Book One of The Line Trilogy When potential Olympic gymnast, Mairead Kavanagh wakes up in an Australian hospital after a drug and alcohol binge, her ordeal has only begun. The police are waiting to interview her over the death of her friend who has plunged to his death from the balcony on which she was found. Frightened and a long way from her home in New Zealand, she has no one to turn to until the arrival of the one man who has intimidated and infatuated her more than any other. James Vaughn has been her chauffeur and body guard for five years and the only person who has been able to subdue her. An ex soldier of the British Army, James is composed and disciplined, unlike his boss's daughter who seeks constant excitement which sometimes can prove dangerous. Forced together until he can get her home, the barriers of their relationship begin to break down. Mairead fears her attraction to him stems from the strange desires that she has fought to suppress. As their relationship blooms, her happiness is short lived with the arrival of another man who knows a terrible secret about Mairead. Now she must choose between two men, one whom she loves and the other who can destroy her life.

Sequel to *The Finest Line* After the dramatic prelude to their relationship, Mairead is happy to let James take the helm of their lives, even if his authority can be somewhat painful. Her unusual desires are finally free to be explored, under his administration, but accepting them in a politically correct world is not so easy. While James meets all her needs in every exciting way, Mairead questions her capacity to be the woman he adores. Their new life together has brought unexpected challenges with James taking ownership of his nightclub Silver Dreams. Having caused enough disruption in his life, Mairead wants nothing more than to be his loving support, but trouble is never far away. A shadow is looming with the approaching trial of a sadistic murderer against whom she must testify. When a dancer goes missing from the club, Mairead soon learns that she is not the only one with a troubled past and that others have darker secrets than hers. While doing a little harmless investigation, Mairead suddenly finds herself the subject of interest and realizes that she has brought more trouble for James. Once again she must make decisions that could lead to devastating consequences and destroy the happiness she fought so hard to find. This story contains explicit sex scenes, graphic language and elements of BDSM

From Catherine McKenzie, the instant bestselling author of *The Good Liar*, comes a riveting domestic suspense in the vein of Liane Moriarty that sees five siblings forced to confront a tragedy they thought was buried long ago. What happened to Amanda Holmes? After the sudden death of their parents, the MacAllister children return to the run-down summer camp where they spent their childhood. The four sisters and their elder brother haven't all been together at Camp Macaw in over twenty years—ever since a tragic and mysterious accident. Over the course of the Labour Day weekend, the siblings must determine what to do with the property, now worth millions. But a stunning condition of their father's will compels them to face their past—and come to a decision that threatens to tear them apart forever. A sharp and engrossing novel of suspense, *I'll Never Tell* reveals what happens when the secrets and lies that hold a family together are finally exposed.

I'll Never Tell

Raised and trained in seclusion at a secret fortress on the edge of the northern wilds of the Kingdom of Ashai, a young warrior called Rezkin is unexpectedly thrust into the outworld when a terrible battle destroys all that he knows. With no understanding of his life's purpose and armed with masterful weapons mysteriously bestowed upon him by a dead king, Rezkin must travel across Ashai to find the one man who may hold the clues to his very existence. Determined to adhere to his last orders, Rezkin extends his protection to an unlikely assortment of individuals he meets along the way, often leading to humorous and poignant incidents. As if pursuing an elite warrior across a kingdom, figuring out who he is and why everyone he knows is dead, and attempting to find these so-called friends and protect them is not enough, strange things are happening in the kingdom. New dangers begin to arise that threaten not only Rezkin and his friends, but possibly everyone in Ashai.

This is the first full-length study of the popular Victorian writer Catherine Crowe (1790-1872). Crowe is increasingly being recognised as an important and influential figure in the literary and Spiritualist circles of the nineteenth century. This monograph offers a reassessment of her major works, arguing that her writing is prescient. Best known today for her collection of "real" ghost tales *The Night Side of Nature: or of Ghosts and Ghost Seers*, Crowe also wrote five popular novels as well as numerous short stories and essays. Innovative and sometimes original in their use of genre, her works cover the Newgate genre, help to initiate detective fiction, include elements of the social problem novels of the 1840s, and point the way to the sensation novels of the 1860s. Politically radical in many ways Crowe was vocal about women's oppression by men, social inequality, poverty, slavery, and animal rights. This volume aims to restore an author who was "[o]nce as famous as Dickens or Thackeray" (Wilson 1986, v) to her proper place in the scholarly discussion of Victorian literature.

The untimely deaths of Amy Winehouse (2011) and Whitney Houston (2012), and the 'resurrection' of Tupac Shakur for a performance at the Coachella music festival in April 2012, have focused the media spotlight on the relationship between popular music, fame and death. If the phrase 'sex, drugs and rock'n'roll' ever qualified a lifestyle, it has left many casualties in its wake, and with the ranks of dead musicians growing over time, so the types of death involved and the reactions to them have diversified. Conversely, as many artists who fronted the rock'n'roll revolution of the 1950s and 1960s continue to age, the idea of dying young and leaving a beautiful corpse (which gave rise, for instance, to the myth of the '27 Club') no longer carries the same resonance that it once might have done. This edited collection explores the reception of dead rock stars, 'rock' being taken in the widest sense as the artists discussed belong to the genres of rock'n'roll (Elvis Presley), disco (Donna Summer), pop and pop-rock (Michael Jackson, Whitney Houston, Amy Winehouse), punk and post-punk (GG Allin, Ian Curtis), rap (Tupac Shakur), folk (the Dutchman André Hazes) and 'world' music (Fela Kuti). When music artists die, their fellow musicians, producers, fans and the media react differently, and this book brings together their intertwining modalities of reception. The commercial impact of death on record sales, copyrights, and print media is considered, and the different justifications by living artists for being involved with the dead, through covers, sampling and tributes. The cultural representation of dead singers is investigated through obituaries, biographies and biopics, observing that posthumous fame provides coping mechanisms for fans, and consumers of popular culture more generally, to deal with the knowledge of their own mortality. Examining the contrasting ways in which male and female dead singers are portrayed in the media, the book

The book trade historically tended to operate in a spirit of co-operation as well as competition. Networks between printers, publishers, booksellers and related trades existed at local, regional, national and international levels and were a vital part of the business of books for several centuries. This collection of essays examines many aspects of the history of book-trade networks, in response to the recent 'spatial turn' in history and other disciplines. Contributors come from various backgrounds including history, sociology, business studies and English literature. The essays in Part One introduce the relevance to book-trade history of network theory and techniques, while Part Two is a series of case studies ranging chronologically from the Middle Ages to the twentieth century. Topics include the movement of early medieval manuscript books, the publication of Shakespeare, the distribution of seventeenth-century political pamphlets in Utrecht and Exeter, book-trade networks before 1750 in the English East Midlands, the itinerant book trade in northern France in the late eighteenth century, how an Australian newspaper helped to create the Scottish public sphere, the networks of the Belgian publisher Murquardt, and transatlantic radical book-trade networks in the early twentieth century.

Death and the Rock Star

*Shortlisted for the Eharmony/Orion Write Your Own Love Story Prize What if love could last more than just one lifetime? A haunting and beautiful story of the Great War, time travel - and choosing the impossible In 1916 1st Lieutenant Robert Lovett is a patient at Coldbrook Hall convalescent hospital in England. A gifted artist, he's been wounded in WW1. Shellshocked and suffering from hysterical blindness he can no longer see his own face, let alone paint, and life seems hopeless. A century later in 2017, medical student Louisa Casson has just lost her beloved grandmother. She drowns her

sorrows in alcohol - only to fall accidentally part-way down nearby cliffs. Doctors fear a suicide attempt, and Louisa is involuntarily admitted to Coldbrook Hall psychiatric hospital, an unfriendly, chaotic place. Then while secretly exploring the hospital's ruined, abandoned wing, Louisa stumbles across a dark, old-fashioned room. Inside, lying in an old iron-framed bed in the dark, is a mysterious, sightless young man, who tells her he was hurt at the Battle of the Somme - a WW1 battle a century ago. And that his name is Lt Robert Lovett... As the days go by Louisa is increasingly drawn back to the curious room and its enigmatic occupant - and things become stranger and stranger, to the extent that she begins to wonder if she really does belong in a psychiatric hospital. But she and Robert feel a deep and growing connection. Louisa's feelings for Robert pull her deeper into his 1916 world. And meanwhile Robert is also falling for the fascinating girl he can't see, but who's become the light in his darkness. But clouds are gathering. Difficult questions are stacking up, and meanwhile, Louisa is keeping something important hidden. Then the truth comes out. And to save her future with Robert, Louisa must somehow find a way back the past. A past where the dangers of WW1 threaten to engulf them both. Perfect for fans of Diana Gabaldon, Kristin Hannah, Kate Morton, Susanna Kearsley, Paullina Simons, Ken Follett and Amy Harmon.

Historical Networks in the Book Trade

In 1950s England, well-brought-up young women are meant to aspire to the respectable life. Some things are not to be spoken of; some are most certainly not to be done. There are rules, conventions. Meg Bailey obeys them. She progresses from Home Counties school to un-Bohemian art college with few outward signs of passion or frustration. Her personality is submerged in polite routines; even with her best friend, Roxane, what can't be said looms far larger than what can. But circumstances change. Meg gets a job and moves to London. Roxane gets married to a man picked out by her mother. And then Meg does something shocking - shocking not only by the standards of her time, but by our own. As sharp and startling now as when it was written, *Don't Look at Me Like That* matches Diana Athill's memoirs *After a Funeral* and *Instead of a Letter* in its gift for storytelling and its unflinching candour about love and betrayal.

Beyond The Moon

Sometimes the facts are even more extraordinary than the fiction... This book tells the story of Lady Catherine, a beautiful American girl who became the chatelaine of Highclere Castle, the setting for Julian Fellowes' award-winning drama *Downton Abbey*. Charming and charismatic, Catherine caught the eye of Lord Porchester (or 'Porchey', as he was known) when she was just 20 years old, and wearing a pale yellow dress at a ball. She had already turned down 14 proposals before she eventually married Porchey in 1922. But less than a year later Porchey's father died suddenly, and he became the 6th Earl of Carnarvon, inheriting a title and a Castle that changed both their lives forever. Catherine found herself suddenly in charge of a small army of household staff, and hosting lavish banquets and weekend house parties. Although the couple were very much in love, considerable challenges lay ahead for Catherine. They were immediately faced with the task of saving Highclere when debts threatened to destroy the estate. As the 1920s moved to a close, Catherine's adored brother died and she began to lose her husband to the distractions London had to offer. When the Second World War broke out, life at the Castle would never be the same again. Drawing on rich material from the private archives at Highclere, including beautiful period photographs, the current Countess of Carnarvon transports us back to the thrilling and alluring world of the 'real *Downton Abbey*' and its inhabitants.

Don't Look At Me Like That

"This book is an exceptional introduction to some difficult ideas. It is full of downright good advice for every academic who wants to do something practical to improve his or hers students' learning." Paul Ramsden, Brisbane, Australia "Biggs and Tang present a unified view of university teaching that is both grounded in research and theory and replete with guidance for novice and expert instructors. The book will inspire, challenge, unsettle, and in places annoy and even infuriate its readers, but it will succeed in helping them think about how high quality teaching can contribute to high quality learning." John Kirby, Queens University, Ontario, Canada This best-selling book explains the concept of constructive alignment used in implementing outcomes-based education. Constructive alignment identifies the desired learning outcomes and helps teachers design the teaching and learning activities that will help students to achieve those outcomes, and to assess how well those outcomes have been achieved. Each chapter includes tasks that offer a 'how-to' manual to implement constructive alignment

in your own teaching practices. This new edition draws on the authors' experience of consulting on the implementation of constructive alignment in Australia, Hong Kong, Ireland and Malaysia including a wider range of disciplines and teaching contexts. There is also a new section on the evaluation of constructive alignment, which is now used worldwide as a framework for good teaching and assessment, as it has been shown to: Assist university teachers who wish to improve the quality of their own teaching, their students' learning and their assessment of learning outcomes Aid staff developers in providing support for departments in line with institutional policies Provide a framework for administrators interested in quality assurance and enhancement of teaching across the whole university. The authors have also included useful web links to further material. Teaching for Quality Learning at University will be of particular interest to teachers, staff developers and administrators.

Lady Catherine and the Real Downton Abbey

In recent years there has been a weight of evidence suggesting that engagement has a significantly positive impact on productivity, performance and organisational advocacy, as well as individual well-being, and a significantly negative impact on intent to quit and absenteeism from the work place. This comprehensive new book is unique as it brings together, for the first time, psychological and critical HRM perspectives on engagement as well as their practical application. Employee Engagement in Theory and Practice will familiarise readers with the concepts and core themes that have been explored in research and their application in a business context via a set of carefully chosen and highly relevant original and case studies, some of which are co-authored by invited practitioners. Written in an accessible manner, this book will be essential reading for scholars in the field, students studying at both undergraduate and postgraduate levels, as well as practitioners interested in finding out more about the theoretical underpinnings of engagement alongside its practical application.

EBOOK: Teaching for Quality Learning at University

The concept of biopolitics has been one of the most important and widely used in recent years in disciplines across the humanities and social sciences. In Biopolitics, Mills provides a wide-ranging and insightful introduction to the field of biopolitical studies. The first part of the book provides a much-needed philosophical introduction to key theoretical approaches to the concept in contemporary usage. This includes discussions of the work of Michel Foucault, Giorgio Agamben, Hannah Arendt, Roberto Esposito, and Antonio Negri. In the second part of the book, Mills discusses various topics across the categories of politics, life and subjectivity. These include questions of sovereignty and governmentality, violence, rights, technology, reproduction, race, and sexual difference. This book will be an indispensable guide for those wishing to gain an understanding of the central theories and issues in biopolitical studies. For those already working with the concept of biopolitics, it provides challenging and provocative insights and argues for a ground-breaking reorientation of the field.

Employee Engagement in Theory and Practice

A quirky, creepy fantasy set in Eerie-on-Sea finds a colorful cast of characters in hot pursuit of a sea monster thought to convey a surprising gift. It's winter in the town of Eerie-on-Sea, where the mist is thick and the salt spray is rattling the windows of the Grand Nautilus Hotel. Inside, young Herbert Lemon, Lost and Founder for the hotel, has an unexpected visitor. It seems that Violet Parma, a fearless girl around his age, lost her parents at the hotel when she was a baby, and she's sure that the nervous Herbert is the only person who can help her find them. The trouble is, Violet is being pursued at that moment by a strange hook-handed man. And the town legend of the Malamander — a part-fish, part-human monster whose egg is said to make dreams come true — is rearing its scaly head. As various townspeople, some good-hearted, some nefarious, reveal themselves to be monster hunters on the sly, can Herbert and Violet elude them and discover what happened to Violet's kin? This lighthearted, fantastical mystery, featuring black-and-white spot illustrations, kicks off a trilogy of fantasies set in the seaside town.

A decade ago, The Lullaby Man preyed upon young girls in Tallman's Valley. He stole into their lives, whispered in their ears, spoke of love. Abby Wakeland was fourteen then. Now twenty-four, she's found the courage to tell her mother--Senior Detective Kate Wakeland--about what happened. The Lullaby Man was her teacher. What Abby reveals next will lead Kate down dark, twisting tunnels of discoveries that will blow this small town apart.

"High above the river stood the snall terrace of miners' cottages known as Fenwick Houses. Here, during the hazardous years of the Depression, lived Christine Winter, a girl blessed - or cursed - with that indefinable appeal that drives men to the brink of obsession. Three men dominated her life: her brother Ronnie; Sam, whose devotion was deep and loyal; and Don Dowling, cruel and tormented, who made it his life's ambition to possess her. To Ronnie and Sam she was joined by a thread of harmony; but Don was the needle through which the thread was drawn, and the point was sharp and deadly . . . Then, one day, a stranger came to the river bank and Christine found herself changed beyond recall."

The Lullaby Man

The Cathars and the Albigensian Crusade brings together a rich and diverse range of medieval sources to examine key aspects of the growth of heresy and dissent in southern France in the twelfth and thirteenth centuries and the Church's response to that threat through the subsequent authorisation of the Albigensian crusade. Aimed at students and scholars alike, the documents it discusses – papal letters, troubadour songs, contemporary chronicles in Latin and the vernacular, and inquisitorial documents – reflect a deeper perception of medieval heresy and the social, political and religious implications of crusading than has hitherto been possible. The reader is introduced to themes which are crucial to our understanding of the medieval world: ideologies of crusading and holy war, the complex nature of Catharism, the Church's implementation of diverse strategies to counter heresy, the growth of papal inquisition, southern French counter-strategies of resistance and rebellion, and the uses of Latin and the vernacular to express regional and cultural identity. This timely and highly original collection not only brings together previously unexplored and in some cases unedited material, but provides a nuanced and multi-layered view of the religious, social and political dimensions of one of the most infamous conflicts of the High Middle Ages. This book is a valuable resource for all students, teachers and researchers of medieval history and the crusades.

THE INTERNATIONAL BESTSELLER A 1939 PUBLISHING SENSATION Can friendship survive in a divided world? Written on the eve of the Holocaust as a series of letters between a Jew in America and his German friend, Kressmann Taylor's classic novel is a haunting tale of a society poisoned by Nazism. First published in 1938, Address Unknown met with immediate success in English but was banned in Europe by the Nazis. Tragically prescient about what was to come, it was one of the earliest works of fiction to warn against the growing dangers of fascism and antisemitism in Europe. It became an international bestseller and has been translated into more than twenty languages. A novel of enduring impact with a memorable sting in its tail, Address Unknown stands as a powerful reminder of the dangers posed by the rhetoric of intolerance.

Richard Alba argues that the social cleavages that separate Americans into distinct, unequal ethno-racial groups could narrow dramatically in the coming decades. During the mid-twentieth century, the dominant position of the United States in the postwar world economy led to a rapid expansion of education and labor opportunities. As a result of their newfound access to training and jobs, many ethnic and religious outsiders, among them Jews and Italians, finally gained full acceptance as members of the mainstream. Alba proposes that this large-scale assimilation of white ethnics was a result of non-zero-sum mobility, which he defines as the social ascent of members of disadvantaged groups that can take place without affecting the life chances of those who are already members of the established majority. Alba shows that non-zero-sum mobility could play out positively in the future as the baby-boom generation retires, opening up the higher rungs of the labor market. Because of the

changing demography of the country, many fewer whites will be coming of age than will be retiring. Hence, the opportunity exists for members of other groups to move up. However, Alba cautions, this demographic shift will only benefit disadvantaged American minorities if they are provided with access to education and training. In *Blurring the Color Line*, Alba explores a future in which socially mobile minorities could blur stark boundaries and gain much more control over the social expression of racial differences.

Address Unknown

From the acclaimed author of *Seven Husbands of Evelyn Hugo* comes a breathtaking novel about a young woman whose fate hinges on the choice she makes after bumping into an old flame; in alternating chapters, we see two possible scenarios unfold—with stunningly different results. At the age of twenty-nine, Hannah Martin still has no idea what she wants to do with her life. She has lived in six different cities and held countless jobs since graduating college. On the heels of leaving another city, Hannah moves back to her hometown of Los Angeles and takes up residence with her best friend Gabby. Shortly after, Hannah goes out to a bar one night with Gabby and meets up with her high school boyfriend, Ethan. Just after midnight, Gabby asks Hannah if she's ready to go. A moment later, Ethan offers to give her a ride later if she wants to stay. Hannah hesitates. What happens if she leaves with Gabby? What happens if she leaves with Ethan? In concurrent story lines, Hannah lives out the effects of each decision. Quickly, these parallel universes develop into radically different stories with large-scale consequences for Hannah, as well as the people around her. As the two alternate realities run their course, *Maybe in Another Life* raises questions about fate and true love: Is anything meant to be? Is there such a thing as a soul mate? Hannah believes there is. And, in both worlds, she's found him. Don't miss the new novel from Taylor Jenkins Reid, *Carrie Soto is Back*, out now

This edited volume represents the best of the scholarship presented at the 18th National Communication Association/American Forensic Association Conference on Argumentation. This biennial conference brings together a lively group of argumentation scholars from a range of disciplinary approaches and a variety of countries. *Disturbing Argument* contains selected works that speak both to the disturbing prevalence of violence in the contemporary world and to the potential of argument itself, to disturb the very relations of power that enable that violence. Scholars' essays analyze a range of argument forms, including body and visual argument, interpersonal and group argument, argument in electoral politics, public argument, argument in social protest, scientific and technical argument, and argument and debate pedagogy. Contributors study argument using a range of methodological approaches, from social scientifically informed studies of interpersonal, group, and political argument to humanistic examinations of argument theory, political discourse, and social protest, to creatively informed considerations of argument practices that truly disturb the boundaries of what we consider argument.

The Wiley Handbook of What Works in Child Maltreatment

A woman approaching the 'invisible years' of middle age abandons her failing writing career to retrain as a chiropodist in the East Berlin suburb of Marzahn, once the GDR's largest prefabricated housing estate. From her intimate vantage point at the foot of the clinic chair, she observes her clients and co-workers, listening to their stories with empathy and curiosity. Part memoir, part collective history, Katja Oskamp's love letter to the inhabitants of Marzahn is a tender reflection on life's progression and our ability to forge connections in the unlikeliest of places. Each person's story stands alone as a beautifully crafted vignette, but together they form a portrait of a community.

Disturbing Argument

This book provides the first comprehensive economic valuation of U.S. National Parks (including monuments, seashores, lakeshores, recreation areas, and historic sites) and National Park Service (NPS) programs. The book develops a comprehensive framework to calculate the economic value of protected areas, with particular application to the U.S. National Park Service. The framework covers many benefits provided by NPS units and programs, including on-site visitation, carbon sequestration, and intellectual property such as in education curricula and filming of movies/ TV shows, with case studies of each included. Examples are drawn from studies in Santa Monica Mountains National Recreation Area, Golden Gate National Recreation Area, Everglades National Park, and Chesapeake Bay. The editors conclude with a chapter on innovative approaches for sustainable funding of the NPS in its second century. The framework serves as a blueprint of methodologies for conservationists, government agencies, land trusts, economists, and others to value public lands, historical sites, and related programs, such as education. The methodologies are relevant to local and state parks, wildlife refuges, and protected areas in developed and developing countries as well as to national parks around the world. Containing a series of unique case studies, this book will be of great interest to professionals and students in environmental economics, land management, and nature conservation, as well as the more general reader interested in National Parks.

Womanhoods and Equality in the United States explores how the idea of equality has evolved along with the debates that have animated contemporary American women's history. This book argues that "womanhood" is neither a unified concept nor a monolithic experience but rather a multifaceted notion. This collection thus looks at this plural dimension of womanhood—womanhoods—with a special focus on equality as a common goal. The authors question what equality means depending on many factors such as race, class, sexuality, education, marital or parental status, physical appearance, and political orientation, and address timely issues including abortion rights, Black womanhood, and sexual violence on college campuses. Womanhoods and Equality in the United States is an essential resource for academics and students in gender studies, American sociocultural history, and the sociology of social movements.

Analysis of the grand sweep of history over the last century, based on large national surveys, is complemented by case studies of people working in occupations undergoing change and their resistance to it. Throughout the book comparisons are drawn between Britain, the USA, and other European countries and also China, Japan and other Far Eastern societies. The analysis draws on sociology, economics, psychology, labour law, history and anthropology to conclude that female heterogeneity is increasing, explaining the growing polarisation of women's employment and many contradictory research results
