The Biggest Leadership Lessons From HBO's 'Succession' | Inc. - The Biggest Leadership Lessons From HBO's 'Succession' | Inc. by Inc. 3,222 views 3 years ago 2 minutes, 3 seconds - The award-winning series, now showing on HBO Max, offers a range of tips--and cautionary tales--for entrepreneurs. **#Leadership**, ...

Logan Roy is the head of a family-owned media empire in HBO's drama series Succession.

The Emmy award-winning show offers three major leadership lessons for entrepreneurs.

Lead with compassion instead of fear.

The patriarch of the Roy family uses fear to lead his business and personal affairs.

Once Roy exhibits his first sign of weakness in the show's first episodes a power struggle ensues.

Fear doesn't usually instill loyalty. Instead, it can foster resentment.

Leading with compassion is a better way to earn your team's trust and ensure they have your back

Separate your founder and CEO roles.

The duty of a CEO is to maintain the long-term success of a business.

In season two, Roy gets a chance to save his company by naming a successor.

However, his refusal to cede control of the company he founded tanks the deal.

Taking pride in your creation is fine, but don't let that get in the way of its success

Don't alienate your allies.

A big plot point in season two involves Greg, a character who is frequently bullied by the Roys.

He starts out as an ally who prevents sensitive information that could damage the business from leaking.

After being routinely demeaned throughout the series, his allegiance shifts.
