles, optical illusions, conundrums and anagrams that you find. Each time you solve a puzzle, the number you arrive at will indicate the page from which you can continue the story.

The Great Escape

The famous story of mass escape from a WWII German PoW camp that inspired the classic film. One of the most famous true stories from the last war, The GREAT ESCAPE tells how more than six hundred men in a German prisoner-of-war camp worked together to achieve an extraordinary break-out. Every night for a year they dug tunnels, and those who weren't digging forged passports, drew maps, faked weapons and tailored German uniforms and civilian clothes to wear once they had escaped. All of this was conducted under the very noses of their prison guards. When the right night came, the actual escape itself was timed to the split second - but of course, not everything went according to plan...

The Noonday Demon

The author offers a look at depression, drawing on his own battle with the illness and interviews with fellow sufferers, researchers, and doctors to assess the disease's complexities, causes, symptoms, and available therapies.

Real Great Escape, The

Bigger than The Great Escape. The story of the first successful mass tunnel escape from a PoW camp in WWI Germany. Holzminden prisoner-of-war camp was a World War I prisoner-of-war camp for British Empire officers located in Lower Saxony, Germany. It opened in September 1917, and closed with the final repatriation of prisoners in December 1918.

Escape From Hell

"Alfred Wetzler was a true hero. His escape from Auschwitz, and the report he helped compile, telling for the first time the truth about the camp as a place of mass murder, led directly to saving the lives of 120,000 Jews: the Jews of Budapest who were about to be deported to their deaths. No other single act in the Second World War saved so many Jews from the fate that Hitler and the SS had determined for them. This book tells Wetzler's story." - Sir Martin Gilbert "Wetzler is a master at evoking the universe of Auschwitz, and especially, his and Vrba's harrowing flight to Slovakia. The day-by-day account of the tremendous difficulties the pair faced after the Nazis had called off their search of the camp and its surroundings is both riveting and heart wrenching. ...] Shining vibrantly through the pages of the memoir are the tenacity and valor of two young men, who sought to inform the world about the greatest outrage ever committed by humans against their fellow humans." - From Introduction by Dr Robert Rozett] Together with another young Slovak Jew, both of them deported in 1942, the author succeeded in escaping from the notorious death camp in the spring of 1944. There were some very few successful escapes from Auschwitz during the war, but it was these two who smuggled out the damning evidence - a ground plan of the camp, constructional details of the gas chambers and crematoriums and, most convincingly, a label from a canister of Cyclone gas. The present book is cast in the form of a novel to allow factual information not personally collected by the two fugitives, but provided for them by a handful of reliable friends, to be included. Nothing, however, has been invented. It is a shocking account of Nazi genocide and of the inhuman conditions in the camp, but equally shocking is the initial disbelief the fugitive's revelations met with after their return. Ewald Osers has translated over 150 books and received many translation prizes and honours.

The True Story of the Great Escape

The real history behind the classic war movie and the men who plotted the daring escape from a Nazi POW camp. Between dusk and dawn on the night of March 24th–25th 1944, a small army of Allied soldiers crawled through tunnels in Germany in a covert operation the likes of which the Third Reich had never seen. The prison break from Stalag Luft III in eastern Germany was the largest of its kind

in the Second World War. Seventy-nine Allied soldiers and airmen made it outside the wire—but only three made it outside Nazi Germany. Fifty were executed by the Gestapo. In this book Jonathan Vance tells the incredible story that was made famous by the 1963 film *The Great Escape*. It is a classic tale of prisoners and their wardens in a battle of wits and wills. The brilliantly conceived escape plan is overshadowed only by the colorful, daring (and sometimes very funny) crew who executed it—literally under the noses of German guards. From the men's first days in Stalag Luft III and the forming of bonds among them, to the tunnel building, amazing escape, and eventual capture, Vance's history is a vivid, compelling look at one of the greatest "exfiltration" missions of all time. "Shows the variety and depth of the men sent into harm's way during World War II, something emphasized by the population of Stalag Luft III. Most of the Allied POWs were flyers, with all the technical, tactical and planning skills that profession requires. Such men are independent thinkers, craving open air and wide-open spaces, which meant that an obsession with escape was almost inevitable." —John D. Gresham

Escape the Game

Escape rooms are a new, fun and immersive way for people to play. They provide a venue for players to work together to overcome an exciting challenge -- a challenge you will make. Escape rooms are sometimes known as escape games, exit games, puzzle rooms, adventure rooms, riddle rooms, and other names. --Page 11.

The Auschwitz Escape

Another NYT Bestseller! Over 200,000 sold. Over 2,000 5-star reviews. Finalist for the 2014 Goodreads Choice Awards. A WWII historical novel inspired by true events. In a time of darkness, when all seems lost . . . a ray of hope remains. What readers say . . . "This novel was the start of my 'Joel C. Rosenberg Journey' of novels." —Dragonmac52 "If you only read one book, make it this one! Brilliant, well-written, compelling . . ." —Aquamarine "Very highly recommended! If you're on the fence about this book, get off the fence and read it! A must read!" —N. Perri "This is a great read. Heartbreaking because it can't be anything else." —Bon Tom " . . . feels like a first-hand narrative." —Elizabeth G. "Fiction based on fact. A deeply moving account. . . ." —Evelyn Evil, unchecked, is the prelude to genocide. As the Nazi war machine rolls across Europe, young Jacob Weisz is forced to flee his beloved Germany and join an underground resistance group in Belgium. But when a rescue operation goes horribly wrong, Jacob finds himself trapped in a crowded cattle car headed to southern Poland. Sentenced to hard labor in the Auschwitz labor camp, Jacob forms an unlikely alliance with Jean-Luc Leclerc, a former assistant pastor who was imprisoned for helping Jews. They've been chosen for one of the most daring and dangerous feats imaginable—escape from Auschwitz. With no regard for their own safety, they must make it to the West and alert the Allies to the awful truth of what is happening in Poland before Fascism overtakes all of Europe. The fate of millions hangs in the balance.

This is a collection of true stories of men who risked their lives for their freedom.

Escape Routes

'Stories that start like delicate webs and finish like unbreakable wire traps' Neil Gaiman Naomi Ishiguro's fresh, magical and delightfully speculative short story collection merges the inventiveness of David Mitchell and the fairy-tale allure of Angela Carter to form its own powerful magic. Witness what happens when a space-obsessed child conjures up a vortex in his mother's airing cupboard in *Shearing Season*. Watch unexpected possibilities open up in *The Flat Roof* when a musician makes friends with a flock of birds. Get lost in the world of *The Rat Catcher* where, finding himself potentially out of his depth when he is summoned to a decaying royal palace, a rat catcher is plunged into a battle for the throne of a ruined kingdom. In this stunning debut collection, the characters yearn for freedom and flight, and find their worlds transformed beyond their wildest imaginings. 'Naomi Ishiguro's crystal clear prose delights and intrigues' Sharlene Teo 'Winsomely written and engagingly quirky, these are inventive tales that favour imagination over gritty realism.' *The Sunday Times* 'Ishiguro's imagination is a place where the fantastical lurks in the margins as a possibility, a flavour rather than a genre' *The Herald*

Anderby Wold

Mary Robson is a young Yorkshire woman, married to her solid, unromantic cousin, John. Together they battle to preserve Mary's neglected inheritance, her beloved farm, Anderby Wold. This labour of love - and the benevolent tyranny of traditional Yorkshire ways - have made Mary old before her time. Then into her purposeful life comes David Rossitur, red-haired, charming, eloquent: how can she help but love him? But David is a young man from a different England, radical and committed to social change. As their confrontation and its consequences inevitably unfold, Mary's life and that of the calm village of Anderby are changed forever.

A Slip of the Keyboard

Terry Pratchett in his own words With a foreword by Neil Gaiman Terry Pratchett earned a place in the hearts of readers the world over with his bestselling Discworld series – but in recent years he became equally well-known as an outspoken campaigner for causes including Alzheimer's research and animal rights. A Slip of the Keyboard brings together the best of Pratchett's non fiction writing on his life, on his work, and on the weirdness of the world: from Granny Pratchett to Gandalf's love life; from banana daiquiris to books that inspired him; from getting started as a writer to the injustices that he fought to end. With his trademark humour, humanity and unforgettable way with words, this collection offers an insight behind the scenes of Discworld into a much loved and much missed figure – man and boy, bibliophile and computer geek, champion of hats, orang-utans and the right to a good death.

Escape from Planet Yastol

Audisee® eBooks with Audio combine professional narration and sentence highlighting to engage reluctant readers! Josh Higgins loves to make up stories about other planets. At least he thought he was making them up. After Josh publishes his first book, sinister blue aliens visit Earth! Josh quickly learns that the worlds he wrote about in his stories are way too real. The outer space thugs take Josh and his kid sister Maggie all the way to the desert planet Yastol. And when Josh and Maggie refuse to aid the blue guys, a chase begins across Yastol's harsh landscape. Will the help of the planet's brave Prince Izor be enough to save Yastol from the bad blue aliens? Or will the planet's many dangers finish off Josh and Maggie first?

Escape from Plauen, a True Story

ESCAPE FROM PLAUEN tells the story of war's depravation but also tells the story of faith and the will to triumph against all odds. "An artist as well as a writer, Renate Stoever has an artist's sensibility that lends beauty to her writing. As a result, the reader is not just an observer, but also a participant in her experience. This memoir of a remarkable life is a polished gem. It will keep you turning pages until the last word." —Christine Royer, retired Vice-President of Public Affairs, Barnard College, N.Y. "I've been a professional editor for more than thirty years, and Escape From Plauen is better writing than the work of most professional writers I've edited. This is an amazing story, and it is incredibly well written." —Mike Slizewski, professional editor Parts of this book moved me to tears...creating powerful images of destruction...great choice of words describing the emotion, terror, and horror of war as seen first hand through the eyes of a child. What a great read...riveting...." —Carol Kreit, author of First Wives' Tool Kit.

Escape from Botany Bay

This novel tells the true story of Mary Bryant, a spirited girl in 18th century England, who is sentenced to a prison ship bound for Australia but makes a harrowing escape. Caught stealing a lady's bonnet in Cornwall, England, in 1786, 19-year-old Mary Broad is sentenced to seven years' incarceration on a prison ship bound for Australia. Amid squalid, dangerous conditions below decks, Mary fights for her life and her dignity, and her spirited, outspoken ways rally her fellow prisoners. She also attracts the attention of Watkin Tench, a marine who helps her get food and clothing and whose child she eventually bears. But Tench will not marry her, and Mary is betrothed to Will Bryant, another convict whom she'd known as a child.

Escape to Nowhere

'A gracefully written book about the inner strength we all have within us' Wim Hof

Do you feel held back by your own thoughts? Have you gone through years of therapy but never quite

resolved your problems? Whether you struggle with mental health or want to achieve more in life, this revolutionary book is your key to finally making positive changes. It's common to feel a loss of control and even feel out of touch with our own identity when we go through periods of stress or trauma. Our brains are conditioned to form beliefs about ourselves and the world around us, so when we experience adversity thoughts such as 'I'm not good enough', 'I don't deserve to be happy' and 'I don't belong here' can develop and start to hold us back in life. Left unchecked, these thoughts can leave us feeling stuck, incapable and unfulfilled but this life-changing book shows how we can de-hypnotize ourselves of those beliefs and re-discover the capable and confident person within us. Having practised as a therapist for almost thirty years, Andrew Parr has helped thousands of people to break free of their self-sabotaging thoughts and achieve things they never thought possible: from pay rises to weight loss, and from quitting smoking to overcoming insomnia. In *The Real You* he shares his transformative approach, combining the most effective aspects of hypnotherapy, psychotherapy, coaching and CBT, that will help you to identify and resolve problematic mental patterns more easily than with traditional talking therapy. No matter what you want to achieve, the simple, practical exercises in this book will put you back control of your thoughts, transform your self-confidence and make success possible.

'A truly unique and transformational book' Paul Hewitt, Sports Performance Specialist

The Real You

One night in 1944, eighty airmen escaped a German POW compound in Poland. The event became known as "The Great Escape." Ted Barris writes of the planners, task leaders, and key players in the escape attempt, those who got away, those who didn't, and their families at home.

The Great Escape

In some way or another most of us are "stuck"-in a secret sin we can't control or maybe by an inability to stand up for ourselves. In *Escaping the Matrix*, authors Gregory A. Boyd and Al Larson use the vehicle of *The Matrix* film trilogy to argue that our struggles with habitual sin, thought patterns, damaged emotions, and phobias happen because we do not know how to take charge of the way we experience reality. The authors draw on biblical and psychological insights to provide practical resources for helping believers escape the matrix of the world system that ensnares them. While this book is aimed at the newest generation of Christian readers, all ages will be inspired by the book's innovative strategies for experiencing a deeper life in Christ.

Escaping the Matrix

SUNDAY TIMES TOP 10 BESTSELLER 'This gripping biography... Pearson has done uncommonly well to unearth so much.' (Max Hastings, Sunday Times) Roger Bushell was 'Big X', mastermind of the mass breakout from Stalag Luft III in March 1944, immortalised in the Hollywood film *The Great Escape*. Very little was known about Bushell until 2011, when his family donated his private papers - a treasure trove of letters, photographs and diaries - to the Imperial War Museum. Through exclusive access to this material - as well as fascinating new research from other sources - Simon Pearson, Chief Night Editor of *The Times*, has now written the first biography of this iconic figure. Born in South Africa in 1910, Roger Bushell was the son of a British mining engineer. By the age of 29, this charismatic character who spoke nine languages had become a London barrister with a reputation for successfully defending those much less fortunate than him. He was also renowned as an international ski champion and fighter pilot with a string of glamorous girlfriends. On 23 May, 1940, his Spitfire was shot down during a dogfight over Boulogne after destroying two German fighters. From then on his life was governed by an unquenchable desire to escape from Occupied Europe. Over the next four years he made three escapes, coming within 100 yards of the Swiss border during his first attempt. His second escape took him to Prague where he was sheltered by the Czech resistance for eight months before he was captured. The three months of savage interrogation in Berlin by the Gestapo that followed made him even more determined. Prisoner or not, he would do his utmost to fight the Nazis. His third (and last escape) destabilised the Nazi leadership and captured the imagination of the world. He died on 29 March 1944, murdered on the explicit instructions of Adolf Hitler. Simon Pearson's revealing biography is a vivid account of war and love, triumph and tragedy - one man's attempt to challenge remorseless tyranny in the face of impossible odds.

The Great Escaper

Asserts that 250 years ago, some parts of the world began to experience sustained progress, opening up gaps and setting the stage for today's hugely unequal world and examines the United States, a nation that has prospered but is today experiencing slower growth and increasing inequality.

The Great Escape

THE ULTIMATE GIFT FOR WANNABE SPIES: AN INTERACTIVE PUZZLE BOOK FROM THE CREATOR OF THE BESTSELLING CULT PHENOMENON, JOURNAL 29! In this brain-bending interactive game, you'll solve puzzles on every page, and obtain keys to move forward by submitting answers online. To solve each puzzle, you'll need to think outside the book. You are an agent of C.Y.P.H.E.R., the secret international agency working on 'unsolvable' code-based cases. Called upon to investigate cryptic clues discovered in the wake of a series of mysterious disappearances, the clock is ticking to crack the codes before it's too late. To escape this book, you must write, draw, search, fold and cut pages, explore virtual escape rooms and think laterally to identify the perpetrator and solve the mystery. All you need to play is a pencil, a pair of scissors, an internet connection, and a curious mind.

The Cypher Files

A drug deal, a betrayal, and a monumental fall from grace. As criminal kingpin of Sovereign City, Bryan Wattson has everything: money, power, and the sense of invincibility that goes with it. But after a botched drug deal leaves him betrayed by his former business partner, shot and left for dead, Bryan is sentenced to thirty years in prison. After breaking out ten years later, Bryan learns the hard way exactly how enormous square one really is. With this second chance, Bryan has only one thing on his mind: getting revenge on the man who betrayed him.

The Escape

The Escape from the Room series, captures the thrills of a live escape room experience in book form. The Curse of old Maid Milly finds Doctor Harris, an esteemed professor from the London Institute of Paranormal Investigation, locked inside a room haunted by the restless spirit of Old Maid Milly and tasked with discovering the truth. You, as the reader and player, must search the room, collect items to help overcome problems, decrypt codes and solve puzzles all while the story of Doctor Harris' adventure unfolds. With the room depicted over more than twenty illustrated pages, you may revisit any part of the room to look for clues that may help you solve puzzles as you navigate your way through the book. The book shares similarities with a 'choose your own adventure' in that you do not read front to back, the solution to each puzzle gives the page number to visit next. With online hints, reaching the conclusion to the book is achievable for all, giving everybody the chance to escape from the room. This book mimics the key elements of a live escape room in a portable format available for everyone to experience. As with escape rooms, how you play it is up to you. You can play it on your own, or with friends, working through the puzzles and challenges for that sweet moment of victory. Challenge yourself to crack it in one sitting or you may be looking at it as a nice way of passing a few journeys.

Escape from the Room: the Curse of Old Maid Milly

At the age of nineteen, Glasgow-born John McCallum signed up as a Supplementary Reservist in the Signal Corps. A little over a year later, he was in France, working frantically to set up communication lines as Europe once more hurtled towards war. Wounded and captured at Boulogne, he was sent to the notorious Stalag VIII B prison camp, together with his brother, Jimmy, and friend Joe Harkin. Ingenious and resourceful, the three men set about planning their escape. With the help of Traudl, a local girl, they put their plan into action. In an astonishing coincidence, they passed through the town of Sagan, around which the seventy-six airmen of the Great Escape were being pursued and caught. However, unlike most of these other escapees, John, Jimmy and Joe eventually made it to freedom. Now, due to the declassification of documents under the Official Secrets Act, John McCallum is finally able to tell the thrilling story of his adventure, in which he recaptures all the danger, audacity and romance of one of the most daring escapes of the Second World War.

The Long Way Home

The latest mind-blowing novel from award-winning author Christopher Edge, Escape Room is a thrilling adventure that challenges readers to think about what they've done to save the world today. When

twelve-year-old Ami arrives at The Escape, she thinks it's just a game - the ultimate escape room with puzzles and challenges to beat before time runs out. Meeting her teammates, Adjoa, Ibrahim, Oscar and Min, Ami learns from the Host that they have been chosen to save the world and they must work together to find the Answer. But as he locks them inside the first room, they quickly realise this is no ordinary game. From a cavernous library of dust to an ancient Mayan tomb, a deserted shopping mall stalked by extinct animals to the command module of a spaceship heading to Mars, the perils of The Escape seem endless. Can Ami and her friends find the Answer before it's too late? With cover illustration by David Dean. "A writer of genuine originality" - Guardian Check out these other brilliant books from Christopher Edge: - The Many Worlds of Albie Bright - The Jamie Drake Equation - The Infinite Lives of Maisy Day - - The Longest Night of Charlie Noon -

Escape Room

This is the second title in a series of Sherlock Holmes Escape Books: a unique, new form of puzzle books, in which the reader must solve the puzzles to escape the pages. Inspired by the urban craze for escape rooms, where players tackle challenges while trapped in a locked room, this is an escape room in the form of a locked book: filled with codes, ciphers, riddles and red herrings, plus an ingenious Hieroglyphic Code Wheel set into the cover. Taking on the role of Sherlock Holmes, in this new adventure readers find themselves trapped with Watson in the Enlightenment Gallery of the British Museum after a curator collapses in the Egyptian Collection. With King George V due to arrive at the nearby tube station, and rumors of an anarchist plot, Holmes and Watson must find their way through the museum, and fathom the involvement of both Mycroft and Colonel Sebastian Moran, if they are to win their freedom and save the day.

The Adventure of the British Museum, Volume 2

Book 1 in the epic trilogy Generations Strong, Escape To Freedom is an extraordinary post-World War II adventure of a man and a woman who struggle to survive and the sacrifices they make to find freedom, love, hope, and redemption in a new world.

Escape to Freedom

Duffy's lucky escape is an engaging story about the global problem of ocean plastic, highlighting to children the relationship between humans and wildlife and the dangers animals face in their own natural habitats. Stunning artwork captures the imagination of young readers and brings to life a very real threat to our oceans.

Duffy's Lucky Escape

How would you live if you knew the day you'd die? Parvin Blackwater believes she has wasted her life. At only seventeen, she has one year left according to the Clock by her bedside. In a last-ditch effort to make a difference, she tries to rescue Radicals from the government's crooked justice system. But when the authorities find out about her illegal activity, they cast her through the Wall -- her people's death sentence. What she finds on the other side about the world, about eternity, and about herself changes Parvin forever and might just save her people. But her clock is running out.

A Time to Die

What if the door is open and we can leave any time we like? We will each spend an average of 87,000 hours at work before we die. We will spend another 5,000 getting to and from work. And we will spend countless more preparing for, worrying about and recovering after work. Most of us hate our jobs, so why do we insist on grinding away only to be rewarded with stress, debt, isolation and general unhappiness? Where does our commitment to these traps come from? In I'm Out: How to Make an Exit, Robert Wringham examines these questions and more, showing us how, if we are daring enough to make the attempt, we can take control of our fate and say goodbye to a lifetime of meaningless drudgery.

Escape Everything!

'The more I knew of Haffner,' writes Adam Thirlwell in The Escape, 'the more real he became, this was true. And, simultaneously, Haffner disappeared.' In a forgotten spa town snug in the Alps, at the end of the twentieth century, Haffner is seeking a cure, more women, and a villa that belonged to his late wife.

But really he is trying to escape: from his family, his lovers, his history, his entire Haffnerian condition. For Haffner is 78. Haffner, in other words, is too old to be grown up.

The Escape

Recounts the escape attempt of seventy-six Allied POWs, three of whom made it to safety, and describes the trial of the Gestapo who killed recaptured POWs

The Longest Tunnel

Based on a hit podcast series, this book tells the unbelievable true story of an escape tunnel under the Berlin Wall--the people who built it, the spy who betrayed it, and the media event it inspired. In September 1961, at the height of the Cold War, 22-year-old Joachim Rudolph escaped from East Germany, one of the world's most brutal regimes. He'd risked everything to do it. Then, a few months later, working with a group of students, he picked up a spade... and tunneled back in. The goal was to tunnel into the East to help people escape. They spend months digging, hauling up carts of dirt in a tunnel ventilated by stove pipes. But the odds are against them: a Stasi agent infiltrates their group and on their first attempt, and dozens of escapees and some of the diggers are arrested and imprisoned. Despite the risk of prison and death, a month later, Joachim and the other try again and hit more bad luck: the tunnel springs a leak. After several attempts, run-ins with a spy and secret police, and some unlikely financial aid from an American TV network, they finally break through into the East, and free 29 people. This is the story of their great escape, the NBC documentary crew that filmed it, and the U.S. government's attempts to block the film from ever seeing the light of day. But more than anything, this is the story of what people will do to be free.

Tunnel 29
